Dominate the pavement.

When 70 years of engineering for the racetrack is distilled into one Civic, you can expect a visceral driving experience simply unmatched anywhere else. The 306-hp VTEC® turbo engine provides a staggering 153 hp per liter, and a stiffened lightweight frame coupled with purpose-built suspension components enable enhanced stability at the limit. Its wheels may be firmly on the road, but the soul of Type R emanates from the track.

Follow Type R on Facebook at Facebook.com/hondacivic to see the Type R in action.
Civic Type R Touring shown in Championship White.
Engineered precision.

Twenty-inch alloy wheels paired with sticky maximum-performance summer tires help create a superior connection with the road. Brembo® 4-piston front calipers, 13.8-inch ventilated, cross-drilled rotors and precisely designed brake cooling ducts culminate in confident, track-ready high-speed braking.

Interior Features

3-Mode Drive System
Switch between Comfort and Sport modes for everyday driving. Select +R mode to adjust the throttle, steering and dampers to a new level of handling at the track.

Driver Information Interface
Keep track of your ride with information about G-force, turbo boost, throttle/brake input, rev-limit and lap time for the track, strategically displayed within your line of sight.

7-Inch Display Audio
Stay in control with a pinchable, swipeable touch-screen that becomes command central for your racing soundtrack, communication and content.

Leather-Wrapped Steering Wheel
Serving up style and purpose, the anatomically designed, leather-wrapped steering wheel features unique red-leather inserts and the legendary red Honda badge.

Steering Wheel-Mounted Controls
A high-performance machine requires maximum attention. Strategic controls help you keep your hands on the wheel and your eyes on the road.

Aluminum Pedals
It’s all about control. Firm, precisely placed pedals allow for confident driving at the limit.

Serial Number Plate
Every Type R is fitted with a unique serial number—becoming a one-of-a-kind vehicle that can only be yours alone.

Civic Type R Touring shown with Red / Black Suede-Effect Fabric.
2.0-liter VTEC Turbo Engine
Honda engines are known for producing massive amounts of horsepower per liter of displacement. The VTEC engine has forged connecting rods, sodium-filled exhaust valves and a mono-scroll TD04 turbo, delivering 306 hp and 295 lb-ft of torque.

High-Bolstered Sport Seats
Red and black suede-effect sport seats are constructed with aggressive side bolsters that assist the driver in maintaining complete control during the most extreme events.

Close-Ratio 6-Speed Manual Transmission
Rev-Match Control eliminates the need for throttle input while braking and downshifting. A lightweight, single-mass flywheel and helical limited-slip differential help the engine rev without delay and accelerate through corners without excessive wheelspin.

Dual-Pinion Variable-Ratio Steering
An optimal blend of low-speed response and high-speed stability is enabled by a dual-pinion system, creating a direct connection between driver and tarmac.

Perfectly balanced performance.
Even with its race-bred attributes, Type R is designed to be enjoyed every day and everywhere by racers and enthusiasts alike.

Why follow when you can lead?
There’s a whole world of enthusiasts who share your aspirations of owning a Type R. Keep up with their adventures by following OfficialHonda on Snapchat and subscribing to Honda on YouTube.

The perfect lap.

If you love the feeling of pure control and responsiveness, nothing can match the staggering performance of the Type R, available for the first time on U.S. soil. With a balance of design and power, even a short drive brings you closer to the road than you’ve ever felt before.

**Exterior**

- Champion Whitne Polished Metal Metallic
- Rallye Red
- Polished Metallic
- Crystal Black Pearl
- Aegean Blue Metallic

**TYPE R TOURING**

- 2.0-liter, turbocharged and intercooled, DOHC 4-cylinder engine with direct injection
- Close ratio 6-speed manual transmission with rev-match control
- Type R badges (front/rear)
- Dual-pinion, variable-ratio electric power steering (EPS)
- Type R rev-match control
- Adaptive damper system
- 3-mode drive system (Comfort/Sport/+R)
- Close-ratio 6-speed manual transmission (6MT) with rev-match control
- 306-hp, 295 lb-ft of torque at 2500-4500 rpm (SAE net)
- 13.8-inch ventilated and cross-drilled front brake discs
- 245/30 ZR20 maximum-performance summer tires
- LED Daytime Running Lights (DRL)
- Wing spoiler
- Underbody spoiler kit with red striping
- Center mounted, triple exhaust exhaust
- Dual zone automatic climate control system
- Brembo® 4-piston front brake calipers
- Type R badging (front/rear)
- Body-colored, roof-mounted vortex generators
- Type R badges (front/rear)
- LED head lights (low and high beam) with auto-on/off
- LED fog lights
- Textured aluminum pedals
- Dual-zone automatic climate control system
- Black/red leather-wrapped steering wheel
- Black/red leather with suede-effect fabric
- Black/red shift knobs (shown)
- USB Smartphone/Audio Interface
- HD Radio (1.5-amp port in center console)
- Type R Touring
- HondaCare
