With an aggressive new exterior and available new turbocharged engine, the redesigned 2016 Civic never plays catch-up.
Every Civic Sedan is available with Honda Sensing, a suite of safety and driver-assistive technologies that can help you sense things you might miss while driving.

**Honda SENSING™**

**COLLISION MITIGATION BRAKING SYSTEM™ (CMBS™)**
Helps bring your Civic to a stop by automatically applying brake pressure when the system determines a frontal collision is unavoidable.

**ROAD DEPARTURE MITIGATION SYSTEM (RDM)**
RDM can determine if you cross over detected lanes without signaling and can even provide steering and braking assistance to help you stay in your lane.

**FORWARD COLLISION WARNING (FCW)**
The FCW system can sense the presence of vehicles in front of you, and if it calculates that you’re at risk of colliding with a detected vehicle, it activates audible and visible alerts.

**LANE DEPARTURE WARNING (LDW)**
A small camera searches for lane markings on the road. If it detects the driver making an unindicated lane departure, visual and audible alerts will signify the departure.

**LANE KEEPING ASSIST SYSTEM (LKAS)**
Long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Civic centered in a detected lane.

**ADAPTIVE CRUISE CONTROL (ACC)**
With Low-Speed Follow ACC helps you maintain a set following interval. After stopping, a tap on the throttle instructs the car to continue maintaining the desired distance between the vehicles.
Even with a storied heritage spanning over 40 years, the Civic continues to push the boundaries of automotive engineering.

It’s come a long way.

Even with a storied heritage spanning over 40 years, the Civic continues to push the boundaries of automotive engineering.

It’s come a long way.

FASTER
An all-new 1.5-liter turbocharged and intercooled engine produces a thrilling 174 hp† and 162 lb-ft of torque†, and a new dual exhaust system helps optimize airflow (EX-T and above).

SHARPER
The Civic is designed with a revised suspension for more lateral support while cornering, plus wider tires for increased grip and reduced braking distance.

LIGHTER
A redesigned engine and chassis helps the Civic shed weight, increasing its power-to-weight ratio, handling characteristics and fuel efficiency.*
The Civic has a new look, accented by stunning 17-inch alloy wheels (EX-T and above).

LED Daytime Running Lights (DRL) make a distinctive impression. Touring models also feature all-LED headlights.

The redesigned interior features sleek new materials, innovative technology and abundant space.
POWER FRONT SEATS
Easily find the perfect driving position with eight ways to adjust (EX-L, Touring).
The front passenger enjoys 4-way power adjustment as well (Touring).

DRIVER INFORMATION INTERFACE
A color screen right behind the steering wheel displays what’s playing, who’s calling and almost everything else you need to know (select models).

STEERING WHEEL-MOUNTED CONTROLS
Change the music or answer a call via Bluetooth® HandsFreeLink®. Your hands never leave the wheel, and your eyes never leave the road.*

7-INCH DISPLAY AUDIO TOUCH-SCREEN
Touch, pinch and swipe your way through music, podcasts and more (EX and above).

REMOTE ENGINE START
Pre-heat or cool your Civic, and be ready to go by the time you reach the door (EX and above).

ELECTRIC PARKING BRAKE
A new electric parking brake replaces the conventional hand lever with a simple, sleek switch.

CENTER CONSOLE STORAGE
A massive console with an adjustable beverage holder gives you enough room to store your essentials and hide your valuables.

Honda LANEWATCH™
To help with lane changes, a small camera incorporated into the passenger-side mirror displays live video on the display audio screen (EX and above).

APPLE CARPLAY®
Support for Apple CarPlay allows you to access several of your iPhone® features on the Display Audio touch-screen (EX and above).

ANDROID AUTO™
Android smartphone users can access Google Maps, Google Now, messaging, music and numerous popular apps using Android Auto (EX and above).

HEATED OUTBOARD REAR SEATS
These heated outboard rear seats help keep your passengers extra cozy (Touring).

HEATED OUTBOARD REAR SEATS

Arriving in early 2016, the redesigned Civic Coupe promises to be the most fun-to-drive Civic yet.

**EFFICIENCY**
The Civic earned an impressive 42-mpg highway rating,* thanks to reduced weight, direct injection engine technology and an efficient continuously variable transmission (CVT).

*31 city/42 highway/35 combined mpg rating for turbo models with CVT. Based on 2016 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.
SAFETY

Every Civic is equipped with advanced safety features designed to help protect you and your passengers, mile after mile.

ACE™ BODY STRUCTURE
By distributing frontal impact energy more evenly throughout the vehicle, the Advanced Compatibility Engineering™ body structure helps protect passengers.

SMARTVENT® AIRBAGS
Inside every Civic are front, front side, and side curtain airbags with a rollover sensor. The SmartVent front side airbags are designed specifically to help protect the driver’s or front passenger’s upper torso in the event of a side-impact collision.*

TIRE PRESSURE MONITORING SYSTEM (TPMS)**
Because lost tire pressure can dramatically affect a vehicle’s performance, TPMS alerts you if air pressure becomes significantly low in any tire.

ADVANCED BRAKING
An anti-lock braking system (ABS) helps prevent wheels from locking up when braking hard, while Electronic Brake Distribution (EBD) balances braking forces at each wheel based on how the Civic is dynamically loaded.

VEHICLE STABILITY ASSIST™ (VSA®) WITH TRACTION CONTROL
VSA helps you stay on course in the event of an understeer or oversteer condition by braking individual wheels and/or reducing engine power to help restore your intended course.†

MULTI-ANGLE REARVIEW CAMERA‡
See more of what’s behind you with the multi-angle rearview camera with guidelines, which comes standard on every Civic.

MULTI-ANGLE REARVIEW CAMERA‡
Because lost tire pressure can dramatically affect a vehicle’s performance, TPMS alerts you if air pressure becomes significantly low in any tire.

*Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat.

†VSA is not a substitute for safe driving. It cannot correct the vehicle’s course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

‡Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat. "VSA is not a substitute for safe driving. It cannot correct the vehicle’s course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver."

INTERIOR LX, EX & EX-T

- Front bucket seats with 6-way power adjustment
- Front passenger's seat with 4-way power adjustment
- Leather-wrapped steering wheel and shift knob
- Driver's seat with 8-way power adjustment
- Leather-trimmed seats
- 7-inch Display Audio with electrostatic touch-screen
- HondaLink®
- Hands-freeLink® and streaming audio
- Bluetooth®
- USB Audio Interface

INTERIOR EX-L & TOURING

- Heated outboard rear seats
- One-touch power moonroof with tilt feature
- Heated side mirrors
- Projector-beam halogen headlights with auto-on/off
- LED Daytime Running Lights (DRL)
- LED turn indicators (headlights and side mirrors)
- Hill start assist
- Automatic climate control system
- Power windows with auto-up/down driver's and front passenger's windows
- Tilt and telescopic steering column
- 160-watt audio system with 4 speakers
- Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes.

EX-L adds to or replaces EX-L features

- Automatic-dimming rearview mirror
- Leather-wrapped steering wheel and shift knob
- Driver's seat with 8-way power adjustment
- 7-inch Display Audio with electrostatic touch-screen
- HondaLink®
- Hands-freeLink® and streaming audio
- Bluetooth®
- USB Audio Interface

EX-T adds to or replaces EX features

- Standard Honda Sensing suite of safety and driver-assistive features (CVT model only)
- Standard continuously variable transmission (CVT)
- 5-speed manual or available continuously variable transmission (CVT)
- Electric parking brake with automatic hold
- Hill start assist
- 16-inch wheels with full covers
- Multi-angle rearview camera with guidelines
- LED Daytime Running Lights (DRL)
- One-touch turn indicators
- Twilight lights with integrated LED light bars
- Projector-beam halogen headlights with auto-on/off
- Capless fuel filler
- Automatic climate control system
- Power windows with auto-up/down driver's and front passenger's windows
- Tilt and telescopic steering column
- 160-watt audio system with 4 speakers
- Display accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions.

TOURING

- Front passenger's seat with 4-way power adjustment
- 450-watt premium audio system with 10 speakers, including subwoofer

CIVIC SEDAN SPECIFICATIONS

- LX
- EX
- EX-L
- EX-T
- EX adds to or replaces LX features
- EX-T adds to or replaces EX features
- 134 hp at 6,500 rpm (SAE net)
- 7-speed manual
- 5-speed manual or available continuously variable transmission (CVT)
- Electric parking brake with automatic hold
- Hill start assist
- 16-inch wheels with full covers
- Multi-angle rearview camera with guidelines
- LED Daytime Running Lights (DRL)
- One-touch turn indicators

Powerful. Agile. Versatile enough to handle almost any condition. It’s no wonder Honda is the official vehicle of the NHL.²³
