The most impressive Honda ever.

A winning sedan. With a sophisticated exterior, luxurious interior and a turbocharged engine, the Accord has more advanced features than ever. It’s no wonder the fast, efficient and comfortable sedan was named the 2018 North American Car of the Year.

- 252-hp, 2.0-liter, turbocharged and intercooled engine* 
- 10-speed automatic transmission with paddle shifters* 
- Honda Sensing® suite of safety and driver-assistive features 
- LED headlights and fog lights* 
- 19-inch alloy wheels*

*Available features. Please visit automobiles.honda.com/accord-sedan#specifications for actual trim application.
Sophistication and excitement await in the Accord’s luxurious interior. Enjoy high-quality, soft-touch materials, the latest technology and an expansive front view for an unmatched combination of elegance and convenience.

When our flagship sedan embraces innovative hybrid technology, you get an Accord that spends less time at the pump without sacrificing performance and comfort.

Step into pure comfort.

Sophistication meets efficiency.

The Ultimate Enhanced Interior
• 450-watt premium audio system with 10 speakers*

• Remote engine start†
• LED headlights, Daytime Running Lights (DRL) and turn indicators
• LED fog lights†

†Available features. Please visit automobiles.honda.com/insight#specifications for actual trim application.

There’s no better feeling than arriving in a car as beautiful and sleek as the new Honda Insight, except the satisfaction of knowing it’s also a hybrid. With stunning design and an impressive 55-mpg city rating* (LX and EX), the Insight always makes an entrance.
The Insight comes with high-tech features and full LED headlights to complement a forward-looking design. To match its airy, sporty aesthetic and elegant finishing details, the Insight impresses inside, with a spacious cabin that provides a one-of-a-kind experience for drivers and passengers.

Captivating Tech

- 450-watt premium audio system with 10 speakers, including subwoofer*
- Mobile hotspot capability†
- Apple CarPlay™ and Android Auto™ integration*
- SiriusXM® Radio™ / HD Radio™6
- Honda LaneWatch™*8
- Smart Entry with Walk Away Auto Lock™*

*Available features. Please visit automobiles.honda.com/insight/specifications for actual trim application.
† Requires AT&T data plan.

Looking sharp never felt so smart.
Turning heads.

With a bold, aggressive face and sharp, sophisticated body lines throughout, every angle of the Civic is able to capture attention on the road. But there's so much more to this sedan than a sleek profile.

Leave a lasting impression.

With a wide, sporty stance, sleek profile, and long wheelbase, the Civic always seems like it's about to scorch the pavement.

- 174-hp, 1.5-liter, turbocharged and intercooled engine*
- LED headlights*
- Honda LaneWatch™
- Smart Entry with Walk Away Auto Lock™
- One-touch power moonroof with tilt feature*

*Available features. Please visit automobiles.honda.com/civic-sedan#specifications for actual trim application.
An extraordinary ride.

With a more sophisticated interior than ever, the cockpit of the Civic offers comfort and convenience at your fingertips. Available leather-trimmed seats are paired with advanced connectivity, culminating in a driving experience not soon forgotten.

Civic Touring Sedan shown with Black Leather.

Advanced connectivity within reach. Packed with cutting-edge technology and comfort, the Civic is primed for leading the charge for the next generation and beyond.

- Honda Sensing® suite of safety and driver-assistive features
- 450-watt premium audio system with 10 speakers*
- Apple CarPlay™ and Android Auto™ integration*
- Heated front and outboard rear seats*
- Sport pedals*
- Automatic-dimming rearview mirror*

*Available features. Please visit automobiles.honda.com/civic-sedan#specifications for actual trim application.
For those who love the road.

With an unexpected exterior, sleek profile, aggressively wide stance, and advanced engineering, you can be assured a totally thrilling ride.

More ways to wow.
Civic Sport Touring Hatchback shown in Sonic Gray Pearl.

Beyond Anything Seen Before
• 180-hp, 1.5-liter, turbocharged and intercooled engine* 
• Dual-mode paddle shifters* 
• Center-mounted, dual outlet exhaust* 
• Underbody spoiler kit* 
• LED headlights* 
• 540-watt premium audio system with 12 speakers* 
• Apple CarPlay™ and Android Auto™ integration* 
• Honda Sensing® suite of safety and driver-assistive features

*Available features. Please visit automobiles.honda.com/civic-hatchback#specifications for actual trim application.

Rebellious by nature.
The disruptive Civic Hatchback pairs aggressive sport styling with functional versatility. With a turbocharged engine and astonishing utility, it’s the Civic that’s unafraid to defy boundaries and obliterate expectations.
Engineered precision.

When 70 years of engineering for the racetrack is distilled into one Civic, you can expect a visceral driving experience simply unmatched anywhere else. The 306-hp VTEC turbo engine provides a staggering 153 hp per liter. Coupled with a stiffened lightweight frame and purpose-built suspension, you’ll feel enhanced stability at the limit. Its wheels may be firmly on the road, but the soul of Type R emanates from the track.

Civic Type R Touring shown in Rallye Red with Red / Black Suede-Effect Fabric.
Fit Sport shown in Orange Fury.

Fit and finish.

A small car with a big attitude, the Honda Fit zooms by with a unique mix of sleek sport styling and aerodynamic efficiency.

Fit Sport: for fun.

The Fit Sport trim kicks up the fun with unique styling and upgraded features.

- 130-hp, Direct-injected i-VTEC® engine*
- Dual-mode paddle shifters*
- Underbody spoiler kit*
- Honda Sensing® suite of safety and driver-assistive features*
- Chrome exhaust finisher*
- Apple CarPlay™ and Android Auto™ integration*

*Available features. Please visit automobiles.honda.com/fit#specifications for actual trim application.
Turned up to maximum volume.

Paired with Honda tech, the modern Fit interior was designed to maximize the size and utility of its space for incredible results.

Versatility from head to tailgate.
With a 2nd-row Magic Seat® including four unique configurations, the Fit was designed for on-the-go travelers who are revved up and ready to go. Along with advanced audio connectivity, it’s primed for the next fun adventure.

- Leather-trimmed seats*
- Leather-wrapped steering wheel and shift knob*
- 60/40 split 2nd-row Magic Seat®
- Apple CarPlay™ and Android Auto™ integration*
- SiriusXM® Radio™
- 7-inch Display Audio with high-resolution touch-screen*

*Available features. Please visit automobiles.honda.com/fit#specifications for actual trim application.
Confidence on the road.

Even the most attentive of drivers can miss things. That’s why Honda offers an array of safety and driver-assistive technologies designed to assist and help protect you and your passengers.

- Advanced Compatibility Engineering™ (ACE™) body structure
- Advanced driver and front passenger airbags
- Multi-angle rearview camera

The Honda Sensing® Suite.

A. Collision Mitigation Braking SystemTM (CMBS™) 
CMBS can help bring your vehicle to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

B. Lane Keeping Assist System (LKAS)  
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep your vehicle centered in a detected lane.

C. Road Departure Mitigation System (RDM)  
RDM can determine if you cross over detected lanes without signaling, can provide steering assistance to help you return to your lane, or provide braking to help keep you from leaving the roadway entirely.

Adaptive Cruise Control (ACC)  
ACC helps you maintain a set following interval behind detected vehicles for highway driving.
and avoiding collisions. 

LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.

RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.

DVRP is not a substitute for your own direct visual assessment of traffic conditions before changing lanes.

Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes.

RDM only alerts drivers when lane drift is detected without a turn signal in use and can apply mild steering torque to assist driver in maintaining proper lane position and/or brake pressure to slow the vehicles departure from a detected lane. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.

ACC only includes a limited braking function. Driver remains responsible for slowing or stopping the vehicle to avoid a collision.

ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. System designed to mitigate crash forces. Driver remains responsible for safely operating vehicle and avoiding collisions.

Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes.

ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function. Driver remains responsible for slowing or stopping the vehicle to avoid a collision.

Children 12 and under are safest when properly restrained in the rear seat.
