Sophistication meets efficiency.

When our flagship sedan embraces innovative hybrid technology, you get an Accord that spends less time at the pump* without sacrificing performance and comfort.

*48-mpg city/highway 48-mpg combined EPA rating. Based on 2019 EPA estimates. Use for comparison purposes only. Your mileage will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors.
Put range anxiety in the rearview mirror. Sometimes, you want to drive an electric car. Sometimes, you need more flexibility. That’s why Honda created the Clarity Plug-In Hybrid, with a 340-mile total range rating.* Charge up and drive on electricity, and tap into a gas reserve when needed, all while spending less time at the pump.

Power your journey with electric or gas.

*47-mile maximum 47-mile electric-only range rating. 340-mile combined gas-electric driving-range rating. Based on 2018 EPA mileage ratings. Use for comparison purposes only. Your driving range will vary depending on driving conditions, how you drive and maintain your vehicle, battery pack age/condition and other factors.
Clarity Electric
clarityelectric.honda.com

Premium technology.
Few electric vehicles provide the comfort or space you've come to expect from midsize sedans, but the Clarity Electric is the exception that advances the latest technology from Honda.

- 221 lb-ft torque high-output electric motor
- DC fast-charging achieves 80% charge in about 30 minutes
- California HOV lane access-eligible
- Seating for 5 adults
- Honda Sensing® suite of safety and driver-assistive features

No gasoline. No compromise.
The Clarity Electric looks sharp while looking ahead towards a greener future. You'll enjoy a fast recharge time, advanced safety features and premium interior — all with zero emissions.

*Available in select California and Oregon dealerships.
The Clarity Fuel Cell* is the most advanced zero-emissions Honda ever built. This breakthrough hydrogen vehicle’s only emission is water. It can be refueled in 3-5 minutes throughout California, thanks to the state’s growing network of hydrogen stations. The Clarity Fuel Cell converts hydrogen into electricity to power the high-torque electric motor. For increased efficiency, a small onboard battery stores energy recovered during deceleration and braking, adding “free” electrons to the power mix.

The car of tomorrow.

- Head-Up Display (HUD)
- 540-watt premium audio system with 12 speakers

*Get on the waitlist. 2018 Clarity Fuel Cell currently unavailable. 2019 Clarity Fuel Cell expected spring 2019 in select California dealerships. For more information, visit clarityfuelcell.honda.com/eligibility.

Clarity Fuel Cell shown in Bordeaux Red Metallic with Platinum Gray Leather.
Confidence on the road.

Even the most attentive of drivers can miss things. That’s why Honda offers an array of safety and driver-assistive technologies designed to assist and help protect you and your passengers.

• Advanced Compatibility Engineering™ (ACE™) body structure
• Advanced driver and front passenger airbags
• Multi-angle rearview camera

A - Collision Mitigation Braking System™ (CMBS™)
CMBS can help bring your vehicle to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

B - Lane Keeping Assist System (LKAS™)
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep your vehicle centered in a detected lane.

C - Road Departure Mitigation System (RDM™)
RDM can determine if you cross over detected lanes without signaling, can provide steering assistance to help you return to your lane, or provide braking to help keep you from leaving the roadway entirely.

Adaptive Cruise Control (ACC) with Low-Speed Follow
ACC helps you maintain a set following interval behind a detected vehicle for highway driving. If the detected vehicle slows to a stop, ACC is designed to slow and stop your vehicle as well. After stopping, a tap on the throttle instructs the car to continue maintaining the desired interval.

The Honda Sensing® Suite.
All Honda vehicles - and any Honda Genuine Accessories installed at the time of vehicle purchase - are covered by a 3-year/36,000-mile limited warranty. Honda vehicles are covered by a 5-year/60,000-mile Limited Powertrain Warranty, too. Battery-pack limited warranty may vary. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

24-hour emergency road service is available to you in the United States, Puerto Rico and Canada throughout your 3-year/36,000-mile limited warranty term. Services include jump-starting, flat tire and lockout assistance, towing, and more (limitations apply). Call 1-866-864-5211.
