A truck that delivers.

The Ridgeline rethinks the traditional truck bed by offering multiple storage and access options. It is the only pickup with a lockable In-Bed Trunk® to keep your cargo secure and dry, as well as a dual-action tailgate, which means fewer out-of-reach items. This truck is full of possibilities.

Ridgeline RTL-T shown in Lunar Silver Metallic with Honda Genuine Accessories. Honda reminds you to properly secure cargo items.

Ridgeline.honda.com

Tackle virtually any terrain and take it all with you.
With available innovations in stability, traction, handling and accessibility, the Ridgeline can take you places you’ve never been before. Navigate rain-soaked dirt or snowy* mountain passes more easily, even while towing.

- Intelligent Variable Torque Management™ AWD system†
- Intelligent Traction Management (Snow, Mud and Sand modes *)
- Integrated Class III trailer hitch
- 5000-lb towing capacity†

Available features. Please visit automobiles.honda.com/ridgeline#specifications for actual trim application.

Honda is dedicated to identifying and implementing advanced designs and features that help enhance the safety of drivers and passengers, including occupants of other vehicles, and injury mitigation for pedestrians.

Key Standard Safety Features

- Advanced Compatibility Engineering™ (ACE™) body structure
- Advanced driver and front passenger airbags
- Multi-angle rearview camera

The Honda Sensing® Suite.

**A - Collision Mitigation Braking System™ (CMBS™)**
CMBS can help bring your vehicle to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

**B - Lane Keeping Assist System (LKAS)**
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep your vehicle centered in a detected lane.

**C - Road Departure Mitigation System (RDM)**
RDM can determine if you cross over detected lane lines without signaling, can provide steering assistance to help you return to your lane, or provide braking to help keep you from leaving the roadway entirely.

**D - Adaptive Cruise Control (ACC)**
ACC helps you maintain a set following interval behind a detected vehicle for highway driving.
Travel smarter.

Stay connected with your vehicle right from your smartphone. The HondaLink® app provides assistance, service and convenience. Visit hondalink.com for more information on features and subscription services.

Key Available Features
- Personal Concierge
- Remote Start
