Insight

Clarity Plug-In Hybrid
The first-ever CR-V Hybrid.

All the style and performance of the CR-V. All the benefits of a hybrid. The CR-V Hybrid delivers fun on the road with sleek good looks and plenty of features, including Honda Sensing® standard on all trims.

A Hybrid Without Rival
• Two-motor hybrid powertrain
• 212 total system horsepower
• 3-Mode Drive System (ECON/Sport/EV)
• Real Time AWD with Intelligent Control System™
• Remote engine start
• LED headlights

CR-V Hybrid Touring shown in Modern Steel Metallic.
Refined Design.

This isn’t your everyday crossover. The first-ever CR-V Hybrid comes loaded with luxuries like available heated front seats and steering wheel. Plus, sophisticated design touches enhance the vehicle’s streamlined, modern exterior.

*Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov); applies to 2020 model.

† 55 city/49 highway/52 combined mpg rating for LX and EX trims. 51 city/45 highway/48 combined mpg rating for the Touring trim. Based on 2020 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors.

†† Requires AT&T data plan.

Sophisticated Design, Efficient Package
- 151 total system horsepower
- Heated front seats
- Standard Honda Sensing® suite of safety and driver-assistive features
- Remote engine start
- LED headlights, Daytime Running Lights (DRL) and turn indicators
- 450-watt premium audio system with 10 speakers, including subwoofer
- Wireless hotspot capability
- Apple CarPlay® and Android Auto™ integration
- 60/40 split fold-down rear seatback
- Honda LaneWatch™
- Smart Entry with Walk Away Auto Lock

**Available features. Please visit automobiles.honda.com/insight#specifications for actual trim application.

The hybrid that’s as beautiful as it is efficient.

There’s no better feeling than arriving in a car as beautiful and sleek as the Honda Insight, except the satisfaction of knowing it’s also a hybrid. With stunning design and an impressive 55-mpg city rating (LX and EX), the Insight always makes an entrance.

There’s no better feeling than arriving in a car as beautiful and sleek as the Honda Insight, except the satisfaction of knowing it’s also a hybrid. With stunning design and an impressive 55-mpg city rating (LX and EX), the Insight always makes an entrance.
**Hybrid Without Compromise**

- Automatic-dimming rearview mirror**
- Head-Up Display (HUD)**
- 8-inch Display Audio touch screen **

**City/Highway/EPA Combined MPG for 2020 models. Use for comparison purposes only. Your actual mileage will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors.
Put range anxiety in the rearview mirror. Sometimes, you want to drive an electric car. Sometimes, you need more flexibility. That’s why Honda created the Clarity Plug-In Hybrid, with a 340-mile total range rating. Charge up and drive on electricity, and tap into a gas reserve when needed, all while spending less time at the pump.

Power your journey with electric or gas.

Powerful and Tech-Forward
• 212 total system horsepower¹
• 47-mile electric-only range rating *
• California HOV lane access-eligible
• Seating for 5 adults
• Standard Honda Sensing® suite of safety and driver-assistive features
• Apple CarPlay® integration
• Android Auto™ integration

Clarity Plug-In Hybrid Touring shown in Modern Steel Metallic with optional charging accessories.

*47-mile maximum EV mode driving range rating. 340-mile combined gas-electric driving range rating. Based on 2020 EPA mileage ratings. Use for comparison purposes only. Your driving range will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors.

claritypluginhybrid.honda.com
The redesigned Clarity Fuel Cell is the most advanced zero-emissions Honda vehicle ever. This breakthrough hydrogen vehicle's only emission is water. It can be refueled in 3-5 minutes throughout California, thanks to the state's growing network of hydrogen stations. The Clarity Fuel Cell converts hydrogen into electricity to power the high-torque electric motor. For increased efficiency, a small onboard battery stores energy recovered during deceleration and braking, adding "free" electrons to the power mix.

Clarity Fuel Cell shown in Crimson Pearl with Gray Leather.

Clarity Fuel Cell is currently only available through authorized Honda Clarity Fuel Cell dealers in California to residents of California living or working in proximity to hydrogen fueling stations.

Innovative Tech
- 174 hp, 221 lb-ft torque high-output electric motor
- California HOV lane access-eligible
- Standard Honda Sensing® suite of safety and driver-assistive features
- Head-Up Display (HUD)
- 540-watt premium audio system with 12 speakers
Honda is dedicated to identifying and implementing advanced designs and features that help enhance the safety of drivers and passengers, including occupants of other vehicles, and injury mitigation for pedestrians.

Key Standard Safety Features
- Advanced Compatibility Engineering™ (ACE™) body structure
- Advanced driver and front passenger airbags
- Multi-angle rearview camera

The Honda Sensing® Suite.

A - Collision Mitigation Braking System™ (CMBS™)
CMBS can help bring your vehicle to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

B - Lane Keeping Assist System (LKAS™)
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep your vehicle centered in a detected lane.

C - Road Departure Mitigation System (RDM™)
RDM can determine if you cross over detected lane lines without signaling, can provide steering assistance to help you return to your lane, or provide braking to help keep you from leaving the roadway entirely.

Adaptive Cruise Control (ACC) with Low-Speed Follow®
ACC helps you maintain a set following interval behind a detected vehicle for highway driving. If the detected vehicle slows to a stop, ACC is designed to slow and stop your vehicle as well. After stopping, a tap on the throttle instructs the car to continue maintaining the desired interval.
Plus, Honda vehicles are covered by a 5-year/60,000-mile Limited Powertrain Warranty, too. Hybrid vehicles also have an 8-year/100,000-mile high-voltage battery limited warranty. For more information or assistance, see your Honda dealer or please give us a call at 1-800-999-1009.

ACC should not be used in heavy traffic, poor weather or on winding roads. Driver remains responsible for safely operating vehicle and avoiding collisions.

LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings, accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.

For a full explanation of HondaLink functionality and Honda’s data use and privacy policy, see owners.honda.com/hondalink.

Key Available Features
- Personal Concierge
- Remote Start
- Remote Lock & Unlock
- Emergency Call
- Find My Car
- Stolen Vehicle Locator
- Enhanced Roadside Assistance
- Automatic Collision Notification

† Depending on use, HondaLink can transmit to Honda and its providers a vehicle’s location, speed and other operating conditions, information that may be tied to the vehicle identification number (VIN) and can be combined to create a track of a vehicle. For a full explanation of HondaLink functionality and Honda’s data use and privacy policy, see owners.honda.com/hondalink.

Key Available Features
- Stream TV shows, movies and music
- Play games, share, browse and email
- Connect up to 7 Wi-Fi devices at once
- Use devices up to 50 feet away from your Honda vehicle

1 Requires AT&T data plan. Visit hondawifi.com for more details.

All Honda vehicles - and any Honda Genuine Accessories installed at the time of vehicle purchase - are covered by a 3-year/36,000-mile limited warranty. Plus, Honda vehicles are covered by a 5-year/60,000-mile Limited Powertrain Warranty, too. Hybrid vehicles also have an 8-year/100,000-mile high-voltage battery limited warranty. For more information or assistance, see your Honda dealer or please give us a call at 1-800-999-1009.

24-hour emergency road service is available to you in the United States, Puerto Rico and Canada throughout your 3-year/36,000-mile limited warranty term. Services include jump-starting, flat tire and lockout assistance, towing, and more (limitations apply). Call 1-866-864-5211.
