Built with your loved ones in mind.

The Odyssey delivers groundbreaking technology and conveniences that keep your family connected and comfortable. Top it all off with sleek, modern styling, and you’ve got a minivan that really hits it home.
Follow the leader.

The Odyssey didn’t get to where it is today by standing still. Our signature family vehicle continues to deliver innovative technology, tasteful styling and impressive performance.
Fun for all.

Stunning technology. Cutting-edge conveniences. With a luxurious interior and so many trailblazing tools at your disposal, the Odyssey is more than just a minivan. It’s your mobile command center.
Touring Elite models come equipped with sensors that alert you when they detect a vehicle in adjacent lanes to the rear of the Odyssey.

Honda LANEWATCH™
Signal right and a small camera displays live video from your passenger-side mirror, helping make it easier to change lanes (EX, EX-L, Touring).

BLIND SPOT INFORMATION SYSTEM (BSI)™
Touring Elite models come equipped with sensors that alert you when they detect a vehicle in adjacent lanes to the rear of the Odyssey.

Even the most attentive of drivers can get distracted. That’s why we’ve equipped the Odyssey with driver-assistive technology designed to help protect you and your most precious cargo.
Your safety is our priority.

VEHICLE STABILITY ASSIST™ (VSA®) WITH TRACTION CONTROL
VSA helps you stay on course in the event of an understeer or oversteer condition by braking individual wheels and/or reducing engine power to help restore your intended course.*

SMARTVENT® AIRBAGS
Front side airbags feature SmartVent technology designed specifically to help protect the driver’s or front passenger’s upper torso in the event of a side-impact collision†.

TIRE PRESSURE MONITORING SYSTEM (TPMS)†
This system monitors the pressure in all four tires and alerts the driver if pressure in any tire becomes significantly low.

FORWARD COLLISION WARNING (FCW)†
The FCW system can sense the presence of vehicles in front of you, and if it calculates that you’re at risk of colliding with a detected vehicle, it activates audible and visible alerts.

ACE BODY STRUCTURE
By distributing frontal impact energy more evenly throughout the vehicle, the Advanced Compatibility Engineering body structure helps protect passengers.

MULTI-ANGLE REARVIEW CAMERA†
Every Odyssey is equipped with a rearview camera. EX L Navi and above models include three different angles.

*VSA is not a substitute for safe driving. It cannot control the vehicle’s course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver. †Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat.

SAFETY
PUSH BUTTON START
Start your Odyssey with the push of a button (EX and above).

POWER SLIDING DOORS
Dual power sliding doors maximize utility without compromising on style (EX and above).

COOL BOX
Keeps drinks and snacks chilled while you drive (EX-L and above).

ULTRAWIDE REAR ENTERTAINMENT SYSTEM
Enjoy split-screen viewing with an ultrawide 16.2-inch screen and wireless headphones (Touring Elite).

HondaLink®
Stay connected with cloud-based access to news and social media (EX and above).

HondaLink®
Stay connected with cloud-based access to news and social media (EX and above).

BLUETOOTH® HANDSFREE LINK
With Bluetooth HandsFreeLink you can place and receive calls without ever taking your hands off the wheel.*

TRI-ZONE AUTOMATIC CLIMATE CONTROL SYSTEM
The perfect way for everyone to choose their own temperature (EX and above).

STEERING WHEEL-MOUNTED CONTROLS
Change the music or answer a phone call with your hands on the wheel.*

SMART ENTRY
Unlock and lock your Odyssey without fishing for your keys (EX and above).

*Driver responsible. Some states ban the use of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.
With plenty of space and several ways to configure the interior, the Odyssey keeps your passengers and your cargo comfortable.

**INTERIOR CABIN**

For all shapes and sizes.

**SEATING FOR EIGHT**
Every Odyssey has a spacious interior. EX and above models seat eight, making it easy to bring family and friends along for the ride.

**CARGO MODE**
With a one-motion 60/40 split 3rd-row Magic Seat® the Odyssey can be configured to accommodate all kinds of cargo.

**2ND-ROW WALK-IN FEATURE**
For easier access to the third row, just pull the lever and the 2nd-row seat moves forward to create extra space.

Honda reminds you to properly secure items in the cargo area.
3.5-LITER V-6 ENGINE
There's no reason a minivan shouldn't be exciting to drive. That's why the Odyssey puts 248 horses* at your disposal with a powerful 3.5-liter V-6 engine.

PERFORMANCE

28-MPG HIGHWAY RATING†
The Odyssey is an efficient performer thanks in part to Variable Cylinder Management†† (VCM†), which gives you power when you need it and less fuel consumption when you don't.

*SAE net. ††City/Highway/Combined mpg ratings. Based on 2016 EPA ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.

†20 city/28 highway/22 combined mpg rating. Based on 2016 EPA ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.

††Variable Cylinder Management
All 2016 Honda vehicles – and any Honda Genuine Accessories installed at the time of vehicle purchase – are covered by a 3-year/36,000-mile limited warranty.* Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty† too. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

1 Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes.

2 Display may not detect all objects at night.

3 Rearview camera, blind-spot information system (BSI) and lane departure warning system (LDW) can detect only certain objects and may not detect a given object. Safety features are not a substitute forsafe driving. Always use safety belts and child seats as prescribed. Rear seat backts are not designed to protect children.

4 AcuraWatch™ Plus does not detect all objects and may not detect a given object, depending on weather, size of object and speed. System operation is affected by road conditions. Driver remains responsible for safely operating vehicle and avoiding collisions.

5 Forward Collision Warning (FCW) cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, size of object and speed. FCW system is not designed to detect stationary objects, pedestrians, cyclists, motorcycles or other vehicles traveling in the same direction as the vehicle.

6 Honda LaneWatch™ (LW) cannot detect all objects in the blind spot and may not detect a given object. System operation is affected by road conditions. Driver remains responsible for safely operating vehicle and avoiding collisions.

7 The Honda Satellite-Linked Navigation System™ is available on EX-L models and standard on Touring models in the United States, Canada and Puerto Rico. (FM Traffic Channel is not available in Puerto Rico.) It uses a combination of GPS and cellular phones to detect your current location and traffic conditions on major expressways. ©2015 American Honda Motor Co., Inc.
