Every 2009 H2 will be E85 FlexFuel compatible yet still deliver unmatched HUMMER capability. E85 is 85% ethanol, 15% gasoline. To see the E85 stations nearest you, visit gm.com/E85

Welcome to the open.

You only need to step inside the 2009 HUMMER H2 to realize the outdoors are much closer than you imagine. The H2 is, simply put, the most capable off-road vehicle on the planet. With a 393 HP Vortec FlexFuel V8 engine offering 415 lb-ft of torque, the H2 can handle almost any off-road situation. Not only that, it boasts best-in-class approach and departure angles* and a 39.7:1 crawl ratio.

An optional 3rd row of seating means up to seven people can get to the Open in unmatched comfort. Also, new in 2009, the H2 has optional 2nd row captain’s chairs adding comfort and ease of interior motion. A performance enhanced sound system, Bluetooth® technology† and an available DVD-based navigation‡ radio create a luxury experience that matches the H2’s uncompromising capability.

*All claims based on 2008 GM Lux Utility segment. †Go to www.gm.com/bluetooth to find out which Bluetooth phones are compatible with the vehicle. ‡Navigation map covers only the 48 contiguous United States and portions of Canada, but does not cover Alaska, Hawaii, Puerto Rico or the Virgin Islands.

**NOTE 1** When properly equipped, includes weight of vehicle, passengers, cargo, and equipment.

**NOTE 2** Maximum payload capacity includes weight of driver, passengers, optional equipment, and cargo.

**NOTE 3** Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your HUMMER dealer for additional details.

**NOTE 4** Please review size limitations and exercise caution prior to entering certain garages.

**NOTE 5** Cargo and load capacity are limited by weight and distribution.

**NOTE 6** Go to www.gm.com/bluetooth to find out which Bluetooth phones are compatible with the vehicle.

**NOTE 7** Always use safety belts and the correct child restraints for your child’s age and size. Even in vehicles equipped with air bags, children are safer when properly secured in the rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner’s Manual and child safety seat instructions for more safety information.

**NOTE 8** RDS functions only where stations broadcast RDS information.

**NOTE 9** Does not monitor spare tire.
IMPORTANT WORDS ABOUT THIS CATALOG  We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your HUMMER dealer for complete details. HUMMER reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times.

ASSEMBLY HUMMER vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce HUMMER vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES HUMMER products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in HUMMER products may also be used in other GM makes and models.

A NOTE ABOUT CHILD SAFETY  Always use safety belts and the correct child restraints for your child's age and size. Children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information.
