Hatchback performance taken to the Nth degree.

With Elantra GT, Hyundai turns up the heat on the hot hatchback genre. At our European Design Center, a visionary shape was born, fettled like a rocket grille and sleek chrome window line trim. Voguing Germany’s famed Nürburgring raceway, Hyundai’s engineers strapped that shape into GT - creating a performance car that’s insanely quick and agile. Perfect for tearing up congested city streets or hilly mountain roads.

For 2020, we’ve taken things to the Nth degree with the Elantra GT N Line. Designed and engineered for driving enthusiasts, it upgrades like a dream. V6 Turbo engine, Judder sports shocks, larger front disc brakes and a multi-link rear suspension. Sporty design cues include LED headlights and taillights, a deeper front bumper with larger intake, a rear diffuser with dual exhaust outlets and 18" N Line alloy wheels.

Inside, the N Line is a driver’s dream. Yes! With leather-wrapped steering wheel, leather sport seats with red contrast stitching, a floating 8" touchscreen audio display and available features likeclass-exclusive center armrest, Smart Cruise Control with Stop & Go Lane Keeping Assist and wireless device charging.

Yet there’s more than a hot hatch that turns up the heat, Elantra GT turns up the volume, too. Opens the hatch. Fold down the rear seats, and you’re got a creating space that's a perfect sculpture for cargo space, ‘together with an available panoramic sunroof that fits all that space with three air and sunlight, it’s a modern GT design that drives anywhere from the last lane to the concert venues and campsites.

2019 IHS TOP SAFETY PICK

The Insurance Institute for Highway Safety rates Elantra GT as a 2019 IHS Top Safety Pick when equipped with available Forward Collision-Avoidance Assist and LED headlights.

Take your show on the road.

Since you’re constantly on the go, your next car needs the versatility and features required to keep you moving confidently and style. Our Kia Forte GT’s spacious interior and seat around. You and your passengers are greeted with soft-touch materials on the door and dash. Any compatible smartphone can be used with the Forte GT’s available Qi wireless charging pad and its battery will get all the power it needs.

Whew, the power you need! Start by engaging your hands around the thick trim of the Forte GT’s Koni sport-tuned steering wheel. And be sure to check out the Forte GT’s Nappa leather, too; you’ll find standard leather seating surfaces with more aggressive bolsters and contrast stitching. Steering wheel-mounted paddle shifter at your fingertips. Also pedals at your feet. And your inspired access throughout the interior in our Forte GT’s Style Package, with leather. Be a leather-wrapped steering wheel and seating surfaces (heated in front). Power key entry with push button start and dual automatic temperature control with touch-screen.

And what a ride it’s been. Our recommended Kia Forte available Infinity® Premium Audio system uses Claro™ Music Restoration Technology to retain the sound quality lost in digitally compressed music files. With its deep bass, clear midtones and crisp highs, you think you’re hearing a live performance.

*Hatchbacks are well suited for cargo, and the Elantra GT is a model example of this. Cargo space is generous and in-cabin storage is well thought out with good options for all of your personal effects. — Edmunds Expert Review
This is your sweet spot.

What makes Hyundai’s line of engineers can be summed up in one word: Better. They pursue it with focus, treating the world and its inhabitants with the respect they deserve. This philosophy is translated into each and every project Hyundai is involved in, from designing the styling of the car to improving the safety features. This dedication ensures that each car is built with a focus on performance, reliability, and quality. And it’s this focus on quality that makes Hyundai cars stand out in a crowded market.

You’ll feel it in every aspect of Elantra GT’s design. In the way the crisp handling is perfectly balanced with a comfortable ride. In the smooth flow of power from Elantra GT’s standard 2.0L, 164-horsepower engine or N Line’s 2.0T Turbo with available 7-speed Dual Clutch Transmission. And in the deep sense of a body structure forged with advanced high-strength steel.

Better is also ingrained into Elantra GT’s advanced safety features. From the Blind-Spot Collision Warning and Rear Cross-Traffic Collision Warning available in Elantra GT’s Style Package to the Lane Departure Assist and Forward Collision-Avoidance Assist with Pedestrian Detection available in N Line Tech Package. You can now enjoy your driving experience with peace of mind.

Hyundai’s dedication to quality and safety extends to every aspect of its vehicles. From the innovative design to the advanced safety features, Hyundai cars are built to stand out in a crowded market. So, when you’re looking for a car that offers both style and substance, look no further than Hyundai. With a focus on performance, reliability, and quality, Hyundai cars are designed to make your driving experience better than ever before.
Upgrade your mobile plan.

Your smartphone has become your informatie mobile center, will be playing a central role on the go. So, it only makes sense that your phone can make the most of your mobile phone's capabilities. Exhibit A: An 8" full HD touchscreen display that consists of Apple CarPlay® and Android Auto™. And if you want to access your phone's maps and navigation, contact lists, music lists, or media and more.

Elantra GT Line's available navigation system adds a 4.8" screen functionality to the display, using a unique steering wheel guidance, and subscription-free vehicle-incident data via HD Radio® technology.

Tired of the songs on your smartphone's playlist? Elantra GT's touchscreen display connects you with SiriusXM Satellite Radio, so you can explore over 140 commercial-free channels of streaming music, sports, news and entertainment. Tuggerly control the steering wheel and let us switch stations in your Bluetooth® hands-free phone calls.

Now here's the really cool part: Using the available Hyundai Blue Link® Connected Car System (incomparable to your three years) and Multi-Display app, you can turn your smartphone into a remote control that controls and starts your Elantra GT Line before you walk out the door. Blue Link® features include drag-and-drop with Amazon Alexa® and Google Assistant™ voice commands to start your Elantra's engine, unlock the doors and even set the cabin temperature from the comfort of your home, just talk your Amazon Echo® or Google Home® assistant: How cool is that?

"Hyundai was one of the first to offer Apple CarPlay and Android Auto, and it continues to offer smart, well-integrated solutions to connect and use your smartphone."

---Edmunds Expert Review

Apple CarPlay®: When you love your music, Apple CarPlay® is the way to go. Enjoy full controls on your iPod, iPhone, or iPad while keeping your phone safely out of reach. Share your music, make calls, get directions, and more. The system can automatically identify whether it's an Apple iPhone or iPad and then let you access the music and maps directly from your device. And when you're done, just disconnect, and the system unlocks your phone's full range of features.

Android Auto™: Android Auto™ is a compatible smartphone app that allows users to connect with their Android phones and access their phone's apps and features through the car's touchscreen display. It provides a safe and convenient way to use apps while driving, offering access to phone features like caller ID and dialing, messaging, and navigation, all while keeping your attention on the road. The user interface is designed to be intuitive and easy to use, with familiar Android buttons and gestures.
