UPDATE YOUR STATUS.

Can a compact car actually expand your horizons? Can it be far from an ordinary small car, filled with the sort of premium features you’d only expect to find on luxury cars? It can, if it’s a Hyundai Elantra. We approached the design of Elantra as a modern form of art. Its exterior sculpted curves, character lines and curves for aerodynamic efficiency and stunning visual impact.

Inside, we created an interior with so much room for passengers and cargo, the EPA considers Elantra to be a midsize (the next largest class above compact). We’ve expanded Elantra’s robust standard feature sets in our Limited and all-new Value Edition models. And we engineered Elantra with performance, safety and communications technologies so advanced, it’s capable of doing things beyond any compact car you’ve ever owned.

Like what, you ask? For starters, Elantra can help protect you – each model earned an NHTSA 5-Star Overall Safety Rating and was an IIHS Top Safety Pick in 2015. 1 It can also send soothing warmth to you and your passengers – Elantra sedan was the first compact car to offer both front and rear heated seats (on Elantra GT, heated seats come standard). America’s Best Warranty, a staple of every Hyundai, offers an entirely different – but no less rewarding – level of soothing comfort.

Then, there’s Hyundai Blue Link®, our dynamic and innovative connected car solution. With Blue Link, you’ll tap into a range of remote functionality, safety, car care and infotainment features that use the latest digital technologies to make you – and your car – smarter.

ERLANTRA 1.8L

145 HP
38 EPA-estimated MPG highway²

EPA-estimated fuel economy, driving conditions and driver behavior. Actual mileage will vary with options, driving conditions, driving habits and vehicle condition. For more information, see www.hyundaiusa.com.
SO THIS IS WHAT A PERFECT FIT LOOKS LIKE.

Perhaps you’re thinking we’ve printed the wrong photograph on this page? Signed in an interior shot of our Genesis luxury sedan, maybe? Nope. That’s an Elantra. If it looks roomier than the typical compact sedan, that’s because it is roomier. In fact, Elantra is so spacious inside, the U.S. government classifies it as a midsize car, not a compact.

And here’s where you’ll notice the difference. Elantra has more front legroom than the Honda Civic and Toyota Corolla. Elantra also has more total space and cargo volume than the Honda Civic, too.1

But it’s what we did with all of that space that really matters. For starters, we made it comfortable, with available heated seats front and rear. Elantra’s available dual zone automatic temperature control system features a Diamond finish, and the power driver seat comes with lumbar support. We made all of the seating environmentally friendly as well by using a soy-based material for the foam cushions.

And we made Elantra’s technology seamless, with a Bluetooth® hands-free phone system that lets you make calls and stream music from your compatible smartphone using simple voice commands. We made it intelligent, too, with proximity key entry, push-button start, a rearview camera and a navigation system that features SiriusXM Travel Link® services (traffic, weather, movie times, fuel prices, stocks, sports and more).2

We made it, in other words, perfect.
MANUAL OR AUTOMATIC

A 6-speed manual transmission comes standard on Elantra Sport and Elantra SE. There’s also an available 6-speed automatic transmission with SHIFTRONIC® manual shift mode. Either way, you’ll enjoy the hands-on approach to driving excitement.

TECH PACKAGE

Opt for Elantra Sport’s available Tech Package, and you’ll get a power tilt-and-slide glass sunroof. A navigation system with 7-inch touchscreen and Pandora® radio. A 360-Watt premium audio system with a digital external amp. And our award-winning Blue Link® connected car solution.

ELANTRA SPORT Tech Package in Galactic Gray

The driving force behind the Elantra Sport is, well, driving. Its 2.0L GDI engine, suspension and steering systems are tuned for high performance. Engine combustion is optimized by Dual Continuously Variable Valve Timing, an innovation that also works to reduce emission levels.

With its standard 6-speed manual transmission, you’re actively engaged in shifting up through the gears to bring Elantra Sport up to speed. To help get you there securely, every Elantra comes standard with a Vehicle Stability Management system complete with Traction Control that kicks in when the road gets slippery.

And here’s this for slick? With a mere 0.28 coefficient of drag, Elantra is more aerodynamic than Toyota Corolla. The secret to creating these fuel-saving surface dynamics is in the details. Shielding the tires to minimize resistance. A center floor deflector to smooth airflow around the fuel tank. A kick-up trunk edge, wraparound rear taillights…and more. It all works for a slippery surface designed to smooth the air and save precious fuel.

ELANTRA SPORT

A PRECISION INSTRUMENT THAT ANYONE CAN HANDLE.

TECH PACKAGE

OPTED FOR ELANTRA SPORT’S EXCLUSIVE TECH PACKAGE, AND YOU’LL GET A POWER TILT-AND-SLIDE GLASS SUNROOF. A NAVIGATION SYSTEM WITH 7-INCH TOUCHSCREEN AND PANDORA® RADIO. A 360-WATT PREMIUM AUDIO SYSTEM WITH A DIGITAL EXTERNAL AMP. AND OUR AWARD-WINNING BLUE LINK® CONNECTED CAR SOLUTION.

MANUAL OR AUTOMATIC

A 6-SPEED MANUAL TRANSMISSION COMES STANDARD ON ELANTRA SPORT AND ELANTRA SE. THERE’S ALSO AN AVAILABLE 6-SPEED AUTOMATIC TRANSMISSION WITH SHIFTRONIC® MANUAL SHIFT MODE.

SPOTTER’S GUIDE

SEE THOSE STYLISH, 17-INCH ALLOY WHEELS? THE LED REAR TAILIGHTS, GLOSSING CHROME EXHAUST OUTLET AND AVAILABLE REAR LIP SPOILER? THOSE ARE JUST SOME OF THE VISUAL DESIGN CUES THAT LET YOU KNOW ELANTRA SPORT IS NO ORDINARY COMPACT SEDAN.

2 The Traction Control System is meant to enhance conscientious driving habits and is not a substitute for safe driving practices.

5 Competitive claim excludes Eco trim and is based on comparison of 2015 model specifications on manufacturer website.

3 PZEV engine rated at 166 horsepower.

4 Blue Link® subscription service agreement required. Features vary by subscription plan. Blue Link service works using CDMA-based cellular networks in the 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (tall buildings, tunnels) and other factors. For additional details and system limitations, visit HyundaiBlueLink.com.

4 Available on Elantra SE and Sport, standard on Elantra Limited.
ELANTRA LIMITED

IT'S TIME YOU GOT WHAT YOU DESERVE.

From the moment you approach Elantra Limited, it lets you know you’ve arrived. With the proximity key in your pocket or purse, you simply walk up to your car, and it recognizes you as its owner, granting you instant access.

Once inside, you and your passengers can settle into Elantra Limited’s heated leather front and rear seats. The driver and front-seat passenger can select individual settings for the car’s dual automatic temperature control – another premium feature that’s now standard on the 2016 Elantra Limited. Adjust the tilt-and-telescopic steering wheel to your preferred position, press the engine’s start button, and off you go.

Now that you’re comfortable, how about some music? Elantra Limited is equipped to satisfy the most demanding audio enthusiast, thanks to an available 360-Watt premium audio system that uses an external amplifier to achieve pure, rich sounds – perfect for listening to music from Pandora or SiriusXM® Satellite Radio. With all of this standard content, it begs the question: What exactly is so limited about Elantra Limited?

There’s nothing subtle about the 2016 Elantra GT. From its bold new grille and muscular wheel arches to its bodycolor spoiler and 17-inch alloy wheels, Elantra GT asserts an aggressive personality.

And it backs up that look with a performance-car feel. Its high horsepower and low weight give Elantra GT best-in-class power-to-weight ratio — better than the Subaru Impreza, Ford Focus or Volkswagen Golf.* So it’s a lean machine with quick acceleration and nimble handling.

It’s a versatile performer, too. Open door number five of the 5-door design, and you access 51.0 cubic feet of maximum cargo volume with the rear seats folded down. A total of 96.1 cubic feet of passenger volume gives Elantra GT more cargo and more total space than the Ford Focus 5-Door.1

There’s so much room inside, it feels like a CUV, not a compact car.

Now, what about that hidden camera? It’s concealed beneath the badge on the rear hatch. Put the car in reverse, and the badge flips open to provide a behind-the-car view that appears on the center console’s screen.

ELANTRA GT
IT’S GOT A HIDDEN CAMERA. EVERYTHING ELSE IS RIGHT THERE FOR THE WORLD TO SEE.

How fast is technology moving these days? In Elantra GT, this fast: The latest generations of its navigation, audio and Blue Link systems integrate advanced voice recognition and Apple’s Siri Eyes Free functionality to create a seamless experience unimaginable just a few short years ago. The user interface for all of the tech onboard has been enhanced, making it easier than ever for you to get what you want. Need the best route to a destination that factors in real-time traffic updates? Just ask Blue Link. Need to check out a map while keeping tabs on your tunes? The 7-inch touchscreen can split to display both the map and your music menus at the same time. Need to call your third cousin, twice removed? If he’s on your iPhone’s contacts, just ask Siri to place the call. Want to know how your stocks fared today? With SiriusXM Travel Link, you can access real-time market data. Looking for the lowest gas prices along your route? That—and much, much more—is also possible.
