Claim based on comparison of specifications on manufacturer websites. 5,000-pound towing capacity with trailer brakes. 1,653-pound towing capacity without. *The Lane Departure Warning operates above approximately 44 mph and only when the lane markings are clearly visible on the road. It will not prevent loss of control. Refer to your Owner’s Manual for more information. *Smart Cruise Control (SCC) is not a collision avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. The driver is responsible for slowing or stopping the vehicle to avoid a collision. *Automatic Emergency Braking (AEB) is designed to detect vehicles whose taillights are directly in front of the Santa Fe. AEB initiates full braking at speeds between 5-50 mph when detecting other vehicles and 5-43 mph when detecting pedestrians. AEB with Pedestrian Detection detects pedestrians, but not in all conditions. AEB is not a substitute for safe driving. See Owner's Manual for details and limitations.
SANTA FE LIMITED ULTIMATE TECH PACKAGE in Circuit Silver
To make the most of your Hyundai Santa Fe’s spacious carrying capacity, simply fold the second and third rows of seating. Both rows quickly fold to form a broad, flat surface that can then be used to load up with bulky gear.

The 2017 Hyundai Santa Fe features a power rear liftgate that can recognize when you need it to open with hands-free convenience. Stand within three feet of the vehicle’s rear liftgate with the key in your pocket or purse for more than three seconds, and it opens automatically. No kicking your feet to activate it. You can stop the liftgate at various heights, too. Smart indeed.
1 Claim based on comparison of specifications on manufacturer websites. 2 EPA estimate for Santa Fe SE and Limited models with front-wheel drive is for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle’s condition.
6-Speed Automatic
Every Santa Fe engine is mated to Hyundai’s 6-speed automatic transmission with SHIFTRONIC® manual shifting that lets you tap-tap-tap your way through the translation of power to pavement. Santa Fe is also equipped with an overdrive lock-up torque converter for higher fuel economy at freeway speeds.

2.0L Turbo Sport
On Santa Fe Sport, an available 2.0L turbocharged engine uses a twin-scroll turbo to create a broad band of torque where it matters most: in the low- to mid-range of rpm. Engineered to run on regular unleaded gas, the 2.0L turbo engine’s advanced design also helps reduce emissions and optimize efficiency at low engine speeds.

Tow up to 5,000 pounds
Santa Fe’s V6 engine generates 290 horsepower and 252 lb-ft of torque — more standard V6 horsepower than Toyota Highlander or Honda Pilot.¹ The standard trailer prep package, complete with a flush-mounted tow hitch design and 5,000 pounds of towing capacity, helps you put all of that power to good use.

V6 Muscle
In Santa Fe models, a 3.3L V6 engine provides potent response to your right foot’s prodding of the gas pedal. It generates an effortless flow of power and torque with up to 25 MPG highway fuel efficiency² using advancements that include Dual Continuously Variable Valve Timing and Gasoline Direct Injection.
1 Claim based on comparison of specifications on manufacturer websites. The Supplemental Restraint System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact collisions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag. 1 Rear Cross-traffic Alert is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner’s Manual to learn more. 1 Electronic Stability Control (ESC) cannot control your vehicle’s stability under all driving situations. ESC is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or ignored poor driving. The driver is always responsible for controlling the vehicle and must adapt to unavoidable control in all driving conditions, speed, road conditions and driver steering inputs. Always whetherESC can help prevent loss of control. See Owner’s Manual for details. Blue Link agents will contact existing emergency service responders. Only use Blue Link and corresponding devices when it is safe to do so. Blue Link Connected Care includes one year of the Blue Link Connected Care Package, and requires an active Blue Link subscription. One-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment page. Cellular and GPS coverage is required. Blue Link is available on most new Hyundai vehicles. Features, specifications, and fee vary by model, plan, and country. For more on details and limitations, visit HyundaiUSA.com or your authorized Hyundai dealer.
BLUE LINK® CONNECTED CARE
Hyundai's innovative Blue Link Connected Care package helps ensure you’re not alone in an emergency. Automatic Collision Notification and SOS Emergency Assistance report your position and connect you to an operator in a flash. Connected Care also includes Monthly Vehicle Health Reports and lets you schedule service appointments with authorized Hyundai dealers from the driver’s seat.¹ For more information, visit HyundaiBlueLink.com.

LANE DEPARTURE WARNING
New on the Hyundai Santa Fe for 2017, Lane Departure Warning is an available system that alerts the driver with both an audible and visual cue whenever the vehicle starts to drift outside of its lane without signaling.

SMART CRUISE CONTROL WITH STOP/START
Another innovation on our 2017 models, this feature does far more than ordinary cruise control. Radar is used to maintain a desired speed and distance from vehicles in front of you. When traffic stops, Smart Cruise Control brings you to a full stop automatically, then re-engages if the vehicle ahead moves forward within 3 seconds.

AUTOMATIC EMERGENCY BRAKING WITH PEDESTRIAN DETECTION
This new system utilizes the front radar and a front camera to help warn of a potential collision with a vehicle or pedestrian ahead of you. If the system detects a crash is imminent and the driver does not maneuver to avoid impact, Santa Fe automatically applies emergency braking.
Android Auto is compatible with smartphones powered by Android™ 5.0 or higher. Android Auto, Android, Google and other marks are trademarks of Google, Inc. © Blue Link subscription service agreement required. Features vary by subscription plan. Blue Link service works using CDMA-based cellular networks in the 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (tall buildings, tunnels) and other factors. For details and system limitations, visit HyundaiBlueLink.com. © All SiriusXM services require a subscription, sold separately by SiriusXM after a 3-month trial subscription. Fees and taxes apply. All fees and programming are subject to change. To cancel, please call 1-866-635-2349. See our Customer Agreement for complete terms at siriusxm.com. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. © Remote Vehicle Start is only available for push-button start equipped vehicles with an automatic transmission. Remote Climate Control is available on properly equipped models with fully automatic temperature control. Remote stop is only available while the vehicle is in Remote Start mode. Not available on all models.
BLUE LINK REMOTE ACCESS
Santa Fe’s available Remote Start feature can be customized using your smartphone to match driver preferences. Remote Start with Climate Control includes the option to set a 1- to 10-minute engine timer, and the option to select a desired cabin air temperature or activate the windshield defroster. If your plans change after remote-starting your car, you can stop the engine remotely, too.

MULTI-VIEW CAMERA SYSTEM
Using a new split-screen monitor, Santa Fe now offers multiple views of your vehicle when you’re backing up. Along with the conventional rear camera view, the monitor also displays an overhead view to help you see the space around you. On the road, the split screen allows you to see two things at once, such as navigation maps and music selections.

INFINITY® 12-SPEAKER PREMIUM AUDIO
Even the most discerning audiophile will be impressed by the deep bass, clear midrange and crisp highs of the available 590-Watt Infinity Logic 7™ premium audio system with 12 speakers. It’s so vivid, you’ll feel like you’ve got a front-row seat at Carnegie Hall (turn on SiriusXM® Satellite Radio, and you actually will).

CLARI-FI YOUR LISTENING PLEASURE
Along with the concert-hall sounds, you’ll enjoy the sight of Santa Fe’s available 8” audio system display. And the dynamic range of the Infinity audio system enhanced with two new technologies for 2017: QuantumLogic™ Surround Sound and Clari-Fi™ Music Restoration, which analyzes digital audio files during playback and rebuilds much of what was lost in compression.
**Key Standard Features**
- 185 hp, 2.4L Gasoline Direct Injection 4-cylinder engine
- 6-speed automatic transmission with SHIFTRONIC®
- 17” alloy wheels
- Drive Mode Select
- 7” color LCD touchscreen display with rearview camera
- Tilt-and-telescopic steering wheel with audio/phone/cruise controls
- YES Essentials® stain-resistant cloth seats
- 40/20/40 split fold-down 2nd row seats with 60/40 recline function

**Premium Package**
- Android Auto® and HD Radio®
- Dual automatic temperature control with CleanAir Ionizer
- Power driver seat with 4-way lumbar support
- Electroluminescent gauge cluster with color LCD multi-info display
- Auto-dimming rearview mirror with HomeLink® and compass
- Manual rear side-window sunshades
- Premium door sill plates
- Hands-free smart liftgate with auto-open
- Rear Cross-Traffic Alert
- Lane Change Assist
- Blind Spot Detection System
- Removes driver blind spot mirror

**Popular Equipment Package**
- Front foglights
- Roof side rails
- LED Daytime Running Lights
- 7” color touchscreen display
- Blue Link® Connected Car System
- Android Auto™ and HD Radio®
- Dual automatic temperature control with CleanAir Ionizer
- Power driver seat with 4-way lumbar support

**Tech Package**
- Panoramic sunroof
- Rear parking sensors
- Infiniti® premium audio system with QuantumLogic® Surround and Clari-Fi™
- Music Restoration Technology
- 8” touchscreen navigation system
- Integrated Memory System for driver seat
- Multi-view camera system
- Heated steering wheel
- Ventilated front seats
- Heated rear seats

2017 SANTA FE SPORT 2.0T

Sport Premium Package plus:
- 240 hp, 2.0L Gasoline Direct Injection twin-scroll turbo 4-cylinder engine
- 18˝ alloy wheels
- Chrome-tipped dual exhaust system
- Trailer prep package

2017 SANTA FE SPORT 2.0T ULTIMATE

Sport 2.0T Standard Features plus:
- 19˝ alloy wheels
- Panoramic sunroof
- HID Xenon headlights/LED taillights
- Premium exterior lower door trim
- Infinity® premium audio system with QuantumLogic® Surround and Clari-Fi™
- 8˝ touchscreen navigation system
- Music Restoration technology
- Rear parking sensors
- Panoramic sunroof
- Rear parking sensors
- Multi-view camera system
- “Ultimate” liftgate badging

ULTIMATE TECH PACKAGE | Sport 2.0T Ultimate Standard Features plus:
- Smart Cruise Control with stop/start
- High Beam Assist
- Lane Departure Warning
- Automatic Emergency Braking

2017 SANTA FE SE

Sport Popular Equipment Package plus:
- 290 hp, 3.3L Gasoline Direct Injection V6 engine
- 18˝ alloy wheels
- Unique 5-bar grille
- Chrome-tipped dual-outlet exhaust
- 7-passenger seating with 50/50 split-folding 3rd row bench seating
- Premium rear fascia
- Rear-seat heating and air conditioning controls
- Sliding 2nd row seats with cargo area releases
- Trailer prep package
- Remotes front foglites

PREMIUM PACKAGE | SE Standard Features plus:
- Blind Spot Detection – Removes driver blind spot mirror
- Rear Cross-traffic Alert
- Lane Change Assist
- Dual power side mirrors with turn signal indicators
- Proximity key entry with push-button start
- Leather seating surfaces and heated front seats
- Power height-adjustable passenger seat
- Hands-free smart liftgate with auto-open
- Manual rear side-window sunshades
- Electrochromic rearview mirror with HomeLink® and compass
- Auto-dimming rearview mirror with HomeLink® and compass
- Premium door sill plates
- 3rd row USB outlet
- LED foglights

2017 SANTA FE SE ULTIMATE

SE Premium Package plus:
- Leather seating surfaces and integrated memory system
- Heated steering wheel
- Multi-view camera system
- Ventilated front/heated rear seats
- for driver seat
- Power height-adjustable passenger seat
- Leather-wrapped steering wheel with color LCD multi-info display
- Manual rear side-window sunshades
- Electrochromic rearview mirror with HomeLink® and compass
- Auto-dimming rearview mirror with HomeLink® and compass
- Premium door sill plates
- 3rd row USB outlet
- LED foglights

PREMIUM PACKAGE | SE Ultimate Standard Features plus:
- Head-up display
- Blind Spot Detection – Removes driver blind spot mirror
- Rear Cross-traffic Alert
- Lane Change Assist
