Presenting the 2014 Hyundai Tucson.

At Hyundai, we know who has the power these days: You do. It’s the power of choice. As you cross-shop the competition, we can’t afford to be the car company that stands still. So we keep moving. Improving. It’s why we’ve upgraded our Hyundai Tucson with two more powerful engines for 2014. Whichever power source you choose, you can expect refined, highly responsive and remarkably efficient performance.

It’s why all Tucson models now come standard with SACHS® ASD (Amplitude Selective Damping), a suspension design that creates a ride so smooth – and handling so precise – we use it on our finest luxury sedans. It’s also why Tucson’s alluring design continues to evolve, with standard features like new projector headlights with LED accents and redesigned 17” alloy wheels. There are also plenty of options for adding functionality and style, like LED taillights or a panoramic sunroof that now facilitates side roof rails.

Inside, Tucson now comes standard with technology like voice-command controls and wireless audio streaming for Bluetooth®-enabled phones.1 Also standard: Refinements like two-stage reclining rear seats, steering wheel audio and cruise controls, and illuminated front cupholders.

For the first time, Tucson Limited is also available with three years of Assurance Connected Care service powered by Blue Link®, our innovative suite of vehicle communications technologies that bring infotainment, safety and service together in one highly intelligent system.2

2 Assurance Connected Care requires active Blue Link® subscription. Assurance Connected Care includes 3 years of the Blue Link Assurance Package. Three-year term starts from date of first use and is available for new-vehicle purchases and leases on or after May 16, 2013. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage required. Blue Link available on most 2013 and 2014 models. Additional charges apply after 3 years. System limitations apply. Service varies with factors like the vehicle’s condition and other factors. For additional details and system limitations visit hyundai.com/BlueLink.
HYUNDAI BLUE LINK. Our innovative telematics let you search for points of interest using voice commands and download them to the navigation system for turn-by-turn directions. If your Hyundai is stolen, Blue Link can immobilize it. Teenager borrowing the car? Geo-Fence, Speed and Curfew Alert features let you rest easy. Blue Link even has a mobile app that lets you lock, unlock and start your Hyundai remotely.

For a full list of features, visit HyundaiBlueLink.com.

PROOF THAT YOU CAN’T SPELL FUNCTIONAL WITHOUT F-U-N.

With more passenger volume than Nissan Rogue or Ford Escape, and up to 55.8 cu-ft of rear cargo space, people love our Hyundai Tucson for what it can do. But they also love how Tucson does it all—by never forgetting that functionality can be fun. It’s why the two-stage reclining SEAT KIT splits rear seats add more passenger comfort and storage versatility. It’s why the available navigation system with XM NavTraffic® now uses a larger 7” touchscreen display, so it’s easier for the driver to read. And why Hyundai Assurance Connected Care with Blue Link telematics comes standard with a complimentary 3-year subscription on Tucson Limited.

Need further evidence Tucson knows how to have fun? Its list of available features includes a power panoramic sunroof and heated front seats. The available dual-zone automatic temperature control includes a CleanAir Ionizer. Even the front windshield wiper refuses to be boring—it’s got a built-in de-icer.
EPA mileage with front-wheel drive. Estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and vehicle’s condition.

Electronic Stability Control cannot control your vehicle’s stability under all driving situations. ESC is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics... always responsible for controlling the vehicle and must use caution to avoid loss of control in all driving conditions.

CONFIDENCE, UPHILL OR DOWN
Tucson is the only vehicle in its segment with standard Downhill Brake Control, which helps maintain control and speed when easing down steep descents. Also standard is Hillstart Assist Control, which helps minimize backward rolling as you release your foot from the brake on uphill slopes.

ALL WHEEL GRIP
To help optimize traction when the going gets tricky, Tucson’s available All Wheel Drive continuously varies the torque transfer between front and rear wheels automatically. Drivers can also select the 50/50 torque-split setting to balance power between front and rear wheels in inner or deep sand conditions.

DISTINCTIVE ENGINEERING HIGHLIGHTS
(See specifications section for availability by model)

• MORE POWERFUL ENGINE DESIGNS WITH GASOLINE DIRECT INJECTION
• REAR MULTI-LINK SUSPENSION WITH SACHS® ASD SHOCK ABSORBERS
• ELECTRONIC STABILITY & TRACTION CONTROL SYSTEMS®

• NEW 17” OR 18” ALLOY WHEELS
• 6-SPEED AUTOMATIC TRANSMISSION WITH SHIFTRONIC®
• VEHICLE STABILITY MANAGEMENT
• PROJECTOR HEADLIGHTS/LED ACCENTS

For such a spacious vehicle, Tucson can easily be maneuvered in tight spaces. U-turns? No problem: It has a turning radius more than two feet tighter than the 2013 Honda CR-V.

But agile describes more than the handling that results from an independent rear multi-link suspension and state-of-the-art SACHS® ASD shock absorbers that seamlessly optimize handling control and ride comfort. It describes the thinking of Hyundai engineers: Don’t follow, innovate. In Tucson, they’ve used an advanced technology called Gasoline Direct Injection (GDI) to make our engines some of the most powerful in their class – while still achieving remarkable fuel economy. The upgraded 2.0L powerplant delivers 164 HP with an EPA-estimated 29 MPG highway rating. The available 2.4L engine, 182 HP with an EPA-estimated 28 MPG highway.

Another innovation, Active ECO technology, delivers up to a 7% fuel efficiency gain when driving in Active ECO mode. Power is transferred to the pavement with a 6-speed SHIFTRONIC® automatic transmission that lets you choose whether you want to shift actively, or sit back and relax.

TUCSON LIMITED TECHNOLOGY PACKAGE in Garnet Red

AGILITY : YOU FEEL IT. WE THINK IT.
KEY STANDARD FEATURES

- 1.6L 2.0L Gasoline Direct Injection DOHC 4-cylinder engine with Dual Continuously Variable Valve Timing
- 6-speed SHIFTRONIC® automatic transmission
- Active ECO system
- SACHS® ASC shock absorbers
- Remote keyless entry with alarm
- Air conditioning with cabin air filter
- Tilt-and-telescopic steering wheel
- Steering wheel audio, phone & cruise controls
- Power door locks & windows with driver’s auto-down
- 160-Watt AM/FM/SiriusXM®/CD/MP3 audio system with 6 speakers
- iPod®/USB auxiliary input jacks
- Multi-function trip computer
- Bluetooth® hands-free phone with wireless audio streaming
- 60/40 split fold-down rear seatbacks with 2-stage recline function & center armrest
- Active front seat head restraints
- 6-airbag safety system with advanced dual front airbags & Occupant Classification System
- Electronic Stability Control
- Traction Control System
- 4-wheel disc Anti-lock Braking System
- Hillstart Assist Control & Downhill Brake Control
- Tire Pressure Monitoring System
- 17” alloy wheels
- Bodycolor door handles & side mirrors
- Projector headlights with LED accents
- Variable intermittent front windshield wiper
- Front windshield wiper & de-icer
- Front door sill scuff plates
- Front roof rail & rear privacy glass
- Rear spoiler with integrated LED brake light
- Power driver seat with lumbar support
- Heated front seats
- Power driver seat with lumbar support
- Leatherette seat bolsters with cloth inserts
- Floor console-mounted rear vents
- 4.3” color touchscreen audio with rearview camera
- Power windows with driver auto-up/down
- Illuminated vanity mirrors & glove box
- Lower bodyside cladding
- Roof side rails
- Automatic projection headlights with LED accents
- Fog lights
- 6-airbag safety system with advanced dual front airbags & Occupant Classification System
- 2-stage recline function & center armrest

EPA ESTIMATES

- 2.0L GDI FWD: City 23 / Highway 29 / Combined 25 MPG
- 2.0L GDI AWD: City 21 / Highway 25 / Combined 23 MPG
- 2.4L GDI AWD: City 20 / Highway 25 / Combined 22 MPG
- 1.6L 2.0L Gasoline Direct Injection DOHC 4-cylinder engine with Dual Continuously Variable Valve Timing
- Heated front seats
- Power driver seat with lumbar support
- Leatherette seat bolsters with cloth inserts
- Floor console-mounted rear vents
- 4.3” color touchscreen audio with rearview camera
- Power windows with driver auto-up/down
- Illuminated vanity mirrors & glove box
- Lower bodyside cladding
- Roof side rails
- Automatic projection headlights with LED accents
- Fog lights
- 6-airbag safety system with advanced dual front airbags & Occupant Classification System
