With savvy design, smart technology and sophisticated safety features, Venue is the small SUV with big city hustle. Available in three trims – SE, SEL or Denim – Venue’s fresh attitude is obvious the instant you glance at its chiseled angles, cascading mesh grille or available two-tone roof.

Step inside, and Venue plays host with seating for five and party favors like Apple CarPlay® and Android Auto™. Plug your smartphone into a USB port, and familiar icons for accessing your music playlists, maps, text messages and more appear on Venue’s standard 8˝ touchscreen.1

When you’ve got cargo to carry or gear to pack, Venue shows off its flexibility with 60/40 split fold-down rear seats and an adjustable two-level cargo floor. Slide open the available power sunroof to make Venue feel even more spacious inside.

Ready to hit the road? Venue is too, with a fuel-efficient Smartstream 1.6L 4-cylinder engine and the availability of Drive Mode Select to customize your driving dynamics. Choose Normal, Sport or – when the road is slippery – Snow mode for enhanced traction control.

Road warrior.

Venue comes with Hyundai SmartSense, an array of safety technologies designed to help prevent accidents in the first place.2 If a slowed vehicle or pedestrian is detected in front of you, Venue’s Forward Collision-Avoidance Assist with Pedestrian Detection issues an alert and applies emergency braking if necessary to help avoid a collision.3 Should you begin drifting outside of your lane without signaling, Lane Keeping Assist alerts you and actively engages the steering, nudging you back into your lane! A feature called Driver Attention Warning alerts you if fatigue or inattentiveness is detected in your driving behavior.

Beyond these standard features, Venue is also available with Blind-Spot Collision Warning and Rear Cross-Traffic Collision Warning, which act as an extra set of eyes. Venue’s core safety engineering starts with a body constructed of advanced high-strength steel and zones designed to absorb and disperse impacts, helping to protect you and your passengers inside the cabin.
You like to be spontaneous. Venue does, too. So whether we’re talking weekend escapes or weekday commutes, it’s ready to seize the day. Sit inside, and you’ll feel as if Venue is an extension of your personality.

Like you, it’s plugged in with USB, auxiliary and 12-volt outlets, along with a large touchscreen display located front and center. And like you, Venue knows how to keep its composure thanks to an available automatic temperature control that maintains preset cabin temperatures. Heated front seats are also available to help you take the chill off on cool mornings.

Venue also knows how to help you stay organized. Hyundai designers looked at all sorts of carry-on gear that needs to be concealed, then created innovative storage solutions. With the two-level cargo floor in the upper position, you can securely stow your stuff and still have lots of room available for the things your passengers bring along.

Now that you’ve put everything in its proper place, put yourself in the proper frame of mind. Just tap the touchscreen display to call up your favorite tunes from the playlists on your smartphone, then enjoy how great your music sounds on Venue’s available 6-speaker audio system.
With Hyundai's available Blue Link® connected car technologies, Venue makes it easy to stay connected to wherever you are. Simply download the MyHyundai app, and your smartphone becomes a remote control that lets you unlock your vehicle, set the climate, and start the engine before walking out the door! With your Amazon Echo® or Google Home™ device, you can use voice commands to set Venue's cabin temperature from the comfort of your couch or kitchen! Blue Link® Guidance lets you view directions online, so you never have to worry about getting lost. Then there's Blue Link Connected Care, where all Blue Link® packages, it's complimentary for your first three years and offers exceptional peace of mind. If your vehicle is in an accident and the airbags deploy, your Venue automatically calls for help in a heartbeat. You can also push the SOS button on your rearview mirror for emergency assistance 24/7, 365 days a year. Visit hyundaibluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

Hope makes every Hyundai better.

Each time we sell a Hyundai, a portion goes to Hyundai Hope On Wheels® to help find a cure for childhood cancer. Over the last 22 years, Hyundai Hope On Wheels has donated more than $172 million. Hope is our greatest feature. And it comes standard on every Hyundai. For more information, please visit HyundaiHopeOnWheels.org.

Complimentary maintenance includes Hyundai-approved oil and oil filter change (except for electric vehicles and fuel cell electric vehicles) plus tire rotation at normal factory-scheduled intervals for 3 years or 36,000 miles, whichever comes first. This offer valid only for new 2020-2021 Hyundai models purchased or leased on or after February 1, 2020. See your Hyundai dealer for further details and limitations.

Our commitment to Hyundai owners does not end with the transfer of keys. Wherever the road takes you, we’ve got your back with Hyundai Assurance, an umbrella of services and benefits that includes America’s Best Warranty, 24/7 Roadside Assistance, innovative safety and car care features...and more.
