Q50

INFINITI

AN EVOLVED EXPRESSION OF DESIGN AND PERFORMANCE

Some drivers blaze a trail that is all their own. And some drivers' cars blaze a trail with them. The 2022 INFINITI Q50 exudes a style that is expressive of progressive tastes, while its advanced performance has been tuned to be even more in sync with its driver. That starts by giving you a choice of a 300-hp or 400-hp¹ twin-turbocharged V6 engine and handling systems you can dial in to your preference. When the road brings the unexpected, you'll travel with the confidence of INFINITI technologies that can expand your awareness and help respond if objects are detected around you. When your personal journey extends your time behind the wheel, you'll be optimally positioned in a luxurious interior that is as refined and premium as the exterior is sleek and stylish. This is luxury that maintains your momentum.

LUXURY SHOULD BE LIVED IN

▲ ROLL WITH DISTINCTION **1** 18 X 7.5-inch Aluminum-Alloy Wheels **2** 19 X 8.5-inch Sport-Design Triple 5-spoke Aluminum-Alloy Wheels** **3** 19 X 9.0-inch Front, 19 X 9.5-inch Rear Staggered Aluminum-Alloy Sport Wheels***

▲ UNBRIDLED POWER BY DESIGN The Q50's curves and accents reflect its potential, seizing attention with every sweeping dynamic line. From the Q50 SENSORY model to the top of the line, power is expressed in the angular sporty front fascia complemented by an aero-inspired rear lower diffuser. Gloss black accents and exclusive red calipers expand the palette on RED SPORT 400.

▲ THRILLING PERFORMANCE WITH EVERY CHOICE

Pick the twin-turbocharged engine that suits you best: a 3.0-liter V6 with **300 hp** or a **400-hp¹** version with higher turbine speeds and enhanced cooling for maximum power. To carve a turn your way, the Q50 gives you steering you can customize to your preference: **Electronic Power Steering** offers a traditional feel with Sport Mode to engage when you want to sharpen response. The choice of suspension is equally empowering. **Standard Suspension** offers a double wishbone front and independent multi-link rear suspension for a smooth, confident ride. Or opt for **Dynamic Digital Suspension¹** that features electronically adjustable dampers and advanced processing to deliver a custom handling experience. Your experience can be further refined with the **INFINITI Drive Mode Selector** for responses that can be personalized to your liking.

LUXURY FOR THE DRIVEN

We've designed a luxury experience that is even more devoted to the driver, with premium features like wireless Apple CarPlay® integration,² Bose® Performance Series Audio and leather-appointed seats standard in every Q50. But it goes beyond, as your Q50 gets to know – and remember – you personally. Tied to the memory system, each driver's Intelligent Key automatically personalizes your cockpit as you enter. Beyond the seat, steering wheel and side mirrors taking your positions, even your temperature and audio preferences for over 200 stored settings are recalled before you ever sit down.

your preferred driving companion.² Either way, your focus is priority with dual screens that display navigation^{1,3} up top near your line of sight and features like climate controls down below. Connection even extends to your passengers with an enhanced Wi-Fi Hotspot, a standard feature.²

HIGHWAY DRIVING WITH EASE With drive assist technologies,⁴ the INFINITI Q50 can help ease the demands of the commute. Intelligent Cruise Control⁵ can maintain your speed as well as the set distance to the car ahead. So when the highway is congested, the Q50 can automatically brake when traffic slows and accelerate when it clears. With Blind Spot Warning⁶ and Lane Departure Warning⁷ also standard, traffic feels transformed. Take the feeling to the next level in the Q50 SENSORY, which adds navigation with 3D graphics³ for a more natural sense where you're headed and real-time traffic² to always know the smoothest route.

TECH THAT HELPS LOOK OUT FOR YOU Every trim level of the Q50 includes INFINITI world's first technology that continues to lead the way today – such as Predictive Forward Collision Warning that can alert you to a potential collision two cars ahead.⁸ The suite of visionary tech expands for added confidence, including Backup Collision Intervention that can help you brake if rear cross traffic is detected.⁹ Around View® Monitor with Moving Object Detection¹⁰ can assist you in parking and tight maneuvering with a virtual composite 360° view from above – and now all these features come standard to elevate your confidence for the road ahead.¹¹

SHARP EDGES, REFINED CABIN

THE EXPRESSIVE Q50 SENSORY

You relax into a cabin elevated by a premium atmosphere that supports you and surrounds you. Leather-appointed seats in your choice of color: Graphite, Stone or Saddle Brown hues. The aesthetic glow of enhanced ambient lighting dramatizes interior shapes. But Q50 SENSORY is more than invitation and refinement. An attitude pulses, as we've honed the lines and contours to sharpen the performance mindset – like leaning into the edge of who you are and what you can accomplish. The front fascia stares more aggressively with an angular bumper and wide, low air intakes. Larger 19-inch wheels create a stance that asserts itself on the road. A balance between sensation and strength has been achieved.
