INFINITI. EMPOWER THE DRIVE™
EMPOWER THE DRIVE

We are like you. We push ourselves beyond our comfort zone. While others might be content with making better machines, we are driven to go beyond—to design cars that push human potential. We build technology to enhance your senses, striking design that demands a response and performance that makes you feel more alive. Prepare to experience the road as it was intended.

INFINITI Q70
Empower the drive with refined craftsmanship. The sight of graceful curves and beautifully refined angles. The scent of a handcrafted natural wood and leather-appointed interior. And the feeling of an intuitively designed cockpit, designed to please. Q70. Refine your expectations.
ELEGANT IN FORM. COMMANDING IN PRESENCE

Create your own path and lead with authority. The sculpted contours of the INFINITI Q70 seem to flow without effort, while simultaneously exuding a confidence that demands attention.

ATHLETIC STANCE: Large 20-inch alloy wheels not only complement the graceful proportions of the Q70, they are designed to make handling more responsive. The lightweight construction inherently reduces unsprung weight and helps contribute to quicker turn-ins.

EXPRESSIVE LIGHTING: Powerful LEDs illuminate the sculpted headlights, blending high efficiency with unmistakable style. Inspired by the human eye, the daytime running lights and rear taillights feature a signature INFINITI crescent shape for definitive character from every angle.

CURVES THAT INVITE: Undeniably INFINITI, the double-wave hood rises to meet the elevated front fenders, conveying a dynamic, expressive design.

IMPRESSION AMPLIFIED: Expressing signature INFINITI design, the double-arch grille is prominently placed front and center. The arc of the bottom, like a natural reflection to that of the top, gives the front fascia a distinctive appearance.
CONSISTENT SWITCH FEEL Touch a button. Then touch the one next to it. Notice that every button and switch is crafted with the same level of precision, so you sense a consistent INFINITI feel on the fingertips. With this attention paid to a switch, imagine how the remaining surfaces feel.

PLEASING TO THE EYE The soothing glow of the Fine Vision electro-luminescent gauges has been designed to not only be brighter, but the contrast delivers information clearly, even at a glance.

FINER FABRICS The seat belt is one of the few surfaces you continually touch, so we use a variable herringbone weave that is 20% softer than standard fabrics. This makes it more comfortable to wear, and even less likely to snag your clothing.

ADD YOUR TOUCH The meticulously designed Q70 interior is available with your choice of premium-quality inlays on the dashboard, center console and door trim. Choose from traditional Japanese Ash Wood, a unique, White Ash silver-powdered1 treatment or a contemporary aluminum finish1 to make your own style statement.

QUALITY IN COMFORT Sit inside and experience softness and firmness the semi-aniline leather-appointed seats provide.1 The full-grain leather is treated to allow the natural character of the leather to show through. Also available are specially developed soft-touch materials for the door armrests, door inserts and center console.
INVITING YOU IN AND TAILORED TO YOU

Every arrival, every entrance—recognized and anticipated with thoughtful conveniences that always feel special.

OPTIMIZED COMFORT  The dual occupant memory system allows two custom profiles. Depending on which key you possess, the preferred settings for the seat, steering column and mirrors are automatically executed with the press of a button, giving both drivers an intimate level of comfort.

PERSONALIZED ACCESS  Recognizing you upon your approach, the INFINITI Intelligent Key lets you unlock the doors and trunk, and even start the engine—all without taking the key out from your pocket or purse. And as you enter, it slides your seat back for you, then adjusts your steering wheel and outside mirrors automatically to your preferences.

ANTICIPATING YOUR ARRIVAL  For added convenience and safety, Welcome Lighting responds to your presence automatically with a sequence of exterior and then interior lights. The puddle lights illuminate the ground below, then the interior lights glow to help you settle in. The choreographed sequence ends with the Start/Stop button pulsing, waiting for you to bring it to life.

MORE COMFORTABLE QUICKLY  Here, every aspect of your entrance is as hospitable as possible. Climate-controlled front seats actively circulate cool or warm air through the perforated leather-appointed seats, so you reach your comfort zone faster than you imagined.1
**EXPAND YOUR EXPECTATIONS**

Fusing the characteristics of a performance vehicle with the exclusiveness of an extended sedan, the bold originality of Q70L embodies motivation.

**DESIGN TO EMPOWER**

Pursue your potential with unique 20-inch dark chrome wheels. As part of the Premium Select Edition, this elegant multi-spoke design, along with select dark chrome exterior accents, a rear decklid spoiler and darkened lower rear bumper will transport you forward in style.

**ROOM TO PLEASE**

The wheelbase of the Q70L has been extended in the rear by nearly 6 inches, allowing extra legroom without changing the dynamic appearance of the vehicle. And inside is where added amenities have been included to elevate passengers to another level of luxury.

**EASING EFFORT**

Every time you enter or exit the rear of the Q70L, the auto closure assist cincher will complete the action by securing the door closed. The trunk responds the same way. A simple task but a respect that is well deserved.

**UNIQUE INTERIOR APPOINTMENTS**

The Q70L Premium Select Edition offers an elegant and inviting interior with high-quality materials. An exclusive aluminum interior trim surrounds you with distinction, while the luxurious Graphite or Stone semi-aniline leather-appointed seating gives the cockpit a modern aesthetic appeal.

**COMFORT AT EVERY SEAT**

Luxury has been infused into the rear cabin, featuring heated seats that provide warmth with a touch of a button as well as a reading light to keep you company. You’ll also enjoy the rear window sunshade and 12v power outlet that adds to the details to make sure you’re always at your most comfortable.

**CRAFTING TRANQUILITY**

Active Noise Control ensures that the cabin of the Q70L offers better solace from the outside world. Intelligent technology uses a microphone in the ceiling to identify undesirable low-frequency engine sounds and neutralizes them with sound waves of the opposite phase. The result is a quieter and more peaceful driving experience, which still preserves the more invigorating sounds of engine performance.
AMPLIFYING THE FEELING OF ACCELERATION

Engineering that unlocks a greater intensity in the driving experience through your senses.

A CONTINUOUS RUSH
Acceleration Swell is our vision of power, dedicated to delivering a shape and feel to acceleration. By precisely tuning the engine to unleash torque at a broader rev range, the force you feel seems to increase the faster you go, making Acceleration Swell feel more like a limitless rush than a momentary thrill.

QUICKER STOPS
Aluminum 4-piston opposed brake calipers provide stopping force from both sides of the rotor at the same time for better bite, more friction and direct feel.

ACTIVE RESPONSING
The upgraded springs of the sport-tuned suspension sharpens the handling of the Q70, while the double-piston shock absorbers help reduce vibrations to deliver the smoothest ride possible.

SIGNATURE EXHAUST NOTES
The unmistakable tone of the specially tuned exhaust shapes sound to create a heightened acceleration experience. The signature low growl accentuates every trip through the gears.

SHARP SHIFTING
Magnesium paddle shifters give you fingertip control over gear selection. When choosing a lower gear, Downshift Rev Matching bigs the throttle like a performance driver to ready the engine for smoother, quicker shifts.

5.6-LITER V8 The most formidable engine INFINITI has ever built, this powerful and responsive 5.6-liter V8 delivers a thrilling performance. It produces a stirring 420 hp (Q70) and 416 hp (Q70L) that is delivered with the polish and precision to suit virtually any driving scenario you might encounter or excitement you might desire.

3.5-LITER V6 HYBRID A combined system power of 360 hp responds with thrilling immediacy, while achieving a surprising 33 HWY MPG. The engine transitions from all-electric mode to full-power hybrid mode, with an intensity and organic response that defies everything you think about hybrids.

3.7-LITER V6 Exciting response with intelligent efficiency. Benefiting from Variable Valve Event and Lift technology (VVEL®), this 3.7L V6 gasoline engine delivers a stirring 330 hp while making most of every drop of fuel to achieve up to 25 HWY MPG.

DEDICATED TO ASSIST AND ENTERTAIN

Technology allows you to stay connected to your world, naturally and effortlessly.

360° VIEW

SEE EVERY SIDE Gain a new perspective on what’s around you. With the Around View® Monitor with Moving Object Detection and Front and Rear Sonar System, it’s easier to see and maneuver in even the tightest spaces.1 Four cameras and one virtual 360° view from above elevate your parking expertise, while also alerting you whether a moving or stationary object is detected close by.

EMPOWER YOUR TOUCH The INFINITI Controller puts simple, intuitive control of your technology systems at your fingertips. It allows you to interact via the inputs most intuitive to you—turning ring, touch-screen, input buttons, and even steering wheel controls—responding to you rather than you adjusting to it.

INTUITIVE FRONT LIGHTING Illuminate where you truly want to be. The Adaptive Front lighting System (AFS)1 improves visibility at intersections and around curves by sensing your steering and turning the headlights to see not just ahead but around as well.

HIGH-QUALITY SOUND The Bose® Studio Surround® sound system boasts 16 speakers, including 2 mounted on the shoulders of each front seat. Each has been custom-tuned to deliver rich and realistic 5.1 surround sound. Active Noise Control intelligently detects road or wind noise and neutralizes it with opposing sound waves for a more serene driving experience.1
MANAGE YOUR PACE. Set your desired speed and distance, and Intelligent Cruise Control (Full-Speed Range)\(^1\) can automatically adjust your speed in slowing traffic. When traffic speeds resume, Intelligent Cruise Control can bring you back up to your preset speed and distance.

KNOW YOUR WAY. Find your way through busy streets and unfamiliar territory. The INFINITI Navigation System\(^1\) lets you choose a view that’s most intuitive to you—a 2D overhead view or a 3D Birdview perspective. Lane Guidance can also help escort you exactly to where you need to be for exits and interchanges.

MAINTAIN YOUR LANE. The Lane Departure Warning and Lane Departure Prevention Systems\(^1\) monitor lane markings and can help warn you if you start to drift. If you start to drift out of your lane, the system can help ease your vehicle back towards the center of your lane by applying the brakes on the opposite side of the vehicle.

KEEP YOUR DISTANCE. Distance Control Assist\(^1\) looks ahead and helps warn you if your following distance to the vehicle ahead becomes too close. If detected, and you do not take your foot off the accelerator pedal, the system can partially engage the brakes and push back on the pedal.
ADVANCED WARNING  Forward Emergency Braking adds another dimension of security. It can detect vehicles in the lane ahead of you, and if deceleration is required, the accelerator pedal can be pushed up and the brakes can be applied to help minimize a collision—or even help prevent one.

THE SUPPORT YOU NEED  In certain rear-end collisions, the Front-seat Active Head Restraints can move forward to help cushion the head.

RECOGNIZING DANGER  Predictive Forward Collision Warning uses radar to enable the Q70 to continuously monitor not only the vehicle directly ahead of you but also the vehicle in front of that one. If the system detects a potential risk, it provides an audible and visual alert.

MORE SURE WHEN BACKING UP  Backup Collision Intervention increases your awareness while in reverse. As you back up, the system warns you if approaching vehicles or large objects are detected behind your vehicle and can help you avoid a collision by applying the brakes.

PREPARED TO PROTECT  During emergency braking situations, the Pre-Crash Seat Belts are automatically tightened.

STRONGER AND LIGHTER  Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

ENHANCED PROTECTION  Based on the severity of the crash and seat belt usage, the INFINITI Advanced Air Bag System adjusts inflation in the dual-stage front supplemental air bags. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags.

SENSES WHERE YOU CAN’T SEE  The Blind Spot Warning and Blind Spot Intervention® Systems use sensors to help alert you to a detected vehicle entering the blind spot area in an adjacent lane and help you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane after using the turn signal, a warning sounds. The system can even apply opposite side brakes to help guide your vehicle back toward the center of your current driving lane.
MAKE IT UNIQUELY YOURS

ACCESSORIES SHOWN
Splash Guards and Rear Decklid Spoiler.

18-INCH ALLOY WHEELS Wherever you go, there’ll be no question to your sense of style and love of sporty design. These eye-catching wheels utilize lightweight alloy and original INFINITI logo center caps.

MOONROOF WIND DEFLECTOR Shaped to complement the lines of the Q70 and made of tough acrylic, this aerodynamic deflector helps reduce wind turbulence and noise.

INTERIOR AMBIENT LIGHTING The warm and engaging glow welcomes you as you get settled. It adds ambiance to the interior and enhances its modern appeal.

ALL-SEASON FLOOR MATS Custom-made of durable and long-wearing material—they are designed to protect the interior footwells and capture dirt, sand and other debris while staying securely in place.

SPLASH GUARDS The color-matched splash guards reduce spray on lower body panels, while helping prevent nicks and scratches caused by road debris under most weather conditions.

TRUNK NET Durable and unobtrusive, it conveniently helps you organize your possessions in the trunk and helps keep them safely in place.
