We believe every driver is empowered with untold possibilities. To excel. To go as far as their drive will take them. See this take shape on the INFINITI QX30, where disruptive design and innovation elevate your style and abilities. Begin by crafting your QX30 for your individual journey. Every selection will transform vision into reality: Yours.

**INFINITE POTENTIAL**

**GO BEYOND THE CITY**
When the road gets slick, QX30 AWD adapts. On dry pavement, Intelligent All-Wheel Drive sends 100% of the power to the front wheels for fuel efficiency. But if road conditions change, the system automatically transfers up to 50% of the power to the rear wheels. The more in control you feel, the more confident you become—no matter how far out you go.

**DRIVE DESIGN FORWARD**
While the QX30 Premium is shaped with gloss black wheel arches and side sills, the INFINITI QX30 Sport is styled with a flair all its own. Aggressive. Lower. With an attitude and stance reimagined to make you look twice.

**WHEEL CHOICES**

18 x 7.0-INCH ALUMINUM-ALLOY WHEELS
18 x 7.0-INCH MACHINE-FINISHED ALUMINUM-ALLOY WHEELS WITH RED ACCENTS
19 x 8.0-INCH GUN METALLIC DOUBLE 5-SPOKE ALUMINUM-ALLOY WHEELS

**EXTERIOR COLORS**

Blade Silver (KY0)
Graphite Shadow (KAD)
Liquid Copper (NAX)*

UPGRADE YOUR CAPABILITIES
How will your QX30 come to life? Born to challenge, it offers bold ideas for the driver. Create an interior as daring as you. Push the latest technology, and change your perception: About what an active crossover can achieve. And what you are truly capable of, both in and out of the city.

CONFIGURE FOR ADVENTURE  
Designed for your way nature, every QX30 offers a wide square opening that makes loading and unloading incredibly easy. Pop open the rear lifegate and you’ll have direct access to the cargo area, clear from any obstruction. The 60/40 folding rear seats open up more space to carry more of your things while a middle pass-through holds your shoes. Opt for the Premium trim and a panoramic moonroof with power shade: invite streaming natural light to add a spacious quality to the cabin.

EXPRESS YOUR INDIVIDUALITY  
Inside QX30, a choice of specialty color themes reflects a new mindset. Choose between the premium look and feel of Nappa leather-appointed seats in either graphite or wheat. The contemporary attitude of white Nappa leather-appointments revealed in the Gallery White Theme Package. Or the modern interpretation of a classic two-tone brown interior with Nappa leather-appointed seats found on the CAFE Teak Theme Package.

SEE EVERY SIDE  
Gain a new perspective on what’s around you when you select the Technology Package. With the Around View® Monitor with Moving Object Detection and Front and Rear Sonar System, 2,3,4 it’s easier to see and maneuver in even the tightest spaces. Four cameras and one virtual 360º view from above elevate your parking expertise, alerting you when a moving object is detected close by.

With the Around View® Monitor with Moving Object Detection and Front and Rear Sonar System, 2,3,4, Park Assist uses a combination of 12 sensors to identify a parking area large enough for QX30. Simply operate the accelerator and brake pedal. Your vehicle will steer itself smoothly—reversing in or parallel parking into your favorite spot at the café.2,6

PARK WITH EASE  
Make parking look easy with the Technology Package. A first from INFINITI, Intelligent Park Assist uses a combination of 32 sensors to identify a parking area large enough for QX30. Simply engage the gearshift, press a button to confirm, and operate the accelerator and brake pedals. Your vehicle will steer itself smoothly—reversing in or parallel parking into your favorite spot at the café.2,6

As unique as the interior of the INFINITI QX30 may be, you can also refine it to express your modern style. Designed to be the purest white leather available, the Gallery White Theme Package features leather-appointed seats that have been accented with red stitching for a fearless look. Red accent stitching complements the red accent color found on the key fob and the QX30 wheels. An exclusive process was used to sculpt the accent color to match the red stitching for Gallery White. This system can precisely hold the painted lines to a tolerance of 0.3 mm.2
