QX50

INFINITI

PROGRESSIVE DESIGN AND INNOVATION IN LUXURIOUS HARMONY

True leaders combine the classic with the progressive in ways that express a new vision. In the same way, the INFINITI QX50 effortlessly balances timeless design and innovative technology. Drive ahead with commanding power and efficiency^{2,3} from an engine once thought impossible: the INFINITI world's first production variable compression turbo engine that transforms according to your needs.¹ Effortlessly forge your path through busy city streets with INFINITI drive assist technologies that complement your natural abilities so you can travel with confidence. And no matter whether a drive is minutes or miles, the interior embodies the perfect fit of color, contrast and premium materials, while a sliding second-row seat accommodates changing needs.⁴ In the QX50, luxury is a modern collaboration that elevates the way you live.

LUXURY SHOULD BE LIVED IN

^ MOVE WITH DISTINCTION **1** 19 X 7.5-inch Silver-Painted Aluminum-Alloy Wheels **2** 20 X 8.5-inch Dark-Painted and Machine-Finished Aluminum-Alloy Wheels** **3** 20 X 8.5-inch Silver-Painted and Machine-Finished Aluminum-Alloy Wheels**

^ POWER OR EFFICIENCY? YES The first production variable compression turbo engine, the INFINITI VC-Turbo[®] continuously transforms for optimal power and efficiency.^{1,2,3} The secret is its unique multi-link system that varies the compression ratio between 8:1 for more power to 14:1 for greater mileage.^{2,3} When your engine literally changes from within whether you need to pass quickly or cruise steadily, the best of power and efficiency is yours.^{2,3}

^ YOUR DRIVE EVOLVED WITH EASE Take back your commute. Based on some of the same technologies that will make full autonomy possible in the future, standard ProPILOT Assist⁵ can automatically react to the flow of highway traffic and can help you stay centered in your lane, even around gentle curves. So you'll never feel "stuck" in traffic again. And to help increase your awareness of posted speed limits, available Traffic Sign Recognition⁶ gives you a reminder on your instrument panel, Head-up Display^{7,8} and top navigation screen.^{7,9}

SPACE THAT'S DISTINCTLY YOU

There are those who follow trends and those who create them. Always seeking a space to express their tastes, their thoughts and their style. The QX50 is that space. Methodically crafted with high-quality materials, contrast textures and a multi-toned color combination, your personal aesthetic will shine brightly. Make every ride a positively striking experience with the available quilted semi-aniline leather-appointed seats and standard wireless charging pad.¹⁰ And with an interior that's flexible, spacious and ready to accommodate your life, you can always express what's most important: you.

▼ IN SYNC WITH YOUR LIFE INFINITI InTouch® with wireless Apple CarPlay® integration lets you bring your iPhone® experience along for the ride.^{10,11} Or make your Android Auto™ compatible phone your preferred driving companion.^{10,11}

INFINITI InTouch® featuring Apple CarPlay® integration¹¹

Either way, your focus is priority with dual screens that display navigation^{7,9} up top, and features like climate controls down below. Connection even extends to your passengers with an enhanced Wi-Fi Hotspot.¹¹

Motion-Activated Liftgate⁷

ADAPT TO THE MOMENT Move the sliding and reclining second-row seats⁴ forward to expand capacity and carry longer cargo,¹² such as a stroller without folding the seat, or slide them back to free up almost six inches of legroom. Passengers will enjoy the freedom to stretch out – and the comfort to open up.

HANDS FULL? NO PROBLEM Your schedule is full, and so are your hands. The swing of a foot opens the available Motion-Activated Liftgate with ease. To enter the cabin, the Intelligent Key can stay in your pocket. Your preferences are instantly recalled, right down to your last temperature and radio presets – even your available personalized driver settings.

YOUR SENSES EXPANDED We're always advancing automotive technology, striving to find new ways to anticipate the obstacles around you. Some are INFINITI world's first technologies like Predictive Forward Collision Warning,¹⁴ which can alert you to a potential collision two cars ahead. Lane Departure Prevention¹⁵ provides an audible warning and can even help steer to keep your vehicle from unintentionally drifting from your lane. The available Around View® Monitor with Moving Object Detection¹⁶ can help elevate your vision as you park with a virtual composite 360° view from above.¹⁷ Finally, you can expand your awareness with the available Head-up Display⁸ for SENSORY trim.
