QX80

INFINITI

LIVE TOGETHER. LUXURIOUSLY.

Luxury is often associated with a distant, unattainable beauty, something to be seen but never touched. Not anymore. We believe in luxury that invites everyone along for the ride; literally and figuratively. In the audaciously luxurious QX80, everyone that joins you on your journey is treated to a driving experience unlike any other. Good for a night on the town or a day at the beach, this full-size SUV comes equipped to adapt to every facet of your life. You'll feel your pulse race from the first rev of the 5.6-liter V8 engine that has the power to tow your biggest toys.¹ In traffic, you'll enjoy the intelligence of INFINITI drive assist technologies² that can help expand your awareness and ability to navigate the unexpected. Beyond the driver's seat, craftsmanship and capability can help indulge you and up to seven guests⁵ in an exquisitely refined interior that can also accommodate vast amounts of cargo.³ This is where life drives luxury.

LUXURY SHOULD BE LIVED IN

▲ ROLL WITH DISTINCTION **1** 20 X 8.0-inch Aluminum-Alloy Wheels **2** 22 X 8.0-inch Dark Chrome Aluminum-Alloy Wheels**

▲ A COMMANDING PRESENCE YOU CAN'T IGNORE To see the QX80 glide past is a truly arresting experience. What stops you is its perfect union of strength and sophistication, resonating from its aggressive front fascia and refined yet muscular lines. Subtle touches bring further balance, as in the unique LED headlights. Add even more polish with chrome mirror caps and other accents by opting for the SENSORY model. This selection also enhances the stature of your INFINITI with 22-inch aluminum-alloy wheels, for a QX80 at its most commanding.⁵

▲ POWERED BY POSSIBILITIES Great power should be matched with even greater opportunities for where you go and what you tow.¹ Perform above your expectations with an impressive 5.6-liter V8 that generates 400-hp and 413 lb-ft of torque⁴ – with more than enough oomph for highway sprinting or passing. The QX80 can flex its "muscles" further by allowing you to tow up to 8,500 pounds.¹ But confidence is strengthened in knowing that you can tow not just capably, but also intelligently. As you're pulling, rear automatic self-leveling suspension adjusts to help maintain an ideal ride height, and Trailer Sway Control helps minimize side-to-side movement.^{1,5} Towing or not, you get a smooth ride with Hydraulic Body Motion Control⁵ that counteracts body lean and helps absorb road bumps for a controlled cornering feel. All together, this is potential refined to take you as far as you desire.

EXCLUSIVITY MADE INCLUSIVE

Life truly is at its best when you can share your successes, and the QX80 invites those that you care about along for the sumptuous journey. And what a luxurious journey it will be. As you and your guests relax into leather-appointed seats, including captain's chairs in the first two rows, premium materials engage the senses further. Charcoal Burl trim stimulates the eye while a heated, leather-wrapped steering wheel rewards your touch.⁵ Or make refinement its most inclusive with the SENSORY model, where semi-aniline leather-appointed seating elevates everybody's journey. Up front, climate-controlled seats⁵ create the ideal temperature, as second-row seating warms up for rear passengers.⁵

It's the kind of premium shared experience that you and your family truly deserve.

A CLEAR VIEW FROM EVERY ANGLE

A night out with places to be and people to see shouldn't mean your vision is obscured by a lively second- and third-row. With a flip of the toggle, the Smart Rearview Mirror displays high-definition video of what's behind you – enhanced by a wider angle than what a traditional mirror offers.^{5,6} While seeing beyond passengers and cargo takes visibility further, it can also go higher.³ The Around View[®] Monitor^{5,7} provides a virtual composite overhead view of what's around the QX80 and shows it on your InTouch display.⁸ When you can see what's behind you – and around you – more clearly, you can enjoy your outings with confidence.

PACKED WITH UNLIMITED POTENTIAL

Possibilities have a way of presenting themselves unannounced. In the QX80, you'll be ready. With seating for 7, or 8 if you opt for the Split Bench Seat Package, you can make spontaneous plans with friends. The center console armrest can be opened from the front or rear, giving first- and second-row passengers easy access for storage. But versatility can unfold on an even grander scale. Push a button on the rear liftgate, and the Power Liftgate opens for you smoothly. Press the buttons in the cargo area, and the third-row lays itself flat.⁵ Bring down both back rows for a maximum of 95.1 cu. ft. of cargo space – generous room for whatever you might need, or unexpectedly find.³

▼ INTERIOR CONNECTIVITY The 2022 QX80 brings an intuitive new interface to the model, featuring a 12.3" horizontal display.⁸ Beyond the bold new touchscreen, our designers moved the console up to be closer to your line of sight – and we made Apple CarPlay[®] wireless in all trims, so bringing the iPhone[®] experience to your commute is more effortless.⁸ Powering up is more seamless, too, with a wireless charging station hidden artfully behind the center-console panel.⁵
