The vehicle that continues to break new ground between sport, utility and modern art, the Infiniti QX70 escapes all classification. It’s a luxury crossover of high reward, unabashedly bold design and surprising versatility. And yet, it’s motivated by the soul of a sports car. Uncompromising in its vision, it’s a manifesto in motion proclaiming that some are satisfied only when they write their own rules.
A rare few move through the world with a confidence born of intelligence and quickness. An acute sense of relaxed readiness stemming from technology that is always on lookout. When you’re prepared, you’re in total control.

**FORWARD COLLISION WARNING** scans ahead with laser sensors to help warn you of a potential collision and can trigger **Intelligent Brake Assist** to apply brakes to help minimize an unavoidable one.

**LANE DEPARTURE PREVENTION** watches road markings with a camera and can subtly apply brakes to help keep your vehicle from unintentionally drifting from your lane. Traffic may surround you, but so will confidence.

**INTELLIGENT CRUISE CONTROL** automatically slows you down when traffic in front of you slows down. When the way is clear, it accelerates back to your desired speed. Less effort, more ease.
21-INCH ALLOY WHEELS\(^5\) are designed to heighten both performance and visual appeal, they fuse the function of lightweight construction with the raw force of personality.

ADAPTIVE FRONT LIGHTING SYSTEM\(^\text{1}\) turns your headlights to shed light on where you’re steering, helping heighten visibility as you maneuver. The HID headlights of the QX70 do more than impress—they respond to your needs.
AROUND VIEW® MONITOR® is a ground-breaking technology from Infiniti that gives you a virtual 360° view of your environment while parking.

You see your surroundings as though from above for an extraordinary level of awareness.

POWER REAR LIFTGATE is space meets ease and elegance. It opens and closes automatically with the push of a button from a variety of locations—the liftgate handle or the dash. Access should not demand effort.
CONTINUOUS DAMPING CONTROL \(^1\) automatically adjusts the suspension to deliver stability, control and comfort. In Sport Mode, the suspension firms for the most immediate response.

DOWNSHIFT REV MATCHING expertly translates performance driving technique. Flick the magnesium paddle shifter for a lower gear and it blips the throttle to ready the engine for the new gear. Smoother, quicker downshifts mean balance and response.

Love straights but devour curves. Each turn is met with immediacy and the g-forces sustained with a tenacity that reveals its athletic nature. With surprising poise and responsiveness, you’ll experience design that redefines the crossover.

THE INTENSE
CLIMATE-CONTROLLED SEATS* surround you in greater comfort by pushing cool or warm air through the front seats to keep you entirely in your preferred temperature zone. Arrive at your destination refreshed and relaxed.

WELCOME LIGHTING elegantly draws you into the driving experience. As you approach, a sequence of exterior then interior lights rewards your presence. Walk away, and the sequence occurs in reverse. Celebrate every entrance.
OBJECT OF ATTRACTION

2014 INFINITI QX70
EVERY BREATH FRESHER AND CLEANER

The Advanced Climate Control System features the innovative Plasmacluster® air purifier, which actively cleans the air inside your cabin. It produces positive and negative ions that help prevent odors from sticking to interior materials and even helps suppress mold and viruses. Your interior not only stays fresh, so does your clothing. It works in concert with the Grape Polyphenol Filter, which removes up to 99.5% of allergens from the air coming in from the outside.

FINER FABRICS

The seat belt is one of the few surfaces you continually touch, so we found a variable herringbone weave for the webbing that is softer than standard fabrics. Not only is it more pleasing to the touch, but being more compliant, it allowed us to reduce the friction of the seat belt mechanisms. The seat belt is more comfortable to wear, easier to pull out and even less likely to snag the thread of your finest fabrics. No element is too small.

INVITING YOU IN

We use light to not only make you feel more secure, but to make you feel like an honored guest. Welcome Lighting responds to your presence automatically by gently illuminating the puddle lights. Then as you get closer the interior lights are illuminated. This choreographed sequence ends with the Start/Stop Button, pulsing as though with a heartbeat—inviting you to bring your QX70 to life and building anticipation for the road ahead.

AMBIANCE

A welcoming and evocative space is measured by its ability to stir your emotions.

OPTICAL PERFECTION

Where interior components meet—where the dash meets the door or the center console—they are assembled not to be mathematically perfect, but to look perfect. This requires an exacting manufacture process, lightening the space, where dashboard meets door from 3mm to 2.4mm in order to achieve a seamless visual design from the driver’s point of view. But we believe in considering every angle in creating an emotionally transcendent environment.

EVERY BREATH FRESHER AND CLEANER

The Advanced Climate Control System® features the innovative Plasmacluster® air purifier, which actively cleans the air inside your cabin. It produces positive and negative ions that help prevent odors from sticking to interior materials and even helps suppress mold and viruses. Your interior not only stays fresh, so does your clothing. It works in concert with the Grape Polyphenol Filter, which removes up to 99.5% of allergens from the air coming in from the outside.
Award-winning build quality, fuel efficiency and output can be measured with instruments or graphs, but the true excellence of Infiniti engines is in the feeling unleashed as you drive.

5.0-LITER V8 ENGINE is a torrent just waiting for you to unleash it. Every touch of the throttle puts a massive 390 horsepower and 369 lb-ft of torque at your disposal, and natural aspiration means that power comes on with a thrilling immediacy. Yet, acceleration is only one component. Its power is shaped to feel limitless. Its roar—unforgettable.

325 HP 24 HWY MPG

3.7-LITER V6 ENGINE is a potent blend of exciting response and intelligent efficiency. Benefitting from Variable Valve Event and Lift (VVEL®) technology, the engine adjusts on the fly to make the most of every bit of fuel and every breath it takes. The result is a stirring 325 horsepower that still manages to achieve up to 24 miles per gallon.¹
Giving You the Right Ride. Tight corners. Rough roads. Continuous Damping Control helps maintain the perfect balance of smoothness and response, allowing you to get the most out of every mile of road you encounter. The system monitors body roll and road impacts and sends the information to each individual shock and adjusts them to find the perfect stiffness. You can also select Sport mode, which firms up the ride for maximum response.

Light On Its Feet. These stunning 21-inch alloy wheels heighten both the looks and performance of the QX70. Lightweight, thanks to both material and design, they reduce unsprung weight. That reduction of mass makes driving more exciting by allowing the suspension to be more finely tuned and by making the handling of the QX70 more responsive. It even increases fuel efficiency.

Maximizing Potential. Better power and efficiency depends on better breathing, so our exclusive VVEL (Variable Valve Event and Lift) technology improves performance while delivering enhanced engine efficiency. VVEL continually adjusts not just when intake valves open, but also how much. It delivers a quicker response and broader torque curve, while improving fuel efficiency and lowering carbon emissions up to 10%.

Control Without Compromise. When conditions are ideal, Intelligent All-Wheel Drive sends 100% of the power to the rear wheels for more sporty response and performance. But it also constantly monitors wheelspin, throttle position and vehicle speed, and can divert up to 50% of the available power to the front wheels to enhance traction and control when conditions are less than optimal. Your need for control and your desire for excitement are both satisfied.

Tighter Turns. Rear Active Steer sharpens handling and increases precision by actively turning the rear wheels as you maneuver. By tightening response in every corner and curve, it helps you take full advantage of the surprising balance and poise of the QX70.

The Sound of Performance. A performance car speaks to you through its exhaust, and the specialty exhaust tuning on the QX70 shapes that sound into something uniquely compelling. Not only does it make an Infiniti unmistakable, it makes every trip up and down the tachometer an experience that transcends engineering and enters the realm of pure emotion.

Innately Responsive Balance. The engineering philosophy behind Infiniti performance sedans, the Front-Midship Platform, also underlies the design of the QX70. Placing the engine’s center of mass just behind the front wheel center line creates a near-equal front-to-rear weight ratio, with a slight front bias that you’ll feel as quicker turn-in and even balance as you accelerate out of a corner. Precision and engagement that belie its crossover proportions.
EASE IN TRAFFIC
Intelligent Cruise Control (Full-Speed Range)\(^1\) allows you to choose your desired speed, and automatically slows your vehicle in slowing traffic, going all the way to a complete stop. Then, as traffic flow picks up, it re-accelerates your vehicle to your preset speed. This visionary innovation and the personalized convenience it offers is available with a simple touch of a button.

SEARING YOUR SPACE
Distance Control Assist\(^2\) employs laser sensors to monitor the distance between you and the vehicle in front of you. And, working in concert with the innovative Intelligent Cruise Control,\(^1,5\) it allows you to select a preset following distance. It automatically engages the brakes when traffic slows, and re-accelerates when the way clears.

A SMARTER WAY TO SEE
The Adaptive Front lighting System\(^\circ\) on the QX70 lights not just the way ahead, but around as well. It directs light toward corners by turning the headlights in coordination with steering input to help the driver see upcoming vehicles and pedestrians, and to help you reach your destination safely.

A BETTER VIEW OF YOUR WORLD
Infiniti Hard Drive Navigation System\(^3\) is packed with advanced yet intuitive technology that makes it both more informative and easier to use. Birdview perspective control gives you a more natural view of the map, while 3-D building graphics make it easy to locate your destination in crowded urban environments. Also, you can simply speak your instructions to the system, thanks to full integration with Infiniti Voice Recognition.

AUDITORY INDULGENCE
With 11 speakers, including two subwoofers, the Bose\(^4\) Premium Audio System delivers your music with captivating depth and astonishing clarity. Optimized for the interior of the QX70, it will create precisely the mood you desire, everywhere you go. You’ll also enjoy greater selection: play CDs, and stream music from a compatible Bluetooth\(^5\) device or SiriusXM Satellite Radio\(^6\) or connect and control your iPod\(^7\) via the USB port\(^8\).

EMPOWERING YOUR TOUCH
The Infiniti Controller puts intuitive, simple control of your technology systems at your fingertips. Designed to fall naturally within your reach and to minimize distraction from driving, it allows you to interact via a variety of inputs and with clearly marked buttons and commands. What’s more, a single press can bring you from one major system to another.
PREPARED TO PROTECT
Under certain braking conditions or when the Intelligent Brake Assist system is activated without brake pedal input, the Front-seat Pre-Crash Seat Belts automatically tighten the front seat belts—helping restrain you and helping to maximize the effectiveness of the other occupant protection devices such as air bags.

THE SUPPORT YOU NEED
In certain rear-end collisions, the Front-seat Active Head Restraints found on the QX70 can move forward to help cushion the head to help assist in reducing whiplash-type injuries.

ENHANCED PROTECTION
Infiniti puts an array of air bags between you and an impact, including dual-stage front supplemental air bags of the Infiniti Advanced Air Bag System that adjust inflation rates based on the severity of the crash. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags.

STRONGER AND LIGHTER
Ultra high-strength steel is used to help enhance your safety in the case of a collision. The unique process used to create this material can give it more than twice the tensile strength of conventional steel. Not only does this ultra-strong material add to the vehicle’s resilience, it allows us to make the vehicle lighter overall.

1,350 MPa ULTRA-HIGH TENSILE STRENGTH STEEL  590 MPa CONVENTIONAL STEEL

BETTER STABILITY WHILE STOPPING
Electronic Brake force Distribution adjusts the amount of brake force applied to the front and rear wheels for improved braking performance. It not only helps the brakes wear more evenly, it reduces front-end “dive” during heavy braking, helping increase the stability of your vehicle. The system also detects vehicle load conditions, and distributes additional brake pressure to the rear brakes as needed.

ALWAYS LOOKING FOR DANGER
Intelligent Brake Assist with Forward Collision Warning uses laser sensors to continuously monitor and analyze your closing speed to the vehicle ahead of you, helping detect an imminent collision. It provides a two-stage warning to alert the driver as the vehicle moves towards impact and—if needed—can automatically engage the brakes to help reduce the impact speed.

MAINTAINING YOUR LANE
The Lane Departure Prevention System uses a camera to watch for departure from the traveling lane when you haven’t signaled, and audibly warns you if it’s detected. Then, if the drift continues, the system lightly applies selected brakes to help ease your vehicle back into the travel lane. But you never give up control. It’s designed to assist, not override.

KEEPING YOU IN CONTROL
Comparing actual vehicle cornering performance to the driver’s input, Vehicle Dynamic Control adjusts power levels and applies appropriate brake pressure to individual wheels to help correct oversteer or understeer, helping keep the vehicle on the steered path. Working in tandem, the Traction Control System senses wheelspin and automatically helps give you a surer foothold.

PROTECTION
The Infiniti Safety Shield concept—our comprehensive approach to safety—layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.

PROTECTION
The Infiniti Safety Shield concept—our comprehensive approach to safety—layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.

STRONGER AND LIGHTER
Ultra high-strength steel is used to help enhance your safety in the case of a collision. The unique process used to create this material can give it more than twice the tensile strength of conventional steel. Not only does this ultra-strong material add to the vehicle’s resilience, it allows us to make the vehicle lighter overall.
SELECTION

Hues that change in response to light and angle. Matching exterior and interior colors to reflect the distinctive energy and mood of the seasons. These are just two ways Infiniti designs color to evoke feeling, express character, and shape the emotional essence of a vehicle.

GENUINE INFINITI ACCESSORIES

The same exacting standards applied to the creation of an Infiniti vehicle go into designing and manufacturing Genuine Infiniti Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish.

ACCESSORIES SHOWN Splash guards, moonroof wind deflector, roof rail crossbars and 21-inch, 5-spoke bright aluminum-alloy wheels.

20-INCH BRIGHT FINISH WHEELS These leave no question as to your dedication to making the right impression wherever you go. Their sculpted design utilizes lightweight alloy and original Infiniti logo center caps.

STAINLESS STEEL REAR BUMPER PROTECTOR While you load, unload and handle all your cargo, scuffs and scrapes can happen. This protector not only adds a sophisticated look, but it’s durable enough to resist the wear and tear of everyday life.

DUAL DVD HEAD RESTRAINT MONITORS These bright, crisp monitors come complete with remote control and headphones. They also allow you to choose to play a DVD or plug in an auxiliary A/V input, like a video game.

STAINLESS STEEL ILLUMINATED KICK PLATES The Infiniti logo glows softly along the bottom of front door sills—a signature flourish you and your passenger will appreciate every time you get in.

ROOF RAIL CROSSBARS These sturdy crossbars greatly increase the utility and capability of the QX70, especially when you pair them with accessory attachments. They’re also wind tunnel-tested to improve their aerodynamics.

CARGO AREA PROTECTOR Constructed of heavy, durable and flexible material, it helps keep your packages and other items from moving around while driving, while also protecting your cargo area from scratches and damage.

See video of Genuine Infiniti Accessories. Scan here.

**SAFETY FEATURES**

- Vehicle Security System
  - Remote power-opening of windows; closing via key in exterior door lock
  - Remote keyless entry system with selective unlocking of driver's door or all doors

**IBA** will automatically engage the brakes to help reduce collision speed and impact, thus mitigating the consequences of the accident.

**Intelligent Brake Assist (IBA).** This available active safety feature continuously monitors and analyzes closing speeds to a vehicle ahead by providing a visual and an audible warning.

**Forward Collision Warning (FCW).** Using the QX70’s laser rangefinder, this available feature helps alert the driver of an imminent collision.

**Infiniti Advanced Air Bag System (AABS).** Includes dual-stage front supplemental air bags with seat belt sensors and an occupant-detection sensor which adjust their inflation rate depending on crash severity, seat occupancy and seat belt usage. If the front-passenger's seat is unoccupied, the front passenger air bag is disabled.

**Safeguard Package**
- Optional on QX70 3.7; Standard on QX70 5.0 AWD.

**OPTION PACKAGES**
- Dual occupant memory system for driver’s seat, outside mirrors and steering wheel, linked to individual activation code.
- Infiniti’s state-of-the-art Navigation System
  - In-dash monitor
  - 3D Navigation
  - Traffic Information
  - Voice Activation of Navigation System
  - Satellite Radio

**Note:** Always drive safely. Rear Active Steer cannot prevent accidents caused by abrupt steering, carelessness or dangerous driving techniques. Always drive safely.

**EXTERIOR FEATURES**

**Infiniti Premium Sound System**

**QX70 3.7 AWD**

- Dual Head Restraint DVD Monitors
- Tow Package
- Cargo Organizer and Cargo Area Protector

**QX70 5.0 AWD**

- Premium Sound System

**Infiniti’s state-of-the-art Navigation System**
- In-dash monitor
- 3D Navigation
- Traffic Information
- Voice Activation of Navigation System
- Satellite Radio

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion—pure and primal—should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti’s flagship line has now grown to include sedans, coupes, convertibles and crossovers, all available in 49 countries worldwide. Infiniti has generated respect as the provocateur brand in the premium category, with a reputation for defying convention and creating irresistible and provocative automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.

PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula 1™, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track. Infiniti is drawn to Formula 1™ racing because it is engineering genius applied purely to creating emotional excitement. A feeling of exhilaration that extends from the track to the fans, to the culture, through our partner, Infiniti Red Bull Racing. The heart and determination the team has shown has led to three Formula 1™ Constructors’ World Championships in a row. Our synergistic relationship is one that promises thrilling new performance capabilities for both Formula 1™ and Infiniti vehicles. This exchange of both technology and ideas now includes the appointment of 3-time Formula 1™ Drivers’ World Champion, Sebastian Vettel, as our Director of Performance. Sebastian has already aided in the development of the all-new Infiniti Q50—harnessing his supreme driving senses and passion for performance to ensure this new vehicle is as dynamic as possible. And now, future Infiniti vehicles will be imprinted with the genius and unrivaled passion that defines his greatness.
