European model shown on front and back covers. Always wear your seat belt, and please don’t drink and drive. ©2014 INFINITI. Reorder #15605i (5/14,25K, CG)

Reducing our environmental footprint is an important part of Infiniti. That’s why this brochure uses paper stock that is certified to contain a minimum of 10% post-consumer waste materials.
The vehicle that continues to break new ground between sport, utility and modern art, the Infiniti QX70 escapes all classification. It’s a luxury crossover of high reward, unabashedly bold design and surprising versatility. And yet, it’s motivated by the soul of a sports car. Uncompromising in its vision, it’s a manifesto in motion proclaiming that some are satisfied only when they write their own rules.
A rare few move through the world with a confidence born of intelligence and quickness. An acute sense of relaxed readiness stemming from technology that is always on lookout. When you’re prepared, you can embrace the unexpected.

FORWARD COLLISION WARNING\(^1\) scans ahead with sensors to help warn you of a potential collision and can trigger Intelligent Brake Assist\(^1\) to apply brakes to help minimize an unavoidable one.

LANE DEPARTURE PREVENTION\(^1\) watches road markings with a camera and can subtly apply brakes to help keep your vehicle from unintentionally drifting from your lane. Traffic may surround you, but so will confidence.

INTELLIGENT CRUISE CONTROL\(^1\) automatically slows you down when traffic in front of you slows down. When the way is clear, it accelerates back to your desired speed. Less effort, more ease.

THE EXCEPTION
Don’t waste the opportunity for excitement that lives in every moment. With performance at the core of the QX70, the rush is always ready. Experienced every time you open the throttle, our unique take on engineering gives acceleration an emotional quality that goes beyond pure speed.

**SIGNATURE EXHAUST NOTE** enhances your driving experience with a thrilling growl. Even with your eyes closed, the QX70 will be hard to mistake.

**ACCELERATION SWELL** transforms mechanical power into emotional excitement. Precise engine tuning unleashes torque over a broader rev range, and the feeling of acceleration is shaped to increase the faster you go.
21-INCH ALLOY WHEELS\textsuperscript{1} are designed to heighten both performance and visual appeal, they fuse the function of lightweight construction with the raw force of personality.

ADAPTIVE FRONT LIGHTING SYSTEM\textsuperscript{1} turns your headlights to shed light on where you’re steering, helping heighten visibility as you maneuver. The HID headlights of the QX70 do more than impress—they respond to your needs.
AROUND VIEW® MONITOR® is a ground-breaking technology from Infiniti that gives you a virtual 360° view of your environment while parking. You see your surroundings as though from above for an extraordinary level of awareness.

POWER REAR LIFTGATE is where space meets ease and elegance. It opens and closes automatically with the push of a button from a variety of locations—the liftgate handle or the dash. Access should not demand effort.
Love straights but devour curves. Each turn is met with immediacy and the g-forces sustained with a tenacity that reveals its athletic nature. With surprising poise and responsiveness, you’ll experience design that redefines the crossover.

**DOWNSHIFT REV MATCHING** expertly translates performance driving technique. Flick the magnesium paddle shifter for a lower gear and it blips the throttle to ready the engine for the new gear. Smoother, quicker downshifts mean balance and response.
CLIMATE-CONTROLLED SEATS \* surround you in greater comfort by pushing cool or warm air through the front seats to keep you entirely in your preferred temperature zone. Arrive at your destination refreshed and relaxed.

WELCOME LIGHTING elegantly draws you into the driving experience. As you approach, a sequence of exterior then interior lights reward your presence. Walk away, and the sequence occurs in reverse. Celebrate every entrance.
PLEASING TO THE EYES
To an Infiniti designer, even a visual reward brings a tangible benefit. The soothing glow of the Fine Vision electroluminescent gauges has been thoughtfully enhanced to be not only brighter, but the contrast increases visibility and delivers information, even at a glance.

FINER FABRICS
The seat belt is one of the few surfaces you continually touch, so we found a variable herringbone weave for the webbing that is 20% softer than standard fabrics. Not only is it more pleasing to the touch, but being more compliant, it allowed us to reduce the friction of the seat belt mechanisms by 10%. The seat belt is more comfortable to wear, easier to pull out and even less likely to snag the thread of your finest fabrics. No element is too small.

INVITING YOU IN
We use light to not only make you feel more secure, but to make you feel like an honored guest. Welcome Lighting responds to your presence automatically by gently illuminating the puddle lights. Then as you get closer the interior lights are illuminated. This choreographed sequence ends with the Start/Stop Button, pulsing as though with a heartbeat—inviting you to bring your QX70 to life and building anticipation for the road ahead.

OPTICAL PERFECTION
Where interior components meet—where the dash meets the door or the center console—they are assembled not to be mathematically perfect, but to look perfect. This requires an exacting manufacture process, tightening the space, where dashboard meets door from 3mm to 2.4mm in order to achieve a seamless visual design from the driver’s point of view. But we believe in considering every angle in creating an emotionally transcendent environment.

AMBIANCE
A welcoming and evocative space is measured by its ability to stir your emotions.
3.7-LITER V6 ENGINE is a potent blend of exciting response and intelligent efficiency. Benefitting from Variable Valve Event and Lift (VVEL®) technology, the engine smoothly delivers a stirring 325 horsepower and 267 lb-ft of torque—all while managing to achieve up to 24 miles per gallon.

PERFORM

On its surface you’ll find spacious luxury. At its foundation—the thrilling dynamics of Infiniti Direct Response performance engineering.

MAXIMIZING POTENTIAL Better power and efficiency depends on better breathing, so our exclusive VVEL® (Variable Valve Event and Lift) technology improves performance while delivering enhanced engine efficiency. VVEL® continually adjusts not just when intake valves open, but also how much. It delivers a quicker response and broader torque curve, while improving fuel efficiency and lowering carbon emissions.

INNATELY RESPONSIVE BALANCE The engineering philosophy behind Infiniti performance sedans, the front-Midship Platform, also underlies the design of the QX70. Placing the engine’s center of mass just behind the front wheel center line creates a near-equal front-to-rear weight ratio, with a slight front bias that you’ll feel as quicker turn-in and even balance as you accelerate out of a corner. Precision and engagement that belie its crossover proportions.

LIGHT ON ITS FEET These stunning 21-inch alloy wheels heighten both the looks and performance of the QX70. Lightweight, thanks to both material and design, they reduce unsprung weight. That reduction of mass makes driving more exciting by allowing the suspension to be more finely tuned and by making the handling of the QX70 more responsive. It even increases fuel efficiency.

CONTROL WITHOUT COMPROMISE When conditions are ideal, Intelligent All-Wheel Drive® sends 100% of the power to the rear wheels for more sporty response and performance. But it also constantly monitors wheelspin, throttle position and vehicle speed, and can divert up to 50% of the available power to the front wheels to enhance traction and control when conditions are less than optimal.

LIMITLESS RUSH Acceleration Swell is our vision of power, dedicated to delivering a shape and feel to acceleration. By tuning Infiniti engines to unleash torque that climbs a broader rev range, the force you feel seems to increase the faster you go—building like the rush of a continually rising wave, peaking even higher. The emotional energy surges in tandem, making Swell feel like a limitless rush more than a momentary thrill.

THE SOUND OF PERFORMANCE A performance car speaks to you through its exhaust, and the specialty exhaust tuning on the QX70 shapes that sound into something uniquely compelling. Not only does it make an Infiniti unmistakable, it makes every trip up and down the tachometer an experience that transcends engineering and enters the realm of pure emotion.
EASE IN TRAFFIC  Intelligent Cruise Control (Full-Speed Range) allows you to choose your desired speed, and automatically adjusts your speed in slowing traffic, going all the way to a complete stop. Then, as traffic flow picks up, it re-accelerates your vehicle to your preset speed. This visionary innovation and the personalized convenience it offers is available with a simple touch of a button.

EMPOWERING YOUR TOUCH  The Infiniti Controller puts intuitive, simple control of your technology systems at your fingertips. Designed to fall naturally within your reach, it allows you to interact via a variety of inputs and with clearly marked buttons and commands. What's more, a single press can bring you from one major system to another.

SECURING YOUR SPACE  Distance Control Assist employs a sensor to monitor the distance between you and the vehicle in front of you. And working in concert with the innovative Intelligent Cruise Control, it allows you to select a preset following distance. It automatically engages the brakes when traffic slows, and re-accelerates when the way clears.

A SMARTER WAY TO SEE  The Adaptive Front lighting System on the QX70 lights not just the way ahead, but around as well. It directs light toward corners by turning the headlights in coordination with steering input to help the driver see upcoming vehicles and pedestrians, and to help you reach your destination safely.

A BETTER VIEW OF YOUR WORLD  Infiniti Hard Drive Navigation System is packed with advanced yet intuitive technology that makes it both more informative and easier to use. Birdview perspective control gives you a more natural view of the map, while 3-D building graphics make it easy to locate your destination in crowded urban surroundings. Also, you can simply speak your instructions to the system, thanks to full integration with Infiniti Voice Recognition.

AUDITORY INDULGENCE  With 11 speakers, including two subwoofers, the Base Premium Audio System delivers your music with captivating depth and astonishing clarity. Optimized for the interior of the QX70, it will create precisely the mood you desire, everywhere you go. You’ll also enjoy greater selection: play CDs, and stream music from a compatible Bluetooth® device or SiriusXM Satellite Radio, or connect and control your iPod® via the USB port.

ALL-AROUND AWARENESS  The Around View Monitor with Moving Object Detection and Front and Rear Sonar System gives you exceptional awareness of your environment as you park. You’ll see a simulated 360° view from above, showing you clearly the objects detected around your car. And the system will even alert you to moving objects detected in your vicinity. It helps put you intuitively in control of your surroundings, while simultaneously putting you at ease.

ASSIST/ENTERTAIN  Infiniti InSuite™ integrates a host of intuitive technologies to simplify tasks and anticipate your needs as they keep you in touch with and in control of your world.
PREPARED TO PROTECT
Under certain braking conditions or when the Intelligent Brake Assist system is activated without brake pedal input, the Front-seat Pre-Crash Seat Belts automatically tighten the front seat belts—helping restrain you and helping to maximize the effectiveness of the other occupant protection devices such as air bags.

BETTER STABILITY WHILE STOPPING
Electronic Brake force Distribution adjusts the amount of brake force applied to the front and rear wheels for improved braking performance. It not only helps the brakes wear more evenly, it reduces front-end “dive” during heavy braking, helping increase the directional stability of your vehicle. The system also detects vehicle-load conditions, and distributes additional brake pressure to the rear brakes as needed.

ALWAYS LOOKING FOR DANGER
Intelligent Brake Assist with Forward Collision Warning uses sensors to continuously monitor and analyze your closing speed to the vehicle ahead of you, helping detect an imminent collision. It provides a two-stage warning to alert the driver as the vehicle moves towards impact and—if needed—can automatically engage the brakes to help reduce the impact speed.

MAINTAINING YOUR LANE
The Lane Departure Prevention System uses a camera to watch for departure from the traveling lane when you haven’t signaled, and audibly warns you if it’s detected. Then, if the drift continues, the system lightly applies selected brakes to help ease your vehicle back into the travel lane. But you never give up control. It’s designed to assist, not override.

HELPING YOU STAY IN CONTROL
Comparing actual vehicle cornering performance to the driver’s input, Vehicle Dynamic Control adjusts power levels and applies appropriate brake pressure to individual wheels to help correct oversteer or understeer, helping keep the vehicle on the steered path. Working in tandem, the Traction Control System senses wheelspin and automatically helps give you a surer foothold.

STRONGER AND LIGHTER
Ultra high-strength steel is used in areas critical to preserving your safety in the case of a collision. The unique process used to create this material can give it more than twice the tensile strength of conventional steel. Not only does this ultra-strong material add to the vehicle’s resiliency, it allows us to make the vehicle lighter overall.

1350 MPa | 590 MPa
ULTRA-HIGH TENSILE STEEL | CONVENTIONAL STEEL

1350 MPa:
- Tensile strength of ultra high-strength steel,
- More than twice the tensile strength of conventional steel.

590 MPa:
- Tensile strength of conventional steel.

THE SUPPORT YOU NEED
In certain rear-end collisions, the Front-seat Active Head Restraints found on the QX70 can move forward to help cushion the head to help assist in reducing whiplash-type injuries.

ENHANCED PROTECTION
Infiniti puts an array of air bags between you and an impact, including dual-stage front supplemental air bags of the Infiniti Advanced Air Bag System that adjust inflation rates based on the severity of the crash and seat belt usage. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags.

The Infiniti Safety Shield® concept—our comprehensive approach to safety—layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.

PROTECTION
SELECTION

Hues that change in response to light and angle. Matching exterior and interior colors to reflect the distinctive energy and mood of the seasons. These are two ways Infiniti designs color to evoke feeling, express character, and shape the emotional essence of a vehicle.

EXTERIOR COLORS

- MOONLIGHT WHITE (QAA)
- LIQUID PLATINUM (K23)
- GRAPHITE SHADOW (KAD)
- UMBRIA TWILIGHT (QAA)
- MIDNIGHT BLUE (QIA)
- MALBEC BLACK (GAC)
- BLACK OBSIDIAN (KH3)
- BLACK LACQUER

INTERIOR COLORS

- MOONLIGHT WHITE
- LIQUID PLATINUM (K23)
- GRAPHITE SHADOW (KAD)
- MIDNIGHT BLUE HIDE
- MALBEC BLACK (GAC)
- MIDNIGHT MOCHA (NAE)
- MALBEC BLACK
- BLACK OBSIDIAN

INTERIOR TRIM

- MAPLE ACCENTS
- JAKA LEATHER
- GRAFITE LEATHER
- BLACK SADDLE

WHEELS

- 18 X 8.0-INCH ALUMINUM-ALLOY WHEELS
- 20 X 8.0-INCH LIGHTWEIGHT ALUMINUM-ALLOY WHEELS
- 21 X 9.5-INCH LIGHTWEIGHT ALUMINUM-ALLOY WHEELS

Infiniti has taken care to ensure that the color swatches presented here are the closest possible representations of actual vehicle colors. Swatches may vary slightly due to the printing processes and whether viewed in daylight, fluorescent or incandescent light. Please see actual colors at your local INFINITI retailer.
GENUINE INFINITI ACCESSORIES

The same exacting standards applied to the creation of an Infiniti vehicle go into designing and manufacturing Genuine Infiniti Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish. For more information and to shop online for Genuine Infiniti Accessories, go to parts.InfinitiUSA.com.

ACCESSORIES SHOWN Splash guards, moonroof wind deflector, roof rail crossbars and 20-inch, 5-spoke bright aluminum-alloy wheels.

REAR CARGO COVER® Keep your valuables safe and out of sight with this retractable cover. It’s easy to install and even easier to operate.

STAINLESS STEEL REAR BUMPER PROTECTOR While you load, unload and handle all your cargo, scuffs and scrapes can happen. This protector not only adds a sophisticated look, but it’s durable enough to resist the wear and tear of everyday life.

DUAL DVD HEAD RESTRAINT MONITORS These bright, crisp monitors come complete with remote control and headphones. They also allow you to choose to play a DVD or plug in an auxiliary A/V input, like a video game.

STAINLESS STEEL ILLUMINATED KICK PLATES The Infiniti logo glows softly along the bottom of front door sills—a signature flourish you and your passenger will appreciate every time you get in.

HITCH RECEIVER (CLASS II)® The custom-fit receiver is placed discretely underneath the bumper and greatly increases the utility of the QX70 by allowing you to bring along your extra gear.

CARGO AREA PROTECTOR® Constructed of heavy, durable and flexible material, it helps keep your packages and other items from moving around while driving, while also protecting your cargo area from scratches and damage.

Infiniti Vehicle Immobilizer System embeds an encoded transponder chip in the Infiniti Intelligent Key. The engine control computer will not allow the vehicle to be started unless it recognizes the Intelligent Key. The key must be within the signal range of the ignition switch to start the engine.

Remote power-opening of windows; closing via exterior door lock

Tire Pressure Monitoring System (TPMS)

Vehicle Dynamic Control (VDC)

4-wheel Anti-lock Braking System (ABS)

Electronic Brake force Distribution (EBD)

LATCH System (Lower Anchors and Tethers for CHildren) helps simplify proper installation of compatible child restraint seats

Zone Body construction with reinforced passenger compartment and front and rear crumple zones

Automatic Locking Retractor (ALR)

Roof-mounted curtain side-impact supplemental air bags with rollover sensor for front and rear-seat outboard occupant head protection

Front-positioned air bags (the driver's air bag is located in the steering wheel and the front passenger's air bag is located in the center of the instrument panel where the glove box is located)

Side impact air bags for both front outboard seating positions

Driver's knee air bag

Side air curtain air bags

Passenger's knee air bag

Rear-seat side-impact supplemental air bag

Front head curtain air bags

Rear head curtain air bags

Rear-seat side-impact supplemental air bag

Front head curtain air bags

Rear head curtain air bags

When front passenger's seat is occupied by a person weighing at least 150 pounds (68 kg), the front passenger's air bag will deploy. When the front passenger's seat is unoccupied or occupied by a person weighing less than 150 pounds (68 kg), the front passenger's air bag will not deploy for child restraint systems and child seats weighing less than 60 pounds (27 kg) such as Booster seats and others systems which do not meet child restraint system requirements (Type 4). In the event of a crash, the air bag inflation rate will adjust based on crash severity, seat occupancy and seat belt usage. If the front-passenger's seat is occupied by a person weighing more than 150 pounds (68 kg), the front passenger's air bag will deploy.

PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula One, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track.

Infiniti is drawn to Formula One racing because it is engineering genius applied purely to creating emotional excitement. A feeling of exhilaration that extends from the track to the fans, to the culture of Formula One, through our partner, Infiniti Red Bull Racing. The heart and determination the team has shown has led to four Formula One Constructors’ World Championships in a row. Our synergistic relationship is one that promises thrilling new performance capabilities for both Formula One and Infiniti vehicles. This exchange of both technology and ideas now includes the appointment of 4-time Formula One Drivers’ World Champion, Sebastian Vettel, as our Director of Performance. Sebastian has already aided in the development of the Infiniti Q50—Harnessing his supreme driving sensibilities and passion for performance to ensure this new vehicle is as dynamic as possible. And now, future Infiniti vehicles will be imprinted with the unrivaled skill and dedication that has led to his many achievements.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion—pure and primal—should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti has now grown to include sedans, coupes, convertibles, crossovers and SUVs in its lineup and reaches across 50 countries worldwide. Infiniti has generated respect as the provocateur brand in the premium category, with a reputation for defying convention and creating irresistible and provocative automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.
