(1) The fuel consumption figures were obtained in tests carried out in line with the Passenger Car Fuel Consumption Regulations (EC) 715/2007 (FTP 75). They may differ from the CO2 emissions values determined in accordance with EU Regulation (EC) No 715/2007, as the latter are based on the NEDC procedure, which is intended for comparing the fuel consumption of vehicles of different types. These figures are preliminary estimates at the time of going to press.
