COMPASS FEATURES

FIVE-DOOR VERSATILITY

Jeep® Compass is designed for ultimate utility. That includes getting yourself and your stuff in and out of Compass. Its five-door design provides access to the vehicle's more than 60 cu ft of passenger space.

YES ESSENTIALS? FABRIC

YES Essentials® stain/odor resistant seat fabric is the solution to nearly every kind of problem, from muddy pets and soccer players, to spilled coffee and greasy French fries. It's exactly what today's non-stop professionals with families and full lives want and need to help protect their vehicle's cloth interior.

YES Essentials is a trademark of Milliken & Co.

ESP & TRACTION CONTROL

The Compass' standard Electronic Stability Program (ESP)* helps the driver maintain vehicle directional stability by applying selective braking and engine control. The traction control helps maintain vehicle mobility by applying the brakes, and in some cases closing the throttle.

Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws.

For more information, please visit www.jeep.com/compass

CRUSH ZONES

Engineered crush zones divert and dissipate impact energy away from the passenger compartment and help minimize injuries in the event of an accident, while side-guard door beams provide additional impact protection.

ADVANCED MULTISTAGE AIR BAGS

Both Compass models feature standard advanced multistage driver and front-passenger air bags* with a driver's side knee bolster.

*Always sit properly in the seat with the seat belt fastened.

REMOVABLE FLASHLIGHT

Brilliant! Compass features an available bright, dual-purpose removable and rechargeable cargo lamp/flashlight. When mounted in the headliner, the flashlight battery is recharged while the light is used as the cargo lamp. When unsnapped from the headliner, the lamp becomes a convenient portable flashlight.

HANDLING

Enjoy great handling with a four-wheel independent MacPherson strut front suspension and a multilink rear suspension tuned for superior ride, handling, and noise reduction.

WORLD ENGINE

Jeep® Compass delivers impressive power. Available on Jeep Compass Sport and standard on Limited models is a mighty 2.4-Liter dual overhead cam (DOHC) I-4 engine that produces 172 horsepower and 165 lb-ft. of torque.

FREEDOM-DRIVE I[™] SYSTEM

Compass's state-of-the-art electronic four-wheel-drive system anticipates the need for added traction and responds to wheel-slippage by transferring pwer between the front and rear wheels. This system also improves vehicle stability in cornering situations by modulation power to the rear wheels.

TRANSMISSION

When it comes to transmission of power, Compass gives you choices. Choose a five-speed manual, a second-generation continuously variable transaxle (CVT2), or the available CVT2 with AutoStick[®] (Limited only). The CVT2 uses a steel-push belt and pulleys instead of gears for smooth, efficient driving performance.

GO THE DISTANCE

Take advantage of an impressive 26/30 MPG* (city/highway), available on the Jeep® Compass 4x2 models with manual transmission. Do more. Drive further. Save on fuel.

*When properly equipped . 2007 EPA estimated miles per gallon.

• = Included. P = Available within package noted. O = Optional.

⁽¹⁾ There are special cooling requirements for non factory-installed air conditioning. Failure to follow these requirements may invalidate warranty.

⁽²⁾ Certified to the Federal Regulations that allow less forceful front air bags. Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or with the seat belt positioned correctly for the child's age and weight.

⁽³⁾ No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.
