FUN. GETTING THERE IS ONLY HALF OF IT.

Climb into a dirt-throwing, snow-gripping, hill-defying, road-embracing, story-collecting Jeep vehicle and thrills are all but guaranteed. For over 65 years, we’ve been taking fun-lovers to some of the world’s most adventurous destinations. Every Jeep vehicle is purpose-built to put a world of excitement within easy grasp, giving you permission to confidently go where others may fear to tread. Today, discover what’s new with our expanded lineup that includes Jeep Wrangler Unlimited, Patriot, Grand Cherokee, Commander, Compass, Wrangler and the all new 2008 Jeep Liberty. Jeep 4x4s have made the exhilarating trek to the top of the mountain and now you’re invited to join the party. The rest of the ride, with you at the wheel, promises to be just as fun. Have fun out there. Jeep
WELCOME TO ALL-AROUND CONFIDENCE

Its ability to stand up to any kind of weather or road condition is what makes it stand apart. Its ability to take it all in stride is what encourages you to head out. This is the 2008 Jeep® Compass. From standard safety systems to an available four-wheel-drive system, every element of Compass has been fortified with the kind of know-how that has set Jeep vehicles apart for over 65 years. Its 2.4L dual Variable Valve Timing (VVT) World Engine sets itself apart with 172 horsepower and outstanding efficiency. The available Continuously Variable Automatic Transaxle (CVT2) with AutoStick even allows for either fully automatic or clutchless manual shifting. At every corner, Compass’s level of ingenuity, confidence and balance is all but unmatched.

Equip Compass with the available Freedom-Drive I™ four-wheel-drive system with LOCK Mode and it will be immediately evident why this system carries such an empowering name. It is designed to give drivers year-round assurance as well as the ability to handle rough weather and low-traction conditions. The ultra-high-strength steel cross-car beam provides a confidence all its own, fortifying the backbone of every Compass.
TO SERVE AND PROTECT

This is a new standard of safety and security. From standard supplemental side-curtain air bags\(^1\) to standard Electronic Stability Program\(^2\) (ESP) with Electronic Roll Mitigation that assists a driver in maintaining an intended course, Jeep Compass is loaded with brilliant safety and security advancements as standard equipment. Electronic Roll Mitigation uses braking to help ensure that all four wheels remain in contact with the road. Brake Assist applies maximum hydraulic pressure when a panic braking situation is detected. Standard traction control helps manage power, providing maximum traction and minimum slippage. The antilock brake system (ABS) features a 4WD calibration to compensate for unpaved surfaces. This level of standard safety and security is anything but standard.

SAFETY & SECURITY

- **STANDARD**
  - Standard Advanced Multistage Front Air Bags and Supplemental Side-Curtain Air Bags
  - Electronic Stability Program (ESP)
  - Traction Control
  - TIRE PRESSURE MONITORING DISPLAY
  - Sentry Key® Theft Deterrent System

- **AVAILABLE**
  - Tire Pressure Monitoring Warning Lamp
  - Supplemental Front-Seat-Mounted Side Air Bags

---

\(^1\)Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child’s age and size. Air bags shown deployed for illustrative purposes only.

\(^2\)No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.

While features like standard advanced front and supplemental side-curtain air bags\(^1\) provide passive safety, the available Tire Pressure Monitoring Display provides data that can help you avoid accidents.
JEEP COMPASS LIMITED SHOWN IN BRIGHT SILVER METALLIC
READY, WILLING AND CAPABLE

Jeep® Compass stands with a sure-footed stance for good reason. The available Freedom-Drive I™ active full-time four-wheel-drive (4WD) system features an Electromagnetic Controlled Coupling (ECC), which constantly monitors wheel slippage and transfers torque to the axle that can use it most. During high-traction driving, like on the highway, the system transfers virtually no torque to the rear axle for improved fuel economy but instantly transfers torque to the rear wheels when conditions call for it. A four-wheel independent suspension, with MacPherson struts up front and a multilink system in the rear, also works to ensure that contact with the road is constantly kept. After all, Compass is a Jeep® vehicle and, like the entire family, it takes the ability to acclimate to most conditions it encounters as a birthright.

Four-wheel-drive Compass models feature 4WD LOCK — for maximum traction in the most adverse conditions. It is activated by lifting a chromed T-bar handle in the console.

Compass’s electronic coupling modulates when turning on a dry road in 4WD LOCK mode to help prevent noise.

Front-wheel-drive Compass still benefits from a MacPherson strut/multilink suspension with the traction and agility such a combination provides.

AVAILABLE ✩ Freedom-Drive I™ with Locking Center Coupling ✩ 8.1-inch Ground Clearance ✩ 17-inch All-Terrain OWL Tires ✩ Continuously Variable Automatic Transaxle (CVT2) with AutoStick✩ ✩ High-Mounted Fuel and Brake Line Bundles for Extra Underbody Protection

✩2.4L engine EPA mpg estimate of 22 city/27 highway for 5-speed manual-equipped 4x4 models.
COOL FEATURES

BORN TO BE HEARD

Jeep, Compass is making a mark all its own by projecting music in places well past the confines of door-mounted speakers. Optional liftgate speakers transform a Compass liftgate into a veritable speaker stand, poised to push 458 watts of power through a 9-speaker Premium Sound Group with Boston Acoustics® speakers, which also includes SIRIUS® Satellite Radio and a leather-wrapped steering wheel with audio controls (both standard on Limited). Even Compass’s cargo light is complemented with an available removable and rechargeable LED flashlight. Compass features were designed for fun, from the available sunroof to SIRIUS Satellite Radio with over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic and weather. Factory-installed SIRIUS Satellite Radio includes a one-year subscription. For more information, go to sirius.com. This vehicle creates a playground all its own.

The standard center console features a sliding storage armrest with a rubber-lined lid panel that flips forward to cradle an MP3 player or mobile phone — and snugly at that.

The standard radio features an auxiliary audio input jack integrated into the faceplate — for MP3-player connectivity straight out of the box.
PASS TRAFFIC. AND THE PUMP

The most impressive needle on the Jeep® Compass is the one on the fuel gauge. Why? Because even as its 2.4L DOHC VVT World Engine delivers 172 horsepower, it achieves an EPA estimated highway rating of 28 mpg. Whether displacing 2.4L or 2.0L, these transversely mounted technological masterpieces employ dual overhead cams (DOHC) and Variable Valve Timing (VVT) on both the intake and exhaust camshafts. The electronically controlled timing is continuously adjusted to provide either maximum power or optimal fuel efficiency — depending on the demands of that instant. Simply put: simply smart.

This 2.4L DOHC VVT pit bull puts out nearly six cylinders worth of horsepower from its aluminum four-cylinder block. Hint: Don’t let its size fool you.

The 2.0L four-cylinder produces 158 hp and is only paired with the CVT2 transmission. It is available on Sport 4x2 models.

12.4L engine EPA mpg estimate of 23 city/28 highway for 5-speed manual-equipped 4x2 models.
A NEW KIND OF “LIMITED” APPEAL

From an interior that features leather-trimmed seats and a leather-wrapped steering wheel with audio controls to a front and rear fascia trimmed with Silver accents which complement Silver highlights throughout, Jeep, Compass Limited sets itself apart. Standard features like speed control, deep-tint glass, power locks, windows and mirrors, Tire Pressure Monitoring Warning Display, Remote Keyless/Illuminated Entry, a fold-flat front-passenger seat, manual driver-seat height adjuster, 115-volt household electric outlet, SIRIUS® Satellite Radio, removable and rechargeable LED cargo lamp/flashlight, and a reclining rear seat add creature comforts to the adventure. An available Security and Convenience Group further enhances with daytime running lamps, security alarm, soft tonneau cover and UConnect®.

Every factory radio has been designed to include available SIRIUS Satellite Radio with a complimentary one-year subscription. Of course on Limited models, SIRIUS Satellite Radio is standard. Every Limited rides on 18-inch aluminum wheels and features brightwork throughout.

JEEP COMPASS LIMITED INTERIOR SHOWN IN DARK SLATE GRAY LEATHER TRIM
GETTING IN IS AS GOOD AS HEADING OUT

The leather-trimmed, heated front bucket seats — with manual lumbar and height adjusters on the driver side — are standard. The leather-wrapped steering wheel and audio controls are standard. Built upon the already smartly appointed and ingeniously equipped Jeep, Compass Sport, Limited infuses additional comfort and style into the package. A power sunroof is available. Every factory radio is designed to include the standard SIRIUS Satellite Radio with over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic and weather. Factory-installed SIRIUS Satellite Radio includes a one-year subscription. For more information, go to sirius.com. When all is said and done, the interior of Compass Limited sets the standard.

Standard leather-trimmed seating is taken a step further with standard heated front seats.

Like the door handles and door knobs, Compass features chrome accent rings around the radio knobs, while brightening the vent knobs with chrome touches all their own. Interior storage bins, conveniently positioned throughout Compass, are equally bright.

COMPASS LIMITED INTERIOR ○ STANDARD ○ Speed Control ○ 115-volt Household Outlet ○ Removable and Rechargeable LED Flashlight ○ Leather-Trimmed Interior and Leather-Wrapped Steering Wheel with Audio Controls ○ Heated Front Seats ○ SIRIUS Satellite Radio
RELY ON YOUR SPORT

Armed with technology and uniquely urban capabilities, Jeep Compass Sport was drafted to deliver. Its 2.4L dual VVT World Engine puts out 172 hp while rationing fuel (EPA mpg estimates for a 4x2 5-speed manual-equipped model are 23 city/28 highway). Its standard 5-speed manual transmission, 2.4L engine and available 2.0L engine were designed to contribute both efficiency and performance. A standard Electronic Stability Program (ESP) with Electronic Roll Mitigation and Brake Assist, four-wheel disc antilock brake system (ABS) and traction control provide exceptional poise on two-tracks and turnpikes alike. Not surprisingly, standard safety and security features, such as supplemental side-curtain air bags (1) and a Tire Pressure Monitoring Warning Lamp abound in Compass Sport.

This vehicle sports utility. Every Compass features UltraFloor," washable/removable vinyl load floor with a 250-lb load capacity. A myriad of available purpose-designed crossrails can be mated to the rack. With so much room to fill, we should remind you to properly secure all cargo.

CMPASS SPORT ● STANDARD ● 2.4L DOHC VVT ● Antilock Brake System (ABS) ● Electronic Stability Program (ESP) ● Traction Control ● Tire Pressure Monitoring Warning Lamp ● MP3 Capability ● Air Conditioning ● AVAILABLE ● 2.0L DOHC VVT ● Removable and Rechargeable LED Lamp/Flashlight ● Reclining Rear Seats ● Fold-Flat Front-Passenger Seat

(1)Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child’s age and weight.
This is pure ingenuity. Every Jeep, Compass interior was designed to demonstrate the rarest combination of versatility and accommodation. From comfortable seating for five with ample cargo storage behind the second row to three folded seats for maximum floorspace, Compass was designed to negate excuses as far as cargo-carrying capabilities and capacities are concerned. UltraFloor™, a washable/removable vinyl load floor with a 250-lb load capacity, protects the flat load floor, further fortifying the Compass’s impressively adaptable interior. The Sport interior is not solely utility-minded, as creature comforts like a standard MP3-capability stereo system will benefit any interior configuration.

Available YES Essentials™ stain resistant, odor resistant, antistatic premium seat fabric allows a Compass interior to take almost anything you throw at it—literally. The fabric, which features antimicrobial and antistatic technology that is woven into the material itself, is exclusive to Chrysler, Dodge and Jeep vehicles. Thanks to this technological breakthrough, you no longer need to fear an outpouring from an in-transit burrito.

*Not compatible with aftermarket fabric-protecting coatings.*
Whether it’s [1] five passengers, each of whom can benefit from an available ability to recline, or [2] three people making the most of the 60/40 split-folding rear seat, or [3] a lone driver surrounded by nothing but cargo and the available flat-fold storage space that accommodates it, Compass can carry whatever kind of combination of cargo its driver (or the driver’s favor-asking companions) is capable of concocting. Properly secure all cargo.
RALLYE ENDS THE DAY HIGHER

Available on Jeep Compass Sport or Limited in five colors, in both 4x2 and 4x4 versions, the Rallye package further separates Compass from the pack. Decked with attitude from its body-color fascia straight back to its rear spoiler, Rallye matches the performance of its standard 2.4L DOHC VVT, 172-hp engine with a healthy displacement of style. An impressive 165 lb-ft worth of hill-climbing torque emanates through a bright exhaust tip. Its 18-inch black aluminum wheels make a statement similarly unique to Rallye and are paired with performance tires and a rear stabilizer bar that contribute function to such distinct form. Long before the Driving Lights and Rallye badge mark the presence of this Compass, its attitude will arrive.

Although the available Continuously Variable Automatic Transaxle (CVT2) with AutoStick® system offers six preprogrammed “shift” points, the standard 5-speed manual transmission offers the most active management of the Rallye’s 2.4L World Engine.

COMPASS RALLYE ○ STANDARD ○ Rallye Badge ○ Driving Lights ○ 18-inch Black Painted Cast-Aluminum Wheels ○ Bright Exhaust Tip ○ Rear Spoiler ○ 2.4L DOHC Engine ○ Fascia Appliqués ○ Honeycomb Front Fascia

From afar Rallye distinguishes itself with body-color fascias and assertively positioned driving lamps. Enhancements range from the rear spoiler to the rear stabilizer bar and combine a tricked-out look with purposeful performance.
COLOR AND TRIM

Note: Due to occasional printing irregularities, the colors shown may vary slightly from actual hues.

*Extra cost.
*Not available with Rallye Group.
*Not compatible with aftermarket fabric-protecting coatings.

* = Included.  **P** = Available within package noted.  **O** = Optional.

There are special cooling requirements for non-factory-installed air conditioning. Failure to follow these requirements may invalidate warranty.

Certified to the Federal Regulations that allow less forceful front air bags. Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or with the seat belt positioned correctly for the child’s age and weight.
AUTHENTIC JEEP® ACCESSORIES

When you enhance your Compass with Authentic Jeep Accessories by Mopar, you gain far more than substantial style, premium protection or extreme entertainment. You also benefit from the authentic difference found only in an original equipment accessory. It’s a difference that demands tighter tolerances and envelope-pushing testing methods. And one backed by a superior warranty serviced by Jeep dealerships nationwide. Choose the full line of accessories that feature a fit, finish and functionality designed specifically for your Compass. Explore the possibilities at mopar.com.

[A] Roof-Mount Ski and Snowboard Carrier. It’s never an uphill battle with a carrier that holds up to six pairs of skis or four snowboards, or a combination of the two. Carrier features corrosion-resistant lock covers and either-side opening for easy loading and unloading, and mounts to Sport Utility Bars. Molded Splash Guards. Help protect your Compass from damage caused by gravel, salt and road debris. Black Taillamp Guards. Make a stylish impact around town while gaining protection for your vehicle’s taillamps. 18-Inch 5-Spoke Chrome Wheel. Put a new spin on style, with a guaranteed long-lasting shine to polish it off. Premium chrome wheel is machined to match your vehicle’s hubs exactly for a true and balanced ride. Hitch Receiver. Built for the long haul, this heavy-duty Class I hitch receiver can tow up to 2,000 lb. Ball Mount, Hitch Ball, Hitch Plug and Wiring Harness sold separately.

[B] Front Air Deflector. Deflect road spray, dirt and bugs up and away from your Jeep vehicle’s hood and windshield with this easily installed accessory.

[C] Chrome Fuel Filler Door. Add a bright complement to your vehicle’s good looks with this two-piece design available in chrome (shown) or brushed aluminum.

[D] Chrome Taillamp Guards. Make a stylish impact around town while gaining protection for your vehicle’s taillamps.

[E] Door Sill Guards. Brighten up your doors with some stylish protection. Entry guards protect your door sills and are available in stainless steel with embossed Compass logo.

*See your dealer for full details and a copy of the limited warranty.
*Check owners manual for hitch types, load capacity, and heavy-duty equipment required. Do not exceed recommended tow capacity of vehicle equipped.

mopar.com
WORTH A SECOND LOOK. Compass Sport shown with Authentic Jeep Accessories by Mopar. The available Rallye Group includes 18x7-inch Black Painted Cast-Aluminum Wheels, Rear Spoiler, Chrome Exhaust Tip, Driving Lights, Body Kit and Rallye Badge.

[F] Premium Carpet Floor Mats. Thick enough that you’ll want to go barefoot. Durable enough to take a pounding from the elements. And color-matched to your vehicle’s interior for a strong, integrated appearance. **Shift Knob.** Add a dose of style to the interior of your Compass. **Bright Pedal Kit.** The machined metal adds plenty of bold brightwork to your footwell to enhance your stylish interior. Rubber inserts on pedal provide plenty of contrast and positive traction.

[G] ParkSense® Rear Park Assist System. Detecting nearby obstacles while backing up is no longer an obstacle. Advanced system uses sound waves and audio visual indicators to maneuver in tight spaces at parking speeds.

[H] DVD Rear Seat Video.* No lines and no waiting with this integrated, single-disc CD/DVD featuring a 7-inch-wide LCD screen, wireless headphones and remote.

[I] Navus™ Dash-Mounted Navigation System. Add premium GPS technology to your vehicle. Features include touch-screen controls, complete map and point-of-interest data for the United States and parts of Canada, turn-by-turn directional prompts, trip information, automatic rerouting, voice instructions in three languages and much more.

[J] Remote Start.* Hit the ground running with the ability to start your Compass from up to 800 feet away. This remote start system was designed to operate seamlessly with your vehicle’s electronic system. Two-Way Remote also available.

[K] iPod® Interface Module. An FM-bounded system that allows you to maintain your music selection through your iPod control button and play through your vehicle’s speakers.

---

*Always check entire surroundings before backing up. Check state and local laws on use of remote starters.
Journey deeper into the Jeep® brand lifestyle at Camp Jeep®, the ultimate adventure held exclusively for Jeep owners and their guests. We invite you to join us for three unforgettable days of activities, entertainment and camaraderie. Some of the action-packed thrills include 4x4 Trail Rides, Off-Road Courses, Adventure Sports, Guided Hikes and Kids Activities.

Immerse yourself in Jeep brand history and talk with Jeep vehicle engineers. Jeep® Jamboree USA has a long tradition of giving Jeep owners the opportunity to enjoy their Go Anywhere, Do Anything™ freedom. Jeep Jamborees are off-road adventure weekends that bring together the outdoors, down-to-earth people and their Jeep 4x4s. We invite you to explore America’s remote back-country, where friendships bond quicker and memories are deeper, where pine needles smell fresher and blue skies last longer.

Jeep® Gear includes an extensive line of gifts and gear for the Jeep enthusiast. This handpicked collection of authentic wearables, sports equipment, luggage and electronics is just right for those looking to show their pride in the Jeep brand. All items are just as rugged and durable as your Jeep vehicle.
