Leave it to Jeep® Grand Cherokee to deliver this unique brand of hand-hewn character in a modern package that’s altogether uncompromising. This is where new meets old and the most beautiful of adventures begin.
INGENUITY UNLEASHED. The imaginations of Grand Cherokee’s designers and engineers were given free reign to create an all-new SUV that exceeds all expectations. After literally hundreds of handmade and computer-aided sketches and designs, the results revealed in the 2011 Jeep Grand Cherokee are simply stunning.

AN ARTIST’S EYE FOR DETAIL. Interior designers took exceptional care and attention with Grand Cherokee’s all-new cabin. Soft-touch accents, hands-free technology, and utterly luxurious amenities are crafted with an artisan’s eye for detail.

Sculpted and Athletic. Meet the all-new heir to Grand Cherokee’s nearly 20-year heritage of original, innovative design. Nearly every exterior surface has been reimagined to improve aerodynamics and reduce noise, vibration, and harshness.

QUALITY ASSURED. Jeep brand engineers and testers helped validate Grand Cherokee’s solid durability and strength by devoting countless hours to wind, noise, and aerodynamic evaluations. Their tireless work helps ensure Grand Cherokee’s weather-tight, quiet ride. Its capability was proven in the most extreme conditions, such as those on the Rubicon Trail.

INNOVATIVE ENGINEERING. Redefine world-class capability and luxury. With this formidable task firmly in hand, Jeep brand engineers have infused Grand Cherokee with technical wonders, like the class-exclusive Quadra-Lift™(1) Selec-Terrain™, Adaptive Cruise Control™ (late availability), and amenities, such as the available CommandView® dual pane sunroof.

TIMELESS DESIGN. Jeep brand vehicles are among the most easily recognized in the world. With the all-new Grand Cherokee, you also see something more: it has taken a breathtaking step forward. A higher, wider stance reflects tremendous strength. The traditional seven-slot grille and trapezoidal wheel arches tell the world you’re driving a legend.

QUALITY ASSURED. Jeep brand engineers and testers helped validate Grand Cherokee’s solid durability and strength by devoting countless hours to wind, noise, and aerodynamic evaluations. Their tireless work helps ensure Grand Cherokee’s weather-tight, quiet ride. Its capability was proven in the most extreme conditions, such as those on the Rubicon Trail.

The adventure of designing a masterpiece.

The challenge of merging all-new capability with appointments of effortless grace was formidable. The result? An evolutionary masterpiece culled from 70 years of rugged Jeep® brand expertise, a steady hand, and a palate for detailed finery. This is the all-new Jeep Grand Cherokee.
AN INTERIOR THAT LEAVES NOTHING TO WANT. Leather-covered tilt/telescoping steering wheel with cruise control, EVIC, and remote audio control are standard. Available: real wood, heated power tilt/telescoping steering wheel, including Uconnect® with Voice Command, hands-free phone, and Adaptive Cruise® Controls.

THE DIFFERENCE IS IN THE DETAILS. Every surface within reach is soft to the touch. Available: real wood, chrome details, and stitching accents offer exceptional craftsmanship. With Keyless Enter-N-Go, your key can stay in your pocket or purse — and your journey begins with the simple push of a button.

THESE SEATS ARE ABSOLUTELY ALL-INVITING. All-new premium seats are designed for comfort and versatility and deliver with every stylish stitch. Standard: eight-way power driver’s seat, power lumbar control, reclining rear seats, and detailed stitching. Available: premium leather-trimmed interior, eight-way power passenger seat, heated first- and second-row seats, and ventilated front seats.
4.1 INCHES OF LIFT SPAN

Off-Road 2 (+2.6") Best-in-Class10 10.7" ground clearance
Off-Road 1 (+1.3") Added height helps clear obstacles
Normal Ride Height A very capable 8.1" of clearance
Aero Mode (-0.5") Improved aerodynamics
Park Mode (-1.5") Easier entry, exit, and loading

ALL-NEW CAPABILITY CONTROL
Selec-Terrain™ System

Optimal on- and off-road traction is instantly at hand with the available class-leading Selec-Terrain.11 Five selectable settings electronically coordinate 12 different vehicle management systems, including Hill Start Assist (HSA), Hill Descent Control (HDC), throttle control, transmission shifting, transfer case, traction control, and Electronic Stability Control (ESC).12 Coupled with the all-new available four-corner Quadra-Lift, you’ll have an adjustable suspension span that delivers legendary Jeep® brand Trail Rated® performance.

SPORT Improves on-road capability with enhanced torque-split and aerodynamics.

Snow Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteer.

Auto Intuitively adapts to any on- or off-road situation. It perfectly orchestrates 12 vehicle systems so you can simply enjoy the drive.

Sand/Mud Traction control operates with aggressive response to wheel spin. The suspension raises for optimal performance.

Rock Raises vehicle to maximum height, the transfer case, differential, and throttle coordinate to provide low-speed control.

CLASS EXCLUSIVE™
Quadra-Lift™ Air Suspension

Adding to Grand Cherokee’s all-new roster of robust and finely tuned technologies is the available Quadra-Lift, engineered to take you to incredible new heights. This closed-type air suspension system lifts you up to master the road ahead, allowing you to electronically adjust the suspension, thus augmenting its capabilities. Rather than drawing exterior air, like more power- and time-consuming open-type systems, Grand Cherokee sends stored, pressurized air to the springs as needed. In turn, the system re-pressurizes the reservoir, rather than releasing the air out of the vehicle. This gives you the ability to quickly adjust your vehicle height, no matter the altitude. It also raises the vehicle from back to front, keeping headlights focused downward on the road in front of you, supporting a safe and smoother transition. The available Quadra-Lift adds up to 4.1 inches of lift supported by four-corner air springs that help provide a cushioned, luxurious ride. Better yet: you control this ingenious system with the push of a button or turn of a dial. Welcome to a world that is far above and beyond the everyday.
Selec-Terrain™ Vehicle-Management System. Enhance Grand Cherokee’s renowned 4WD capability: Selec-Terrain tailors traction performance to expertly tackle whatever the road sets before you, be it mud, sand, snow, or rambling two-tracks. It automatically adjusts and coordinates 12 vehicle-management systems, all with a simple turn of a dial.

Badges of Honor. Jeep® Trail Rated® vehicles are designed to tackle challenges like true off-road warriors. They perform to rigorous standards in five categories: Articulation, Traction, Maneuverability, Ground Clearance, and Water Fording. Visit jeep.com to learn more about the superior capabilities behind the badge.

Quadra-Lift™ Air Suspension System. Gain ultimate control over your suspension system along with a serious lift in off-road performance and capability. This revolutionary class-exclusive system allows you to easily raise your vehicle up to 4.1 additional inches, from park mode to a maximum of 10.7 inches of ground clearance.

Premium Ride and Handling. You’re protected from the world and its worries, thanks to Grand Cherokee’s hushed and smooth ride. A stronger UniFrame construction, manufacturing improvements that tighten fit and finish, additional sound damping elements, and new steering and suspension designs come together to deliver a controlled and quietly luxurious ride.

Smart Utility. A larger rear cargo area opens to reveal 36.3 cubic feet of room for gear. Appointments are useful as well as stylish with available attractive floor-protecting runners, a removable rechargeable flashlight, grocery hooks, and dual storage bins inside the spare tire compartment, now conveniently placed under the cargo floor.

Best-In-Class Rear Seat Leg Room. Now more comfortable than ever, the 2011 Grand Cherokee adds four inches of leg room to the second row of reclining seats. Available heated rear seats further complement passenger comfort.

CommandView® Dual Pane Panoramic Sunroof. This new, available feature delivers commanding views that might otherwise go unnoticed. Two large panes of glass provide a clear view of the sky, with power open/close control and a power sunshade to help keep things cool when needed.

Pentastar™ 3.6L V6 Engine. This all-new power plant infuses your Grand Cherokee with a Best-In-Class™ 250 hp, while increasing 4x2 highway fuel economy from 21 to 23 EPA est. mpg. A state-of-the-art design incorporates dual overhead camshafts (DOHC) and structural refinements that allow it to operate quietly while it pours on the power.

Best-In-Class Rear Seat Leg Room. Now more comfortable than ever, the 2011 Grand Cherokee adds four inches of leg room to the second row of reclining seats. Available heated rear seats further complement passenger comfort.
With an uncompromised ride, when two roads diverge in the woods, yours is always the one best traveled.
CommandView® Sunroof. With the available all-new panoramic sunroof, your view always is all-encompassing. By adding this dual paneled, sliding-glass ceiling, your travels continue in brilliant high definition. Everyday adventures are wide-screen worthy.
Here’s to the well-connected.
Here’s to those who travel with a soundtrack and never need maps to know where they’re headed.
Jeep® Grand Cherokee. Redefines the ascent. It’s about being polite and powerful within the confines of every incredible instant. Grand Cherokee’s Best-in-Class\(^1\) power plants, each infused with Variable Valve Timing (VVT), may speak quietly, but they always command a great deal of respect.

**BEST-IN-CLASS STANDARD HORSEPOWER**\(^1\)

3.6L PENTASTAR™ V6 ENGINE - All-new and engineered equally for fuel efficiency, Best-in-Class horsepower\(^2\) and refinement. The Pentastar engine makes the most of its dual overhead cams (DOHC) and Variable Valve Timing (VVT) to deliver optimum combustion efficiency over the full speed and load ranges. Translation: it excels its predecessor by providing an increase of 38 percent in horsepower (290 hp) and 11 percent in torque (260 lb-ft) with a very appealing 10 percent improvement in highway fuel economy, delivering up to a 500-mile driving range and an EPA estimate of 16 city and 23 highway miles per gallon on 4x2 models.

**CUSHIONED CRUISING.** The impeccable road manners of an all-new independent front and rear suspension system deliver an exceptional driving experience that’s quiet and smooth. The available Trailer Tow Package includes load-leveling shock absorbers that automatically raise the vehicle’s height when payload is increased. You can continue to cruise with control, even when weighted with heavy cargo.

**KEY-LESS ENTER-N-GO.** Live, ride, and drive key-free. This new technology automatically unlocks doors when you pull the handle, letting you keep your focus on more important things, rather than fumbling for a key fob. Once inside, a simple press of the Start/Stop button and brake pedal brings Grand Cherokee’s engine to life, and you’re instantly prepared for departure.

**BEST-IN-CLASS AVAILABLE HORSEPOWER AND TORQUE**\(^1\)

5.7L V8 ENGINE WITH MDS AND VVT. This available workhorse churns out Best-in-Class\(^1\) horsepower and torque. It is strong enough to tow up to 7,400 lb\((16)\), with a Multi-Displacement System (MDS) that revamps your eight-cylinder 360-hp brute during cruising speeds, turning it into a four-cylinder model of efficiency. When you want full action, step on the pedal and all eight cylinders roar to life, delivering full 390 lb-ft of torque and power upon request. Variable Valve Timing (VVT) contributes to a pleasing EPA estimate of 14 city/20 highway miles per gallon on 4x2 models.
ALWAYS AUTHENTIC, FROM EVERY ANGLE. When your Grand Cherokee is outfitted with Authentic Jeep® Accessories by Mopar, its impressive presence is further amplified. All Mopar products are specifically designed to enhance your vehicle, sculpting it into a creation of impeccable taste and discernment. As the official parts and accessories division of Chrysler Group LLC, you should regard Mopar parts as original equipment, manufactured with the same uncompromising standards as your Jeep Grand Cherokee. Shown on vehicle at left: Chrome Fog Light Bezels, Chrome Tubular Side Steps, and Chromed Stainless Steel Mesh Grille Insert. For the full line of Authentic Jeep Accessories by Mopar, visit mopar.com.

SMARTBEAM™ HIGH-INTENSITY HEADLAMPS WITH AUTO-LEVELING. The right beam of light, right when and where you need it. Bi-Xenon High-Intensity Discharge (HID) headlamps automatically and quickly adjust high-beam brightness and intensity so you can keep your attention focused where it matters most. The auto-leveling feature is keen on keeping the headlights aimed safely down at the road.

It reflects a true American heritage, fused with modern cues and curves. The seven-slot grille speaks volumes about its legendary style and capability. Its presence is at once contemporary and timeless. By any measure, there’s nothing quite like the all-new 2011 Jeep® Grand Cherokee.
New Saddle color late availability
EFFORTLESS ACCESS. Designed for beauty as well as ultimate utility, the all-new power liftgate adds graceful accessibility to Grand Cherokee’s rear cargo area. Keyless Enter-N-Go is hands-free via the key fob, so you can keep hold of what’s in your hands without fumbling to unlock the gate. Rear visibility is improved via a significantly larger flipper glass panel with rear wiper.

MORE CARGO ROOM. With 36.3 cubic feet of cargo volume behind the second-row seats, Grand Cherokee lets you take your adventure gear along with five passengers, to places known and unknown. When it’s time for moving the big things in life, fold down the rear seats to have access to 68.3 cubic feet of free space.

GRAND CHEROKEE LIMITED. Jeep® brand capability takes on a high level of technologically advanced systems and interior features. STANDARD: Exclusive Limited badge on liftgate, 3.6L Pentastar® V6 engine, Quadra-Trac II® 4WD system,(12) CommandView® dual-pane panoramic sunroof, Selec-Terrain® vehicle management system,(12) remote start, rain-sensing wipers, SmartBeam® Bi-Xenon High-Intensity Discharge (HID) headlamps with auto-leveling, Keyless Enter-N-Go, heated first- and second-row leather-trimmed seats, Uconnect® Media Center 430N AM/FM/CD/DVD radio with Garmin® navigation(9) (late availability), Uconnect Phone, Alpine® Premium Audio System.

AVAILABLE: 5.7L V8 engine with Multi-Displacement System (MDS) and VVT, Quadra-Drive® II 4WD system, Quadra-Lift™ air suspension system, Luxury Group interior trim package, SIRIUS Travel Link®(6) (late availability), Adaptive Cruise Control (ACC)(7) (late availability), Blind Spot monitoring (late availability)(4), Rear Cross-Path Detection(5) (late availability), and Forward Collision Warning (FCW)™(10) (late availability).
SURE-FOOTED STYLE AND GRACE. The available new
Quadra-Lift™ air suspension system on 4x4 models allows
you to lower Grand Cherokee 1.5 inches below normal ride
height, for easier entry, exit, and loading. When it comes to
on-road manners and interior comfort, a few short inches
added to the all-new Grand Cherokee’s wheelbase help
deliver a ride that is miles above and beyond ordinary. By
increasing the wheelbase by 5.3 inches, rear-seat passengers
enjoy an extra four inches of Best-in-Class leg room.10
GARMIN® NAVIGATION. Debuting on the 2011 Jeep® Grand Cherokee is an available upgraded Uconnect® radio featuring optional GPS Navigation from Garmin, the name recognized by drivers everywhere as the dependable, must-have navigation tool. The new radio features Garmin’s intuitive user interface, and brings the Garmin consumer experience to a factory in-dash radio (late availability).

NOTABLE DETAILS. Well within reach is Grand Cherokee’s all-new finely crafted interior, made of premium soft-touch materials and leathers. The instrument panel and center console feature detailed French stitching for an upscale design.

ADAPTIVE CRUISE CONTROL. The evolution of automotive safety and convenience technology continues with Grand Cherokee’s new available Adaptive Cruise Control (ACC). When activated during highway cruising, the system constantly monitors the amount of space between your vehicle and those ahead, maintaining a preset distance between you. If traffic slows ahead or another vehicle moves in front of you, ACC slows the vehicle by coasting or engaging the brakes. Conversely, when the vehicle ahead speeds up or moves into another lane, the system accelerates to the preset speed. While no system can operate as quickly as a human, ACC is not affected by weather conditions and can be helpful during inclement weather, such as fog and rain, when visibility is reduced (late availability).

ALPINE® SURROUND SOUND SYSTEM. Step into your own personal sound stage for a realistic concert experience. Alpine’s available premium audio system utilizes a high-powered 12-channel, 506-watt amplifier powering nine speakers and a subwoofer optimally placed throughout the cabin. Two 25-mm silk dome tweeters bookend a 3.5-inch center-channel speaker at the front of your cabin. Two 6 x 9-inch premium cone speakers are within the front doors and two 6.5-inch premium speakers are within the rear doors, pushing sound toward the center of the cabin. Two 2.5-inch imaging surround speakers and 8-inch dual voice coil subwoofer send clean sound from behind.

FLO TV™. The Living Room is redefined. Now you can receive televised broadcast programming to keep the entire crew entertained with new, changing and real-time shows available through FLO TV™ Auto Entertainment from Mopar®. Relax listening to familiar news sources on msnbc or FOX News and laugh to the sound of stand up performances on Comedy Central or morning talk shows on NBC 2Go, without ever averting your eyes from the road. Passengers’ attention is caught while the miles fly by watching the latest episodes on Adult Swim Mobile, Disney Channel, MTV, nickelodeon, and more.
Driving terra firma. Grand Cherokee’s state-of-the-art safety and security systems keep you firmly grounded. Every mile traveled heightens the experience, with the relaxed confidence that allows you to enjoy your company and the view.
Peace of mind takes you and yours far. The all-new 2011 Jeep® Grand Cherokee is reimagined and reengineered to perform heroically in all driving conditions. You’ll feel the strength of its reinforced structure, sheltered within an environment that serves you well. Go boldly forth, empowered with the inspired confidence Jeep Grand Cherokee offers.

ELECTRONIC STABILITY CONTROL (ESC) A vehicle-wide network of safety sensors provides instant aid when it detects that you’re veering off your intended path. ESC immediately goes into action when needed.

SMARTBEAM® HEADLAMPS WITH AUTO-LEVELING Brighter, better, safer. Bi-Xenon High-Intensity Discharge (HID) headlamps shine up to three times brighter than regular headlamps. A new auto-levelling feature keeps lamps focused down on the road ahead.

SAFE, SECURE AIR BAG SYSTEM Always standard: full-length side-curtain, seat-mounted side thorax, and advanced multistage front air bags all work in tandem to help provide protection.

RAIN-SENSING WIPERS AND RAIN BRAKE SUPPORT Storm clouds hold little influence over your daily drive. Front wipers activate when raindrops are detected and a new smart brake system helps dry the brake rotors on wet roads. PARKVIEW® and PARKSENSE® PARK ASSIST SYSTEMS Back out with grace. These systems help bring previously hidden rear objects to your attention, either on-screen or with an audible warning, in good time to react.

ADAPTIVE CRUISE CONTROL (ACC) The all-new ACC automatically adjusts cruising speed to maintain a preset distance between your Grand Cherokee and the crowd ahead. ELECTRONIC ROLL MITIGATION (ERM) If things get rough, Grand Cherokee’s ERM takes immediate action to help you maintain stability and remain under control.

BLIND SPOT MONITORING® AND REAR CROSS PATH DETECTION SYSTEM® These new sentry systems constantly monitor the personal space between you and other drivers. When a side or rear blind spot is encroached, you’re notified via illuminated icons on side-view mirrors or an audible chime.

ACTIVE HEAD RESTRAINTS® A standard, simple, and effective safety feature that can help stave off neck injuries. Restraints automatically react and adjust to help provide protection during rear-impact collisions.

FORWARD COLLISION WARNING (FCW) Even the most attentive drivers will appreciate the help of this new warning system. Approach another vehicle too rapidly and Grand Cherokee lets you know so you can take appropriate action.

TRAILER SWAY CONTROL (TSC) Crosswinds and traffic hold no sway over you and your payload. As part of ESC, TSC helps keep you, and the toys you are towing, safely on course and under control.

HILL DESCENT CONTROL (HDC) and HILL START ASSIST (HSA) These systems are always at your beck and call when you need to get safely around the corner or up and down the mountain.

ANTILOCK BRAKE SYSTEM (ABS) The benefits of ABS on slippery, wet roads are widely known. This advanced system knows when you’re driving over rough terrain and adjusts accordingly to help keep you in optimum control.

SENTRY KEY® ENGINE IMMOBILIZER A unique, embedded key code matched only to your vehicle helps keep your Grand Cherokee safely where it belongs.
GRAND CHEROKEE LAREDO. It arrives outfitted with all the finery and capability that makes this Jeep brand icon a classic. STANDARD: Laredo badge on liftgate, 3.6L Pentastar® V6 engine, Quadra-Trac® 4WD system™ Electronic Stability Control (ESC)®, tinted glass, fog lamps, rear liftgate flipper glass, Keyless Enter-N-Go, Media Center 130 AM/FM/CD radio, cloth seats with eight-way power driver’s seat, leather-wrapped steering wheel with manual tilt and telescoping steering column, cruise control.

AVAILABLE: 5.7L V8 engine with Multi-Displacement System (MDS) and VVT, Quadra-Lift™ air suspension system, Selec-Terrain™ vehicle management system, Quadra-Drive® II 4WD system, remote start, CommandView™ dual-pane panoramic sunroof, Uconnect® with Garmin® navigation system™ (late availability) and SIRIUS Travel Link™ (late availability), Alpine® Premium Audio System.
Jeep® Grand Cherokee.
Beautiful proof that it’s not just the getting there, but the going that’s good.

Connect to people, places, music, movies, and the Web.

Uconnect® keeps you in touch and in tune with the latest hands-free, in-vehicle communication systems. Select the best Uconnect Media Center for your active lifestyle. Among your choices, you’ll find top-of-the-line navigation, entertainment, and communication systems like Garmin® (9) SIRIUS® (6) and Uconnect Web(14).

VOICE COMMAND
Simply say the title of the song you want to hear, the name of the person you want to call, or the location where you want to go, and Uconnect, with its optional Voice Command, instantly responds. It’s an ingeniously fun and safe way to enjoy the robust features that the Uconnect Media Centers offer.

GARMIN
Debuting on the 2011 Jeep® Grand Cherokee is a radio featuring navigation from Garmin, the most recognized name in GPS wayfinding. The new radio features Garmin’s intuitive user interface, bringing the Garmin hand-held experience to a factory-in-dash radio.

UCONNECT WEB(14) is available in your Jeep Grand Cherokee from Mopar. This system provides high-speed data transfer and flexibility, combining Wi-Fi and cellular connectivity for a new level of wireless technology that transforms your vehicle into a Mobile Hotspot to access the Internet directly wherever you are.

NAVIGATION
Enjoy safe travels with turn-by-turn GPS navigation with Voice Command, plus hands-free phone, radio and NAV operation. You’ll have access to SIRIUS Traffic(6) with real-time information on incidents, traffic flow, construction road closures, and more. Alternative route guidance and mapping lets you easily avoid troubled areas to help you get where you’re going safely and on time.

SIRIUS TRAVEL LINK(6) brings a wealth of information to your fingertips. Fuel Prices from over 120,000 gas stations nationwide are available instantly and can be sorted by price, distance, or alphabetically, with routes shown to your selected station. Sports Scores give fans the status of games currently playing, plus final scores and weekly schedules for all their favorite pro teams. Move Listings check local movie theater listings, letting you know playing times and theater location so you can give yourself plenty of time to get refreshments beforehand. National Weather Information informs you of current and forecasted weather, both locally and nationally, plus ski resort conditions, so you can make travel plans accordingly.

Includes Class 4 hitch receiver, 7- and 4-pin wiring harness, rear load-leveling shocks and full-size spare tire. Available on all models.

ADVANCED WARNING AND
ADAPTIVE CRUISE CONTROL GROUP
Includes Forward Collision Warning®, Adaptive Cruise Control®, Blind Spot Monitoring® and Rear Cross-Path Detection® Limited models must have Luxury Group II. Available on Limited and Overland (late availability).

REAR DVD ENTERTAINMENT GROUP
Includes rear seat video screen, overhead console, power sunroof, SIRIUS Backseat TV®, two wireless headphones and remote control. Available on Limited and Overland.

Safety and Security Features

> ACTIVE HEAD RESTRAINTS® — In the event of a rear collision, these restraints help to reduce the chance of injury for front occupants. Standard.

> ADAPTIVE CRUISE CONTROL ACC® — Automatically adjusts cruising speed to maintain a preset distance between your vehicle and the one ahead. Available.

> AIR BAGS® — Advanced multistage, full-length side- curtain, and seat-mounted side thorax air bag. Standard.

> ANTILOCK BRAKE SYSTEM (ABS) — Prevents wheel lock up and offers improved steering when under extreme conditions. Rough road detection feature aids braking operation when traveling over off-road surfaces or trails. Standard.

> BLIND SPOT MONITORING (BSM)® — Dual radar sensors constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminating icons on sideview mirror and an audible chime. Available.

> ELECTRONIC STABILITY CONTROL (ESC)® — A network of sensors enhances driver control and helps maintain vehicle stability at all times, over all terrain. Robust system includes Electronic Roll Mitigation (ERM), antilock brake system (ABS) and Brake Assist, all-speed traction control, and Trailer Sway Control (TSC). Standard.

> FORWARD COLLISION WARNING (FCW)® — Radar sensors detect when vehicle may be approaching another too rapidly, alerting driver with an audible chime. Available.

> HILDESS DESCENT CONTROL (HDC)® AND HILL START ASSIST (HSA) — These brake control systems help to provide smooth and controlled uphill and downhill climbs. HSA — Standard. HDC — Available.

> KEYLESS ENTRY-N-GO — Upon entry, electronic sensors detect the presence of key fob unique to the vehicle and allow driver to push “Go” button to start ignition. Standard.

> PARKSENSE® REAR PARK ASSIST SYSTEM® — When in Reverse, sensors detect the presence of objects in backup pathway and provide an audible warning. Available.

> PARKVIEW® REAR BACK-UP CAMERA® — Provides a wide-angle view on NAV screen of the area behind vehicle. Available.

> PASSIVE ENTRY — Sensors in key fob automatically unlock vehicle and allow entry without having to fumble for key ring. Standard.

> RAINY BRAKE SUPPORT — During rainy conditions, helps keep brake rotors dry, allowing optimal brake operation. Standard. Late availability.

> REAR CROSS-PATH DETECTION® — When in Reverse, warns driver with an audible chime when cross-traffic is approaching vehicle. Available.

> SENTRY KEY® ENGINE IMMobilizer — Vehicle is prevented from starting unless key fob containing a unique, embedded code is present. Standard.

> SMARTBEAM® HEADLAMPS — Bi-Xenon High-Intensity Discharge (HID) headlamps automatically adjust to oncoming traffic. Auto-leveling feature keeps lamps focused on the road ahead. Available.

> TIRE PRESSURE MONITORING — Pressure sensors in tire valves allow for automatic detection and notification when tire pressure is low. Standard.

> TRAILER SWAY CONTROL (TSC)® — Improves handling in adverse conditions by automatically applying appropriate braking action to counteract swaying motion of trailer. Standard.
## POWERTRAIN

<td>3.47:1</td>
</tr>
</tbody>
</table>

Variable Valve Timing (VVT): VVT offers increased engine breathing throughout the rpm range by varying the degree that the valves open and close in conjunction with the piston position. Results are tangible: better performance, more efficient operation and increased torque for towing and hauling (3.6L and 5.7L).

Multi-Displacement System (MDS): Deactivates 4 cylinders (1, 4, 6, and 7) during steady speed cruising, low-acceleration and shallow-grade climbing conditions. (5.7L).

Transmission: 5-speed automatic with Electronic Range Select, adaptive electronic control, Brake-Park Interlock and electronically modulated torque converter (3.6L); Multispeed automatic with 5 forward speeds, alternate second gear, Tow/Haul feature, Brake-Park Interlock and electronically modulated torque converter (5.7L).

## TOWING DATA (pounds)

| Gross Trailer Weight Rating (3.6L V6, 2WD/4WD) | 5,000/5,000 |
| 5.7L V8, 2WD/4WD | 7,400/7,200 |
| Tongue Load Limit Min/Max | 3,400/1,110 |

RESTRICTION: Trailer frontal area limitation of 64 sq ft; maximum trailer length of 38 ft (Class IV); Trailer Sway Control and low-profile mirrors are recommended. This chart is intended to serve as a quick and easy reference guide on how to properly equip your Jeep® Grand Cherokee for towing. For specific details, discuss your plans with your Jeep dealer, who will help you select the right equipment to meet your specifications.

## BODY/SUSPENSION/CHASSIS

**Body Design:** UniFrame construction: All-steel body sheet metal and frame structural members welded and bonded into a single unit.

**Suspension:**
- Front: Short/long arm (SLA) independent design with coil springs, gas-charged, twin-tube coil-over shock absorbers, upper and lower control arms (“A” arms) and stabilizer bar.
- Rear: Multilink rear suspension, coil springs, twin-tube shocks, aluminum lower control arm and independent upper links.

**Steering:** Rack-and-pinion, power-assisted

Available Four-Wheel-Drive Systems

QUADRA-DRIVE® II NV245 Active full-time; 2-speed with low range (2.72:1) and Neutral, variable with 48/52 front/rear default torque split, electronically controlled clutch pack coupling in center differential and rear Electronic Limited-Slip Differential (5.7L)

QUADRA-TRAC® II NV245 Active full-time; 2-speed with low range (2.72:1) and Neutral, variable with 48/52 front/rear default torque split, electronically controlled clutch pack coupling in center differential

QUADRA-TRAC® II NV140 Full-time; single-speed with 48/52 front/rear torque split and open front, center, and rear differentials (3.6L, 5.7L)

This closed-type air suspension system lifts you up to master the road ahead, allowing you to adjust your vehicle’s suspension lift, thus augmenting your vehicle’s capabilities far faster than open-type systems. The available Quadra-Lift adds up to 4.1 inches of lift, supported by four-corner air springs that help provide a cushioned, luxurious ride. Better yet: you control this ingenious system with the push of a button to match vehicle lift to the driver’s needs. Welcome to a world that is far above and beyond the everyday.

Selec-Terrain™ Capability Control

With an easy turn of a dial, your Grand Cherokee’s traction control is adjusted to match the driving conditions facing you on the road ahead. Whether you’re caught amidst city streets covered in snow or climbing backcountry hills, available Selec-Terrain gives you the confidence to bravely meet all challenges. Five selectable settings electronically coordinate up to 12 of Grand Cherokee’s powertrain, braking and suspension systems. Couple with the available and all-new four-corner Quadra-Lift, and you’ll be at the forefront with Best-in-Class Trail Rated® performance.

SPORT: Enhances on-road “Fun to Drive” capability.

SNOW: Adjusts for ultimate performance over snow-covered roads.

AUTO: Automatically adapts to any on- or off-road situation.

ROCK: Quadra-Lift suspension raises to maximum height, and the transfer case, differential, and throttle coordinate to provide low-speed control.
Exhaust System

3.6L Pentastar® V6 with VVT
5.7L V8 with MDS and VVT

CAPABILITY

Exhaust System: Single rear exhaust on right side with bright tip (packaged with 5.7L V8 engine)

Four-Wheel Drive System: Quadra-Trac® II full-time single-speed 4WD includes NV140 transfer case (4WD models only)
Quadra-Trac® II active 4WD includes 2-speed transfer case and Hill Descent Control (HDC) (packaged with 5.7L V8 engine and Off-Road Adventure Group I and II) (4WD models only)
Quadra-Drive® II 4WD System includes electronic limited-slip differentials (ELSD) for rear axle, and HDC (packaged with 5.7L V8 engine and Off-Road Adventure Group I and II) (4WD models only)

Fuel Tank: 24.7-gallon capacity with power locking fuel door

Quadra-Lift™ Air Suspension system features air springs which replace conventional coil springs at each wheel, features five modes totaling 4.1 inches of lift: Park Mode, Aoe Mode, Normal Ride Height, Off-Road I, and Off-Road II. Buttons located on right side of Select-Terrain® control console allow operation of driver-selectable modes (packaged with Off-Road Adventure Group II)

Select-Terrain® Terrain console dial allows adjustment of five traction control settings: Automatic, Sport, Snow, Sand/Mud, Rock (packaged with Off-Road Adventure Group I and II) (4WD models only)

Standard/Available Features

ENGINE
3.6L Pentastar® V6 with VVT
5.7L V8 with MDS and VVT

TRANSMISSION
5-speed automatic (WA560)
Multispeed automatic (445RE)

EXTERIOR

Liftgate: Power, with FOBIK, overhead console and rear cargo area (packaged with Luxury Group II)

Lighting Exterior: Round fog lamps integral with front fascia, water resistant

Automatic headlamps (ROCN) actuates when ambient light is too low, includes headlamps-on-with-wipers

Halogen headlamps

Bl-Xenon High-Intensity Discharge (HID) headlamps includes automatic headlamp leveling system

SmartBeam™ auto-dimming high-beam headlamp control system

PWR EXTRIOR: Manual foldaway with heating element, body-color

Power, with memory, heating element, auto-dimming for both driver and passenger side, supplemental turn signal and blind spot indicator (if equipped), chrome

Remote Start System: Control integrated into FOBIK radio frequency system with 300-ft range (packaged with Security and Convenience Group)

Rear Roof Bright side rails

Sunroof/ViewCommand® panoramic dual pane includes full power sunroof with power shade in front with fixed glass in the rear (limited availability)

Power with express-open/close and comfort-stop features (packaged with Rear Seat Video System)

Wiper System: Front, speed-sensitive, variable intermittent with one-gallon fluid capacity

Front, rain-sensitive automatic interior feature

AIR CONDITIONING
Dual-Zone Temperature Control, includes manual controls and rear outlets

Dual-Zone Automatic Temperature Control, includes infrared sensors and rear seat outlets

AIR FILTRATION
Air filtration system

CARGO AREA
Carpeted, includes luggage compartment scuff plate, four cargo tie-down loops in floor, cargo compartment cover (if equipped), cargo trim panel, utility hooks, forward storage bin for jack, and tools

Console: Overhead front with two illuminated LED map lamps, two dome lamps, sunglasses storage bin, HomeLink® control switches and power sunroof/sunshade controls (if equipped)

Full-length front console with two illuminated, removable/cushionable cup holder mats, non-locking storage area, 12-volt power outlet and LED illuminated USB connection (if equipped), console lid tissue holder and storage tray with anodized shifter bezel. Rear of console features A/C vent controls, 115V power inverter outlet (if equipped), rear heated seat switches and power sunroof/sunshade controls (if equipped)

INSTRUMENT PANEL: Manual climate control, power windows, manual side view mirrors, power driver's seat (if equipped), power passenger seat (if equipped), dual power mirrors with memory, heating element, auto-dimming for both driver and passenger side, supplemental turn signal and blind spot indicator (if equipped), chrome

Jeep Memory System: Radio station presets, last station setting, driver’s seat position, exterior mirrors, power tilt/telescoping steering wheel (if equipped) settings for two drivers, actuated from driver’s door panel or each unique FOBIK

Jeep’s advanced side-curtain, provide additional protection to front and rear outboard occupants in the event of a rollover

Safety: Driver safety and passenger restraint. (18)Late availability. (19)In-dash DVD capability is not available in all states. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. See your dealer for " " overhead front with two aimable LED map lamps, two dome lamps, sunglasses storage bin, HomeLink® control switches and power sunroof/sunshade controls (if equipped)

Seat: Flip-back bucket with fold-flat passenger seat (if equipped)

Seat: Front heated front seats with memory feature, power lumbar adjust, and power windows and mirrors (if equipped)

Seat: Rear fold-flat passenger seat

Steering Wheel: Wood and leather-wrapped with audio, speed, trip computer, EVIC, and Adaptive Speed (if equipped) controls

Storage: Wood and leather-wrapped with audio, speed, EVIC, Voice Command and Adaptive Speed (if equipped) controls

Stowage: (Heated packaged with Luxury Group II)

SAFETY AND SECURITY

Air Bags: Multi-stage, advanced driver and front passenger, inflates with a force appropriate to the severity of the front or near frontal impact

Advanced side curtain, provide additional protection to front and rear occupant in the event of a rollover

Advanced supplemental front-seat side air bag, provide additional protection in the event of a side impact collision

Electronic Stability Control (ESC®) includes vehicle stability management system, Electronic Roll Mitigation, all-speed traction control, Brake Assist, and four-channel anti-lock brake system

Hill Descent Control (HDC) Button located to left of Select-Terrain® dial (packaged with Quadra-Trac II and Quadra-Drive II 4WD models)

Hill Start Assist (HSA) Prevents vehicle from rolling back for two seconds when starting vehicle on an incline

HomeLink® Universal Transmitter Programmable radio frequency codes for garage door, security gate and security lighting, mounted in overhead console (packaged with Security and Convenience Group)

Keyless Enter-N-Go Push-button ignition system with proximity entry

ParkSense® Rear Park Assist System® Sensors in rear bumper detect obstacles

ParkView® Rear Back-Up Camera® Rearview camera with 6.5-inch display, activated when vehicle is shifted into Reverse

Power Outlet: 115-volt, 150-watt power inverter located in rear of center floor console (packaged with Security and Convenience Group)

12-volt power outlet, located in instrument panel and center console

Trailer Sway Control: Works as part of ESC® to help improve handling in adverse towing conditions caused by cross-winds

UCONNECT® MULTIMEDIA

Media Center 130 AM/FM/CD radio with MP3/WMA support, SIRIUS Satellite Radio® and audio jack

Media Center 430N AM/FM/CD/DVD® radio with MP3/WMA support, 6.5-inch touch screen, 2GB hard drive with 6,750 song capacity, SIRIUS Satellite Radio, audio jack, Voice Command

Media Center 430N AM/FM/CD/DVD® radio with MP3/WMA support, 6.5-inch touch screen, 2GB hard drive with 6,750 song capacity, SIRIUS Satellite Radio, audio jack, Voice Command, optional Garmin® in-dash navigation and SIRIUS Traffictm(4)(6)

Media Center 730N AM/FM/CD/DVD® radio with MP3/WMA support, 6.5-inch touch screen, 30GB hard drive with 4,250 song capacity, SIRIUS Satellite Radio, audio jack, Voice Command, Garmin® Navigation, SIRIUS Traffictm(4)(6)

SPEAKERS: Six speakers (two instrument panel-mounted 2.5-inch tweeters, two front-door 6 x 9-inch full-range speakers, two rear-door 6.5-inch full-range speakers

Alpine® Premium Audio System—nine speakers with subwoofer and 500W amplifier

Bluetooth® Hands-Free Phone Connectivity

Convenience Group)

Extended side-curtain, provide additional protection to front and rear outboard occupants in the event of a rollover

Safety: Driver safety and passenger restraint. (18)Late availability. (19)In-dash DVD capability is not available in all states. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. See your dealer for...
