# An exceptionally refined luxury sedan

Presenting the 2017 Kia K900 — a brilliant union of dynamic performance, innovative technology, and evocative design. Graced with the superb craftsmanship, fine materials, and sophisticated amenities reserved for the world's most prestigious automobiles, K900 is designed to satisfy the most discerning driver. The elegant interior and premium features like available power-reclining rear seats\* are complemented by standard advanced systems like Blind-Spot Detection with Lane-Change Assist<sup>1</sup> and Rear Cross-Traffic Alert.<sup>1</sup> Spacious and luxurious, powerful and uncompromising, K900 is a luxury sedan crafted to deliver a world-class driving experience.

#### DID YOU KNOW?

K900's available rich Nappa leather trim is chromium-free and made from some of the highest-quality South American cowhide. Plus, a binding process that took two years to perfect helps ensure the leather's quality, durability, and exceptionally soft texture.

## Elegance born of sophisticated refinement

Superior craftsmanship and meticulous attention to detail combine to create a truly luxurious interior. K900's elegant design is enhanced by available supple, premium Nappa leather trim\* and complemented by available genuine wood trim accents\*. Exceptional interior spaciousness and tri-zone automatic temperature control translate into first-class comfort for every seating position. In addition, superb interior sound insulation dramatically reduces road noise so everyone can enjoy a quiet ride in absolute luxury.

## Superb ergonomics

From the perfectly positioned Driver Information System multimedia control's dial to the available shift-by-wire gear selector\* and steering-wheel-mounted<sup>4</sup> paddle shifters,\* K900's controls are intuitively placed for convenient operation. Refinements like leather trim on the dashboard and a wealth of technologically advanced features help enhance every aspect of the daily drive. Together with its impeccable styling and array of luxuries, K900's ergonomics provide a level of control that you'll enjoy every moment behind the wheel.

### 1. PANORAMIC SUNROOF

The panoramic sunroof creates a feeling of spaciousness and features a convenient power sunshade.

### 2. POWER SEAT-CUSHION EXTENSION\*

Available power-adjustable driver's seat-cushion extension is a welcome luxury, providing extra support and allowing drivers to select their own custom comfort settings.

### 3. REAR-SEAT CENTER CONTROLS

A control panel allows convenient adjustment of the second-row climate system, the power rear-window sunshade, and the rear seats' heating and available ventilation.\*

### 4. POWER REAR-WINDOW SUNSHADE

Rear passengers can relax and enjoy a cool and comfortable drive thanks to a power rear-window sunshade and manual rear side-window shades.

### 5. 16-WAY POWER-ADJUSTABLE DRIVER'S SEAT\*

Memory settings for two drivers provide the luxury and comfort of personalized ergonomics for the available 16-way power-adjustable driver's seat.

### 6. HEATED AND VENTILATED SEATS

Heated front and rear seats with multiple temperature settings are perfect for cold days. In addition, ventilated front and available ventilated rear outboard seats\* let you enjoy optimal comfort in warm weather.

## Unsurpassed luxury

An exceptional combination of premium features allows driver and passengers alike to travel in true luxury. An available executive rear seat\* provides the ultimate in style and comfort, featuring power-reclining adjustability, ventilation, lateral-adjustable headrests, and air-powered lumbar support. Rear-cabin passengers can also enjoy the refinement of available premium glove-soft Nappa leather trim and superb thigh and torso cushioning.

## Extrasensory perception

As technology rapidly progresses, Kia's engineers have continuously pushed boundaries, culminating in the remarkably advanced K900. It is equipped with an impressive array of systems that help monitor your driving environment and instantaneously convey real-time information to the driver. Advanced features include standard Blind-Spot Detection with Lane-Change Assist,<sup>1</sup> which utilizes a radar system to help detect vehicles in the driver's blind spots and recognize those approaching from behind, and available features like Advanced Smart Cruise Control,<sup>1\*</sup> Lane Departure Warning System,<sup>1\*</sup> and Autonomous Emergency Braking.<sup>1\*</sup> With a virtual mind of its own, K900 both informs and assists you, seamlessly helping to connect you to the road and your surroundings.

# Confidence-inspiring technology

K900 features an impressive array of technologically advanced systems. They are designed to enhance your confidence on the road, make complex operations simple, provide a steady stream of information that helps you make better, more timely driving decisions, and make everyday driving more convenient than ever.

## 1. AUTONOMOUS EMERGENCY BRAKING<sup>1\*</sup>

This available system is designed to detect and monitor vehicles traveling ahead of you. It then works to automatically apply the brakes if it determines a crash might be imminent, helping to avoid a collision or mitigate the effects if it cannot be avoided.

## 4. ADVANCED SMART CRUISE CONTROL<sup>1\*</sup>

Available Advanced Smart Cruise Control uses radar to maintain a predetermined distance from the vehicle directly ahead, automatically slowing or accelerating your K900 when appropriate.

## 6. HEAD-UP DISPLAY<sup>2\*</sup>

Available Head-Up Display projects information like current speed, navigation route, and lane departure warning onto the windshield glass in the driver's line of sight. The display's brightness adjusts automatically as outside lighting changes.

## 5. LANE DEPARTURE WARNING<sup>1\*</sup>

This available system is designed to detect the vehicle moving out of its lane without the turn signal being used. When it does, it alerts you with a combination of both audible and visual warnings.

## 7. DYNAMIC BENDING LIGHT

For optimal visibility while driving at night, Dynamic Bending Light works with the High-Intensity Discharge (HID) or available LED headlights\* to deliver a varying beam pattern based on vehicle speed and steering angle.

## 2. BLIND-SPOT DETECTION WITH LANE-CHANGE ASSIST<sup>1</sup>

A radar system helps detect vehicles in the driver's blind spot and then provides audible and visual alerts. Lane-Change Assist helps detect vehicles approaching from behind.

## 8. SURROUND-VIEW MONITOR<sup>1\*</sup>

Available Surround-View Monitor utilizes four cameras located at the front, rear, and sides to provide a view around the vehicle. This helps enhance driver visibility when maneuvering into parking spaces.

## 3. REAR CROSS-TRAFFIC ALERT<sup>1</sup>

Rear Cross-Traffic Alert warns the driver of cross traffic while the vehicle is in reverse by activating audible and visual alerts to help reduce the likelihood of a collision.

## 9. SMART POWER TRUNK

K900 features a Smart Power Trunk that opens when you simply stand within a few feet of it for three seconds with the Smart Key in your possession. This is especially appreciated when you have your hands full.

## 12. DRIVER INFORMATION SYSTEM MULTIMEDIA CONTROL

A control dial with direct-access buttons and intuitive operation provides easy access to a range of systems, including UVO Luxury Services<sup>4</sup> and entertainment and voice-command navigation functions.

## 13. SHIFT-BY-WIRE GEAR SELECTOR<sup>1\*</sup>

An available sleek electronic gear selector delivers fast and smooth gear changes, thanks to advanced shift-by-wire technology that completely replaces any mechanical link between the gear selector and the transmission.

## 10. LEXICON<sup>®3</sup> AUDIO SYSTEM<sup>\*</sup>

An available 900-watt Lexicon<sup>®</sup> Discrete Logic 7<sup>®3</sup> surround-sound system with 17 speakers and a 12-channel digital sound processor provide extraordinarily clear, balanced audio entertainment.

## 14. SMART WELCOME

When you approach your K900 and it detects the presence of the Smart Key remote, the Smart Welcome system unfolds the power-folding mirrors and turns on the integrated perimeter approach lights, door-handle lights, and interior lighting.

## 11. POWER-CLOSING DOORS<sup>\*</sup>

If you or a passenger do not close a door completely, available power-closing doors will automatically complete the process with a soft touch, avoiding the inconvenience of having to open and close the door a second time.

# UVO — short for “your voice”<sup>4</sup>

K900 features the innovative UVO Luxury Services Infotainment System. An embedded 4G-LTE modem enables remote control of a variety of your K900's systems using an available app on a compatible smartphone<sup>5</sup> or from MyUVO.com. UVO Luxury Services also lets you access a range of features using the large 9.2-inch HD color touch screen. Plus, there are no subscription fees<sup>4</sup> for the first three years to enjoy these benefits.<sup>†</sup>

## ADVANCED VOICE RECOGNITION

UVO Luxury Services<sup>4</sup> advanced voice-recognition technology lets you conveniently manage your music and enjoy hands-free use of your phone with simple, intuitive verbal commands.

## REMOTE ACCESS

The UVO Luxury Services app<sup>4</sup> lets you remotely lock or unlock the doors, activate the horn and lights to help locate your car, start the engine, and activate the climate control system in advance to cool or heat the cabin.

## MY CAR ZONE

My Car Zone helps you monitor your vehicle's usage through Curfew, Speed, and Geo Fence alerts based on your desired presets. You can manage this feature from the UVO Luxury Services<sup>4</sup> app or MyUVO.com.

## FIND MY CAR<sup>6</sup>

UVO Luxury Services<sup>4</sup> embedded 4G-LTE modem enables you to locate your K900 using the UVO Luxury Services app<sup>4</sup> or MyUVO.com with the push of a button.

### 1. UVO LUXURY SERVICES APP<sup>4</sup>

The free UVO Luxury Services app allows you access to your K900 using a compatible smartphone<sup>5</sup> wherever there is mobile service. This lets you make the most of UVO Luxury Services<sup>4</sup>, including remote access to the vehicle and direct dialing for Roadside Assist<sup>7</sup> or live Concierge services.

### 2. VOICE-COMMAND NAVIGATION<sup>4</sup>

UVO Luxury Services includes a voice-command navigation system that features a vivid 9.2-inch color touch screen and continuously updated highway conditions from SiriusXM Traffic!<sup>11</sup>

### 3. UVO LUXURY SERVICES<sup>4</sup> DIRECT ACCESS

Buttons on the rearview mirror provide access to selected UVO Luxury Services features such as Enhanced Roadside Assist<sup>7</sup>. They also let you easily connect to a live Concierge services agent.

## ENHANCED ROADSIDE ASSIST<sup>7</sup>

Call roadside assistance by either pressing the red triangle icon on the rearview mirror, directly from the touch screen, or by selecting the number on the UVO Luxury Services<sup>4</sup> app.

## 911 CONNECT<sup>8</sup>

When an airbag is deployed, a call is made to 911 using UVO Luxury Services<sup>4</sup> embedded 4G-LTE modem. The vehicle's location is then sent to the operator and a voice connection is made with the vehicle's occupants.

## MY POINTS OF INTEREST

You can use the UVO Luxury Services app<sup>4</sup> or MyUVO.com to send Points of Interest to UVO Luxury Services<sup>4</sup> touch screen for easy navigating.

## LOCAL SEARCH

### POWERED BY GOOGLE<sup>TM9</sup>

UVO Luxury Services<sup>4</sup> allows access to Google Local Search through the embedded 4G-LTE modem. Search for destinations by name or address using your voice or text entry.

## VEHICLE DIAGNOSTICS<sup>10</sup>

Vehicle Diagnostics lets you perform a check at any time. When an issue is detected, you will be automatically prompted to schedule a dealer appointment with your preferred dealer or call roadside assistance.

## APP DOWNLOAD CENTER<sup>4</sup>

UVO Luxury Services lets you conveniently download available apps from the App Download Center via a Wi-Fi hotspot.

#### DID YOU KNOW?

K900 features a uniquely engineered body that combines various high-tensile-strength steel alloys. This body structure helps provide crash protection, better driving dynamics, and is the foundation for a quieter ride.

## Dynamic performance

K900 is powered by an available 420-horsepower† 5.0L Gasoline Direct Injection (GDI) V8 engine\* that delivers absolutely exhilarating performance or by an impressive 311-horsepower 3.8L GDI V6 engine. Both of these engines are complemented by an 8-speed automatic transmission that provides precise, smooth, and seamless operation. Plus, the Smart Shift & Drive feature automatically activates the optimum mode — Eco, Normal, or Sport — based on your driving style. K900 also features a rear-wheel-drive platform that results in excellent weight distribution for crisp handling.

#### DID YOU KNOW?

The K900 Luxury V8 features headlights with 16 individual LEDs designed to simulate the natural light spectrum of sunlight in order to optimize nighttime vision.

## Dedicated to making safety a top priority

K900 features advanced safety systems designed to help give you peace of mind every time you drive. Each one is engineered to help you maintain control, even in harsh road conditions and in some emergency situations.\* These safety systems are designed to function automatically, leaving you free to focus on safe driving.

#### **ELECTRONIC STABILITY CONTROL (ESC)**

ESC provides improved directional stability to help maintain better control in difficult driving situations. During emergency maneuvers, it works to control the engine and brakes to help keep your K900 on course.

#### **TRACTION CONTROL SYSTEM (TCS)**

When TCS senses wheelspin during acceleration, it uses a combination of both engine power and brake force to help transfer power to the wheels that have the most traction.

#### **ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)**

To help maintain more consistent braking as vehicle loads and weight distribution change, the EBD system automatically adjusts the front-to-rear balance of brake pressure.

#### **BRAKE ASSIST SYSTEM (BAS)**

If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

#### **HILL-START ASSIST CONTROL (HAC)**

To help keep your K900 from rolling backward when starting off on a steep hill, the HAC system automatically holds the brake pressure for two seconds after you take your foot off the brake pedal.

# Advanced engineering for your protection

At Kia, the process of improving all aspects of safety is relentless. As a result, continuous engineering advances and breakthroughs in material design have led to K900's exceptionally strong body construction, strategically placed airbags, and advanced sensors, all of which help to increase your peace of mind.

## ADVANCED AIRBAG SYSTEM

As a first line of defense, an advanced airbag system helps protect driver and passengers with dual front, front seat-mounted side, and full-length side curtain airbags.<sup>12</sup>

## FRONT & REAR CRUMPLE ZONES

Both front and rear crumple zones are engineered to help absorb and dissipate impact energy, helping to preserve the basic structural integrity of the vehicle's passenger compartment in certain collisions.

## FRONT SEAT-BELT PRETENSIONERS

Pretensioners have been designed to tighten the front seat belts in the event of certain collisions. This can help to reduce the likelihood of injuries.

## AIRBAG & SEAT-BELT SENSORS

This advanced system monitors the severity of certain impacts, the presence of a front passenger and seat-belt use, and then controls airbag inflation accordingly.<sup>12</sup>

## SIDE-IMPACT DOOR BEAMS

All doors are reinforced with steel beams to help absorb impact energy and deflect side-impact force. The body's support pillars are reinforced to help strengthen the body of the vehicle.

## REAR CHILD-SAFETY DOOR LOCKS

Rear child-safety door locks help prevent the doors from being opened accidentally, which is important when small children are passengers. With the doors in the locked position, they can only be opened from the outside.

# Discover world-class quality

Kia is committed to producing exceptional vehicles with superb quality and reliability to suit most every driving need. From compact to crossover, every Kia delivers an extraordinary combination of precision engineering, outstanding performance, innovative features, and advanced safety systems.

## COMMITMENT TO AMERICA

Kia Motors has invested over \$1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant has produced over 2 million vehicles since 2009. The Sorento crossover and certain Optima midsize sedans are currently being assembled at this plant! Together with on-site and local suppliers, the Georgia facility is responsible for the creation of more than 15,000 jobs in West Point and the surrounding areas. It's all part of Kia Motors' commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

## TAKING ON THE COMPETITION

The Kia Racing team has gone head-to-head with world-class rivals — and won. Motorsport is a proven test bed for reliability, durability, and performance, and the knowledge gained on the racetrack helps Kia manufacture award-winning vehicles that perform beyond your expectations. In six years of racing, Kia won a total of seven championships with three models — Rio 5-Door, Forte Koup, and Optima.

## INDUSTRY-LEADING WARRANTY PROGRAM<sup>13</sup>

Kia engineers are passionate about producing vehicles that are exceptionally well designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program.

- 10-year/100,000-mile limited powertrain warranty
- 5-year/60,000-mile limited basic warranty
- 5-year/100,000-mile limited anti-perforation warranty
- 5-year/60,000-mile 24-hour roadside assistance

KIA NOVO CONCEPT VEHICLE SHOWN (not available for sale).

## COMPELLING DESIGN

Under the direction of President and Chief Design Officer Peter Schreyer, Kia vehicles have captured worldwide attention for their interior and exterior styling. The passionate collaboration of Kia's designers has created a look that makes every model as bold as it is distinctive.
