The new Elise Sport and Elise Sport 220, the latest incarnation of the iconic Lotus Elise – long celebrated as one of the best sports cars money can buy. As you’d expect from Lotus, these cars are designed and built in our best traditions; lightweight, focussed, faster.

The Sport and Sport 220 also offer an impressive power to weight ratio, for a more efficient, purer and better value sports car. Both cars are 10kg lighter than the models they replace, providing improved agility, handling, lower emissions and fuel consumption.

There’s an upgraded interior package with options of trim materials, including our heritage tartan. So with a choice of two models you can now have your Lotus Elise the way you want it.

All of these upgrades provide the legendary Elise with greater all round performance, offering the ultimate Lotus driving experience.
## TECHNICAL SPECIFICATION
