High powered, highly evolved, and ferociously fast, the Lotus Exige Sport 380 is the most aggressive iteration yet for the Exige model line up. Available as either a Coupé or Roadster the Sport 380 combines power with style.

Taking the fight straight to six-figure supercars, this new, top-of-the-range model carries over the lessons learnt in the development of the acclaimed Exige Sport 350, launched last year, but with significant revisions lowering weight, boosting power and enhancing aerodynamics. Rather than rely on excess electronics, or allow sterile interfaces to dull the experience, the extreme Exige Sport 380 offers a pure, undiluted drive that has to be experienced to be fully appreciated.

Designed as unrivalled in its class: faster, sharper, and more direct than adversaries, the Exige Sport 380 is definitely not for the timid. With a dry weight of just 1,075 kg, and boasting a potent power-to-weight ratio of 350 hp per tonne, the new, pure-bred Lotus has been conceived to out perform and out manoeuvre so called supercars. The new Exige is blisteringly fast off the line, dispatching 0-60mph in 3.5 seconds before reaching a top speed of 178 mph (150 mph for Roadster)

From the intricately engineered exposed-gear-change linkage, to the swathes of carbon-fibre components and wider Michelin Pilot Sport Cup 2 tyres as standard, every inch of the Exige has been carefully cultivated. Firmly defined as a Lotus for the enthusiast, the car can be seen as an expression of intense engineering - challenging accomplished drivers to extract the car’s true potential.

The optional Carbon Exterior Pack, which reduces weight above the centre of gravity, contains a one-piece carbon roof panel and distinctive carbon louvered tailgate, and cuts the car’s mass by 3.4 kg. The optional lightweight carbon fibre sill covers provide a motorsport theme when entering or exiting the Exige Sport 380 and, thanks to their lower profile and finish, aid ingress and egress.

For owners wanting more, the new Exige Sport 380 can be personalised through the increasingly popular Lotus Exclusive programme. Combining traditional British craftsmanship with modern design, the service inspires customers to spend time tailoring the character of their Lotus with a comprehensive array of options.

### CO2 emissions

- Urban: 242 g/km
- Extra Urban: 225 g/km
- Combined: 28.0 (10.4) | 30.1 (9.7) |

### KERB WEIGHT

- Manual: 1110 kg
- Automatic: 1121 kg
- Roadster: 1103 kg (1114 kg (Roadster))

### DRY WEIGHT*

- Manual: 1075 kg
- Automatic: 1087 kg

### ENGINE AND TRANSMISSION

3.5 litre DOHC 24-valve, with Harrop Supercharger

### CHASSIS AND BODY

Lightweight, extruded aluminium bonded chassis structure

- Fully independent double wishbone suspension with front and rear anti-roll bar
- Bilstein high performance dampers, front and rear
- AP Racing two-piece high performance grooved brake discs
- Yellow calipers
- Eibach springs, front and rear
- T45 steel roll hoop
- Lotus tuned ABS system
- Driver selectable ESP modes – Drive/Sport/Race
- Lightweight lithium-ion battery

### EXTERIOR SPECIFICATION

- LED front day time running lights with integrated direction indicators
- LED rear lamps with integrated direction indicators
- Lightweight satin black forged alloy wheels (17” front and 18” rear)
- Michelin Pilot Sport Cup 2 tyres
- Polycarbonate backlight glass
- Lightweight black louvered tailgate panel
- Rear parking sensors
- Carbon fibre front splitter
- Carbon fibre rear wing
- Carbon fibre barge boards
- Carbon fibre rear diffuser finisher
- Carbon fibre front access panel
- Matt black front canards
- Headlamp aperture decal
- Matt black wing mirrors, side pods, rear transom panel
- Black soft-top (Roadster only)

### INTERIOR SPECIFICATION

- Black leather steering wheel
- Polished aluminium gear knob and leather handbrake sleeve
- Black Alcantara® trimmed carbon fibre sports seats with contrast stitching
- Black Alcantara® trimmed door cards and centre console with contrast stitching
- Centre console with exposed gearshift
- Driver and passenger airbags

### CARBON FIBRE OPTIONS

- Sill covers
- Dashboard inserts
- Hard-top
- Louvered tailgate
- Side pods
- Any other personalisation available upon request

### EXTERIOR COLOUR PACK OPTION

A selection of five paint options, plus red brake calipers, red mirror caps, red rear wing uprights, red highlights on front splitter, front access panel, barge boards, side pods and rear diffuser finisher

### OPTIONS

- Automatic transmission
- Full black Alcantara® steering wheel
- Full carpets
- Floor mats
- Alcantara® dashboard inserts
- Alcantara® sill covers
- Matt black hard-top (composite) (Roadster only)
- Air conditioning
- Stereo plus two front mounted speakers
- Sound insulation
- Cruise control
- Lightweight silver forged alloy wheels (17” front and 18” rear) (No Cost Option)
- Titanium exhaust
- Standard battery (No Cost Option)

### OPTIONAL PACKS

- Leather trim (No Cost Option)
- Tartan trim (No Cost Option)
- Interior colour pack
- Track Pack (Nitron two-way adjustable dampers, Eibach front and rear adjustable anti-roll bars)
- Black pack deletion (No Cost Option)

### PAINT OPTIONS

- Signature paint
- Metallic paint
