I believe in the power of human potential; creativity, imagination and the amazing things we’re all capable of when we’re inspired.

I believe in taking the unconventional road and going the extra mile to do work that inspires, because I believe the highest purpose of being human is to uplift other humans.

I believe in artisans, designers, engineers and ambassadors who pour human energy into their work, because I believe there are things the human hand can do that can’t be replicated by a machine or a computer.

I believe in the power of cars to move human emotions. To awaken senses, brighten reflexes, make pulses race. To be more than a cold machine designed to take you from here to there.

I believe the joy of being alive comes from what we discover on our journey, and the inspiration we find in every mile.

Mazda. Feel Alive.
The Japanese art of flower arrangement, Ikebana, expresses a philosophy of essentialism. Ikebana uses color combinations, graceful lines and a harmony among the materials, the vase and the setting. Its beauty comes from refining a composition to its simplest form. Similarly, Mazda’s design is based on extracting beauty by showcasing what is essential and eliminating the unnecessary. A philosophy eloquently expressed in the Mazda6.
It captures motion. It evokes emotion. It eliminates all that is unnecessary.
leaving only what is beautiful. Its lines effortlessly draw the eye to every angle and
curve. It channels reflections of light and shadow, constantly reinventing itself in
every new environment. It is Kodo: "Soul of Motion" design.

The Speed Form featured is a sculptural exploration done by the designers at
Mazda. Created by the hands of master artisans, it becomes the inspiration for
its final design stage: the Mazda6.
Truly beautiful design goes beyond simply being aesthetically pleasing. It invites action. With its sleek, seductive profile, the Mazda6 demands to go new places. For you to see more. Feel more. And expand your possibilities. Inside, the available ambient LED cabin lighting highlights an elegant cabin perfectly set to host new experiences and entertain bold ideas. With every glance, every curve and every mile, there is always more to discover and be inspired by.
Every aspect of our design process is intentional, including the paint. Before a single drop of color is applied, master painters first perfect their technique by hand. Ensuring the surface of the Mazda6 has depth and saturation, illuminating the curves and characteristics of our Kodo design. They apply color with the precision of highly sharpened senses. Even the machines used to paint the Mazda6 are so well-calibrated that they replicate the exact movement of this human technique. Our daring array of lustrous hues may be the final touch on the Mazda6, but it is the first thing that will catch your eye.

Visit MazdaUSA.com to see all the vibrant color choices available.
Mazda has created thoughtfully designed accessories that perform seamlessly with your Mazda6. From the rear spoiler to the moonroof wind deflector (shown), Mazda accessories consider every aspect of driving down to the finest detail. When installed by your Mazda Dealer, Genuine Mazda Accessories carry the same New Vehicle Limited Warranty as your new Mazda. For a full list of Genuine Mazda Accessories for your Mazda6, please visit Accessories.MazdaUSA.com.
The Mazda Takumi are the artisans and craftsmen who hone their skills for years, even decades, to achieve mastery. From their first sketch to the final stitch, their passion, patience, and dedication are infused into every vehicle. The Takumi master clay modelers are so highly trained that decisions about form are not only a visual matter, but also a tactile one. Contours of different forms are sometimes sculpted with eyes closed, refined just by touch. Their exhaustive efforts to perfect their craft are made to leave you with their very best. They believe that their efforts impart a piece of themselves into their work. From designer to driver, this connection ultimately creates an enriching emotional bond between you and your Mazda.
It’s a mark of pride. A symbol of authenticity. Nowhere is our unique expression of craftsmanship and mastery more pronounced than in our Signature trim. Ultrasuede® adorns the doors and dashboard and radiates a subtle gold sheen, using a technique similar to that which is used to make ornate kimonos. Natural materials like supple Nappa leather and Japanese Sen wood, often used for furniture and musical instruments, reward your senses. And leave you in a better state of mind after every drive.
For decades, we’ve studied the human body: how it moves, sensations of touch, sound and sight, muscle and skeletal structure. Every consideration has been made so the Mazda6 feels as if it was built around you. Effortlessly responding to your direction. This is the human-centric design philosophy known as Jinba Ittai—horse and rider as one. You feel as though your Mazda is an extension of your body.

In everything we do, we aspire to make your driving experience as intuitive as possible. Creating a oneness between you and your vehicle. Seamless connections that help you engage with the moment. Which is why we engineer to a feeling, not a specification. To leave you energized. Rejuvenated. You, at one with your Mazda.
The most important component to a better driving car is the driver. That’s why we put so much attention to creating the optimal driving position. The seats of the Mazda6 were designed to work with the suspension and chassis to keep the driver’s head level and balanced. All interior appointments were placed with precision to allow the driver to reach naturally and with ease. For added comfort, select Mazda6 trims offer ventilated front seats that suck away warm air from the driver’s and front passenger’s back and lower body, to help keep both cool and dry.
Your inspiration. Your space. Your command station. This is the driver-centric cabin of the Mazda where every control is ergonomically situated within your reach, so you can stay focused on the road ahead. An intuitive instrument panel places gauges and displays within your line of sight to minimize distraction. An 8-inch center display shows music information, maps, and more, with clarity. The center console and Commander control are positioned for optimal comfort of the wrist and forearm. And the Mazda Connect™ Infotainment System is equipped with available Apple CarPlay™ (shown) and Android Auto™ integration. Communication between you and your vehicle becomes second nature—by design.
While performance can be quantified, emotions cannot. The available Skyactiv®-G 2.5T Dynamic Pressure Turbo engine delivers up to 250 hp and 310 lb-ft of torque. Impressive numbers, but only numbers, until you experience the Mazda6 firsthand. Our Skyactiv-Drive 6-speed automatic transmission is geared for you to feel the thrill in every pound of torque and horsepower—when and where you need it most. So each drive is more responsive, expressive. And enjoyable.
Every aspect of the Mazda is engineered to work in harmony with your sensibilities. From the chassis to the transmission to the engine to the seats and beyond, we’ve designed each aspect of our cars to be powerful, efficient and intuitive to your needs. Every effort has been made to enhance the joy from driving through a completely holistic, smarter approach: Skyactiv® Technology. Bringing car and driver together to create inherent connection.
To heighten your senses, we created a few of our own. Sophisticated safety innovations that alert you to hazards and help you avoid collisions—or lessen their impact. That’s the thinking behind i-Activsense. This standard suite of select i-Activsense safety features, such as Blind Spot Monitoring and Rear Cross Traffic Alert, help improve your visibility and awareness of the road.

i-Activsense safety features are not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner’s Manual for further details.

Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see your Owner’s Manual for further details.

Sometimes silence is just as important as sound. The Mazda6 is engineered to help insulate you from distracting outside noise, while still allowing for sounds from the road and engine so your connection to the drive is heightened. Your levels of stress and fatigue are lowered. It’s all about shielding you from all that is unnecessary, so you can focus on what will bring you joy: exceptional driving.
Driving should reward the senses, not confuse them. Skyactiv-Vehicle Dynamics with G-Vectoring Control Plus is an innovative technology designed to deliver a smoother, more intuitive, driving experience. As the Mazda6 enters a turn, the system subtly adjusts power delivery and the car’s brakes to shift vehicle weight throughout the turn to provide more precise steering. Curves will feel more natural. And you’ll feel more confident.
We build every Mazda to inspire. How you feel is our rule of measurement.
We believe driving should be effortless. And that joy should be found in every turn
and every straightaway. We believe driving should exhilarate every fiber of your being.
Because it can. And this is why we built the Mazda6.

MAZDA. FEEL ALIVE®
ENGINES
SKYACTIV®-G 2.5L DOHC 16-valve 4-cylinder engine with Cylinder Deactivation (Sport, Touring)
187 hp @ 6,000 rpm

250 hp @ 5,000 rpm (with 93 octane fuel)
227 hp @ 5,000 rpm (with 87 octane fuel)
310 lb-ft of torque @ 2,000 rpm

TRANSMISSION & DRIVETRAIN
SKYACTIV®Drive 6-speed automatic with manual shift and Sport mode
SKYACTIV®-VEHICLE DYNAMICS with G-Vectoring Control Plus
HILL Launch Assist
FUEL ECONOMY
EPA-estimated MPG (city/highway)2
26/35 (Sport and Touring)
23/31 (Grand Touring, Grand Touring Reserve and Signature)

FUEL TANK CAPACITY
16.4 U.S. gallons

DIMENSIONS
Overall length: 192.7”
Wheelbase: 111.4”
Width: 72.4”
Height: 57.1”

TRUNK CAPACITY
14.7 cubic feet

1 HILL Launch Assist is an auxiliary device that assists the driver in maintaining forward motion while on a slope. It is not a substitute for safe and attentive driving. There are limitations to this system. Please see your Owner’s Manual for further details.

2 EPA-estimated mileage. Actual results will vary.
MAZDA6 SPORT
Includes the following features:
- Automatic climate control
- Power window with one-touch auto up/ down feature
- Cruise control
- Front row and second row cup holders
- Electronic parking brake
- Driver and front passenger side-door courtesy light
- Tilt and telescopic steering wheel
- Cloth interior sport seats
- 60/40 split fold-down rear outback
- Rear seat assist
- Audio system with a 6-speakers
- MAZDASPEED Entertainment System
- Multifunction Commander control, 8" full-color color touchscreen display, HD Radio, Bluetooth, USB connectivity, AUX input, USB port, MP3 player
- Phone speaker: hands-free phone and audio streaming
- USB audio input (USB)
- Leather-wrapped steering wheel and gear selector
- Steering wheel mounted audio and cruise control
- Carpet floor mats

MAZDA6 TOURING
Includes the following features in addition to or in place of Mazda6 Sport:
- Mazda Advanced Keyless Entry System
- 6-way power-adjustable driver's seat with manual lumbar support
- Heated front seats
- Rear A/C vents
- Automatic rearview mirror with Bright Silver finish
- Illuminated driver and front passenger vents
- Rear seat center armrest with storage and 2 USB charging ports
- Bose® Centerpoint® 2 Surround Sound audio system with AudioPilot® and 11 speakers
- Apple CarPlay™ integration and Android Auto™ integration
- Rearview Camera
- Bluetooth® hands-free phone and audio streaming
- Automatic emergency notification
- message audio delivery and reply, and E911
- Multifunction Commander control, 8" full-color Infotainment system voice command,
- Mazda Connect™
- 360º View Monitor may not provide a comprehensive view of the entire surrounding area of this vehicle. Always check your surroundings visually. Please see your Owner’s Manual for further details.
- Rearview Camera does not provide a comprehensive view of the entire rear area of this vehicle. Always check your surroundings. Please see your Owner’s Manual for further details.
- Advanced Smart City Brake Support with Pedestrian Detection
- Mazda Radar Cruise Control (MRCC) with Stop & Go is not a substitute for safe and attentive driving. There are limitations to detector detection of the system. Driver action is required to resume MRCC with Stop & Go after a complete stop. Please see your Owner’s Manual for further details.
- Dynamic Stability Control (DSC) is an electronic system designed to help the driver maintain control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether DSC will be effective in preventing loss of control. Please see your Owner’s Manual for further details.

MAZDA6 GRAND TOURING
Includes the following features in addition to or in place of Mazda6 Touring:
- Bose® Centerpoint® 2 Surround Sound audio system with AudioPilot® and 11 speakers
- SiriusXM Traffic and Travel Link® Services.4
- Interior trim with Bright Silver finish
- Genuine Sen wood interior accents
- Rearview Camera
- Automatic brake control and collision warning
- Traffic Sign Recognition System
- Advanced front air bags, front side-impact air bags, rear side-impact air bags, 
- DSC, Dynamic Stability Control (DSC) & Traction Control System (TCS)
- Blind Spot Monitoring®
- Smart Brake Support with optimal braking
- Advanced Smart City Brake Support with Pedestrian Detection
- Mazda Radar Cruise Control with Stop & Go
- Lane Departure Warning System
- High Beam Control
- Lights out automatic and anti-theft system
- Tire Pressure Monitoring System (TPMS)

MAZDA6 SIGNATURE
Includes the following features in addition to or in place of Grand Touring Reserve:
- Mazda Navigation System
- Leather trimmed seats
- Heated front seats
- Heated rear seats
- Ventilated front seats
- Genuine wood interior accents
- Interiors trim with Bright Silver finish
- SiriusXM Traffic and Travel Link® services5
- 3-year service includes:
- SiriusXM Internet Radio
- SiriusXM Weather
- SiriusXM Sports
- SiriusXM Traffic
- SiriusXM Travel Link® services
- SiriusXM In-vehicle Navigation System
- 360º View Monitor
- Front and rear parking sensors

AVAILABLE ACCESSORIES
- Wheel locks (Chrome or Black)
- LED Lights, Antenna, Wheel Skins, License Plate Frame, Mazda Mobile Start, Speaker: Auto Dimming Mirrors with HomeLink®, Roadside Assistance Kit, Tire Valve Stem Caps (Chrome or Black), Trunk Up Seat Fold and Stow, Auto Dimming Rearview Mirror, Cruise Control Kit, Custom Body Filer, Navigation System, Misaligned Window Deflectors, All-Weather Car Cover, All-Weather Floor Mats, Splash Guards (Front & Rear), Cargo Tray, Cargo Cover Mat, Cargo Net, Rear Parking Sensors, Remote Engine Start, Side Window Deflectors, 360º View Monitor, Collapsible Cargo Carrier
