

FEEL ALIVE®

I believe in the power of human potential;
creativity, imagination and the amazing things
we're all capable of when we're inspired.

I believe in taking the unconventional road
and going the extra mile to do work that inspires,
because I believe the highest purpose of being human
is to uplift other humans.

I believe in artisans, designers, engineers and ambassadors
who pour human energy into their work,
because I believe there are things the human hand can do
that can't be replicated by a machine or a computer.

I believe in the power of cars to move human emotions.
To awaken senses, heighten reflexes, make pulses race.
To be more than a cold machine designed to take
you from here to there.

I believe the joy of being alive comes from
what we discover on our journey,
and the inspiration we find in every mile.

MAZDA. FEEL ALIVE.®

KODO: "SOUL OF MOTION"

Our design philosophy is simple yet highly challenging to accomplish: capture energy in motion, even at a standstill. With curves and angles so striking, they command your attention through a mere glance. Eliciting this kind of instant emotional response requires a human touch. Hands on clay, shaping form with warmth and precision. Eliminating all that is unnecessary, leaving only what is beautiful. Transferring the energy of the maker into every nuance. We call this Kodo: "Soul of Motion" design. A dynamic sense of motion created for humans, by humans. This is the inspiration behind the Mazda CX-5.

MAZDA CX-5

A bold articulation of our Kodo design language, the Mazda CX-5 transcends the ordinary. With shifting light reflecting off its fluid curves, the CX-5 radiates power and grace. A restrained energy that captures an essence of vitality.

From a quiet cabin designed to engage you with the road to the available ventilated front seats, each element has been designed to enhance the multisensory environment. Available steering-wheel-mounted paddle shifters offer precise control, invigorating your drive, especially when paired with the available Skyactiv®-G 2.5T Dynamic Pressure Turbo engine—now with even more torque! Rising above the expected, the CX-5 surrounds you in refined elegance—and just the right amount of excitement.

2020 Mazda CX-5 Signature shown in Machine Gray Metallic

[†] Based on an increase to 320 lb.-ft. of torque with 93 octane fuel.

A VIBRANT EXPRESSION

Each element of our design process is intentional. Including the paint. Before a single drop of color is applied, master painters first perfect their technique by hand. Ensuring the surface of the Mazda CX-5 has depth and saturation. They apply color with precision, illuminating the curves and characteristics of our Kodo design. The machines used to paint the Mazda CX-5 are calibrated to replicate the exact movement of this human technique. Our daring array of lustrous finishes may be the final touch on the Mazda CX-5, but it is the first thing that will catch your eye—and continue to draw your gaze, time and time again.

THE HUMAN TOUCH

The Mazda Takumi are the artisans and craftsmen who hone their skills for years, even decades, to achieve mastery. From their first sketch to the final stitch, their passion, patience and persistence are poured into every design. The Takumi masters are so highly skilled, they can carve a block of clay into a work of art. Instinctually, they use their sight, as well as their touch, to ensure that every curve is perfectly proportioned to their final vision. A process that continues until this human energy breathes life into the vehicle. From designer to driver, this connection ultimately creates an enriching emotional bond between you and your Mazda.

REDEFINING REFINEMENT

With you in mind, our Takumi set out to create beautiful elements through shape, texture and color. Expert fabricators craft a range of distinct and expressive upholstery designs using soft textures and premium stitching. The exquisite CX-5 Signature features natural materials like Caturra Brown Nappa leather and genuine layered wood trim that envelop you in comfort and sophistication. Every inch of upholstery is crafted to make your driving experience better. To restore you and allow you to think about what matters most. An elegant level of refinement—reserved just for you.

DESIGN WITH A SINGLE FOCUS: YOU.

For decades, we've studied the human body: how it moves, sensations of touch, sound and sight, muscle and skeletal structure. Every consideration has been made so the Mazda CX-5 feels as if it were built just for you. Effortlessly responding to your direction. This is the human-centric design philosophy known as Jinba Ittai—horse and rider as one. You feel as though your Mazda is an extension of your body. To leave you feeling energized. Rejuvenated. You, at one with your Mazda.

THE FIVE SEAT CONCERT HALL

Enhance every drive with an incredibly lifelike surround sound experience. The available 10-speaker Bose® premium audio system is designed and engineered specifically for the unique cabin acoustics of the CX-5. The Centerpoint® 2, SurroundStage® and AudioPilot® 2 sound processing technologies help produce deeper, more precise, audio. Mazda and Bose engineers applied their combined expertise in cabin analysis, listening evaluation and custom-tuned equalization to deliver a rich and immersive listening experience—like being in a private music studio.

¹ New 8-inch screen standard on CX-5 Grand Touring Reserve and CX-5 Signature only. Don't drive while distracted. Even with voice commands, only use Mazda Connect™/other devices when safe. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply. ² Apple CarPlay interface shown when operating iOS 13. Requires compatible phone and standard text and data rates apply. Third-party interface providers are solely responsible for their product functionality and third-party terms and privacy statements apply. Don't drive while distracted or while using a hand-held device. Android and Android Auto are trademarks of Google LLC. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc.

MAKE A SMARTER CONNECTION

Your inspiration. Your space. Your command station. This is the driver-centric cabin in the Mazda CX-5, where every control is situated within your reach, so you can stay focused on the road ahead. An intuitive instrument panel places gauges and displays within your line of sight to minimize distraction. The center console and Commander control are positioned for optimal comfort of the wrist and forearm. The Mazda Connect™ Infotainment System features a larger 8-inch full-color touch-screen display¹ available with Apple CarPlay™ integration² for your iPhone® (shown) and Android Auto™ integration². Communication between you and your vehicle becomes second nature—by design.

TO HEIGHTEN YOUR SENSES,
WE CREATED A FEW OF OUR OWN.

Sophisticated safety innovations that alert you to hazards and help you avoid collisions, or lessen their impact, is the ingenious thinking behind i-Activsense.[®] This intelligent suite of safety features includes Advanced Smart City Brake Support with Day and Night-time Pedestrian Detection¹, an available 360° View Monitor² and available Traffic Sign Recognition³ to help improve your visibility and awareness of the road. These subtle adjustments and alerts create a confident experience behind the wheel.

¹ Operates under certain conditions between about 2 and 50 mph. Pedestrian detection operates at speeds above approximately 6 mph. Not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic brake control and collision warning. Please see your Owner's Manual for further details. ² 360° View Monitor may not provide a comprehensive view of the entire surrounding area of this vehicle. Always check your surroundings visually. Please see your Owner's Manual for further details. ³ Traffic Sign Recognition System is not a substitute for safe and attentive driving. Factors including weather and condition of the traffic sign can impact recognition or display of the sign. Always check traffic signs visually while driving. Please see your Owner's Manual for further details.

OPEN TO INSPIRATION

Life is all about discovery. So we designed the CX-5 to help you bring all those discoveries home with you. With ample cargo room and an available Rear Power Liftgate¹, the CX-5's versatility makes it easier to bring everything from gear to groceries along for the ride.

¹ Always check the area around the Rear Power Liftgate before opening and closing it. Please see your Owner's Manual for further details.

MORE POWER. MORE EMPOWERMENT.

From the engine to the chassis to the transmission and beyond, we've designed every aspect of our vehicles to work in harmony with you through an approach we call Skyactiv® Technology. In the CX-5, the available Skyactiv®-G 2.5T Dynamic Pressure Turbo engine delivers up to 250 hp¹, while available steering-wheel-mounted paddle shifters give you the freedom to shift on your command. And we've increased torque up to 320 lb-ft¹, which you can feel through every turn and straightaway, particularly at low rpm. Enjoy immediate acceleration when and where you need it most.

Our seats are shaped to maintain an upright position for your spine and support its natural S-shape curve. The suspension considers the way the human body moves naturally and balances that to the car's movements for extraordinary handling and comfort. And with this holistic philosophy in mind, we designed every single aspect of our cars to be powerful, yet efficient.²

¹ 250 hp and 320 lb-ft of torque with 93 octane fuel. 227 hp and 310 lb-ft of torque with 87 octane fuel. ² Based on EPA estimates for Mazda CX-5 AWD with Skyactiv-G 2.5T engine 22 city/27 highway MPG. Actual results will vary.

CONFIDENCE WHEN YOU NEED IT MOST

With available predictive i-Activ AWD[®] the Mazda CX-5 helps you drive confidently in the snow and rain, and improves performance on dry roads too. This advanced technology helps to detect the potential loss of traction by sensing everything from outside temperature to windshield wiper usage and the driver's steering inputs, then redistributing torque as needed to the tires that can use it best. To help maintain road grip—and your sense of confidence. When the destination takes you off the beaten path, simply press the Off-road Traction Assist control button (when equipped). Engaging this feature will help optimize torque distribution and traction control to help you traverse uneven terrain.

No matter what kind of road you're traveling, G-Vectoring Control Plus is always working in the background, subtly adjusting engine torque and braking pressure to make steering response feel more natural, consistent and intuitive. The end result is more confidence behind the wheel, and a more effortless connection between car and driver.

BALANCING SILENCE AND SOUND

Is it possible for driving to be an energizing and awakening experience? At Mazda, we believe it is. The Mazda CX-5 is engineered to insulate you from distracting outside noise, while still allowing for sounds from the road and engine to be heard so your connection to the drive is heightened. Your levels of stress and fatigue are lowered. It's all about shielding you from all that is unnecessary, so you can focus on what will bring you joy: exceptional driving.

Every Mazda is designed to inspire.

We refine, so you can focus on the essential.

Our measurements are emotions. Our stats, stories.

Each decision is made to heighten your mood, your senses and your abilities.

Because to us, the road is a source of discovery, to which there is no end.

Apple CarPlay is a trademark of Apple Inc. ⁷ Advanced Smart City Brake Support with Pedestrian Detection operates under certain conditions between about 2 and 50 mph. Pedestrian detection operates at speeds above approximately 6 mph. Not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic brake control and collision warning. Please see your Owner's Manual for further details. ⁸ Smart Brake Support with Collision Warning operates under certain conditions above 10 mph. It is not a substitute for safe and attentive driving. There are limitations to the

range and detection of the system. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic brake control and collision warning. Please see your Owner's Manual for details. ⁹ Mazda Radar Cruise Control (MRCC) with Stop & Go is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Driver action is required to resume MRCC with Stop & Go after a complete stop. Please see your Owner's Manual for further details. ¹⁰ Lane Departure Warning System and Lane-keep Assist operate under certain driving conditions above 37 mph. Neither system is a substitute for safe and attentive driving. There are limitations to the range and detection of the systems. Please see your Owner's Manual for further details. ¹¹ Rearview camera does not provide a comprehensive view of the entire rear area of this vehicle. Always check your surroundings. ¹² Don't drive while distracted. Even with voice commands, only use Mazda Connect™/other devices when safe. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply. ¹³ Always wear your seat belt and secure children in the rear seats in appropriate child restraints. ¹⁴ Dynamic Stability Control (DSC) is an electronic system designed to help the driver maintain control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether DSC will be effective in preventing loss of control. Please see your Owner's Manual for further details. **PRODUCT CHANGES AND OPTIONS AVAILABILITY:** Following publication of this brochure, certain changes in standard equipment, options, prices and the like—or product delays—may have occurred which would not be included in these pages. Your Mazda Dealer is your best source for up-to-date information. Mazda reserves the right to change product specifications at any time without incurring obligations.

BEAUTIFULLY ACCESSORIZED

Mazda has created thoughtfully designed accessories that perform seamlessly with your Mazda CX-5.

From Roof Rails and Cross Bars (shown) to the Thule® Vertex Bike Hitch Carrier and Thule Force M

Cargo Box¹ (shown), all are crafted to the contours of your vehicle to enhance the design. Plus, when

installed by your Mazda Dealer, all Genuine Mazda Accessories carry the same New Vehicle Limited

Warranty² as your new Mazda. Wherever your journey takes you, we've designed our accessories to

not only work with you, but to compliment your style, too.
