YOU'VE NEVER OUTGROWN THE THRILL OF MOTION. 
NEITHER HAVE WE.
Flying down the straightaways, sailing through the curves, scenery flashing by, all the while your heart rate follows the climb of the tachometer. How is it that such a refined car can provide so many visceral rewards? You could start with the Miller cycle engine of the Millenia S, a unique V6 that produces 40 more horsepower than the standard Millenia engine, from fewer cubic inches. And with no fuel-economy penalty. It’s one more example of Mazda engineers having their priorities in the right place. Not to mention their emotions.

WHEREVER YOU SEE THE SYMBOL, YOU CAN GET THE WHOLE STORY ON OUR INTERACTIVE WEB SITE.
Even the quickest look makes it obvious that the Mazda Millenia is abundantly equipped. Yet that’s only the beginning. Start with the pure performance. Add the pleasures generated by its many luxury amenities, such as the available premium sound system with 9 Bose® speakers and controls mounted on the steering wheel. The surprise from the sleek black Optitron™ instrument panel that springs to illuminated life when you turn the key. The lasting satisfaction from the sense that this car was built just for you. The way the Mazda Millenia takes care of your passengers. Many tangible features. Infinite intangible rewards.
Whatever the driving situation, you can count on our engineers having been there first. Heavy traffic? With its advanced suspension system and responsive power, the Millenia is quick to act when called upon. Is the weather turning streets into skating rinks? The Mazda Millenia's anti-lock brakes and available electronic traction control are on hand to help keep you on your intended path. The body structure incorporates “crumple zones” to help absorb impact forces and direct them away from the cabin. And inside, you’ll find another long list of safety measures. There are all sorts of areas in car design where it’s okay, even encouraged, to take chances. But occupant safety? Never.
