GETTING THERE SHOULD BE MORE THAN HALF THE FUN.
You're out the door and into your Mazda Protegé. Where to? Doesn't matter. Because while not all destinations are created equal, in a Mazda Protegé, all drives are pure exuberance.
Bottom line, it really feels great to drive this car. In fact, you may find yourself spontaneously expressing your enthusiasm in lots of new ways. Like singing old favorites you hadn’t thought of in years. Changing lanes quickly just because, with 130 hp, you can. Inviting your friends along even when you really don’t have anywhere to go. (Trust us, you pick the right roads and they won’t mind a bit.) Turning. Even stopping. Mazda Protegé brings back the thrill of letting go and soaring. Only, without the hard landing at the end.
You've still got three more CDs to play, lots of gas, your best friends all together and the road stretching out in front of you. And you're in a Mazda Protege ES, sunlight streaming in through the available power moonroof. Everyone's nice and comfortable, backseat people included. The way the seat fits you and the controls fall so readily to hand, you feel as if the car's designer somehow knew you personally. When it comes to shortcuts, our engineers sure didn't take any. You won't want to either.
If you could take a look beneath the stylish skin of the Mazda Protegé, you’d see exactly why it feels so solid and stable on the road. You’d see a computer-designed structure with “crumple zones” front and rear, to help protect the cabin from impact forces. “Triple H” construction that adds steel reinforcement at key points to help create a “safety cage.” Available ABS. Passive restraints inside. You’d see that we make occupant safety a high priority. So you can relax behind the wheel.

And smile.

We want your every drive in the Mazda Protegé to be just as exhilarating as your first. That’s why we engineered our unique and comprehensive Mazda Driver’s Assurance Plan just as thoroughly as we designed the car. With it, you’ll have the deep level of confidence that comes with a total level of care.

The Three Parts Of Our Plan:
Under our Plan, your time and peace of mind come first. Starting the moment you take the key, your new Mazda Protegé is covered by our 36-month/50,000-mile “bumper-to-bumper” limited warranty. While the car is under warranty, you’re automatically enrolled in our 24-hour Emergency Roadside Assistance program. It’s designed to get you going and minimize any inconvenience if the unexpected happens while you’re on the road. And if your Mazda Protegé is in for a warranty repair, the Mazda Service Transportation Solution can typically make sure you have another vehicle to drive.

These are just the basics of the Mazda Driver’s Assurance Plan. For complete details, see your Mazda Dealer, or log on to MazdaUSA.com.
2002 MAZDA PROTEgé
