A QUICK REMINDER OF WHAT THE "S" IN SUV STANDS FOR.

AVAILABLE 201-HP V6 ENGINE   4-WHEEL INDEPENDENT SUSPENSION   PRECISE Rack-AND-PinION STEERING   SOLID UNIBODY CONSTRUCTION   UP TO 74 CU. FT. OF CARGO SPACE*   AVAILABLE ON-DEMAND 4-WHEEL DRIVE

*Cargo is subject to weight and distribution restrictions.
In a category cluttered with the overweight, underpowered and less-than-agile, Mazda Tribute delivers the unexpected. An SUV with the soul of a sports car. Note the spirited performance of its available 201-hp, 3.0-liter V6 and electronically controlled 4-speed automatic transmission. The precision of its highly responsive rack-and-pinion steering. And the crisp handling of its fully independent suspension system. The bar for SUVs has been raised. Big time. And as you slice through city traffic, hustle down a highway or up a mountain road in your Mazda Tribute, you’ll quickly appreciate just how much.
EXPAND YOUR CAPACITY TO ENJOY THE TRIP.

The Mazda Tribute’s extra cargo space and capacity for fun have a way of growing on you. Because when you fold its rear seatback forward, Mazda Tribute rolls out a generous 74.4 cubic feet of cargo space—plus a conveniently flat load floor. Perfect for everything from outdoor gear, sports equipment and pets to bikes and building supplies. Access is a snap, too, because the rear liftgate window opens separately—allowing the Tribute to accommodate even 4x8 sheets of plywood. To top it all off, literally and figuratively, a sturdy roof rack with adjustable crossbars is standard on all Tributes. Add the available Tow Package, which includes a trailer wiring harness, and your V6-powered Mazda Tribute can tow up to 3,500 pounds. Down the road, you’ll also enjoy the extra peace of mind that the 2004 Mazda Driver’s Assurance Plan delivers. A more liberating approach to vehicle ownership, it includes a generous 48-month/50,000-mile “bumper-to-bumper” limited warranty, 24/7 Emergency Roadside Assistance, plus the Mazda Service Transportation Solution that can typically provide you with another vehicle to drive should your new Mazda require a warranty repair. After all, we want your new Mazda Tribute to be a source of pride and exhilaration for years to come.

SPLIT PERSONALITY. Both the Mazda Tribute ES-V6 and LX-V6 feature a versatile 60/40 split rear seatback. Also standard on the ES-V6 and available on the LX-V6, is a handy, retractable cargo area cover for whenever you want to keep your cargo out of sight.

1: Cargo is subject to weight and distribution restrictions. 2: The amount and placement of cargo can significantly affect vehicle handling. Roof-rack payload limited to 100 pounds. See owner’s manual for more information. 3: See dealer for details.
ENJOY A COCKPIT THAT DELIVERS 360 DEGREES OF EXHILARATION.

True to its sports-car heritage, the Mazda Tribute’s cockpit promotes driver input in a host of precise and practical ways—while also delivering impressive levels of convenience and comfort. The driver’s seat is firmly supportive. All essential controls are within easy reach. Large, easy-to-read gauges minimize driver distraction. A tilt steering wheel and CFC-free air conditioning are standard—as are power windows, outside mirrors and door locks. A 100-watt, 4-speaker AM/FM/CD audio system delivers exquisite sound.

In fact, everywhere you look you’ll see an interior that’s in touch with your active lifestyle.

*Always wear your safety belt and secure children in the rear seat.

SAFETY IN NUMBERS. Mazda Tribute’s built-in safety features include 2nd-generation dual front air bags and 3-point safety belts for all outboard seating positions. For added protection, front side-impact air bags are standard on the ES-V6 and available on the LX-V6.

OVER AND ABOVE. A convenient overhead storage console in the Mazda Tribute ES-V6 provides the ideal place for sunglasses. This thoughtful feature is also available on the LX-V6.

HOLD EVERYTHING. The center console’s dual cup holders are removable and reusable. Both the ES-V6 and LX-V6 models also provide a covered storage tray with a built-in armrest. The DX model’s console features an open storage tray. Even rear-seat passengers get their own cup holders.
THE INSIDE TRACK ON WHAT MAKES TRIBUTE SO EXHILARATING.
Mazda Tribute is the ideal SUV for those who can’t imagine themselves driving the typical SUV. Its lean, handsomely chiseled styling, standard front-wheel drive, available 201-hp V6, and refined road manners deliver true exhilaration—at a stoplight or at highway speed. Its compelling blend of style, versatility and sportiness is complemented by an array of safety features including Mazda’s “Triple H” steel reinforcements in key areas of the roof, floor and body structure. Plus integral “crumple zones” to help absorb impact energy. An advanced Anti-lock Brake System (ABS) with Electronic Brakeforce Distribution (EBD) is standard on the ES-V6 and available on the LX-V6. When needed, Mazda Tribute’s available on-demand 4-wheel-drive system with advanced Rotary Blade Coupling (RBC) technology delivers power “as required” to the rear wheels. It also includes a lockable center differential for extreme conditions.

ENGAGED TO BE MORE THAN JUST A FAIR-WEATHER FRIEND.

Four seasons. If your world includes mud, ice and snow, you’ll be glad to know that Mazda Tribute is available with an automatic on-demand 4-wheel-drive system, featuring advanced Rotary Blade Coupling (RBC) technology that delivers power “as required” to the rear wheels. It also includes a lockable center differential for extreme conditions. For more information on Mazda’s 4-wheel drive system, visit www.kbb.com.
