MAZDA FOR 2005.
ONE SOUL.
ONE FEELING.
ONE QUESTION.
HOW DO YOU WANT YOUR ZOOM-ZOOM?
It starts with a feeling. One that children instinctively know, and grown-ups want to recapture. It calls to mind words like exhilaration, liberation, and joy. But we like the way children put it better: “Zoom-Zoom.” It’s what moves us to build the kind of vehicles we do. And why you’ll find the soul of a sports car engineered into everything we make—including the remarkable Mazda Tribute, the SUV with the soul of a sports car.™
A. **KEEN SENSE OF DIRECTION.** For confidence-inspiring control and handling, Mazda Tribute is equipped with a speed-sensing rack-and-pinion steering system, 4-wheel independent suspension, plus an Anti-lock Brake System (ABS).

B. **FOUR TIMES TWO.** An electronic 4-wheel drive (4WD) system, featuring Active Torque Control Coupling (ATCC) technology, is available on both Tribute i and s models for improved traction and control.

Whether you’re slicing through rush-hour traffic, striding down a steep mountain road or slipping into a tight parking space, the Mazda Tribute is a joy to drive. Because unlike its often oversized, underpowered and awkward-handling competition, Mazda Tribute is a responsive performer with crisp, agile handling. And with available features like a 200-hp V6, 4-speed automatic transmission, and Electronic Brake-force Distribution (EBB), you’ll discover it’s as capable as it is fun.
A potent 200-hp, 3.0-liter 24-valve V6, coupled with an electronically controlled 4-speed automatic transmission, is standard on the Tribute. A responsive yet fuel-efficient 153-hp, 2.3-liter 16-valve 4-cylinder, mated to a 5-speed manual gearbox is standard in the Tribute i.

To automatically adjust to changing conditions, so even if the road or weather ends, the fun won’t.

Tribute’s 4WD system uses advanced active torque control coupling (ATCC) technology with electronic sensors to distribute torque to the wheels that need it most. This provides enhanced traction, stability and safety. For enhanced traction, stability and safety, choose the available electronic 4-wheel drive (4WD) system that automatically directs just the right amount of torque to wherever it’s needed. Or tow up to 3,500 pounds with your V6-powered Mazda Tribute, simply by adding the available Tow Package—which includes a frame-mounted Class II hitch. Raising the bar, cargo-wise, a versatile roof rack* with adjustable crossbars is standard, while a handy cargo basket (with stretch net) is available.

*The amount and placement of cargo can significantly affect vehicle handling. Roof-rack payload limited to 100 pounds. See owner’s manual for more information. Tribute shown with available Tow Package.

Amazing agility on asphalt and a sporty exterior aren’t all the Mazda Tribute has to offer. Add an inspiring option or two and you’ve got an all-weather, all-performance vehicle that plays as hard as it works. For enhanced traction, stability and safety, choose the available electronic 4-wheel drive (4WD) system that automatically directs just the right amount of torque to wherever it’s needed. Or tow up to 3,500 pounds with your V6-powered Mazda Tribute, simply by adding the available Tow Package—which includes a frame-mounted Class II hitch. Raising the bar, cargo-wise, a versatile roof rack* with adjustable crossbars is standard, while a handy cargo basket (with stretch net) is available.

*The amount and placement of cargo can significantly affect vehicle handling. Roof-rack payload limited to 100 pounds. See owner’s manual for more information. Tribute shown with available Tow Package.
Quality materials and thoughtful details grace the Tribute's entire cabin. From richly embossed, leather-trimmed seats and heated front seats, available on the Tribute, to standard features like the sporty floor console, silver-trimmed gauges and dual-12 volt outlets, all of your senses will register their approval.
The Mazda Tribute’s driver-centric cockpit doesn’t just invite your input. It rewards it. With large gauges and intelligently placed controls that minimize driver distraction. A sporty center console that puts the shifter, storage compartments and cup holders within easy reach. Plus a host of convenient features controlled by your comfort and convenience, including a tilt steering wheel and air conditioning. Power windows, outside mirrors and door locks. Even a 100-watt AM/FM/CD stereo. For more fun down the road, consider the available in-dash 6-disc CD changer, SIRIUS Satellite Radio® accessory kit or Rear-Seat Entertainment System with DVD player.

A. COMFORT & CONVENIENCE. All three Tribute options provide overhead storage console for sunglasses, a 6-way power adjustable driver’s seat, 6-disc CD changer and more. Б. TRUSTY SIDEKICK. The standard multifunction floor console serves up storage for up to 17 CD cases, a built-in coin holder, plus dual cup holders in front and pair of automobile key holders in back.

* SIRIUS Satellite Radio reception requires a subscription and Mazda satellite radio receiver accessory kit. Available only in the U.S., except Alaska and Hawaii.

B. A.
Whether you're headed across town, or across the country, the Mazda Tribute's 66.8 cubic feet of cargo space* will expand your capacity to enjoy the trip. Simply fold the Tribute's rear seatbacks forward and you've quickly created a totally flat load floor. One that's eager to swallow everything, from your packages and luggage to sports and outdoor gear. And thanks to Tribute's high rear liftgate clearance and low cargo-area threshold, loading and unloading cargo is a safe and simple task.

A. NO PRYING EYES
A retractable cargo cover is available to protect your valuable cargo from prying eyes. When unneeded, it rolls up like a windowshade.

B. SAFETY POINTS
Three-point safety belts and adjustable headrests for all 5 seating positions are standard—as are advanced 2-stage front air bags † with belt-use, passenger-weight and driver's seat-position sensors. Side-impact air curtains (with coverage for front and rear seats) and front seat side-impact air bags † are available on the Tribute.

*Cargo and load capacity limited by weight and distribution. Please remember to properly secure all cargo.

†Always wear your safety belt and secure children in the rear seat.
WHEREVER YOU SEE THIS SYMBOL, YOU CAN GET THE WHOLE STORY ON OUR INTERACTIVE WEB SITE.

Always wear your safety belt and secure children in the rear seat.

INTERIOR FEATURES
- Dual front 12-volt power outlets
- 1-touch-down feature
- 60/40 split fold-down rear seat with reinforced seatback
- Adjustable headrests for all seating positions
- Reclining front bucket seats
- Weight and driver’s seat-position sensors

Exterior Side Mirrors
- Compass & outside temperature auto-dimming mirror
- Cargo tray
- Side step tubes
- Door edge guards, color-keyed

CFC-free air conditioning; rear window defogger with timer
