2009 MAZDA TRIBUTE
Rugged. Versatile. Economical. (Three out of three ain’t bad.) These days, you’ve got to do the math so everything adds up in your favor. And the bottom line on the 2009 Mazda Tribute is this: Broad-shouldered good looks. Versatile packaging. Proven durability. And budget-minded fuel economy. Plus a little something we like to call Zoom-Zoom. Tribute’s got the goods to handle virtually any task, from daily commutes to weekend adventures, and makes it look easy. And thanks to two new-for-2009 engines—a 2.5L 171-hp 4-cylinder and a 3.0L 240-hp V6—with state-of-the-art features like intake Variable Cam Timing (iVCT) and Electronic Throttle Control (ETC), and an advanced 6-speed automatic transmission, it’s remarkably fuel-efficient to boot. What’s more, Tribute’s 4-wheel independent suspension, dual stabilizer bars, speed-sensing variable-assist power steering, Anti-lock Brake System (ABS), and available 4-wheel drive with Active Torque Control Coupling make it the ideal accomplice in your pursuit of driving fun. So for those who feel forced to choose between performance and practicality, between versatility and efficiency, a word of advice: Don’t. Presenting the 2009 Mazda Tribute.

The 2009 Tribute’s comprehensive list of standard safety features includes: Advanced dual front air bags, Front side-impact air bags, Side-impact air curtains,帘式侧气帘, Front door side impact protection. Driver-side blind-spot monitoring, Blind-spot Detection (ISW), Driver-side Rearview Camera (SVC), Rearview Camera System (RVC). Here’s a list of key safety features:

- Auto door lock/unlock
- LATCH rear-seat child-safety-seat anchors
- Roll Stability Control (RSC)
- Dynamic Stability Control (DSC)
- Traction Control System (TCS)
- Anti-lock Brake System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Tire-Pressure Monitoring System (TPMS)
- For added versatility, plus the capability to tow up to 3,500 lb, an optional Towing Package featuring a frame-mounted Class III trailer receiver hitch is available on all 2009 Tribute models.

* 5-speed manual transmission standard on Tribute Sport FWD. † Always wear your seat belt and secure children in the rear seats in appropriate child restraints. ‡ Not available on Tribute Sport models equipped with manual transmission. § Dynamic Stability Control is not a substitute for safe driving practices.
Even without cargo, it's loaded. When you first step into a 2009 Tribute, be prepared for something refreshing, if all too rare: the feeling that this is one car company that actually gets it. No surprise, really. After all, Mazda Tributes have been redefining the whole value-comfort-versatility equation for years. Inside the latest edition, you'll find a sharp, contemporary, driver-first cockpit whose displays and controls are positioned for optimum functionality. Better yet, many of those controls operate very impressive standard features, including a SIRIUS Satellite Radio®-ready* AM/FM/CD stereo with an auxiliary-audio input jack. Air conditioning. Power windows, door locks and dual side mirrors. A tilt steering wheel. Cruise control.‡ A 6-disc CD changer. Heated front seats and a hands-free overhead storage console. A leather-wrapped steering wheel with audio controls, power mirrors, and a 60/40 split fold-down rear seatback. And on Grand Touring models, primo appointments like leather-trimmed seats, SIRIUS Satellite Radio®, heated side mirrors, and a one-touch power sliding-glass moonroof.

Add in five-passenger room and a multitasking personality, and it's obvious that this is one compact SUV designed to let you do just about anything—except compromise.
