Johnny Mac Soldiers Fund helps to honor military service and sacrifice by providing scholarships to veterans and military family members, particularly the children of our nation’s fallen and disabled. Since 2014, Johnny Mac has awarded over $7.5 million in scholarships to more than 1,000 students. To learn more, visit johnnymac.org

A nationwide network of youth sports programs, Laureus Sport for Good USA is focused on improving the health, education, employment and social cohesion of youth in underserved communities. Since 2012, Laureus USA has helped nearly half a million young people in 150 cities, and has supported the training of more than 8,000 coaches who serve as mentors in their communities. To learn more, visit laureususa.com

The rewards of striving to be the best are even more meaningful in the development of our youth than they are in automobiles. That’s why Mercedes-Benz USA is committed to educating and empowering the next generation of diverse leaders. To help equip them with the tools for success, MBUSA partners with two national organizations that invest in the futures of young people in communities across the country. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of youth a better life today, and all of us a brighter tomorrow. Learn more about how Mercedes-Benz USA gives back at MBUSA.com/community

GLS

It’s said that good things come in threes. Like when three generations of your family gather around the dinner table. Or when a holiday makes a weekend 50% longer—and 150% better because you spent it at the ski slopes. The three 2019 GLS SUVs all offer more than their share of good things, from the practical to the indulgent—and move you with a trio of biturbo powerplants. But it’s how they share their wealth of benefits that turns goodness into greatness. Their three rows of seating are all easy to enter, spacious to sit in, and thanks to standard AIRMATIC® suspension, rewarding to ride in. Their versatile 4MATIC® all-wheel drive can get you going even if three wheels slip in winter, and keep handling crisp and composed in the other three seasons. And when you care as much about safety as spaciousness and style, the GLS delivers them all in abundance—three reasons why you trust the grandest member of Mercedes-Benz SUV family to carry your own.

GLS 450 SUV   GLS 550 SUV   AMG GLS 63 SUV

IT’S NOT HOW MUCH AN SUV HOLDS, BUT WHAT IT UPHOLDS. BEFORE YOU PUT CARGO INTO IT—ESPECIALLY YOUR MOST PRECIOUS CARGO—YOU PUT YOUR TRUST IN IT.

BEYOND ITS ABUNDANT SPACE AND AMPLE POWER, THE TRUE MEASURE OF THE 7-PASSENGER GLS IS HOW FAR IT’LL GO TO KEEP YOU FEELING SOOTHED, STIMULATED AND SECURE.

CAPACITY TO SPARE starts with inviting, spacious comfort in all three seating rows. The power liftgate reveals room for up to 93.8 cubic feet of cargo with the rear rows folded. Biturbo engines output the torque to tow up to 7,500 lbs\(^1\) or take onramps with confidence.

CAPABILITY TO SATISFY starts with finely crafted appointments and extends the luxury to all three rows. Hand-finished wood, heated front seats and a 115-volt power outlet are standard. And from massaging front seats to WiFi\(^3\), there’s more available for all aboard.

THE DEVELOPMENT OF THE GLS TOOK IT TO SOME OF THE HARDEST PLACES ON EARTH. ALL TO MAKE IT A HAVEN OF REFINEMENT AND DRIVING ENJOYMENT.

An OFF-ROAD PACKAGE further expands the DYNAMIC SELECT drive modes for even more situations, and adds a graphic display of vehicle orientation and operating status.  

Self-leveling, fully independent AIRMATIC® suspension takes on heavy loads and curvy roads with grace. Unlike many large SUVs, it’s chassis is not based on a pickup truck.

HIGHLIGHTS

- 4MATIC® permanent all-wheel drive
- Paddle-shifted 9-speed (GLS 450/ GLS 550) or AMG SPEEDSHIFT® 7-speed (GLS 63) transmission
- 4-wheel AIRMATIC air suspension, with multimode adaptive damping* and ACTIVE CURVE SYSTEM*
- DYNAMIC SELECT drive modes with Comfort, Sport, Slippery, Off-road, and Individual driving programs
- ACTIVE CURVE SYSTEM* electro-hydraulically activated antiroll bars

*Optional or not available on some models. Please see back of brochure.
FROM RIGID STANDARDS COME SUPPLE COMFORT AND FLEXIBLE SPACE. A LEGACY OF QUALITY IS EVIDENT FROM EVERY SURFACE YOU TOUCH TO THE AIR YOU BREATHE.

Generations of CRAFTSMANSHIP come to life in how the cabin is tailored, and the way it endures over years of enjoyment. From the durably soft MB-Tex to exquisite designo Nappa leather, GLS upholstery is hand-fitted.

EASY-ENTRY to the third row is facilitated from either side, with power activation an even easier option. The 60/40 second-row seats also recline and can be heated. Front seats can offer ventilation and a massage.

HIGHLIGHTS
- Heated, ventilated* and massaging* front seats; heated 2nd-row seats*
- 60/40-split folding/reclining 2nd-row seats with EASY-ENTRY*
- 50/50 power-folding 3rd-row seats
- Dual-zone (or 3-zone*) climate control with dust/pollen/activated charcoal filtration; cabin-air ionizer*
- Soft-close doors*, heated and cooled front cupholders*
- Heated or wood/leather steering wheel*
- A choice of gloss or matte woods, aluminum, carbon fiber, and black piano lacquer cabin trims*

*Optional or not available on some models. Please see back of brochure.
FOR GENERATIONS, MERCEDES-BENZ HAS LOOKED OUT FOR YOUR FUTURE WITH AN EVER-ADVANCING NETWORK OF INDUSTRY-LEADING SAFETY SYSTEMS.

Standard RADAR AND CAMERA systems keep a virtual eye on the road ahead, and help you back up more safely. Radar-based Active Brake Assist can alert you if you’re closing in too quickly on a vehicle ahead, and even initiate braking if you don’t react.6

An available package of ADVANCED DRIVER ASSISTS helps you negotiate city streets, highway traffic (stop-and-go and curves included), blind spots, tight parking spaces, and more. It can also help prepare for a rear impact before it happens.7

HIGHLIGHTS
- Radar-based Active Brake Assist
- Rearview camera8
- Driver assistance suite* including Active Distance Assist DISTRONIC®, Active Steering Assist, Active Brake Assist with Cross-Traffic Function, PRE-SAFE® PLUS rear collision preparation, and Active Blind Spot11 and Lane Keeping12 Assists
- Active Parking Assist*13
- Surround View System**

WHETHER KEEPING YOU CONNECTED OR HELPING YOU GET AWAY FROM IT ALL, CONTROL IS AT YOUR FINGERTIPS, OR AS CLOSE AS YOUR VOICE.

An intuitive click-turn controller on the console and 7" SCREEN with animated menus make it easy to access audio and comfort settings. Available COMAND® navigation upsizes the screen to 8" and adds a touchpad controller plus voice control.

From standard HD Radio® stations and Bluetooth® audio streaming, to available nationwide SiriusXM Radio® and global TuneIn Radio, they’re all brought to life by either of two options in surround sound: harman/kardon® or Bang & Olufsen® BeoSound.™

HIGHLIGHTS
- Central controller with 7" display, or COMAND® with 8" display and touchpad controller*
- Apple CarPlay™ and Android Auto™
- harman/kardon LOGIC7® or Bang & Olufsen® surround sound®
- Active LED headlamps with Adaptive Highbeam Assist*
- MAGIC VISION CONTROL® heated wiper/washer system*

*Optional or not available on some models. Please see features and endnotes at back of brochure.
CAREFULLY CURATED OPTIONS
LET YOU CREATE A GLS THAT IS EVEN MORE THOUGHTFUL, BOUNTIFUL AND BEAUTIFUL.

While the GLS models range from well-equipped to lavishly outfitted in standard form, an array of options helps you satisfy your own needs, desires and tastes. The most popular options are grouped into easy-order packages—some shown here—that let you select entire suites of systems, collections of conveniences, or exclusive editions to suit your wishes in a single step.

Package contents and standard equipment vary by model. See page 25 for full list of options and packages.

PACKAGES
Beneath the glistening chrome that drapes most large luxury SUVs lurks the underpinnings of a pickup truck. Not the GLS. With the heart, body and soul of a Mercedes-Benz, it’s engineered to shine on other surfaces: slippery streets, winding mountain roads, even crowded urban avenues. A rigid, aerodynamically refined unibody enhances handling precision, riding comfort, and occupant safety. Its muscular lines, subtle chrome accents, and sizable wheels—from 19” to 21”—express the confidence you’ll feel from behind the wheel. Yet while its commanding view and spacious luxury let you live large, a GLS doesn’t drive large. Its sure-footed agility is evidence of its dual lineage—SUVs that have conquered rugged terrain, and sedans whose poised performance can stimulate drivers and soothe passengers on the same journey. And it offers first-class amenities to passengers in all three of its seating rows, from a choice of sunroof sizes to a choice of surround-sound options. It’s not just a full-size SUV. It’s a more fulfilling SUV.

Inside and out, LED ILLUMINATION is available to help sharpen or soothe your senses. Active LED headlamps can adapt to curving roads and approaching traffic. Multicolor ambient lighting offers three hues to suit—or set—a mood in the cabin.

The PREMIUM PACKAGE enriches the GLS450 with COMAND® navigation, SiriusXM Radio,15 harman/kardon® sound, Apple CarPlay® and Android Auto,17 Blind Spot and Lane Keeping Assists, front passenger-seat memory, KEYLESS-GO®, and more. It’s all standard on the GLS550.

Standard SAFETY INNOVATIONS keep a watchful eye in many ways. Radar helps you avoid frontal collisions. Sensors can help counteract crosswinds, stabilize a trailer, or sense a drowsy driver. There are even curtain air bags for all three rows.
AMG HARDWARE and software team up in its 15.4” 6-piston front brakes, multimode air suspension and ACTIVE CURVE SYSTEM. With expansive space, exquisite luxuries and extensive driver conveniences standard, there are a few ways to make it even more exclusive— from 22” wheels and red brake calipers to an audiophile-quality Bang & Olufsen® sound system.18

Getting a new Mercedes-Benz may be a dream come true. But from the vehicle and its features to the company and its people, Mercedes-Benz aims to make every experience special—now, and for many miles down the road.

Mercedes Me Connect

More than a smartphone with remote vehicle controls, Mercedes Me connect helps make your life easier, from the everyday to an emergency, and countless ways in between. To learn more, visit MBUSA.com/mercedesme

Genuine Accessories

Genuine Mercedes-Benz Accessories let you personalize your vehicle beyond its factory equipment. A range of items let you enhance its convenience, versatility, or appearance—all without compromising its legendary quality, safety, or style.

The Value of the Difference

The Star on the front of your Mercedes-Benz is also a symbol of the treatment you can expect when you’re part of the family. It starts at your Mercedes-Benz dealer, where your sales and service teams are equipped to take the best care of your vehicle, and eager to take the best care of you. But you’re part of a much bigger world of Mercedes-Benz, too—from special events, offers and partnerships, to exclusive perks for AMG owners like an online “touge” and the AMG Driving Academy.

Endnotes

* See note or not available on some models. See Packages and Options listings in this brochure or visit MBUSA.com for more information.
1 Road Operator’s Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.
2 Lower-aspect-ratio tires and accompanying wheels provide substantially increased treadwear, increased noise and reduced ride comfort. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or on un-paved road details or debris. Tires are not designed for use on snow or ice. New tires are recommended for driving in adverse conditions.
3 In Mercedes me connect, vehicles operate only within limits of GPS satellite availability, electronic service coverage, and the performance of GPS satellite coverage. See dealer for details.
4 Systems are included at no additional charge with new-vehicle sales and leases at an authorized Mercedes-Benz dealer. Models with COMAND ® Navigation also include 1 year of Traffic Information Service, and 3 years of uVO® voice control services. Under subscription is required for services to be active. Service is only available on select vehicles. Your FFS is required to use certain services. Connection may be limited into cellular data-like and other factors. Features may be limited and updated at any time, including after vehicle purchase, and may require a vehicle software update. See service team for details.
5 Depending on model, environmental and road surface conditions, driving style, elevation and vehicle load. Systems are included at no additional charge with new-vehicle sales and leases at an authorized Mercedes-Benz dealer. Mercedes me connect services are included on all additional charge with new-vehicle sales and leases at an authorized Mercedes-Benz dealer. Models with COMAND ® Navigation also include 1 year of Traffic Information Service, and 3 years of uVO ® voice control services. Under subscription is required for services to be active. Service is only available on select vehicles. Your FFS is required to use certain services. Connection may be limited into cellular data-like and other factors. Features may be limited and updated at any time, including after vehicle purchase, and may require a vehicle software update. See service team for details.
6 Even the most advanced safety systems may not be sufficient to avoid an accident. Please refer to your operator’s manual or a systems overview in this brochure, or MBUSA.com, to relate vehicle to Operator’s Manual. Some systems may be optional.
7 System cannot prevent a collision and does not adapt cruising speed in response to stationary objects, nor does it recognize or predict the curvature and/or lane layout of the road or every clearly identified, nor does it recognize or predict the curvature and/or lane layout of the road or every suddenly moving objects or pedestrians, may not react in certain situations where objects cannot be clearly identified, nor does it recognize or predict the curvature and/or lane layout of the road or every suddenly moving objects or pedestrians, may not react in certain situations where objects cannot be
8 Rearview camera and Surround View System do not audibly notify driver of nearby objects and are not designed to prevent collisions with stationary objects, nor with a stationary object and do not attempt to alert the driver of an impending collision or system failure. When the system warns of a potential collision, a small
9 The system is also designed to assist drivers by warning them when the vehicle begins to drift from its lane. The driver is responsible for bringing the vehicle back into the lane and maintaining control of the vehicle. Failure to follow the system’s audio cues while driving and only consult the map or visual displays once the vehicle
10 Some services may be limited or restricted in some areas.
11 1GB download limit applies. To use in vehicle, and eager to take the best care of you. But you’re part of a much bigger world of Mercedes-Benz, too—from special events, offers and partnerships, to exclusive perks for AMG owners like an online “touge” and the AMG Driving Academy.

EASE OF SERVICE

Your Mercedes-Benz dealer makes it easy to keep your vehicle at its peak of performance. Thanks to Mercedes me assist1 so does your car. It can alert your dealer when maintenance is due, send diagnostic info, and even have its software updated over the air.

Roadside Assistance

The original manufacturer provided Roadside Assistance Program just is a phone call or in-car button’s push away, 24/7, to anyone driving your Mercedes-Benz. From a jump start to a tow to expert attention even before they arrive, the original still puts you first.22

Setup for Easy Transition

If you’re setting up an AMG performance vehicle and need a minimum of 400 lb-ft of torque for the performance features to function properly, you can access Siri® or Google voice recognition software for voice commands.

Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be

Emission: At the heart of your Mercedes-Benz is the emission system, which is designed to keep your vehicle running smoothly and to ensure that your vehicle’s pollutants are controlled. To do this, your vehicle is equipped with a catalytic converter, which converts harmful emissions into less harmful ones, and a three-way catalytic converter, which helps to reduce nitrogen oxides, HC (hydrocarbons), and CO (carbon monoxide). The catalytic converter is located in the exhaust system and is typically located at the front of the vehicle.

To the driver’s responsibility at the steering wheel.

Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an authorized Mercedes-Benz dealer or another provider, depending on your eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance program.

The system’s audio cues while driving and should only consult the map or visual displays once the vehicle

Emission: At the heart of your Mercedes-Benz is the emission system, which is designed to keep your vehicle running smoothly and to ensure that your vehicle’s pollutants are controlled. To do this, your vehicle is equipped with a catalytic converter, which converts harmful emissions into less harmful ones, and a three-way catalytic converter, which helps to reduce nitrogen oxides, HC (hydrocarbons), and CO (carbon monoxide). The catalytic converter is located in the exhaust system and is typically located at the front of the vehicle.

To the driver’s responsibility at the steering wheel.

Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an authorized Mercedes-Benz dealer or another provider, depending on your eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance program.
