The rewards of striving to be the best are even more meaningful in the development of our youth than they are in automobiles. That’s why Mercedes-Benz USA is committed to educating and empowering the next generation of diverse leaders. To help equip them with the tools for success, MBUSA partners with two national organizations that invest in the futures of young people in communities across the country. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of youth a better life today, and all of us a brighter tomorrow. Learn more about how Mercedes-Benz USA gives back at MBUSA.com/community.

A nationwide network of youth sports programs, Laureus Sport for Good USA is focused on improving the health, education, employment and social cohesion of youth in underserved communities. Since 2012, Laureus USA has helped nearly half a million young people in 150 cities, and has supported the training of more than 8,000 coaches who serve as mentors in their communities. To learn more, visit laureususa.com

Johnny Mac Soldiers Fund helps to honor military service and sacrifice by providing scholarships to veterans and military family members, particularly the children of our nation’s fallen and disabled. Since 2014, Johnny Mac has awarded over $7.5 million in scholarships to more than 1,000 students. To learn more, visit johnnymac.org

FEW CARS HAVE EVER HELD SUCH A PLACE IN RACING HISTORY—AND IN YOUR RACING HEART—AS THE MERCEDES-BENZ SL. MAYBE IT’S THE WAY IT HAS OF WINNING BOTH.

It was born as a racecar. It inherited a legacy that began under history’s first checkered flag, and thrust it forward with breakthroughs that would shape the future of all automobiles, like the first fuel injection. It set motorsports records that have never been broken. It became a coupe, then a roadster, and then an elegant mix of both. It’s been a movie star, a trendsetter, an innovator, and an icon. From its engineering to its craftsmanship to how it feels on the open road, it’s both the distillation and dispenser of immeasurable passion: It’s the way its twin turbos feel from its twin sport seats. The sensation of open sky, even with its see-through hardtop raised. And the notion that between that sky and the winding road below, there’s only you and your SL. More than anything, each of the three 2019 SL models remains an exemplar of advancement, and an object of undeniable desire. If you’ve dreamed of driving one all your life, why deny yourself any longer?

ITS LIGHTWEIGHT ALUMINUM BODY BALANCES RIGIDITY WITH AGILITY. BALANCING MODERN LUXURY AND SAFETY WITH CLASSIC ROADSTER FREEDOM REVEALS ITS SOUL.

LIGHTENED construction teams with biturbo power and semi-active or fully active suspension setups to slash 0–60 times and carve through corners. Highly refined aerodynamics and ideal sports-car proportions slice through the air while cutting a dashing figure.

ENLIGHTENED luxury melds high-tech with human nature. Features operate with intuitive logic. Climate control and audio adapt intelligently to conditions. Even the hand-fitted leather upholstery is treated to fend off the sun’s rays, to elevate comfort and endure in style.

MADE FRESH
DIRECT FUEL INJECTION AND ADAPTIVE BRAKES ARE JUST TWO DRIVING ADVANCEMENTS THE SL PIONEERED. COMING IN FIRST COMES QUITE NATURALLY TO AN SL.

BITURBO ENGINES boost power, torque and efficiency. Their Direct Injection and rapid-multispark ignition can fine-tune on the fly, optimizing combustion as it’s happening.

DYNAMIC SELECT varies the suspension, gear changes, exhaust note and more with one button. Drive programs include Comfort, Sport, and a make-your-own Individual mode.

**HIGHLIGHTS**
- Biturbo V6, V8 or AMG V8 power
- Paddle-shifted 9-speed (SL 450/SL 550) or AMG SPEEDSHIFT® 7-speed (SL 63) transmission
- Semi-active suspension, or Active Body Control (ABC) with CURVE function* (SL 450/SL 550)
- AMG Performance Suspension based on ABC (SL 63)
- DYNAMIC SELECT drive modes
- Torque Vectoring Brake or ESP® Curve Dynamic Assist

*Optional or not available on some models. Please see back of brochure.
LUXURY

DRIVEN ALFRESCO OR TOP-UP, AN SL HAS A WAY OF TRANSCENDING TIME. IT CAN STRETCH THE SEASONS, AND MAKE IT FEEL LIKE YOU CAN TOUCH THE SKY.

The power PANORAMA ROOF can retract in 20 seconds, at speeds up to 25 mph. Top-up, you can still take in the sun or stars through its glass panel. A mesh sunshade or electronic MAGIC SKY CONTROL* can block the rays.

Heated seats also offer cooling ventilation,* while AIRSCARF® can turn a chilly evening into the perfect weather for a top-down drive. Upholstery options include supple designo Nappa leather in any of eight color schemes.

HIGHLIGHTS

Heated, ventilated* and massaging* seats; AIRSCARF® neck-level heating*

Power seats with memory

Dual-zone climate control with dust/pollen/activated charcoal filtration and intelligent sensors for sun, humidity, soft-top position and more

Power mesh windblocker

Wood/leather or flat-bottom AMG® Nappa/DINAMICA steering wheel*

A choice of cabin trim in gloss or matte wood, aluminum, carbon fiber, designo bamboo, or designo piano lacquer in black or white*

KEYLESS-GO® hands-free power trunk lid, and soft-close doors*

* Optional or not available on some models.
Please see back of brochure.
ON THE RACETRACK OR THE ROAD, THE SL HAS LONG SET THE PACE FOR SPORTS-CAR SAFETY. IT PAIRS INSIGHT WITH INNOVATION, FORESIGHT WITH FORTITUDE.

Standard Radar and Camera systems keep a virtual eye on the road ahead, and help you back up more safely. Radar-based Active Brake Assist can alert you if you’re closing in too quickly on a vehicle ahead, and even initiate braking if you don’t react.1

Advanced Driver Assists help you negotiate city streets, highway traffic (stop-and-go and curves included), blind spots, tight parking spots and more. Other systems can activate features to help prepare for a rear impact or help protect you in a rollover.2

HIGHLIGHTS

Radar-based Active Brake Assist
Pop-up roll bars
Rearview camera3
Driver assistance suite* including Active Distance Assist DISTRONIC®, Active Steering Assist, Active Brake Assist with Cross-Traffic Function, PRE-SAFE® PLUS rear collision preparation, and Active Blind Spot and Lane Keeping® Assists
Hands-free Active Parking Assist**

WHETHER KEEPING YOU CONNECTED OR HELPING YOU GET AWAY FROM IT ALL, CONTROL IS AT YOUR FINGERTIPS, OR AS CLOSE AS YOUR VOICE.

An intuitive click-turn controller on the console and 7" Screen with animated menus make it easy to access audio and comfort settings. COMAND® navigation, Apple CarPlay® and Android Auto* each offer their own interfaces and voice control.

From standard HD Radio stations and Bluetooth® audio streaming, to nationwide SiriusXM Radio and available global TuneIn Radio, they’re brought to life by a choice of surround-sound systems: harman/kardon® or available Bang & Olufsen® BeoSound.™

HIGHLIGHTS

Radar-based Active Brake Assist
Pop-up roll bars
Rearview camera6
Driver assistance suite* including Active Distance Assist DISTRONIC®, Active Steering Assist, Active Brake Assist with Cross-Traffic Function, PRE-SAFE® PLUS rear collision preparation, and Active Blind Spot and Lane Keeping® Assists
Hands-free Active Parking Assist**

Optional or not available on some models. Please see features and endnotes at back of brochure.
CAREFULLY CURATED OPTIONS LET YOU CREATE AN SL TO ANTICIPATE YOUR NEEDS AND INDULGE YOUR DESIRES.

While the SL roadsters range from well-equipped to lavishly outfitted in standard form, an array of options helps you satisfy your own needs, desires and tastes. The most popular options are grouped into easy-order packages—some shown here—that let you select entire suites of systems, collections of conveniences, or styling setups to suit your wishes in a single step.

Package contents and standard equipment vary by model. See page 25 for full list of options and packages.

PREMIUM PACKAGE

Ventilated, massaging seats with AIRSCARF® neck-level heating
KEYLESS-GO® with HANDS-FREE ACCESS power trunklid

DRIVER ASSISTANCE PACKAGE

Active Distance Assist DISTRONIC® and Active Steering Assist
Active Brake Assist with Cross-Traffic Function
PRE-SAFE PLUS® rear-collision prep
Active Blind Spot Assist and Active Lane Keeping Assist

PACKAGES
Can a luxury car also be a true sports car? That’s like asking if a racecar can also focus on safety.

Ever since it set simultaneous records for speed and endurance in the 1955 Mille Miglia, the SL has been proving that dueling challenges can be met with its unique mix of grit and grace. Every 2019 SL is both a sleek coupe and a wide-open roadster. Its biturbo engine—a 362-hp V6 in the SL 450, and a 449-hp V8 in the SL 550—combines torque-rich response with modern efficiency. Its paddle-shifted 9-speed is quick to respond yet relaxes on the highway for comfortable cruising.

Its rigid yet lightweight aluminum body structure enhances acceleration, occupant protection, and even the rich bass of its surround sound systems. Its cockpit is artful even where it’s most functional, from the dashtop analog clock to an electronic gear selector sculpted from aluminum and leather. And while its muscular yet sleek design stands out in a crowd, it sneaks through the wind. An SL is engineered not just brilliantly, but beautifully.

**ITS HARDTOP VANISHES WITH ACROBATIC GRACE.**
**IT HANDLES CURVES WITH TAUT MUSCLE. AN SL’S ATHLETIC ACHIEVEMENTS ARE A PERFECT MATCH FOR ITS AESTHETIC ONES.**
SOME SPORTS CARS CLAIM A RACING LEGACY. AN AMG SL CAN CLAIM TWO — STARTING AT THE FIRST RACE AND STILL RUSHING INTO THE FUTURE.

Each 577-HP AMG BITURBO V8 is handcrafted by its own master engine builder. An AMG SPEEDSHIFT® MCT 7-speed and limited-slip differential precisely send up to 664 lb-ft of torque to its 19" or 20" rear wheels.²

AMG HARDWARE and software team up in its 15.4", 6-piston front brakes, fully active suspension, and AMG DYNAMIC SELECT with an added RACE mode.³ Beyond its exquisite and exclusive appointments, you can add racing-bred options like Ceramic Composite brakes,⁴ a 2-stage suspension, and a carbon fiber engine cover, plus high-performance audio from Bang & Olufsen.⁵

THOROUGHBRED WITH A PAIR OF PEDIGREES

**THE VALUE OF THE DIFFERENCE**

Getting a new Mercedes-Benz may be a dream come true. But from the vehicle and its features to the company and its people, Mercedes-Benz aims to make every experience special—now, and for many miles down the road.

**MERCEDES ME CONNECT**

More than a smartphone app with remote vehicle controls, Mercedes me connect helps make your life easier, from the everyday to an emergency, and countless ways in between.

**GENUINE ACCESSORIES**

Genuine Mercedes-Benz Accessories let you personalize your vehicle beyond its factory equipment. A range of items let you enhance its convenience, versatility, or appearance—all without compromising its legendary quality, style, or safety.

**THE PERKS BEHIND THE STAR**

The Star on the front of your Mercedes-Benz is also a symbol of the treatment you can expect when you’re part of the family. It starts at your Mercedes-Benz dealer, where your sales and service teams are equipped to take the best care of your vehicle, and eager to take the best care of you. But you’re part of a much bigger world of Mercedes-Benz, too—from special events, offers and partnerships, to exclusive perks for AMG owners like an online “lounge” and the AMG Driving Academy.

**ENDNOTES**

* See a list of available or optional on some models. See Packages and Options listings in this brochure or visit MBUSA.com for more information.

1 Lower-aspect-ratio tires and accompanying wheels provide substantially increased treadwear, increased rim noise and reduced ride comfort. Serious wheel and tire damage may occur if the vehicle is driven for extended periods of time on roads not designed for use with new tires. New tires meant to improve vehicle load carrying and does not comply the brand if the driver is not the responsible. The driver is responsible for checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

2 Rearview camera does not audibly notify driver of nearby objects and is not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

3 Mercedes me connect can be connected to your smartphone, but it is not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

4 System cannot prevent a collision, and does not alert the driver of an impending collision or system activation. It does not intervene if vehicle is backing up. It does not apply the brakes if the driver is not the responsible. The driver is responsible for checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

5 The collision system is designed to enhance the level of crash protection conveyed by an impact and may also require a vehicle software update.

6 Rearview camera does not audibly notify driver of nearby objects and is not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

7 Active Distance Assist DISTRONIC® cruise control is not a substitute for active driving involvement. It does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and movement of vehicles and pedestrians ahead. It must not be used as a substitute for driver awareness and checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

8 Active Distronic Assist® the system does not intervene if vehicle is backing up, and does not apply the brakes if the driver is not the responsible. The driver is responsible for checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

9 System does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and movement of vehicles and pedestrians ahead. It must not be used as a substitute for driver awareness and checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

10 Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® and Lane Keeping Assist systems provide assistance, but do not mitigate the risk of accidents. It is the driver’s responsibility at all times to be attentive to road and traffic conditions, and to provide the steering, braking and other driving inputs necessary to maintain control of the vehicle. Drivers are cautioned not to wait for the system’s alerts before braking, as that may not afford sufficient time and distance to brake safely. See Owner’s Manual for system operating speeds and additional information and warnings.

11 Parking assistance systems are not substitutions for driver attention to the immediate surroundings, as well as any animals, pedestrians or non-moving objects near the vehicle’s turning range. System cannot determine if a space is legally available or a wanted safety surface. See Owner’s Manual for additional information, tips and warnings.

12 While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should always be prepared to take control of the vehicle at any time. The driver is responsible for checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of objects, or view or view in the camera. Please always wear your seat belt.

13 Apple CarPlay™ is a product of Apple Inc. Android Auto is a product of Google Inc. Device and app functionality may vary. For more details, visit MBUSA.com/mercedesme.

14 Features are not for use on public roads where people, animals or obstacles may be within range of the vehicle. Additional terms and conditions apply. See Owner’s Manual for additional information and warnings.

15 Mercedes me connect includes 1 year of European Service, and 3 years of 24/7 Call Centers, Roadside Assistance and Satellite Radio service. Additional terms and conditions apply. See MBUSA.com/mercedesme for more information.

16 EASE OF SERVICE

Your Mercedes-Benz dealer makes it easy to keep your vehicle at its peak of performance. Thanks to Mercedes me assist, so does your car. It can alert your dealer when maintenance is due, send diagnostic info, and even have its software updated over the air.

17 Roadside Assistance original manufacturer provided Roadside Assistance Program is just a phone call or in-car button’s push away, 24/7, to anyone driving your Mercedes-Benz. From a jump to start a tow to expert attention even before they arrive, the original still puts you first.²⁹

18 Equipment of a much bigger world of Mercedes-Benz, too—from special events, offers and partnerships, to exclusive perks for AMG owners like an online “lounge” and the AMG Driving Academy.

19 Your Mercedes-Benz dealer makes it easy to keep your vehicle at its peak of performance. Thanks to Mercedes me assist, so does your car. It can alert your dealer when maintenance is due, send diagnostic info, and even have its software updated over the air.
