10 YEARS OF CONFIDENCE

We stand behind what we build. Period.

Our vehicles are backed with a 10-year/100,000-mile Powertrain Limited Warranty, a 5-year/60,000-mile fully transferable New Vehicle Limited Warranty, a 7-year/100,000-mile Anti-Corrosion/Perforation Limited Warranty and 5-year/Unlimited Miles Roadside Assistance.

Like our cars, we intend to serve you well for many years to come with some of the most comprehensive warranties in the industry.

(7) All coverage terms are from the original in-service dates and are applicable only to the original owner of new, retailed models purchased from an authorized Mitsubishi dealer. Subsequent owners receive the balance of the New Vehicle Limited Warranty of 5 years/60,000 miles. See retailer for limited warranty and roadside assistance terms and conditions. (8) Forward Collision Mitigation, Lane Departure Warning and Auto High Beam are now standard on SE, SEL, and SEL Touring package.
SMALL BATCH. BIG DEAL.

By thinking small, we came up big with the 2020 Mitsubishi Eclipse Cross.

Attention to detail. Precision engineering. Versatility and value. These are all the qualities you will find in the 2020 Mitsubishi Eclipse Cross. We combined a meticulously crafted interior with outstanding performance and award-winning safety features to bring you a crossover vehicle that is a pleasure to drive. And even though it may be smaller in size, there's plenty of interior space.

Mitsubishi's Advanced Safety Features are now standard, including Forward Collision Mitigation, Blind Spot Warning, Rear Cross Traffic Alert and Lane Departure Warning.

For more grip on the road, 2WD with Active Yaw Control (AYC) is now standard across all models. For those who adventure on all terrains, the Super All-Wheel Control (S-AWC) offers exceptional stability and handling at the push of a button.

MITSUBISHI CONNECT offers real-time vehicle updates, remote services and an array of safety and emergency services. MITSUBISHI CONNECT is available with a two-year trial subscription in the SE and SEL models.

We didn't build the 2020 Eclipse Cross for everyone. We built it just for you.
CHOOSE YOUR ADVENTURE

DESIGN
The Eclipse Cross effortlessly combines striking design with advanced technology. Inspired by an athlete crouched in a starting position, its vibrant and defiant styling stands out in any crowd, while its innovative features put the latest tech right at your fingertips — literally.

STYLE
Every detail of the 2020 Eclipse Cross is crafted for confidence-inspiring driving. The exterior’s sharp, sculpted lines give it a strong stance. Dynamic design that captivates is the Mitsubishi standard.

COLOR

- Bronze Metallic
- Pearl White
- Tarmac Black Metallic
- Red Diamond
- Mercury Gray Metallic
- Alloy Silver Metallic
- Octane Blue Metallic
The Eclipse Cross offers a wide range of trim levels, styles, options, packages and accessories with many standard features like a 7” Touchscreen with Bluetooth® and a 1.5L direct-injection turbo engine. So, while choosing the Eclipse Cross is easy, picking the trim level might be difficult. We think small but we give you a big choice.

(4) The Forward Collision Mitigation (FCM)/Pedestrian Detection (PD) system and the Forward Collision Mitigation with High-Speed Braking Capability (FCM-HSB) system are driver aids only and are not substitutes for safe and careful driving. Under certain circumstances, the systems may not detect other vehicles and/or pedestrians correctly. (5) The Blind Spot Warning (BSW) system, Lane Change Assist (LCA) system, and Rear Cross Traffic Alert (RCTA) system are driver aids only and are not substitutes for safe and careful driving. Under certain circumstances, the systems may not detect other vehicles correctly. (6) The Lane Departure Warning (LDW) system is designed to read the lane marks under certain conditions. It is not a collision avoidance system and is not a substitute for safe and careful driving.

PERFORMANCE

SUPER ALL-WHEEL CONTROL
Count on a stimulating drive on city streets and off the beaten path with available Super All-Wheel Control (S-AWC). Mitsubishi’s advanced four-wheel control system helps to ensure stable and responsive handling for all types of roads and driving conditions. Through rain, snow and gravel, S-AWC has improved traction for wherever your travels lead you.

1.5L DIRECT-INJECTION TURBO ENGINE
The 1.5L direct-injection turbo engine offers an impressive 184lb–ft of torque, giving you that “off the line” feeling. Coupled with the standard CVT (Continuously Variable Transmission) with 8-speed Sport Mode, the Eclipse Cross boasts responsive and quick acceleration.

Google, Android, Android Auto and other marks are trademarks of Google LLC.
SAFETY

FORWARD COLLISION MITIGATION
The Forward Collision Mitigation (FCM) system and Forward Collision Mitigation with High-Speed Braking Capability (FCM-HSB) system determine if a frontal collision with a vehicle or pedestrian is imminent. If so, they warn the driver with audible and visual signals, and automatically apply moderate to emergency braking to prevent or reduce the severity of the collision.4

BLIND SPOT WARNING AND LANE CHANGE ASSIST
Together, the Blind Spot Warning (BSW) and Lane Change Assist (LCA) systems alert you when a vehicle is in or approaching your blind spot. When a vehicle is traveling in the detection areas, a warning light will illuminate in the corresponding side mirror. If your turn signal is on, the warning light on the corresponding mirror will blink and the system will beep three times to alert you that it is unsafe to change lanes.5

LANE DEPARTURE WARNING
The Lane Departure Warning (LDW) system uses an onboard camera to monitor lane position in front of the vehicle and alert the driver audibly and visually if it detects the vehicle leaving its lane unintentionally.6

REAR CROSS TRAFFIC ALERT
The Rear Cross Traffic Alert (RCTA) system detects a vehicle approaching from either side while you’re backing up. The warning lights on both side mirrors will blink, a buzzer will sound to alert you, and a warning message will appear on the information screen.5
TECHNOLOGY

MITSUBISHI CONNECT

MITSUBISHI CONNECT is a group of innovative services for your driving safety and convenience. Available with a two-year trial subscription in SE and SEL models, Safeguard Services and Remote Services can be accessed through on-board buttons, the MITSUBISHI CONNECT app, GoogleHome and Amazon Alexa.

Safeguard Services enable you to get the help you need as soon as possible. Those services include emergency assistance through the SOS button in the overhead console and an immediate call from a customer care advisor in the event of a detected collision. Remote Services allow you to monitor and control your car easily with the smartphone app. Pre-warm or cool the vehicle, turn headlights on/off, unlock/lock doors and more — from wherever you are.

SMARTPHONE-LINK DISPLAY AUDIO SYSTEM

The available 7-inch HD Smartphone-link Display Audio system is compatible with Apple CarPlay™ and Android Auto™. CarPlay® is the smarter, safer way to use your iPhone® to access Apple Music® and Maps, send messages, and make calls with Siri® or the car’s touchscreen. Android Auto™ delivers safety and convenience with larger touch targets, a simplified interface and Google Assistant to minimize distractions so you can stay focused on the road.2,3
