We are Mitsubishi. We build quality cars. Yet we also offer something more. Because while a car should answer your needs, it should also stir your emotions. Like it or not, cars are a window through which the world views us. Through that window we can appear dull and lifeless—sensible to the point of boring. Or we can show the world that our hearts beat strong, and our minds are quick. Mitsubishi takes pride in building cars that ignite the vital spark which often lies sleeping just beneath the surface in each of us. Cars that challenge us to wake up and drive.

For over forty years, we've put thoughtful engineering to the test on the international rally circuit. In addition to the obvious thrill of winning, competing against our peers helps us develop and refine new ideas. Ideas that find their way into all our vehicles. Ideas that look good sitting in your driveway. mitsubishicars.com/heritage

A car is like a really nice suit. If you're only going to own one, you'd better make sure it looks damn good. It has to be slick enough for the clubs and sharp enough for the workplace. And if that sounds impossible, you'd be right. No suit can do that much. There is, however, a car that can. The 2003 Mitsubishi Galant.
As you can probably tell from the photos, we're mighty proud of how this vehicle looks. Just check out that profile. A museum-quality exhibition of European styling mixed with a hint of Hollywood spy thriller. Check out the way the alloy wheels accent the distinctive back end. The way the color-keyed bumpers blend almost seamlessly with the bodyside panels. How the tinted solar control glass cradles the remote sideview mirror. And that's only one side of the Galant. Just imagine the other three.

mitsubishicars.com/styling

STYLING

Not all features standard on every Galant model. See specifications for details on optional equipment and accessories.
PERFORMANCE

Just as amazing as how the Galant looks is how it sounds. Especially with a 3.0-liter, 195-hp V6 engine purring under the hood and a premium stereo pounding inside the dashboard. The semi-direct electronic ignition system will ensure that you hear a nice growl every time you turn the key. Bumps, thumps, and rattle are practically gone, however, thanks to the Galant's front and rear independent suspension. But if you think you're the only one listening, check out the driver-adaptive shift control. It learns your acceleration habits, then shifts gears to accommodate your driving style. Proving that the '03 Galant not only gets attention, it actually gives a little too.

mitsubishicars.com/performance
You should always keep your eyes on the road. A pretty tall order, considering the Galant’s lush interior. The high-luminance instrument cluster begs to be glanced at every few seconds. And the lighted driver’s side vanity mirror will leave you yearning for longer stoplights. If you do happen to get caught at a freight-train marathon, you’ll have plenty of switches to fiddle with, including standard air conditioning, power windows and door locks. Or you could just spend your time soaking up rays from the one-touch power sunroof. And with a 210W, 7-speaker audio system and dual 12-volt accessory outlets, you may forget that you’re even in a car. That is, until you notice the honking from the people behind you.
When you think of lounging, do you think of satin smoking jackets, funny hats with tassels, and velvety chaise lounges? Neither do we. For us, it's all about kicking back on a leather-trimmed seat in track pants and a tank top. Or picking up four of your friends for a few late-night hoagies. Or adjusting your driver's seat 12 different ways without dislocating your wrist in the process. Or even listening to music on a 210-watt Infinity® Premium audio system seconds after you bought the CD. For us, lounging means enjoying yourself without trying too hard. And sitting in a Galant is about as easy as it gets.

Not all features standard on every Galant model. See specifications for details on optional equipment and accessories.
SECURITY

As much as we hate the thought of anything tarnishing the outside of this lovely machine, we realize, as you do, that preserving what’s on the inside is what matters most. So it may interest you to know about the Galant’s innovative Refined Impact Safety Evolution (RISE) chassis. It makes for an extremely rigid unibody, consisting of front and rear crumple zones, side-impact door beams, floor crossmembers, and high-rigidity side sills. Simply put, it’s an incredibly tough nut to crack. And when you factor in the Galant’s available driver and front passenger side air bags* you’ll feel safe no matter what part of town you’re driving through.

The Galant’s engineers realize, however, that the best safety feature is one that never has to be used. That’s why the Galant comes with rack-and-pinion steering, a fully independent suspension, available traction control, and 4-wheel anti-lock disc brakes. And if you think all this maneuverability will make it hard to keep a child’s seat secure in the Galant, the LATCH system will have you thinking again. The fact is, every inch of the Galant has been designed to help keep you, your mate, and anything else the family tree drops on you, safely driving for a long, long time.

mikubishicars.com/security

It’s easy to need a sedan, but what does it take to want one? This was the question foremost on the minds at Mitsubishi. The answer? Runway-model looks and a blue-collar work ethic. The design to handle life’s responsibilities, and the horsepower to run from them. A car that lives fast and drives young. Simply put, the 2003 Galant. Are you in?

*Always place an infant in a rear-facing infant seat in the rear seat. Always transport children 1 to 12 years old in the rear seat and use appropriate child restraints. Always buckle your safety belt. Keep SB distances behind the lead car and keep steering well with both hands on the wheel and grasp without leaning against the window or door.
**PREMIUM LEATHER PACKAGE**
- Stainless steel exhaust system
- Air conditioning
- Power windows + driver's side auto-down
- Power door locks
- Power-assisted brake
- Adaptive shift control (when equipped with auto transmission)
- Rear window defroster
- Adjustable steering column
- Auto-off headlights
- Unibody construction

**SUN AND SOUND PACKAGE**
- 230W Infinity® CD audio + 7 speakers
- One-touch power sunroof
- Alloy wheels

ACCESSORIES
When it comes to the 2003 Galant, nearly every inch to your taste. And that brings us to the big changes: the Mitsubishi Genuine Accessories. We've added to the list of exterior and interior pieces that may be installed, but covered under Mitsubishi Motors’s 3-year/36,000 mile Limited Warranty. And you may also see the desire to add extras, like your monthly payment. So we've simplified installing, powered by fast, online purchase and a custom online mask. Accumulate your desired accessories into a new order that may be readily available at a dealer. So whether you opt for a few Mitsubishi Genuine Accessories, or quite a few, you'll only pay the difference. Installing on site is an additional option.

mitsubishicars.com/accessories

kamikaze bugs and pebbles with a custom nose mask. Accentuate your beautiful backside with a new rear spoiler. Keep that perm looking fabulous with a sunroof wind protector. Or even introduce your drum solo to the 2003 Galant, now it’s time to leave your mark. And what better way to do it than with Mitsubishi Genuine Accessories. When you add them at the time of purchase, they’ll not only be installed, but covered under Mitsubishi Motors’ 3yr/36,000-mile Limited Warranty. And you may even be able to add extras, like your monthly payment. So we've simplified installing, powered by fast, online purchase and a custom online mask. Accumulate your desired accessories into a new order that may be readily available at a dealer.
