**SAFETY & SECURITY**

- Three-point seat belts for all seating positions
- Airbags are part of a Supplemental Restraint System (SRS). To decrease the risk of injury from a deploying airbag, always wear your seat belt, sit upright in the middle of the seat, and do not lean against the door. Always place children 12 and under in the rear seat of the vehicle. For more information, please contact your local dealer or refer to your vehicle's owner's manual.
- Honda Sensing®: A suite of advanced driver-assistance technologies that includes Smart-Cruise Control (ACC), Forward Collision Warning (FCW), Road Departure Mitigation (RDM), Lane Keeping Assist (LKA), and Traffic Sign Recognition (TSR) to help improve safety and reduce the risk of accidents. For more information, please contact your local dealer or refer to your vehicle's owner's manual.
- Honda LaneWatch®: A camera-equipped side mirror that allows the driver to see blind spots and potential objects in the road before changing lanes. For more information, please contact your local dealer or refer to your vehicle's owner's manual.
- Remote Keyless Entry with Panic Feature
- FAST-Key Passive Entry System with Push Button Start and Panic Feature
- Rearview Camera
- Voice Recognition
- Bluetooth
- 7.0 in. Touch-panel Display Audio System with 4 Speakers
- Android Auto
- 6.5 in. Smartphone Link Display Audio (SDA) System, Apple CarPlay
- Passenger Sun Visor with Driver's Side Vanity Mirror, Lid and Ticket Holder
- Chrome Accented HVAC Panel

**INTERIOR FEATURES (CONT.)**

- Interiors are offered on ES, SE, and GT models only.
- Protection Package available on ES, SE, and GT.
- Cargo Package available on ES, SE, and GT.
- Exterior Package available on ES, SE, and GT.
- Interior Package available on ES, SE, and GT.
- Design Package available on ES, SE, and GT.
- ROCKFORD FOSGATE® Audio System available on ES, SE, and GT.
- Headlight Chrome Garnish
- LED DRLs with Garnish
- Front & Rear Mudguards
- Exhaust Finisher
- LED Illumination Package available on ES, SE, and GT.
- Color-Keyed Body Side Molding
- Front and Rear Park Assist Sensors
- Armrest Console
- Front and Rear Assist Grips
- Cargo Mat
- Manual and instructions provided with your child restraint for additional information.

**ADDITIONAL FACTORY PACKAGES**

- Automatic High-Beam Headlights
- LED Headlights
- LED Taillights
- LED Footwell Lights
- Center Console Lighting (Blue)
- Floor Illumination (Blue)
- Headlight Chrome Garnish
- LED DRLs with Garnish
- Front & Rear Mudguards
- Exhaust Finisher
- LED Illumination Package available on ES, SE, and GT.
- Color-Keyed Body Side Molding
- Front and Rear Park Assist Sensors
- Armrest Console
- Front and Rear Assist Grips
- Cargo Mat
- Manual and instructions provided with your child restraint for additional information.

**CHROME ACCENTED FEATURES**

- Automatic High-Beam Headlights
- LED Headlights
- LED Taillights
- LED Footwell Lights
- Center Console Lighting (Blue)
- Floor Illumination (Blue)
- Headlight Chrome Garnish
- LED DRLs with Garnish
- Front & Rear Mudguards
- Exhaust Finisher
- LED Illumination Package available on ES, SE, and GT.
- Color-Keyed Body Side Molding
- Front and Rear Park Assist Sensors
- Armrest Console
- Front and Rear Assist Grips
- Cargo Mat
- Manual and instructions provided with your child restraint for additional information.
For 100 years, Mitsubishi has been a pioneer in the automotive industry, incorporating visionary design with technology ahead of its time. Our drivers are more than just car enthusiasts — they share our conspicuously bold imagination and have the confidence to adhere to their convictions and follow their own paths in life. The Mirage and its more robust sibling the Mirage G4 sedan are two subcompact models that embody the adventure our drivers seek out. Not just kindred spirits — they both offer the top fuel-efficiency ratings in their respective classes, so even the most remote road trip destinations are within reach. Inside, you’ll find the kind of high-tech features you want when you’re checking places off your bucket list. And in keeping with our century-long legacy of offering affordably priced vehicles — while being backed by one of the industry’s leading powertrain warranties — they’re two of the best values on the market today. The Mirage and Mirage G4 — two seriously big ideas.
THE 2018 MIRAGE G4

The Mirage G4 is a subcompact, four-door sedan designed for free-spirited, eco-conscious drivers. Offering both the best fuel economy in its class and CO2 emissions rating, it not only saves you at the pump but also does its part to keep the world green. The Mirage G4 is available with such amenities as Smartphone Link Display Audio, and with room to comfortably seat five, the Mirage G4 is as ready for fun as you are.

WWW.MITSUBISHICARS.COM

Mirage G4 SE in Wine Red
Mirage G4 SE in Starlight Silver

A pragmatic marriage of technology and tactility, the Mirage G4 has features that include standard steering wheel audio and Bluetooth® technology switches, ergonomically designed driver controls, a rear seat center armrest with two cup holders and — new in 2018 — a standard trunk pass through and a lower rear armrest. You’ll appreciate its many subtle details, such as the high gloss black trim elements throughout the interior and the available 15-inch dark chrome alloy wheels.

Room for More than Just Friends
While it may be a subcompact car, the 2018 Mirage G4 has ample interior space for five adults. In fact, you and your friends will enjoy a full 138.1 cubic feet of interior space. Best of the four doors are going out of focus, you’ll also find plenty of room in the trunk for all your luggage.

Impressive Legroom
The Mirage G4 doesn’t just accommodate five adults, it class in which class-leading total legroom as well as the often overlooked category, rear seat legroom.

Auto Dimming Rearview Mirror
With Homelink®
Mirage G4 offers an available innovative rearview mirror that helps ease eye strain by dimming automatically when headlamp glare is detected. Its Homelink® system allows you to activate certain home features such as lights, garage doors or gates, and security systems from the comfort of your vehicle.

Class-leading Curb Weight
Weighing in at a tidy 2,372 lbs., the Mirage G4 ES CVT is barely hundreds of pounds lighter than all other vehicles in its class. That significant weight advantage is in no small part thanks the class in fuel efficiency.

Mirage G4 Design
THE 2018 MIRAGE

IT’s true, the 2018 Mirage was engineered to be efficient, but above all, it was designed to be fun and nimble. Its subcompact size and class-leading turning radius make it ideally suited for exploring the bustling city.

You’ll drive in style with available 15 in. two-tone alloy wheels. And at such an affordable price and class-leading mileage rating, the Mirage makes it easy — and practical — to take your fun out onto the open road.
Inside and out, the 2018 Mirage offers bold and energetic styling. Its slighly curved front end and LED taillights make a sharp impression from any angle. But it’s not all about appearances. Inside, there’s up to 47.0 cubic feet of cargo space, ample room to accommodate your friends and all of your stuff. And with eight expressive exterior colors to choose from, Mirage’s playful intentions are easy to see.

**STANDARD LED TAILLIGHTS**

Standard equipment for 2018, Mirage’s LED taillights not only look sharp, they also light up faster, are more visible both day and night, and they last longer than their conventional counterparts, to guide you through any adventure.

**AVAILABLE HID HEADLIGHTS**

Mirage’s available High-Intensity Discharge headlights produce more illumination per unit of electrical power than conventional lamps because a greater proportion of their output is in the visible light spectrum, rather than the infrared light spectrum. Brighter lights mean endless night drives.

**60/40-SPLIT FOLDING REAR SEAT**

Mirage’s folding rear seat helps you take full advantage of its interior space, allowing you to carry large or oddly shaped items in the back. Items like, say, a mountain bike or a Great Dane.

**AVAILABLE ALLOY WHEELS**

Also for 2018 are distinctive 14 and 15 in. alloy wheels. With their taller profile, the 15 in. wheels allow for a shorter tire sidewall, which can help minimize side-to-side flex when turning corners. And sporting a sharp two-tone finish, they also excel at turning heads.
Who says an affordable subcompact car can’t offer hospitable appointments? Certainly not our engineers. With an impressive list of high-tech features, both the Mirage G4 and Mirage offer remarkable value at a very appealing price point.

SMARTPHONE LINK DISPLAY AUDIO
With all the communication and entertainment options offered by our smartphones these days, we can sometimes get distracted while driving. Our available Smartphone Link Display Audio allows you to maintain control behind the wheel while enjoying your smartphone’s convenience features in your car. This advanced feature supports Apple CarPlay™ and lets you access Apple Maps™, music, make phone calls, and send messages all through the touchscreen, or with your voice using Siri®. The system also supports Android Auto™. Simply press the Push To Talk button to connect to Google and access all the most commonly used features on the Android™ platform, such as Google Play™ Music, Google Maps™, and Hangouts™.

USB CONNECTIVITY
If you’re like most, you appreciate the right driving soundtrack when you hit the highway. A standard USB port located in the center console lets you plug in your smartphone, iPod® or other compatible MP3 device and enjoy access to your library of road trip tunes.

FAST-KEY SYSTEM
An available FAST-Key (Frehand Advanced Security Transmitter) feature lets you not only unlock the front door with the keys in your pocket or purse, but also start the engine with the push of a button.
From high-tech features like available hands-free capability to convenient touches like the FAST-Key, the Mirage G4 and Mirage are some of the most thoughtfully equipped vehicles in their respective classes.

**AUTOMATIC CLIMATE CONTROL**

This available feature helps keep the cabin comfy by automatically monitoring the temperature and fan speed, as well as the air source.

**BLUETOOTH™ TECHNOLOGY**

To help you concentrate on the road ahead, standard Bluetooth® wireless technology allows you to play music from your Bluetooth®-enabled phone, iPod® or other MP3 player and USB devices.13

**PUSH BUTTON START**

Operating in conjunction with the available FAST-Key system, this convenient feature allows you to start the engine with the keys tucked safely in your pocket or purse.
The Mirage and Mirage G4 enter the 2018 field of subcompact cars with admirably high marks for eco-friendliness. With their combination of high-efficiency powertrains, lightweight bodies, and streamlined shapes, the Mirage and Mirage G4 are able to achieve both the best fuel economy ratings in their classes, as well as the best CO₂ emissions ratings.1,2

CONTINUOUSLY VARIABLE TRANSMISSION

Offering both improved performance and enhanced fuel economy, our Continuously Variable Transmission (CVT) is one of the smoothest drivetrains ever developed. It operates on a pulley system, allowing infinite variability between the highest and lowest ratios. Instead of shifting gears, it adapts to changing vehicle speeds and helps keep the engine operating efficiently.

1.2-LITER ENGINE

A 1.2-liter, 3-cylinder DOHC engine delivers a balanced 78 horsepower and 74 lb.-ft. of torque. Coupled with either an easy-shifting 5-speed manual transmission or an available CVT, this compact powerplant provides smooth and efficient power.

MITSUBISHI INNOVATIVE VALVE TIMING ELECTRONIC CONTROL

The latest generation of Mitsubishi Innovative Valve-Timing Electronic Control (MIVEC) is an advanced variable valve timing system that helps maximize fuel efficiency while reducing engine pumping and exhaust emissions.

TIRE PRESSURE MONITORING SYSTEM

Maintaining proper tire pressure is not only important for safe driving, but also helps your vehicle achieve its best fuel efficiency. The Tire Pressure Monitoring System (TPMS) evaluates the pressure of each tire and issues a warning if the level becomes critically low.
Mirage GT in Starlight Silver

MIRAGE G4 | MIRAGE

ECOLOGY

Enjoy hybrid performance without the hybrid price. By reducing vehicle weight and optimizing aerodynamics, our engineers have succeeded in decreasing moving resistance and enhancing fuel efficiency, without having to employ expensive hybrid components. In fact, the 2018 Mirage G4 achieves a combined mileage rating of 37 mpg. The Mirage and the Mirage G4 are the two most fuel-efficient non-hybrid cars in America with combined mileage ratings of 39 and 37 mpg. What’s more, their CO₂ emissions ratings lead their classes, as well.

FROM POINT A TO B IN A BREEZE

Don’t let a blustery thing like wind slow you down. With the help of computer-aided design software, our designers are able to optimize aerodynamic shapes, so that they cut easily through the atmosphere. In fact, at our wind tunnel test facility, Mirage achieved a 0.28 drag coefficient, which helps you get from one adventure to the next, effortlessly.

ELECTRIC POWER STEERING

Electric Power Steering not only ensures predictable steering, but also improves your gas mileage. Without the burden of a belt-driven hydraulic pump, the engine runs more efficiently. Whether you’re parking or traveling at freeway speed, the system offers an agreeable steering experience.

STANDARD REAR SPOILER

Sure, Mirage’s rear spoiler looks cool, but it also genuinely enhances aerodynamic performance by reducing air turbulence behind the vehicle.

STREET SMARTS

To help provide you with driving data at a glance, the Mirage family offers an available semi-high contrast meter cluster with chrome accents.
Your well-being is always top of mind for our engineers. That’s why the Mirage G4 and Mirage are so big on safety. We believe the unexpected should never catch you unprepared.

**REINFORCED IMPACT SAFETY**

**EVOLUTION BODY**

Engineered for superior protection in the event of a collision, our vehicle bodies employ Reinforced Impact Safety Evolution (RISE) engineering and combine energy absorbing front and rear structures with a super-rigid occupant cell, along with nothing righ ting the doors and energy absorbing materials in the side pillars and roof rails.

**STANDARD REARVIEW CAMERA**

The standard rearview camera lets you view the area directly behind your vehicle on the audio screen display so you won’t back into any surprises.

**ACTIVE STABILITY CONTROL AND TRACTION CONTROL**

Active Stability Control (ASC) with Traction Control Logic (TCL) helps drivers maintain control in adverse driving conditions and during emergency maneuvers. Sensors monitor traction and activate the anti-lock braking system when it detects skidding or a loss of traction. By applying the brakes on specific wheels, the system helps the vehicle track in the driver’s intended direction.

**SEVEN STANDARD AIRBAGS**

The Mirage family features a standard Supplemental Restraint System (SRS) that provides seven airbags, including dual-stage front airbags with a seat position sensor, front side-impact airbags, 1st- and 2nd-row side-impact curtain airbags, and a driver’s knee airbag.

**HILL START ASSIST**

When accelerating from a standstill on a steep incline, Hill Start Assist helps prevent the vehicle from rolling backward. This standard feature, when activated, holds the brakes for approximately two seconds to give you time to move your foot from the brake pedal to the accelerator.

**WORLD-CLASS WARRANTIES**

We stand behind what we build. Period. Our vehicles are backed with a 10-year/100,000-mile Powertrain Limited Warranty, a 5-year/60,000-mile fully transferable New Vehicle Limited Warranty, a 7-year/100,000-mile Anti-Corrosion/Perforation Limited Warranty and 5-year/Unlimited Miles Roadside Assistance. These are some of the most comprehensive warranties in the industry. Like our cars, we intend to serve you well for many years to come.

At Mitsubishi Motors, we believe not all drivers are created equal. So we build our vehicles for a different breed of driver, the fearless ones who take pride in what they drive, and refuse to drive more of the same. It’s obvious to us that people who truly want distinctive styling and the latest technology see past the procession of bland imitations. We believe that every vehicle we make should stand for something. Something more than expected. And that’s why we don’t build Mitsubishi cars for stereotypes. We build them for you.

MITSUBISHCARS.COM 1.888.MITSU2018 NATLBRO-18-003

Build your vehicle as unique as you are with custom add-ons. With a variety of available accessories, you can personalize your Mirage or Mirage G4 to best suit your lifestyle, whether it be adventure-packed to traverse the open road, or practical, to cruise through city streets. You can expect the utmost of quality, utility, and our signature design in all of our cars and accessories you’ve come to know and love.
