WHAT IF_
EVERY DRIVE WAS LEGENDARY?

A great sports car can make every trip memorable. Whether it's charging through your favorite twisty road or just enjoying a leisurely cruise, it's the communication between driver and machine that makes it so special. And for nearly 45 years, that's exactly what the Z[®] has done. So fire up that 3.7-liter V6 and hear 332 hp sing through dual exhaust pipes. Take it into a turn and feel the dynamically balanced chassis just grip and grip. Revel as you make a perfect downshift thanks to the world's first available rev-matching manual transmission. The drive of your life is waiting for you, whether you choose the sleek Coupe, the exhilarating Roadster, or the competition-bred 350 hp 370Z[®] Nismo.[®] Let's go.

PASSION WITHOUT A REDLINE.

What happens when the fanatical engineers at NISMO® are let loose on the legendary 370Z®? You get 350 horsepower surrounded by a NISMO®-tuned suspension and a driver-focused interior, all wrapped in a jaw-dropping NISMO®-designed aerodynamic body. Obsessive? Perhaps. Extraordinary? Most definitely.

nismo®

NISSAN 370Z® NISMO® |||||

INNOVATION THAT LIVES TO PUSH THE ENVELOPE.

Wouldn't it be cool to take a legend to the next level? With a name derived from Nissan Motorsports, you should expect nothing less from NISMO®, our in-house performance arm. Started by a group of maverick Nissan engineers almost 30 years ago, NISMO® is synonymous with passion, expertise, and the heights of Nissan performance – not to mention decades of racing dominance. NISMO® puts its all into everything it builds, from championship-winning racecars and accessories for street cars to cutting-edge vehicles like the 370Z® Nismo.® With 350 horsepower, a competition-tuned suspension and a look uniquely its own, it is transformed into a sports car singularly worthy of being branded NISMO.®

SUSPENSION |||||

WHEELS BY RAYS® |||||

Competition-tuned handling. Competition-inspired design. For 2015, serious grip starts with a redesigned suspension featuring specially tuned springs, shocks and stabilizer bars designed to satisfy the most demanding enthusiast. Extra braces on the front strut tower bar and special vibration dampers on the front body frame rail and rear subframe are added for impressive overall body rigidity and the feel of a controlled ride. The discriminating eye will also appreciate 19" RAYS® forged aluminum wheels, the high down-force body, rear diffuser, and also new for 2015, redesigned front and rear fascias.

NISSAN 370Z® NISMO®

Alcantara®-wrapped adrenaline. If you love to drive, there's no better place to be. 370Z® Nismo® embraces you with leather-appointed Recaro® seats with grippy Alcantara® inserts, while an Alcantara® leather-wrapped steering wheel fits perfectly in your hand. No detail is overlooked, from the leather-wrapped band at 12 o'clock to the signature NISMO® red tachometer. Tasteful red stitching accentuates the personal feel of the cabin. There are even aluminum-trimmed pedals – so every part of you enjoys a singularly unique driving experience.

ALCANTARA®/LEATHER-APPOINTED RECARO® SEATS

**AT ITS CORE,
THE HEART OF A LEGEND.**

As long as there has been Z,[®] there has been a soulful 6-cylinder leading the way. In this case, the 4th-generation of the legendary VQ V6 engine. With a 3.7-liter displacement for massive muscle, this 332-hp dynamo features advanced Variable Valve Event and Lift (VVEL) technology that continuously tunes valve lift and timing for quicker response and a broader torque curve, while optimizing fuel efficiency and reducing emissions. And while all this engineering may sound intriguing on paper, the exhilaration – on the straights or through the corners – is pure, pulse-pounding magic.

3.7^{LITER} V6 | 332_{HP} | 270^{LB-FT} TORQUE

NISSAN SYNCHROREV MATCH® INNOVATION THAT'S A MATCH MADE IN DRIVING HEAVEN.

What if you could have a perfectly matched shift every time? SynchroRev Match® gives you the shifting skills of a pro, for a smoother, controlled drive, from your favorite twisty road to your daily commute. It's one manual transmission so smooth, it would make an automatic jealous. Except maybe, the Z®'s exceptionally talented 7-speed automatic.

A world's first. Included on the Sport models, SynchroRev Match® technology – the first in any production car – monitors the 6-speed manual's clutch pedal, shift lever, and vehicle speed. As you shift to a lower gear, the system will “blip” the throttle to the ideal engine rpm for a supremely smooth downshift as you let out the clutch. The system also works when upshifting to give you a smooth flow of power when accelerating.

Control at your fingertips. Want effortless cruising? Put the 7-speed automatic transmission in “D.” For a quick gear change, just pull the steering column-mounted lightweight magnesium paddle shifters. In Manual mode, you get manual-style control with a nudge of the shift lever or a pull of the paddle shifters. The transmission can even hold a gear in cornering for better balance, or downshift before a corner for more effective braking. And when a downshift is needed, Downshift Rev Matching automatically opens the throttle to match the rpm for smoother gear changes.

MAY THE G-FORCE BE WITH YOU.

Designed to conquer every corner, the Nissan 370Z[®] starts with a low center of gravity and a short wheelbase for quick response. Structural supports under the hood and along the body reinforce the chassis to handle the loads the suspension can dish out. Bring it all together with an enthusiast's wish list of high-performance componentry, and at every turn of the wheel, find pure joy as the 370Z[®] elevates handling science into pure performance art.

Vehicle Dynamic Control. A great sports car shouldn't just exhilarate, it should also inspire confidence. Vehicle Dynamic Control¹ (VDC) on the 370Z[®] continuously monitors the speed of each wheel, steering angle, yaw, lateral G-forces and even braking pressure. It compares the data to the steered vehicle path and, if it senses the onset of plowing (understeer) or fishtailing (oversteer), VDC brakes individual wheels and/or reduces engine power to help keep you on your steered course.¹

Lightweight suspension components. The lighter a suspension's components, the more quickly it can react to the driver and bumps in the road. Use of strong yet lightweight aluminum makes the Z[®] suspension extremely responsive. Its double-wishbone front and 4-link rear design helps to keep the tires vertical to the ground, maximizing their contact patches. Dual flow pass shocks enhance control. And super-light forged 19" alloy wheels are available for even quicker response.

4-piston brake calipers on 14" front rotors. Balance doesn't just apply to cornering. Available on 370Z[®] Sport and 370Z[®] Nismo[®] models are its largest brakes ever – 14" front rotors, with the gripping power of 4-piston front calipers. Purpose-designed ducting helps to reduce fade and provide predictable and precise stopping power.

¹ VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques.

STATIC WEIGHT RATIO
53 | **47**
FRONT | REAR

Some consider a static 50/50 balance to be the perfect weight distribution for handling. But Nissan engineers realized that a 53 front/47 rear static ratio is actually ideal. At the precise moment the driver accelerates out of a corner's apex, the weight distribution shifts rearward and becomes an approximate 50/50 balance. This translates into enhanced tire contact for better acceleration, quicker turns and a handling feel that's uniquely Z[®].

THE FEELING OF UNLIMITED POSSIBILITIES.

Taste freedom as the breeze brushes your face. Hear the sound of 332 pure horsepower through a tuned exhaust. Embrace the sky as the Roadster folds its power top in about 20 seconds. Drop it from the cozy cockpit¹ or even from the outside by pushing a button on the driver's door. It's time to rev up your senses.

¹Do not drive the vehicle with the top partially opened. Always make sure the top is either fully opened or closed before driving. See Owner's Manual regarding proper use.

DESIGNED FOR EXTENDED PLAY.

Expanding the definition of “convertible weather.” The 370Z[®] Roadster is designed to let you enjoy top-down driving longer – whether it’s just later in the day, or later in the season.¹ Available heated and cooled seats help keep you comfortable even when there’s a chill in the air. Aerodynamic design helps minimize air buffeting in and around the cabin, for a quieter ride. And when it’s time to put up the top, a double-insulated roof helps keep the cabin warmer on cool days, and reduces interior noise, making this one roadster you’ll want to enjoy year-round.

¹Do not drive the vehicle with the top partially opened. Always make sure the top is either fully opened or closed before driving. See Owner’s Manual regarding proper use.

In a sports car, every detail has to be right. That's why you'll find the main gauges adjust with the steering column, to help make sure you have a clear view. The center console controls are located within easy reach, and are easily identifiable by touch. There's even a uniquely bolstered driver's seat for enhanced support, knee pads on both sides of the console, and anti-slip material on the seat cushion.

EVEN THE TECHNOLOGY IS DESIGNED TO PERFORM.

Knowledge is king. The available Nissan Hard Drive Navigation System helps steer you clear of traffic jams, thanks to NavTraffic® real-time traffic advisories.^{1,2} Hungry for more than just directions? NavWeather® service provided by SiriusXM® advises you of severe weather and potentially slippery roads that could affect your drive, as well as National Weather Service warnings and 3-day weather forecasts.^{1,2} And with the available RearView Monitor, shift into “Reverse” and you get a glimpse of what's directly behind you on the navigation system's large, 7-inch VGA screen.³

Bose® audio system. Because even the most dedicated enthusiast might want to listen to something other than its spine-tingling dual-exhaust note, the 370Z® Coupe and Roadster feature an available Bose® audio system custom-engineered for the unique shape of the interior.

USB input. Plug your iPod® into the USB input and you can control its functions through the audio system or touch-screen monitor, plus get song readouts on the digital display.⁴ No iPod®? No problem. You can also play digital music files from a USB flash drive.⁴

SiriusXM® Satellite Radio. With 170 channels of news, sports, music, and more, there's always something worth listening to. If your favorite artist is playing on one of those channels, the 370Z®'s audio system alerts you, and asks if you want to switch over.²

Bluetooth®. The Bluetooth® Hands-free Phone System lets you make and receive calls through the audio system. On 370Z® models with the available navigation system, you can even stream music from any compatible device via Bluetooth® wireless technology.^{1,5}

¹Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ²Required SiriusXM® Satellite Radio, NavTraffic® and NavWeather® subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic® available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2014 Sirius XM Radio Inc. Sirius®, XM® and all related marks and logos are trademarks of Sirius XM Radio Inc. ³Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁴Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁵Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. Bose® is a registered trademark of The Bose Corporation. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included.

DESIGNED FOR THE REAL WORLD.

Seats contoured to hold you. The 370Z®'s driver seat shows how seriously we take every detail of driving. The upper seatback has cutaway areas to help your arms move freely for steering and shifting. To let you work the pedals more easily, the lower seat cushions also feature cutaways. Along with aggressive side bolsters, the seat also features anti-slip materials to help hold you in place.

A place for everything. While it's exhilarating to attack your favorite set of curves, a sports car also has to function in day-in, day-out driving. To keep things orderly, the 370Z® features three cup holders, a lockable glove compartment, dash-mounted storage (not available with navigation), parcel shelves behind both seats and a handy parcel box behind the passenger seat.

Coupe cargo area. Plenty of open space for the important things in life – like sports gear. An available retractable cargo cover helps keep things out of sight.

Roadster trunk. A smartly designed convertible top means usable trunk space. Even with the top down, you can still fit a golf bag in the trunk.

Cargo and load capacity limited by weight and distribution. Always secure all cargo.

EVEN WHEN REALITY BITES.

High-performance protection. The Nissan Advanced Air Bag System includes dual-stage supplemental front air bags equipped with seat belt sensors and an occupant-classification sensor. These dual-stage air bags adjust their inflation rate, depending on the severity of impact and seat belt use. If the passenger seat is empty, a sensor actually deactivates that air bag. In addition, standard side-impact supplemental air bags are built into the seats, so they move with you as you adjust your seat. Standard curtain side-impact supplemental air bags (door-mounted on Roadster) help protect you and your passenger.¹

6

AIR BAGS¹

¹Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should be properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See your Owner's Manual for more details. Inflated air bags shown for illustration purposes only; actual coverage area may differ. Air bags deflate after deployment.

TAKE PART IN PUBLIC DISPLAYS OF AFFECTION.

GENUINE NISSAN ACCESSORIES.

Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested. Each one is backed by Nissan's 3-year/36,000-mile (whichever occurs first) limited warranty (if installed by dealer at the time of purchase),¹ and can be financed when installed by dealer at time of purchase.

A. Vehicle Cover
Protects your Z[®] from dust and debris when parked outdoors.

B. NISMO[®] Rear Decklid Spoiler²
To the winner go the spoilers.

C. Carpeted Floor Mats
Preserve and protect in style.

D. NISMO[®] Shift Knobs²
Put legendary performance in the palm of your hand.

E. Illuminated Kick Plates (2-piece set)
A grand entry every time you get in.

F. NISMO[®] Cat-back Exhaust System²
More horsepower, more torque, and more aggressive sound.

G. NISMO[®] Spring, Shocks and Struts Kit²
Take your handling to the next level.

H. Front Chin Aero Deflector
Less turbulence. More downforce. Aggression with purpose.

Additional Accessories:

- Rear Decklid Spoiler
- Splash Guards
- NISMO[®] Suspension Kits²
- NISMO[®] Brake Pads, Front and Rear²
- NISMO[®] Carpeted Floor Mats²
- Carpeted Trunk Mat³
- Portable Cargo Organizer³
- In-mirror RearView Monitor⁴ with HomeLink[®] and Compass
- And More

BUYING/OWNING

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about eligibility for our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus® For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus® This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to **NissanUSA.com/mobility** for more info.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF.® Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our energy-efficient, low-emissions paint plant in Tennessee.
