GET THE ALTIMA YOU WANT WITH 3 YEARS/45,000 MILES OF COMPLIMENTARY MAINTENANCE.

For a limited time only, you can get the Altima you want just how you want it, complimentary maintenance included. No compromises here. From color and interior to trim level and packages, the choices are yours. Just configure your ideal 2013 Altima online and complete the reservation prior to June 25, 2012 to get 3 years/45,000 miles of complimentary maintenance. Quantities are limited, so pre-order now!

TO PRE-ORDER:

• Go to www.NissanUSA.com/altima-pre-order, or scan the code to register
• Configure your new Altima and select your preferred Nissan dealership
• Place your refundable reservation fee of $49 online or by calling 855-467-3212 and requesting a quote
• Meet with your dealer to finalize your Altima pre-order by July 9, 2012

1 Excludes 2013 Altima 2.5 base trim. Complimentary GOLD Schedule 2 Security+Plus Pre-Paid Maintenance policy for 36 months/45,000 miles (whichever comes first) on orders confirmed prior to 7/9/2012; or on the first 25,000 orders confirmed, whichever comes first. Restrictions and limitations apply. See NissanUSA.com for complete details. Offer cannot be cumulated with fleet incentives. Coverage begins on original in-service date and zero miles on odometer. For Roadside Assistance details, see dealer for coverage terms and details. Tire Road Hazard Protection is not available in contracts in Florida.
The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents due to careless or dangerous driving techniques or detect every vehicle or object around you.

Excludes 2013 Altima 2.5 base trim. Complimentary GOLD Schedule 2 Security+Plus Pre-Paid Maintenance policy for 36 months/45,000 miles (whichever comes first) on orders confirmed prior to 7/9/2012, or on the first 25,000 orders confirmed, whichever comes first. Requires a $49 refundable reservation fee prior to 6/25/2012 and the order separately confirmed with a dealer prior to 7/9/2012. Delivery must take place before 10/31/2012. Offer cannot be cumulated with fleet incentives. Coverage begins on original in-service date and zero miles on odometer. See dealer for coverage terms and details. Tire Road Hazard Protection is not available on contracts in Florida.

Take what you know about the typical sedan and throw it out the window. The new Altima changes everything. Imagine amazing acceleration with more miles per gallon. Or a road-gripping, sports car-inspired suspension that makes driving fun. And more. Technologies that help give you peace of mind, like an available Blind Spot Warning System1 and a standard Advanced Drive-Assist® Display that gives you information in a snap. All with a premium new look and impressive styling, both inside and out. And when you pre-order prior to June 25, 2012, get 3 years’ complimentary maintenance as our gift to you. Because in the new Altima, confidence is key. So start the ignition.
THE FEELING OF CONFIDENCE. AND GOOSEBUMPS.

It’s everything you’ve ever wanted in a sedan. Seamless acceleration and outstanding fuel economy. Confident cornering. Better control. A driving experience that’s uniquely you. The new Altima does all this and more, pushing the envelope to give you sports car-like performance that’s at home in the carpool lane. So do more than turn heads. Turn corners.

• Choose from either the spirited 4-cylinder engine or the heart-pumping V6 – and get improved fuel economy no matter which you drive.

• Next-generation Xtronic CVT® (Continuously Variable Transmission) is a revolution in automatic transmissions. Customize your driving experience to be fuel-efficient or sporty, and choose the V6 engine for a Formula 1-inspired experience with paddle shifters.

• An all-new multi-link rear suspension helps give you confident handling and control through every turn.
LESS PUMP TIME. MORE GO TIME.

Lightweight materials, reduced friction, and a highly aerodynamic design? Check, check and check. Altima’s 4-cylinder engine was made to do more with less, giving you top fuel economy while delivering optimal performance.

• Up to 15% more fuel-efficient than the 2012 Altima.¹

• Altima wears the PUREDRIVE™ badge, meaning it meets or exceeds the average Federal CAFE fuel economy standards for 2016, reflecting our commitment to developing environmentally friendly technology for all.

¹Calculated by comparing estimated 2013 Altima 2.5 S EPA Fuel Economy Estimate 37 highway to 2012 Altima 2.5 S EPA Fuel Economy Estimate 32 highway. Actual mileage may vary with driving conditions – use for comparison only.

THE FEELING THAT PREMIUM DOESN'T HAVE TO BE PRICEY.
WHAT IF ASTRONAUTS HAD TO DRIVE TO OUTER SPACE?

They’d be lucky to be in a new Altima. No matter where you’re headed, Altima makes acclimating a breeze, keeping you comfortable and alert. Even when your commute seems longer than a trip to outer space.

• NASA-inspired “zero-gravity” seats lift you up to help relieve pressure points, helping to reduce fatigue while keeping you comfortable, no matter what your body type.

• Available features help keep you cozy, like heated front seats and steering wheel. Plus available Remote Engine Start capability to heat or cool your car at the touch of a button while you stay indoors.

• An exceptionally quiet interior, thanks to an advanced acoustic design and sound-absorbing materials.
Whether you’re changing lanes or parking, Altima gives you a whole new way to double-check.

Blind Spot Warning

When another vehicle is in your blind spot area, an indicator appears inside the door next to the side mirror and on the Advanced Drive-Assist™ Display. Put your turn signal on, and the warning light illuminates, while a chime sounds to alert you.

Lane Departure Warning

Altima’s rear camera constantly monitors the painted lane lines in the road. If it detects that you’re straying from your lane, the lane departure system gives you both visual and audible alerts.

Moving Object Detection

If Altima’s next-generation RearView Monitor detects something moving behind your vehicle while in reverse, it gives both visual and audible alerts. You can even change the camera angle to get a wider perspective.

The Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents due to careless or dangerous driving techniques or distracted driving while operating the vehicle or using the RearView Monitor system. Always check your mirrors and use your other senses to check behind you before changing lanes.

The Lane Departure Warning system operates above approximately 45 mph and only when the lane markings are clearly visible on the road. Will not prevent loss of control. Refer to your Owner’s Manual for more information.

Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always look to check what is behind you before backing up.
EVER FEEL LIKE YOU HAVE A CASE OF OVERLOAD?
NOW YOU CAN SEE FASTER, DRIVE SMARTER.

Traffic jams. Soy chai lattes. Dinner plans. With so much going on around you, it’s easy to lose sight of what’s most important: driving. From turn-by-turn directions to caller ID, the new Advanced Drive-Assist™ Display serves up info right in front of you – no more looking away. Plus, its intuitive 3-D depth and tilt design improves cognition, helping you take it all in quicker. So you can focus on what really matters.

Driving is serious business and requires your full attention. Even with Advanced Drive-Assist Display, only use phone or other communication devices after safe.
ANY WAY YOU WANT IT.

Let your passengers stream music with Bluetooth®, plug your iPod® into the available USB input, or listen to SiriusXM® Satellite Radio. You can even connect your Pandora®-equipped phone through the audio system to customize your music experience right in the display.

ALWAYS UP TO DATE.

Navigate your way through the concrete jungle with the available Nissan Navigation System and find that new restaurant with always up-to-date Google Maps. You can even send directions straight to your car from your mobile phone via Google®.
