Nissan Intelligent Mobility

Nissan Intelligent Mobility guides everything we do. We’re using new technologies to transform cars from mere machines into PT partners. Together the journey is more confident, connected, and exciting.

Whether it’s cars that assist in the driving task, or highways that charge your EV as you go along, it’s all in the very near future. And it’s a future already taking shape in the Nissan you drive today.

The All-New 2019 Nissan Altima®
Impossibly Smart

This isn’t just a sedan, this is our latest technology, built to unlock the pure joy of driving. With the world’s first engine that feels like two in one.¹ And Nissan Intelligent Mobility™ that responds to the world around you in real-time.² Confidence from available Intelligent All-Wheel Drive. Surprising connectivity before you even reach the driver’s seat. The All-New 2019 Nissan Altima. Tech that moves you.
Welcome to a whole new highway commute. With Nissan ProPILOT Assist, you can let go of driving stress while Altima® takes care of the little things - like following the car ahead at a preset distance or helping keep you centered in your lane. It can even bring your Altima to a full stop based on the traffic flow and hold you there. Now even your typical morning drive can be the best way to start the day.
