THE
ALL-NEW
2013
ALTIMA

INTRODUCING THE MOST INNOVATIVE ALTIMA EVER.

Wouldn’t it be cool if just taking an on-ramp gave you an adrenaline rush? Or imagine knowing you’re free and clear before you made that lane-change. If the design of your seat made long trips feel less so. And your customized radio station came along for the ride. What if you even got a thumbs-up from the valet as you pulled away from the curb? The next time you get behind the wheel, everything will be different. Because we didn’t just update the Altima, we changed everything about it. All for you. The all-new 2013 Altima.

Nissan. Innovation that excites.

TM
TODAY WILL CHANGE THE WAY YOU DRIVE. FOREVER.

Whether you’re commuting to work or carving through the scenic route, Altima makes it all feel extraordinary. Its next-generation CVT transmission lets you ride a seamless wave of power – and serves up more miles per gallon. A new suspension design puts you in touch with the road, while new technologies help you take the wheel with more confidence. It’s all of this and more, in a sedan that truly redefines what it means to drive.
THE FEELING OF STOPPING.
AND LETTING THEM STARE.

Altima’s deep creases and dramatic lines had their origins on a designer’s sketchpad. Their translation to sheet metal then required a commitment to exceptionally high standards of engineering. Building something average would have been easier, but on any average day, isn’t it nice to have something that takes your breath away?
Nissan Altima 3.5 SL Sedan shown in Beige Leather with optional equipment.

ZERO-GRAVITY® SEATS FOR COMFORT THAT'S OUT OF THIS WORLD.

Whether you’re embarking on a cross-country road-trip or braving the daily commute, sitting in a car for too long can be fatiguing. To find a solution, Nissan engineers looked to the cosmos where astronauts float weightlessly in zero-gravity conditions.

Zero-gravity® Seats – In the weightlessness of space, humans tend to take a relaxed posture that minimizes stress on the body. To recreate this “neutral posture” when you’re behind the wheel, Nissan designed a new, articulated front seat shape that offers continuous support from the pelvis to the chest, along with seat cushions that flex in response to your unique pressure points. The result is a seat that helps reduce fatigue, for drivers of all sizes.
EVEN THE WAY ALTIMA WELCOMES YOU IS DIFFERENT.

It all starts with the press of a button, and you in the comfort of your home. Because an available Remote Engine Start System lets you warm up or cool down your Altima from up to 195 feet away. Now when you open the car door, it’s as if Altima was expecting you. And with details like available Dual Zone Automatic Temperature Control, heated front seats and steering wheel, Altima’s all-new interior makes you want to stay. Ready? Just press Altima’s Push Button Ignition and you’re on your way.
EVER FEEL LIKE YOU HAVE A CASE OF OVERLOAD?
BECAUSE MILLISECONDS MATTER.

Traffic jams. Soy chai lattes. Dinner plans. With so much going on around you, it’s easy to lose sight of what’s most important: driving. From turn-by-turn directions to caller ID, the new Advanced Drive-Assist™ Display serves up info right in front of you—helping to minimize time looking away. Plus, its intuitive 3-D depth and tilt design helps you take it all in quicker. So you can focus on what really matters.

Information displayed is dependent on how vehicle is equipped. *Driving is serious business and requires your full attention. Only use phone or other communication devices when safe.* Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. *Tire Pressure Monitoring System is not a substitute for regular tire pressure checks.*
Nissan Altima 3.5 SL Sedan shown in Charcoal Leather with optional equipment.

THE FEELING OF A BRAND-NEW POINT OF VIEW.
ANY WAY YOU WANT IT.

Why settle for just the radio? By putting the latest technologies right at your fingertips, Altima gives you all you need for hours of endless entertainment. Rock on.

Streaming audio via Bluetooth®. Want to let your passengers play DJ? Just connect a Bluetooth®-enabled audio device to stream music wirelessly, from any seat in the car.

Pandora® radio capability. Looking for something new? Explore music based on your hand-picked favorites using Pandora® radio capability. Connect your Pandora®-equipped iPhone through the audio system to listen to Pandora®’s free internet radio and use the ‘thumbs up’ or ‘thumbs down’ icons to rate songs—all right in the display.

iPod®/USB input. Would you like to be able to listen to your own playlists or podcasts? With the available iPod®/USB input, you can. Plug in your iPod® or other portable MP3 player through the USB port and control it through Altima’s audio controls.†

ALWAYS UP TO DATE.

Navigate your way through the concrete canyons, call up some friends, or use Google® services to find that new restaurant with NissanConnect℠ as your guide.

Nissan Navigation System. Altima’s available 7-inch touch-screen display offers NavTraffic and NavWeather for real-time advisories to keep you on the move. Plus over five million points of interest, so you’ll always have something new to discover.†

Points of Interest powered by Google®. Find that new restaurant in a snap. Based on the latest information, Google® Points of Interest lets you search for a location, even without knowing the name or category. Once you find it, select it and you’re on your way.

Google® Send-To-Car. Send an address to your Nissan Navigation System from any computer. When you start the car and connect to the network, the directions will be delivered and loaded into your navigation system. Now, that’s cool.†

Hands-free text messaging assistant. Now you can receive and respond to text messages without ever touching your phone. With a press of a button, have your text messages read to you and answer with pre-loaded responses, all via voice recognition.†

**BEST-IN-CLASS FUEL ECONOMY.**

Extensive refinements to Altima’s 4-cylinder engine and Continuously Variable Transmission help ensure it’s as powerful and fuel-efficient as ever. With best-in-class fuel economy and better acceleration than other top-selling midsize sedans, you’ll enjoy amazingly smooth power delivery as you breeze past the pump.

**4-CYLINDER**

**38**

**MPG HWY**

**V6 ENGINE**

**270**

**HORSEPOWER**

**AMAZING ACCELERATION.**

What if your daily drive got an adrenaline boost? Altima’s V6 engine not only gives you incredible acceleration, but its Xtronic CVT® features 3 modes for a more customized driving experience, including paddle shifters for some Formula 1-style action.

**V6 Engine.** Nissan’s legendary 3.5-liter, 270-hp V6 engine treats you to sports-car like performance and a cool 31 highway MPG that keeps you right at home in the carpool lane. Part of the engineering magic is Continuously Variable Valve Timing Control System (CVTCS), which means power is always on tap – off the line, or passing – for a ride as thrilling as it is efficient.

**Xtronic CVT® with Paddle Shifters.** Customize your ride with 3 modes. Pick Drive for every day, Ds for a sportier “shift” feel, or go hands-on with the paddle shifters. Unique to the V6, the available paddle shifters are mounted right on the steering column, putting precise shifting control at your fingertips. No clutch needed. Just pull a paddle and your “gear” changes on command, giving you an experience that’s the best of both worlds.

**4-CYLINDER**

**182**

**V6 ENGINE**

**270**

**HORSEPOWER**

**4-CYLINDER ENGINE.** Choose the 182-hp 4-cylinder engine and get more than just spirited performance. A new intake system optimizes the opening of intake valves at high rpm to keep the torque curve flat, giving you smooth power while contributing to the best-in-class fuel economy.

**Xtronic CVT® (Continuously Variable Transmission).** Say goodbye to fixed gear ratios and hello to a new kind of CVT. In the newest version of our CVT, friction is reduced by up to 40% and the ratio coverage is increased to greater than that of some 8-speed automatics. What does that mean behind the wheel? Better acceleration and fuel economy, plus performance so smooth, it’s like riding a continuous wave of power.

**PUREDRIVE® The 2013 Altima 2.5 wears the PUREDRIVE® badge, meaning it meets or exceeds the industry-average US Federal CAFE standards for model-year 2016. The PUREDRIVE® initiative is just one aspect of Nissan’s commitment to developing more environmentally friendly transportation for all of us.**

Wouldn’t it be cool if your car knew when you were cornering – and how to react to your commands? That’s the kind of intuitive response we’ve engineered into every Altima. So you enter a corner with more confidence, and exit with a big grin.

TAKING A CORNER WILL NEVER FEEL THE SAME.

Active Understeer Control. This innovative technology helps improve control when you take a corner. It reads the cornering situation and, if needed, will imperceptibly brake the appropriate wheel to help you steer through the turn.

Suspension. Altima’s all-new rear multi-link suspension was designed for exceptional agility. You’ll feel it especially in the corners, when the layout of the suspension allows the rear wheels to turn slightly to match the front – giving you the sensation of riding on rails.

Shocks. Altima’s luxury sedan-inspired shocks significantly reduce vibrations for a smooth, flat ride. A rebound spring inside of each shock absorber makes for minimal roughness and more secure cornering, combining great performance with great ride comfort.
SAY HELLO TO INNOVATION THAT LOOKS OUT FOR YOU.

Whether you’re changing lanes on the highway or deftly maneuvering your way into a parking spot, Altima’s new available Safety Shield Technologies take advantage of the rearview camera and act as a second set of eyes, giving you a whole new way to double-check:

A. Blind Spot Warning. If another vehicle is detected in your blind spot area, an indicator appears in the driver’s or front passenger’s doors and on the Advanced Drive-Assist® Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.1

B. Lane Departure Warning. If Altima detects that you’re straying from your lane, the Lane Departure Warning system will give both a visual and audible alert. So smart, the system is designed to stop the warnings whenever your turn signal is engaged.2

C. Moving Object Detection. Shift into reverse, and the available next-generation RearView Monitor displays what’s behind you. If it detects something moving by the rear of the vehicle when you’re in reverse, it gives a visual and audible alert. And whenever you want a wider rear view, just push the camera button.3

The RearView Monitor with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. The Blind Spot Warning System is not a substitute for proper lane change procedures. The system does not warn in time to avoid a collision. The system may not detect all objects. Refer to your Owner’s Manual for more information. The RearView Monitor is not designed to display moving objects, falling objects or pedestrians. Always check what is behind you before backing up. Using rearview camera while driving is only legal under certain conditions. Operating conditions may prevent or limit display of objects. Always check what is behind you before backing up. Using rearview camera while driving is only legal under certain conditions. Operating conditions may prevent or limit display of objects.
CONFIDENCE AT EVERY TURN.

We’re not just looking out for your safety, we’re taking a stand. In addition to a comprehensive range of active and passive safety features, we incorporated Brake Override Technology ahead of others in the industry. Plus a class-exclusive Easy-Fill Tire Alert, so you know your tire pressure is good to go.1

A. Vehicle Dynamic Control (VDC). A slick spot in a corner can suddenly have you going in a direction you didn’t want. VDC, also known as stability control, monitors your steering and braking to help you maintain your steered path under certain conditions by reducing engine output and/or applying brake pressure to specific wheels.2

B. Traction Control System (TCS). Altima’s power is wasted if it all goes spin the tires, so when the standard Traction Control System senses drive-wheel spin, it responds by reducing throttle or applying brake pressure to help maintain traction.3

C. Anti-lock Braking System (ABS). The standard ABS pumps the brakes faster than you possibly can in panic-braking situations to help prevent wheel lockup, so you can continue to steer around obstacles while braking heavily.4

D. Brake Assist/EBD. If you need to slam on the brakes, Brake Assist detects how hard you’re braking, and if it senses you are in an emergency, it will automatically help to apply maximum braking force. Electronic Brake force Distribution (EBD) is designed to send extra force to the rear brakes when there’s additional weight in the back.5

Brake Override Technology. Like every Nissan since 2005, Altima comes standard with Brake Override Technology. Designed to help slow down your vehicle and bring it to a safe stop in an emergency, it overrides accelerator input and reduces engine power when the accelerator and brake are applied simultaneously.6

E. Tire Pressure Monitoring System. When your tire pressure is low, an icon illuminates on your dash to let you know. The available individual tire pressure display also indicates which tire is low on the Advanced Drive-Assist® Display.7

F. Easy-Fill Tire Alert. When filling your tires, the class-exclusive Easy-Fill Tire Alert gives you a friendly beep of the horn when you’ve reached the right pressure.8

Six Standard Air Bags. Dual-stage supplemental front air bags adjust their inflation rate, depending on the severity of impact and seat belt usage. If your front passenger seat is empty, an occupant-classification sensor deactivates that air bag.9

Standard front seat-mounted side impact supplemental air bags are built into the seats, so they move with you as you adjust your seat. Above, standard roof-mounted curtain side impact supplemental air bags provide head protection for front and rear outboard seat occupants.10

Snug Kids®: Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Check out this video and look for the latest Fit Guide at NissanUSA.com/SnugKids.11

1World’s Upper Middle Sedan Class segment. 2013 Altima 3.5 S or 2013 competitors, excluding hybrids and diesels. 2Vehicle must be on for Easy-Fill Tire Alert to operate. 3VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. 4Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. 5Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant classification sensor, rear-facing child restraints should not be placed in the front-passenger’s seat. Also, all children fit and adequate child restraint in the rear must properly secured in child restraints. Booster seats or seat belts according to their size. Air bags will only inflate in certain accidents. Use your Owner’s Manual for more details. Inflated air bags shown for illustration purposes only. Actual coverage area may vary. Air bags deflate after deployment.
1 Covered by Nissan's Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles or the remaining period under the 3-year/36,000-mile Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details.

2 Cargo and load capacity limited by weight and distribution. Always secure all cargo.

3 Remote Engine Start System will turn on your vehicle, including the climate control system, based on your last setting.

GENUINE NISSAN ACCESSORIES.
IMPRESS. CONNECT.
PROTECT. ORGANIZE.

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan's 3-year/36,000-mile limited warranty and can be financed when installed by dealer at time of purchase.

A. Fog Lights
Help light your way in rain, sleet or snow.

B. Rear Decklid Spoiler
May the downforce be with you.

C. Stainless Steel Illuminated Kick Plates
Fewer scuffs and a grand entry, every time.

D. Splash Guards and Body Side Moldings
Stay fresh. Stay stylish. (Sold separately.)

E. Trunk Protector
Use your trunk, don't abuse it.

F. Carpeted Floor Mats
Preserve, protect, and oh, so plush.

G. External Ground Lighting
It's a real statement-maker.

H. Remote Engine Start System
Warm it up, cool it down before you even get in.

Additional Accessories:
- All-season Floor Mats
- Clear Rear Bumper Protector
- Interior Accent Lighting
- Nose Mask
- And More

*Covered by Nissan's Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles or the remaining period under the 3-year/36,000-mile Nissan New Vehicle Limited Warranty. Terms and conditions apply. GET THE ALL-NEW ALTIMA® THE WAY YOU WANT IT.

First, choose from either the 4-cylinder or V6 engine, then select your trim level and be sure to check out the available packages. There are several options, so take a look and find the one that feels the most “you.” No matter what you pick, you’ll get a car that was designed with you in mind – the most innovative Altima ever.

4-CYLINDER

2.5

2.5-liter DOHC 4-cylinder engine, Xtronic CVT® (Continuously Variable Transmission), Active Understeer Control, Vehicle Dynamic Control (VDC), Traction Control System (TCS), remote keyless entry with Push Button Ignition, Advanced Drive-Assist® Display, Bluetooth® Handy-free Phone System and streaming audio via Bluetooth® wireless technology, Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert, AM/FM/CD audio system with four speakers, illuminated steering wheel-mounted controls, air conditioning, zero-gravity front seats, 60/40 split-fold-down rear seatbacks, seatback pocket, six-air bags

2.5 S INCLUDES 2.5 EQUIPMENT PLUS:

Nissan Intelligent Key®, 6-way power adjustable driver’s seat, Tire Pressure Monitoring System (TPMS) with individual tire pressure display and Easy-Fill Tire Alert, AM/FM/CD audio system with 6-inch color display and speed-sensitive volume control, USB connection port for iPod® interface, SiriusXM Satellite Radio®, Pandora® radio capability, hands-free text messaging assistant, leather-wrapped steering wheel

2.5 SV INCLUDES 2.5 EQUIPMENT PLUS:

17” Aluminum-alloy wheels, Dual Zone Automatic Temperature Control (ATC) with rear passenger vents, Remote Engine Start System, RearView Monitor, upgraded audio system with 6.5-inch color display and speed-sensitive volume control, USB connection port for iPod® interface, SiriusXM Satellite Radio®, Pandora® radio capability, hands-free text messaging assistant, leather-wrapped steering wheel

2.5 SL INCLUDES 2.5 EQUIPMENT PLUS:

Leather-appointed seats, Bose® premium audio system with nine speakers, power sliding glass moonroof, wood-tone trim (Beige interior) and metallic-tone trim (Charcoal interior), heated steering wheel, 6-way power adjustable driver’s seat, driver’s seat power adjustable lumbar support, heated front seats, LED taillights, heated outside mirrors, adjustable rear head restraints, leather-wrapped shift knob, passenger-side front-window one-touch auto-up/down, sun visors with illuminated vanity mirrors and sliding rod extension, side cargo net

V6 ENGINE

2.5

2.5-liter DOHC 4-cylinder engine, Xtronic CVT® (Continuously Variable Transmission), Active Understeer Control, Vehicle Dynamic Control (VDC), Traction Control System (TCS), remote keyless entry with Push Button Ignition, Advanced Drive-Assist® Display, Bluetooth® Handy-free Phone System and streaming audio via Bluetooth® wireless technology, Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert, AM/FM/CD audio system with four speakers, illuminated steering wheel-mounted controls, air conditioning, zero-gravity front seats, 60/40 split-fold-down rear seatbacks, seatback pocket, six-air bags

3.5 S INCLUDES 2.5 S EQUIPMENT PLUS:

3.5-liter DOHC V6 engine, 18” aluminum-alloy wheels, paddle shifters and manual shift mode

3.5 S INCLUDES 3.5 S EQUIPMENT PLUS:

Power sliding glass moonroof, Dual Zone Automatic Temperature Control (ATC) with rear passenger vents, Remote Engine Start System, RearView Monitor, upgraded audio system with 6-inch color display and speed-sensitive volume control, USB connection port for iPod® interface, SiriusXM Satellite Radio®, Pandora® radio capability, hands-free text messaging assistant, folding outside mirrors with LED turn signal indicators, fog lights, HomeLink® Universal Transceiver, auto-dimming inside rearview mirror, leather-wrapped steering wheel, sun visors with illuminated vanity mirrors and sliding rod extension, passenger-side front-window one-touch auto-up/down, side cargo net

3.5 SL INCLUDES 3.5 S EQUIPMENT PLUS:

Leather-appointed seats, Bose® premium audio system with nine speakers, High Intensity Discharge (HID) xenon headlights, wood-tone trim (Beige interior) and metallic-tone trim (Charcoal interior), heated steering wheel, 8-way power adjustable driver’s seat, driver’s seat power adjustable lumbar support, heated front seats, LED taillights, heated outside mirrors, adjustable rear head restraints, leather-wrapped shift knob

CONVENIENCE PACKAGE (2.5 SV)

Power sliding glass moonroof, fog lights, folding outside mirrors with LED turn signal indicators, sun visors with illuminated vanity mirrors and sliding rod extension, passenger-side front-window one-touch auto-up/down, sun visors with illuminated vanity mirrors and sliding rod extension, side cargo net

NAVIGATION PACKAGE (2.5 S, 3.5 SV)

Nissan Navigation System with 7-inch color touchscreen monitor and voice recognition, NavTraffic, NavWeather, Pandora® radio capability, hands-free text messaging assistant, folding outside mirrors with LED turn signal indicators, steering wheel-mounted controls

TECHNOLOGY PACKAGE (2.5 SL, 3.5 SL)

Nissan Navigation System with 7-inch color touchscreen monitor and voice recognition, navigation, Pandora® radio capability, hands-free text messaging assistant, folding outside mirrors with LED turn signal indicators, steering wheel-mounted controls

Buying and owning a Nissan is like driving one: quick, convenient, confidence-inspiring.

Nissan Motor Acceptance Corporation. Whether you’re buying or leasing, you’ll find attractive rates and flexible terms to make your purchase more accessible.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile basic coverage and 5-year/100,000-mile powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus. For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus. This extended plan ensures your Nissan will receive up to 17 different inspections and over 33 different maintenance tasks at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they’re the only parts to carry Nissan’s factory-backed limited warranty.

Nissan’s philosophy toward the environment, “Seeking a symbiosis of people, vehicles and nature,” describes our ideal for a sustainable mobile society, now and in the future. We launched the Nissan Green Program with specific objectives to realize this goal, and we are pursuing it energetically. For more information, log on to NissanUSA.com/green.

Genuine Nissan Parts and accessories are engineered to be compatible with Nissan vehicles.

Specifications, options and accessories may differ in Hawaii, U.S. territories and other countries. For additional information on availability, options or accessories, see your Nissan dealer or contact Nissan North America, Inc.
PICK A COLOR, ANY COLOR.

You've decided which Altima you want, now here comes the best part: deciding what it's going to look like. Choose your favorite color and then pick from the available interior options based on the model of your choice.
Shouldn't you drive something you love? Absolutely. And that's what inspires our innovation. We look at every part of your drive and ask how can we make this better, smarter and more fun. So when you get in your new Altima, you'll feel how exciting the answers can be.

High MPG. A best-in-class 38 MPG on the highway gets you 684 miles on a tank. Bring snacks – you could get pretty hungry between stops.

Alert and aware. Available Blind Spot Warning system helps detect other vehicles, when you're changing lanes.

Fast-thinking. The new Advanced Drive-Assist™ Display lets you scan info quickly, helping minimize time spent looking away from the road.

Right on track. Active Understeer Control reads the cornering situation and works behind the scenes to help you steer through the turn.
