THE SHAPE OF THINGS TO COME. Say hello to a cube that’s extremely well-rounded. From a unique wrap-around rear window, to a cool curvy dash, it’s high style filled with loungey accommodations. Loads of accessories let you personalize inside and out. It’s fun to drive and easy to love, while getting up to 27 city/31 highway mpg.

1. 2012 EPA Fuel Economy Estimates. Actual mileage may vary with driving conditions – use for comparison only. Mileage listed for cube 1.8-L with Xtronic CVT®. 2. Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger’s seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner’s Manual for more details. 3. VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely.

2012 NISSAN cube®
FEATURES
