NISSAN INTELLIGENT MOBILITY™

NISSAN intelligent Mobility guides everything we do. We’re using new technologies to transform cars from mere driving machines into assistants. Together the journey is more confident, connected, and exciting. Whether it’s cars that assist in the driving task, or highways that charge your EV as you go along, it’s all in the very near future. And it’s a future already taking shape in the Nissan you drive today.

SEE GT-R® COME TO LIFE

Go to NissanUSA.com and find an interactive brochure for GT-R® and every Nissan in the lineup. Available on desktop or smartphone, it’s the full product story — including demos, videos, and complete info on trims, colors, and accessories.

Or download the Interactive Brochure Hub app on your tablet. Free on the App Store® and Google Play™.

©2017 Nissan North America, Inc. '18 GTR. 1820681-N-9/17-60M-CG

Always wear your seat belt, and please drive responsibly.
THE ONE stands apart from the many. Dares to be bold. Radical. Unique.
Breaking rules, defying description, confounding competitors. No other supercar looks like it or performs like it. Because no one else is willing to ask the questions – and fearlessly go where the answers lead. But that’s how you create a legend. THE GT-R.
AERODYNAMIC ALCHEMY
Rather than being confined by the demands of aerodynamics, the Nissan GT-R sculpts the air to its needs – becoming a force of nature, as much as a force to be reckoned with. Every aerodynamic detail was considered. A 1% energy loss around the C-pillar was enough for the GT-R’s fanatical engineers to redesign the pillar to create a cleaner design.

HANDCRAFTED PERFORMANCE
Each GT-R engine is assembled by a single craftsman – called “Takumi” – renowned for their dedication and mastery. And with only five Takumi in the world entrusted with this honor, the plaque on the engine bearing their name has true significance. As one of the Takumi says, “we put our souls into each engine, hoping to deliver that excitement to customers.”

MASTERY AT EVERY TOUCHPOINT
The GT-R’s interior is a masterful blend of premium materials, from hand-stitching in the cabin to a dashboard pad created from a single, hand-selected Nappa leather hide. Slight etching on the aluminum bezels enhance their feel, while sport seats provide comfort and support, creating an ideal place to take it all in. Carbon-fiber interior accents, hand-stitched leather-appointed interior trims, machined aluminum interior accents.

A SHARPER FOCUS ON DRIVING
Taking advantage of the capabilities of Nissan GT-R requires your attention, but it should never feel like information overload. The GT-R’s intuitive dashboard design makes access and use simpler, giving you more time to focus on what’s important – the pure enjoyment of the drive.

5 customizable performance screens
Display Commander media controller
Steering wheel-mounted paddle shifters

565 HORSEPOWER

.26 Cd
NISSAN GT-R® NISMO
THE ULTIMATE GT-R

Pure. Undiluted. Awe-inducing. 600 horsepower of fury combined with unmatched control.
From its high-capacity turbos to its specially tuned suspension, this is the ultimate GT-R.
On the outside, aggressive aerodynamic design adds a unique rear spoiler and carbon-fiber bumpers, trunk lid, and side sills. Subtle yet special; contrasting dark gray mirrors feature a red accent stripe. The entire body sits poised over unique front and rear alloy wheels, wearing specially developed Dunlop® tires.

Inside is just as focused, with Recaro® seats, an Alcantara®-wrapped steering wheel with red leather stripe at 12 o’clock, and a signature NISMO red throughout the cabin, including the seatbacks, tachometer face, shift lever, and door handle pulls.

481 lb-ft of torque
0.26 coefficient of drag
NISMO unique 6-spoke wheels
NISMO carbon-fiber body kit
