## 2012 NISSAN JUKE®

**INNOVATION UNLEASHED. INNOVATION FOR ALL.** Juke takes it to the streets to lay claim to an all-new breed of thrill: the turbocharged Sport Cross. Ride high, stand out, and move fast. The turbocharged engine delivers serious boost when you need it and efficiently sips fuel when you don't while the All-Wheel Drive system channels power into fierce grip. Front-Wheel Drive Juke models equipped with CVT transmission benefit from Puredrive™, our initiative to improve fuel economy and reduce CO2 emission levels. Everything you thought a vehicle was just got turned on its head.

SHIFT\_the way you move

**THREE EXCEPTIONAL NISSAN JUKE® MODELS TO CHOOSE FROM.**

**S:** YOUR ALLY ON THE CITY STREETS.

**SV:** GETS YOUR ADRENALINE PUMPING.

<sup>1</sup> XM Satellite Radio and XM NavTraffic require subscriptions sold separately after trial period. For more information, see [www.xmradio.com/navtraffic](http://www.xmradio.com/navtraffic).  
<sup>2</sup> Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio/video input jacks while driving.  
<sup>3</sup> Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details.  
<sup>4</sup> Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations.  
<sup>5</sup> Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. Cell phone not included. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license.  
<sup>6</sup> The optional RearView Monitor is a convenience, but is not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up. The RearView Monitor may not detect every object behind you.  
<sup>7</sup> Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See your Owner's Manual for more details.  
<sup>8</sup> VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely.
