

Innovation
that excites

2014
JUKE[®]

WELCOME TO THE 2014 NISSAN JUKE[®] DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your JUKE[®].

[Click here](#) to sign up for news and updates on the 2014 Nissan JUKE[®].

WOULDN'T IT BE COOL IF_
YOU KICKED CONVENTION
TO THE CURB?

This is no wallflower. JUKE[®] is the leader of an all-new breed: the Turbocharged Sport Cross. The intentions are clear. Ride high, stand out, and move quickly. All while customizing your ride on the go. The turbocharged engine delivers serious boost when you need it and sips fuel when you don't, while an available innovative All-Wheel Drive system turns power into grip. And for those who want more edge in every way, there's the JUKE[®] Nismo[®]. Everything you thought a vehicle was just got turned on its head courtesy of the 2014 Nissan JUKE[®]. Things just got interesting.

Nissan JUKE[®] S AWD Midnight Edition shown in Pearl White.

See a little red every now and then. It's good to get the adrenaline flowing. Everything is more exciting, more alive. In JUKE,[®] you'll find a pulse-raising center console inspired by the radical lines of an Italian sport bike. So mount up and ride. No helmet required.

nismo[®]

Nissan JUKE[®] Nismo[®] shown in Pearl White.

nismo®

NISSAN JUKE® NISMO®

INNOVATION THAT LIVES TO PUSH THE ENVELOPE.

Wouldn't it be cool to take exhilaration to the next level? With a name derived from Nissan Motorsports, you should expect nothing less from NISMO®, our in-house performance arm. Started by a group of maverick Nissan engineers almost 30 years ago, NISMO® is synonymous with passion, expertise, and the heights of Nissan performance – not to mention decades of racing dominance. NISMO® puts its all into everything it builds – championship-winning racecars, accessories for the street, and cutting-edge vehicles. And now, NISMO® is pleased to get your pulse racing with the JUKE® Nismo®, featuring nearly 100 changes to make it the most exciting, eye-popping, and involving JUKE® ever.

- NISMO[®] tachometer with red face
- Black headliner
- Dark smoke interior trim

NISSAN TORQUE VECTORING ALL-WHEEL DRIVE

INNOVATION THAT PUTS POWER ON YOUR SIDE.

Torque Vectoring AWD – Traditional AWD systems only distribute power front to back – nice for slippery conditions, but they miss out on the awesome capability an advanced system can bring to your drive.

Torque vectoring AWD not only adjusts power between the front and rear axles but can also adjust power side-to-side on the rear wheels, helping you turn in more responsively and guiding you through the turn. So whether you're taking on a twisty mountain road or tackling a sharp highway on-ramp, JUKE®'s available innovative AWD helps put the control and power you need on your side.

AWD Display – A digital readout between the gauges provides real-time AWD feedback for all four corners.

NISSAN PUREDRIVE™

INNOVATION THAT'S A PERFECT BLEND OF EFFICIENCY AND EXPLETIVES.

188 Direct Injection Turbo for instant response for passing, merging, and wowing
HP

2 levels of fuel injection for power, torque, and greater efficiency

32 Up to 32 MPG highway so you can breeze past the pump with ease¹
MPG

1.6-L Direct Injection Gasoline (DIG™) Turbo Engine – If you could design an engine to provide the ideal balance of efficiency and power, this would be it. Turbo boost gives you more than enough passing power when you need it, while the compact engine design and two-level direct injection system deliver fuel-sipping economy when you don't.

Xtronic CVT® (Continuously Variable Transmission) with Sport Mode – Smooth as butter and fun to drive. Unlike traditional automatic transmissions, JUKE®'s CVT transmission eliminates the need for gear-hunting and delivers a seamless wave of power. In case you miss the feeling of gears, you can engage Sport mode and bring it right back. Of course, a manual transmission is still available for the die-hard enthusiast.

PUREDRIVE™ – Wouldn't it be cool if you didn't have to give up exhilaration to save fuel? The 2014 JUKE® (excluding NISMO® models) wears the PUREDRIVE™ badge, meaning it meets or exceeds the industry-average US Federal CAFE standards for model-year 2016. The PUREDRIVE™ initiative is just one aspect of Nissan's commitment to developing more environmentally friendly – and fun – transportation for all of us to enjoy.²

¹2014 EPA Fuel Economy Estimate 32 highway MPG. Actual mileage may vary with driving conditions — use for comparison only. ²Adoption criteria above are based upon US Federal CAFE standards as of July 2011 for MY 2016. Federal standards subject to change by US government.

NISSAN I-CON SYSTEM

INNOVATION THAT ADAPTS AT WILL.

Like a great smartphone, JUKE®'s available Integrated Control (I-CON) system puts everything you need in one place. Tell JUKE® what kind of mood you're in and it serves up a custom-tailored drive. All your climate control functions are there too. I-CON even lets you know how you're doing, with cool displays for all the different functions you can call up.

Torque It. Boost It. Save It – In JUKE®, it's up to you. Drive in Normal mode for the best combination of performance and efficiency. Want to up the ante? Lock in Sport mode and steering feel, transmission gearing,¹ and throttle response quickly adjust to make every curve count. And when it's time to slow things down, hit the Eco mode button and get the most out of every drop of fuel.

Shown in
D-Mode Interface

Shown in
Climate Interface

Double Agent – I-CON puts you in charge of your ride style and interior comfort. In D-Mode, the system gives you the ability to rapidly adapt to changing driving conditions. With a push of the Climate button, I-CON switches displays and becomes your control center for all things comfort.

Get the Stats – Count on the drive computer to keep you in the know. Loaded with information about everything from maximum G-force to total trip miles to your daily fuel economy record. The more you know, the better you drive.

NEVER MISS A BEAT.

Make easy work out of finding that new club. Dial in your favorite artist or call ahead with both hands on the wheel. In JUKE®, you're always ready to rock.

USB IPOD® CONNECTIVITY

Wouldn't you like to listen to your own playlists or podcasts? With the available iPod®/USB input, you can. Plug in your iPod® or other portable MP3 player through the USB port and control it through the audio controls. Depending on the device, the USB input can even charge your player's battery while you enjoy your music.^{1,2}

ROCKFORD FOSGATE®

The optional Rockford Fosgate® ecoPUNCH™ Premium Audio System consumes less juice than a conventional amplifier system. Six high-efficiency speakers and a powerful 8" long-throw subwoofer work together to produce dynamic, hard-hitting sound.

BLUETOOTH® HANDS-FREE PHONE SYSTEM

With a standard Bluetooth® Hands-free Phone System, JUKE® can store your phone's contacts so you can use the voice-activation feature to make calls by name.³

SIRIUSXM® SATELLITE RADIO

Fully integrated into the JUKE® audio system, SiriusXM® Satellite Radio offers more than 130 channels of music, talk, sports, and more, all in rich, digital-quality sound.⁴

NISSAN NAVIGATION SYSTEM

JUKE®'s available advanced navigation system gives you all the tools to make every trip a snap. Turn-by-turn Voice Guidance combined with available real-time traffic reports from NavTraffic® help get you around gridlock and to your destination on time.^{4,5}

REARVIEW MONITOR

Need to squeeze into a tight parking spot? JUKE®'s available RearView Monitor helps you see what's directly behind you.⁶

¹Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. ²Always give your full attention to driving. Avoid operation your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included. ³Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. ⁴Required SiriusXM® Satellite Radio, NavTraffic® and NavWeather® subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic® available in select markets. Services available only to those 18 or older in the 48 contiguous

states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2013 Sirius XM Radio Inc. Sirius®, XM® and all related marks and logos are trademarks of Sirius XM Radio Inc. ⁵Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ⁶Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ecoPUNCH™ is a trademark of Rockford Corporation. Rockford Fosgate® is a registered trademark of Rockford Corporation.

Bump up a class. JUKE® adds the little premium touches that make every drive a special occasion. From an available Nissan Intelligent Key® that grants you entry and lets you drive away without ever fumbling for a key, to available black and red leather-appointed seats. There's an available power sliding moonroof to let in some light and available rear privacy glass when your entourage would prefer to travel incognito.

Nissan JUKE® SL shown in Black/Red Leather.

Trust in your practical side. When another late night gig is in order, JUKE® stands ready with multiple storage options to make it a success. Add to that plenty of seat configurations so your crew doesn't have to miss out.

Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn't it be cool if you had the confidence you needed for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make. By keeping an eye on the vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident, the Nissan Safety Shield® is our way of looking out for you and yours.

MONITOR

Smart technologies help monitor conditions. Like an available rearview camera that helps you see something directly behind you, or a system that helps ensure you're travelling on properly inflated tires.

Tire Pressure Monitoring System¹ Lets you know when a tire is low.

Available RearView Monitor²

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.³

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have the additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect everyone on board.

6 STANDARD AIR BAGS⁴

Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat-belt and occupant-classification sensors⁴

Front seat-mounted side-impact supplemental air bags⁴

Roof-mounted curtain side-impact supplemental air bags⁴

LATCH System (Lower Anchors and Tethers for Children)

snug#kids.

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

Click the button to see a short video on how Snug Kids® helps you find the right CRS for your Nissan. Or go to bit.ly/NissanSnugKids

PLAY VIDEO

¹Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. ²Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ³VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ⁴Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated air bags shown for illustration purposes only, actual coverage area may differ. Air bags deflate after deployment.

GENUINE NISSAN ACCESSORIES. IMPRESS. CONNECT. PROTECT. ORGANIZE.

Every Genuine Nissan Accessory is custom-fit, custom-designed, and durability-tested. Each one is backed by Nissan's 3-year/36,000-mile (whichever occurs first) limited warranty and can be financed when installed by dealer at time of purchase.¹ See your Nissan dealer for more information on accessories or log on to parts.NissanUSA.com.

A. Illuminated Kick Plates

For a grand entry every time.

B. NISMO® Carpeted Floor Mats

Designed to perform – and protect – beautifully.

C. Auto-dimming Rearview Mirror with HomeLink® and Compass

Brights on behind you? Here's the answer.

D. Interior Accent Lighting

20 colors. Choose one, or let them all cycle through.

E. 17" Black Aluminum-alloy Wheels

Good guys wear black.

F. Armrest²

Flips down for comfort. Flips up for easy access. Extra storage space comes in handy, too.

G. Rear Cargo Cover² and Cargo Area Protector²

Protect your JUKE® from prying eyes – and muddy gear. (Sold separately.)

H. Rear Bumper Protector

Keeps you from getting nasty scrapes.

ADDITIONAL ACCESSORIES:

- Chrome Body Side Moldings, Door Handle Accents, Rear Hatch Accent, and Mirror Covers
- Front and Rear Underbody Protectors
- Stainless Steel Exhaust Finisher
- Fog Lights
- Carpeted Cargo Mat
- And More

¹Covered by Nissan's Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. ²Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution. HomeLink® is a registered trademark of Johnson Controls Technology Company.

BUYING/OWNING

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus® For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus® This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF.® Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee. For more information, log on to NissanUSA.com/green

At NissanUSA.com, you'll find virtual product demonstrations, a way to "build your own Nissan," a dealer locator, and more information about key Nissan support services. Or if you'd prefer, call **1-800-NISSAN-3** for answers to specific questions about JUKE® or any other Nissan vehicle. The Nissan names, logos, product names, feature names, and slogans are trademarks owned by or licensed to Nissan Motor Co. Ltd. and/or its North American subsidiaries. **Always wear your seat belt, and please don't drink and drive.** ©2013 Nissan North America, Inc.
