WELCOME TO THE 2015 NISSAN JUKE® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your JUKE®

Click here to sign up for news and updates on the 2015 JUKE®.
WHAT IF YOU COULD HAVE A SPORTS CAR, AN SUV, AND A THRILL RIDE ALL IN ONE?

It’s a lot to ask, but JUKE® delivers big with a high ride, quick response, customization on the fly, and a distinct ability to turn heads. This unique sport cross gives you serious boost along with efficiency, and an available, innovative torque vectoring All-Wheel Drive system that actually turns power into grip. Want style? You can change things up with color accents, inside and out, to make it unique to you. With JUKE®, you really can have it all.
Nissan JUKE® SL shown in Black/Red Leather with Red Center Console and Door Trim.

Hooded Gauges
The sport bike-inspired circular gauges with hood cover add an extra-sporty look to the instrument panel.

Sport-bolstered Seats
Special seat bolsters help hold your body in place during active driving, and add a little style to the ride.

Colored Door Finishers
Colored door finishers help keep your style flowing throughout the interior. Available in red or silver.

Center Console
Ready to ride? Inside JUKE®, you’ll find a pulse-raising center console inspired by the radical lines of an Italian sport bike. Prepare for the ride of your life.
WELCOME TO THE JUKE® COLOR STUDIO.

Imagine the excitement you’d feel knowing that no one else has a ride like yours. Rarity makes everything more desirable.

With JUKE® Color Studio, brought to life by Genuine Nissan Accessories, you can make your JUKE® one-of-a-kind. Choose from a large selection of accents and finishers for your interior and exterior. They include your choice of color for side mirror caps to door handle covers, to rear roof spoiler, and more, along with color-coordinated 17” alloy wheels. It’s a uniquely exciting experience. Stand out. Be desired.

ACCENTS ARE A TURN-ON.
COLOR LEGEND

Nissan JUKE® SL AWD shown in Solar Yellow with Matte Black and Yellow JUKE® Color Studio accessories.
Nissan JUKE® SL shown in Pearl White with Black Purple JUKE® Color Studio accessories.
1.6-L Direct Injection Gasoline (DIG™) Turbo Engine – If you could design an engine to provide the ideal balance of efficiency and power, this would be it. Turbo boost gives you more than enough passing power when you need it, while the compact engine design and two-level direct injection system deliver fuel-sipping economy when you don’t.

Xtronic CVT® (Continuously Variable Transmission) with Sport Mode – Smooth as butter and fun to drive. Unlike traditional automatic transmissions, JUKE®’s CVT transmission eliminates the need for gear-hunting and delivers a seamless wave of power. In case you miss the feeling of gears, you can engage Sport mode and bring it right back.
Torque Vectoring

In a turn, this multi-sensor system automatically transfers rear-wheel power to the left or right, depending on which needs it, so any change in direction can be performed more smoothly and securely.

NISSAN TORQUE VECTORING ALL-WHEEL DRIVE

LEFT OR RIGHT, THE POWER IS ON YOUR SIDE.

Instead of traditional All-Wheel Drive (AWD) systems that only distribute power from front to back, the torque vectoring AWD that’s available on JUKE® adjusts power side-to-side to the rear wheels. When cornering, this means the outside rear wheel gets more power, helping you rotate into the curve and accelerate out.

Nissan JUKE® SL AWD shown in Cayenne Red.
35.9 CUBIC FEET OF STORAGE

PACK IN THE UNEXPECTED.

The increased roominess inside JUKE® is quite surprising, and much welcomed. Contributing to its space and flexibility is the under-floor storage (FWD models only), allowing for extra space that is out of sight. With the second-row seats up, there is plenty of space in back for large luggage. Fold the seats down and you can create a flat cargo floor.

Flat Cargo Floor

Longer items are far easier to store on a flat surface. Fold the second-row seats down to create a flat floor surface. And for items you want hidden, you’ll find a covered storage area under the cargo floor (FWD models only).

Under-floor Storage (FWD models only)

Large luggage fits surprisingly well inside JUKE®. Simply uncover the under-floor storage, and there is ample space for your gear behind the second-row seats.

Under-floor Storage (FWD models only)

Ramp up the refinement. Premium touches make every drive a little more special. The standard Nissan Intelligent Key® lets you lock and unlock the doors without taking the key out of your pocket. And with standard Push Button Ignition, Nissan Intelligent Key® provides one less step between you and driving.

Nissan JUKE® SL shown in Black/Red Leather with Red Center Console and Door Trim.

*Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.
NISSAN I-CON SYSTEM

CHANGE YOUR MOOD ON THE FLY.

JUKE’s available I-CON system lets you change up your ride with the push of a button. Whatever mood you’re in, JUKE has a mode for it. You can custom-tailor your drive, adjust the climate, and keep stats on your performance, all while you’re out and about.

Stats Keeper. Stay up on your performance stats through the I-CON drive computer. It stores information about everything from maximum G-force to trip mileage to daily fuel economy. The more information you have, the smarter you’ll drive.¹

Performance Expert. Get torque, boost, or efficiency right when you want it. In Normal mode, you’ll find the perfect combination of performance and efficiency. Switch to Sport mode and immediately feel the steering, transmission (Xtronic CVT only), and throttle response adjust for more responsive driving. And when it’s time to steady your pace, hit the Eco mode button to get the most out of every fill-up.

Double Agent. In addition to ride style, the I-CON system lets you control interior comfort. Simply switch from D-mode to the Climate interface, and the display changes over to all the selections you need to make the cabin as toasty or cool as you like.

¹Information displayed is dependent on how vehicle is equipped.  "Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation.

YOUR WORLD, AT YOUR FINGERTIPS.

With NissanConnect™ with Navigation and Mobile Apps, your JUKE® becomes your smartphone’s best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, Facebook®, news feed, and more all come along for the ride, working seamlessly together through your smartphone and JUKE®’s 5.8-inch color touchscreen. And it keeps on getting better: the basic app package is included for the first three years.

Your Nissan® JUKE® also keeps you in the loop with available Voice Recognition, hands-free test messaging assistant, Bluetooth® hands-free calling and streaming audio, plus an iPod®/USB input.

Click the button to discover everything you can accomplish using NissanConnect™ with Navigation and Mobile Apps. Or go to bit.ly/nissanconnect. Driving is serious business. NISSAN AROUND VIEW MONITOR

IT’S GOT YOUR BACK, AND THE REST OF YOU TOO.

What if parallel parking was easier? A rearview camera is great when backing up — but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why JUKE® offers Around View® Monitor. Four cameras give you a virtual 360º bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look. And since all objects aren’t stationary (shopping carts, we’re talking to you), Moving Object Detection keeps an eye around your JUKE® and can warn you about moving objects detected in your vicinity. 1

1 Parking convenience feature. Cannot completely eliminate blind spots. May not detect every object and may not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. "Virtual composite 360º view. 2

2 Virtual composite 360º view. May not detect every object and may not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle.

DON’T BUMP YOUR NOSE.

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up — without going too far.

LOOK OUT BELOW.

In Reverse, the display helps you see what’s directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

COMPLETE THE PICTURE.

Located under your driver’s side mirror, this camera helps round out your virtual 360º bird’s-eye view, whether you’re in Drive or Reverse.

SPARE YOUR WHEELS.

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.
NISSAN SAFETY SHIELD® PHILOSOPHY
INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR
Smart technologies help monitor conditions. Like a standard rearview camera that helps you see something directly behind you, or a system that helps ensure you’re travelling on properly inflated tires.

Tire Pressure Monitoring System1
RearView Monitor2
Available Around View® Monitor3
Available Moving Object Detection1

RESPOND
Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Traction Control System helps reduce wheelspin in low-traction situations.
Anti-lock Braking System helps you maintain steering around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have the additional weight of passengers or cargo in the back.
Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.4

PROTECT
When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Six Standard Air Bags5
LATCH System (Lower Anchors and Tethers for Children)6

Vehicle Dynamic Control6
A safety system to help keep you on your steered path, VDC senses if your vehicle starts to oversteer or understeer. To help you maintain control, engine power can be reduced and/or braking pressure can be applied to specific wheels.6

Nissan advanced air bag system with dual-stage supplemental front air bags with seat belt and occupant-classification sensors help protect you and your loved ones in case of collision. Also featured, front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags help provide head protection for outboard occupants.6

NISSAN SAFETY SHIELD® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids. Looking for the right CRS for your Nissan? See how Snug Kids® can help at bit.ly/NissanSnugKids

1 TPMS is not a substitute for regular tire pressure checks.  
2 Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle.
3 MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle.
4 Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver’s responsibility to be in control of the vehicle at all times.
5 Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger’s seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner’s Manual for more details. Inflated air bags shown for illustration purposes only — actual coverage area may differ. Air bags deflate after deployment. Air bags deflate. Air bags deflate.
6 VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques.
NISMO®
PASSION WITHOUT A REDLINE
FOR OVER 30 YEARS.

From the racetrack: There is no greater test than racing. To compete is a serious challenge — to win, even more so. Since 1984, NISMO® has been propelled by maverick engineering with one goal in mind: ultimate Nissan performance. Along the way, NISMO® has taken on and beaten many of the world’s greatest marques, creating a legend that many may envy, but few will ever match. So when you see a NISMO® badge on a vehicle, you’ll know it’s something extraordinary.

To your driveway: As passionate as we are about performance, we are also dedicated to the idea that the joy of owning and driving a NISMO® vehicle should be available to every enthusiast. So we are pleased to offer a wide range of products, each offering a unique look, special features, and a singularly inspiring driving experience.
DIAL UP THE STYLE.

Step into JUKE® NISMO® and experience next-level design born from an illustrious racing heritage. With smoked front combination lights, stiffer competition-tuned suspension, and a NISMO® Alcantara® and leather-wrapped steering wheel, you’ll experience what so many others already have: It’s not just a performance car, it’s a NISMO.

Track-inspired Interior
• NISMO® sport bucket front seats with embroidered synthetic suede seat trim
• NISMO® Alcantara® and leather-wrapped steering wheel with 12 o’clock center mark
• NISMO® tachometer with red face
• Black headliner
• Smoked Gray center console and door trim
• Paddle shifters (AWD CVT models)

Technology
• NissanConnect℠ with Navigation and Mobile Apps, including 9.8” color touchscreen monitor
• Voice Recognition for audio and navigation
• NissanConnect℠ with Mobile Apps
• Around View® Monitor with Moving Object Detection® (MOD)
• SiriusXM® Traffic and Travel Link℠
• Nissan Intelligent Key® with Push Button Ignition

Design
• LED Daytime Running Lights
• Red side mirror caps
• Body-color fender lip moldings
• Red body striping
• Smoked front combination lights
• Modified front fascia with larger grille
• Recycled side sills
• Unique body-color rear roof spoiler
• Rear fascia diffuser

Competition-tuned Handling and Responsiveness
• Stiffer springs and dampers
• NISMO®-tuned close-ratio 6-speed manual transmission (FWD 6MT models), or NISMO®-tuned Xtronic CVT® with Sport mode featuring seven programmed ‘gears’ and paddle shifters (AWD CVT models)
• Torque vectoring AWD (AWD CVT models)
• 18” NISMO® 10-spoke aluminum-alloy wheels
• P225/45R18 summer tires

NISSAN JUKE® NISMO® RS

INTENSELY CHARGED FOR THE SPORT OF DRIVING

JUKE® NISMO® RS – the ultimate performance crossover. More horsepower, sharper handling, upgraded brakes, a performance transmission, and an overall lower, leaner, meaner attitude.

Interior features
- Recaro® sport bucket front seats with embossed logo and integrated head restraints
- Recaro® black synthetic suede center fabric and red leather bolsters
- Carbon-fiber appearance interior trim
- Synthetic suede stitched instrument panel hood

Performance Upgrades
- NISMO®-tuned 1.6-liter Direct Injection Gasoline (DIG™) turbo engine
- Upgraded performance close-ratio 6-speed manual transmission (FWD 6MT models) or Xtronic CVT® featuring Sport mode with eight programmed ‘gears’ (AWD CVT models)
- Paddle shifters (AWD CVT models)
- Front helical limited-slip differential (FWD 6MT models)
- Torque Vectoring All-Wheel Drive (AWD CVT models)
- NISMO®-tuned exhaust system
- Larger vented front disc brakes and vented rear disc brakes, upgraded brake pads, and red brake calipers

*FWD 6MT models only. AWD CVT models have 211 hp. Recaro® is a registered trademark of Recaro North America Inc.

DIMENSIONS/CAPACITIES/WEIGHTS/MPG (CONTINUED)

B UY I N G / O W N I N G

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about eligibility for our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/100,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusive see. (See Warranty Information Booklet for complete details.

Security+ Plus. For additional peace of mind, a variety of extended service plans lets you take the coverage to your driving habits.

Maintenance+ Plus. This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100%-electric LEAF®. Improving fuel efficiency through our PUREDRIVE™ measure. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee.
