NISSAN ROADSIDE ASSISTANCE

Your peace of mind is on us. For 36 months or 36,000 miles, whichever comes first, your new Nissan is covered for the following:

- Flat-tire changes
- Towing service
- Vehicle lockouts
- Out of charge
- Trip interruption benefits

NISSAN ROADSIDE ASSISTANCE AND TRIP INTERRUPTION AVAILABLE DURING THE FIRST 36 MONTHS OR 36,000 MILES (WHICHEVER OCCURS FIRST) AFTER INITIAL NEW VEHICLE DELIVERY. RESTRICTIONS APPLY. SEE OWNER'S MANUAL FOR DETAILS. ©2017 NISSAN NORTH AMERICA INC. NISSAN, LEAF, AND ALL RELATED LOGOS ARE TRADEMARKS OF NISSAN MOTOR CO., LTD. OTHER TRADEMARKS ARE PROPERTY OF THEIR RESPECTIVE OWNERS. Visit NissanUSA.com/leaf for more details.
TAKE ON your drive with all energy, no exhaust. Wake up fully charged, and get where you’re going with swift power out of the gate. Change course: Take the scenic route, and go farther with confidence. Embrace the future in America’s best-selling fully electric vehicle: Now with a newly standard, longer range than ever: The 2017 Nissan LEAF. It’s time to enjoy AN ELECTRIFYING RIDE.

1 Source of data: InsideEVs.com Cumulative Sales Data (November 2010–August 2016).
2 Targeted 2017 EPA range of 107 miles estimated for 2017 Nissan LEAF® based on Nissan internal testing results, subject to EPA confirmation. EPA data of fuel economy estimates not available at time of publication. Actual mileage may vary with driving conditions — use for comparison only.
STEP UP TO MORE RANGE THAN EVER

LEAF® is all about progress. Now you can enjoy a larger standard battery with a longer range than ever before.

**107 MILE RANGE**

**30 kWh BATTERY**

Your home dock will be your primary charging station, but you’ve got options:

**Normal Charge – 240-volt charging dock:**
LEAF S (with Quick Charge Package), SV, and SL charge in as little as 6 hours — perfect for an overnight charge that leaves you energized.

**Quick Charge – DC fast-charge station:**
Available Quick Charge port lets you reach 80% charge in about 30 minutes! Do your shopping, come back out, and you’re good to go.

**Opportunity Charge – 110/120-V cable:**
Every LEAF comes with an opportunity-charge cable. The slowest way to go but works in a pinch.

**Public Charge Availability:**
With approximately 30,000 public charging stations currently available, we’re constantly working with government and private companies to expand private charging networks.

Download the free LEAF EZ-Charge™ app to find a station near you — Available in the iTunes® and Android® app stores.

The targeted 2017 EPA range of 107 miles estimate for 2017 Nissan LEAF® based on Nissan internal testing results, subject to EPA confirmation. EPA data of fuel economy estimates not available at time of publication. Actual mileage may vary with driving conditions — use for comparison only.

Approximate time. Charge times may vary depending on temperature, age of battery, quick charger used, and other conditions. Quick Charge charging currently not finalized, not validated, not certified, not available at some charging stations currently available and will vary at wide-ranging charging speeds. Quick Charge charging stations not finalized, not validated, not certified, not available at some charging stations currently available. Public charging stations not guaranteed to be available or to operate as expected. LEAF® is all about progress. Nissan is committed to achieving a world free of carbon emissions. Drive more. Do more. The available NissanConnectSM EV and Zero Emissions menus help you manage your driving range, calculate range-saving routes and find the nearest spot to charge.

100% TORQUE – INSTANT FUN
Say “hello” to your seatback – Nissan LEAF’s 100% torque off the line introduces you instantly. Its acceleration brings a fun, new kick to your everyday to-do list. And the LEAF’s low center of gravity means curve-hugging and easy control in the driver’s seat.

THE PERKS YOU DESERVE
Power up your LEAF® and you’re greeted with an impressive level of comfort. Inside, you’ll enjoy the available Bose® premium audio system. And standard heated front seats keep you cozy, while available black leather-appointed seats are a sleek touch that top it all off.

NISSANCONNECTSM EV
Drive more. Do more. The available NissanConnectSM EV and Zero Emissions menus help you manage your driving range, calculate range-saving routes and find the nearest spot to charge.1, 2

Zero Emissions Menu | NissanConnectSM EV

NISSANCONNECTSM EV requires compatible GSM/GPRS cellular network provided by independent cellular companies not within Nissan’s control. NissanConnectSM EV may not be available in all areas and/or not be available at all times. The accuracy and functionality may vary and/or be unavailable at all times. NissanConnectSM EV may not function during cellular outages or in areas with network service available at reduced levels. Third party provider or cellular company changes may affect future NissanConnectSM EV functionality. Although Nissan may provide compatible further network service networks, NissanConnectSM EV may not function during cellular outages or in areas with network service available at reduced levels. NissanConnectSM EV may not function during cellular outages or in areas with network service available at reduced levels. NissanConnectSM EV may not function in areas with network availability limited by cellular company. NissanConnectSM EV will not function unless equipment replacements, upgrades, or alternative network coverage are available at that time, which Nissan cannot guarantee. Nissan is not responsible for associated costs that may be required for continued NissanConnectSM EV operation due to cellular network termination (including equipment replacements, upgrades, or alternative network service) or other changes. Nissan Connectivity and Nissan ConnectSM EV are trademarks of Nissan North America, Inc. Features and specifications subject to change and made available at NissanConnect.com. For more information, please see the Owner’s Manual.
