The All-New Nissan LEAF®
simply amazing

A powerful step forward for Nissan’s 100% electric vehicle. Get ready for a whole new way to drive, where the everyday is exhilarating. Feel more confident, excited, and connected – wherever you go. All in a car that does simple things amazingly.
It's all around you. Bold lines, distinctive touches, and the sense that this is a vehicle like no other. The Nissan LEAF®'s driver-centric environment proves you don’t have to sacrifice comfort or convenience when driving electric, with features like a D-shaped steering wheel, distinctive center console, and an available “floating” touch-screen that puts your compatible phone on center stage, it’s clear this interior was designed with you in mind.

- Apple CarPlay™ and Android Auto™
- Automatic Climate Control System
- Heated front seats
- Push Button Start

Nissan LEAF® SL shown in Light Gray Leather.
With available ProPILOT Assist, the Nissan LEAF® helps out with daily driving – following the car ahead at a preset distance or helping keep you centered in your lane. It can even bring your Nissan LEAF to a full stop based on the traffic flow, and can bring you back up to speed when traffic starts moving again.2, 3

Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down. It’s a whole new way to drive that’s not only fun, but encourages you to drive more efficiently to help extend your range. Of course, going back to driving with two pedals is as easy as flipping a switch.12

Available Nissan Intelligent Mobility technologies offer you a suite of advanced systems that can help keep an eye out, watch the flow of traffic, and even step in and take action.

- Automatic Emergency Braking with Pedestrian Detection 2, 7
- Blind Spot Warning 2, 8
- Rear Cross Traffic Alert 2, 9
- Intelligent Lane Intervention 2, 10
- Intelligent Around View® Monitor 2, 11

Charge at home or on the go
With a large network of reliable public charging stations, and more popping up all the time, you’ll never be far from your next charge, or even a very quick top-off. Add available advanced charging applications built right into the Nissan LEAF, and it’s never been easier to keep driving with confidence.6

PUBLIC DC QUICK CHARGING 2, 4
30 MINUTES = 90 MILES OF RANGE 5
Available 120-V/240-V portable charge cable
Enjoy complimentary charging with No Charge to Charge 6

Reinvent the way you drive with e-Pedal
Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down. It’s a whole new way to drive that’s not only fun, but encourages you to drive more efficiently to help extend your range. Of course, going back to driving with two pedals is as easy as flipping a switch. 12
